

01 / IDENTITY + THREE-LEVEL FRAMEWORK

MEND JINGZHANG

The Urban Care & Repair District — build less, care better.

01

THE FUTURE IS NOT
BUILT ONCE.
IT IS MAINTAINED
TOGETHER.

- 1 STEWARDSHIP SPINE**
MENDWAY makes maintenance, learning and public service visible.
- 3 REPAIR WORKS**
Diagnosis Foundry / Repair School / Circular Service Hall.
- 2 STEWARDSHIP WINGS**
Standards + capital west; field stewardship east.
- 12 SCENARIO FIXPOINTS**
Human-authorized services with expiry and manual fallback.
- 6 PUBLIC-SPACE PARTS**
Report Post / Repair Table / Tool Dock / Crew Rest Bay / Override Beacon / Service Tag.

02 / CONTROL-DEPTH URBAN DESIGN

LAND USE AS A REPAIR ECONOMY

A complete conceptual partition prioritizes retention, adaptive reuse and public stewardship.

02

RETAIN-FIRST RULESET

- 01 READ**
Survey ownership, structure, heritage, access, energy and utilities before classification.
- 02 KEEP**
Retain useful frames and affordable service space before proposing new floor area.
- 03 MEND**
Use reversible fit-out, shared diagnostics and component passports.
- 04 VERIFY**
Licensed professionals and public users authorize reopening.
- 05 PASS ON**
Archive manuals, incidents, parts, costs and next-inspection dates.

20 ZONES / 28 ADAPTIVE FOOTPRINTS

FAR / HEIGHT / DENSITY / SETBACK: UNKNOWN

THE REVIEW CONTRACT

- MEND/24 makes urban care and repair a globally legible innovation identity.
- MENDWAY links the Diagnosis Foundry, Repair School and Circular Service Hall.
- The complete design partition is recalculable and retain-first.

PROVISIONAL ROUGH GEOMETRY / NOT AN OFFICIAL REDLINE

Conceptual reference only; professional confirmation and linked regeneration required.

03 / THREE KEY DETAILED-DESIGN AREAS

THREE REPAIR WORKS

Each provisional envelope receives a distinct detailed-design, validation and public-service role.

03

A DIAGNOSIS FOUNDRY

ZHONGZHIYUAN

Controlled maintenance-robot yard / building-health room / Failure Archive

Test first. Log failure. Pause on threshold breach.

- Detailed public-realm kit
- Step-free non-digital access
- Named human steward
- 90-day permit + expiry
- Incident / appeal / rollback

PROVISIONAL STUDY ENVELOPE

B REPAIR SCHOOL

AI ORIGIN COMMUNITY

Open repair desk / Parts Library / skill relay / public problem intake

Teach maintainers, residents and founders in the same room.

- Detailed public-realm kit
- Step-free non-digital access
- Named human steward
- 90-day permit + expiry
- Incident / appeal / rollback

PROVISIONAL STUDY ENVELOPE

C CIRCULAR SERVICE HALL

DAZHONGSI

Assistive-device clinic / merchant continuity / Menders' Hall

Restore service, extend asset life, prevent lock-in.

- Detailed public-realm kit
- Step-free non-digital access
- Named human steward
- 90-day permit + expiry
- Incident / appeal / rollback

PROVISIONAL STUDY ENVELOPE

04 / MOBILITY + BLUE-GREEN PUBLIC REALM

MENDWAY: SERVICE WITHOUT SPECTACLE

Slow mobility, ecological quiet, accessible stitching and supervised field service share one legible network.

04

THE SERVICE CONTRACT

ASSET FIRST

Prefer asset state, aggregates or volunteered reports over person-level sensing.

HUMAN AUTHORITY

Crews, licensed professionals and affected users authorize work and reopening.

QUIET BY DEFAULT

MEND/24 means service coverage, not constant activation; habitat and sleep windows remain dark.

PHYSICAL OVERRIDE

Geofences, speed/noise limits, visible stewards and emergency stops govern robots.

EXPIRE + REVIEW

Every permit ends; adoption requires evidence, appeal handling and a public lesson.

ISSUE → DIAGNOSE → MEND
→ VERIFY → NEXT INSPECTION

CONCEPT NETWORK 34.9 km

THE REVIEW CONTRACT

- Three key areas combine detailed public realm, controlled validation and visible learning.
- Twelve fixpoints serve accessibility, ecology, repair, continuity, heritage and skills.
- Human authority, physical override, ecological quiet and expiry are non-negotiable.

PROVISIONAL ROUGH GEOMETRY / NOT AN OFFICIAL REDLINE

Conceptual reference only; professional confirmation and linked regeneration required.

BOARD 03 · SCENARIOS + DELIVERY + GOVERNANCE

MEND JINGZHANG — The Urban Care & Repair District

01FIXPOINT

Defect intake + inspection priority

HUMAN AUTHORITY + EXPIRY

02ACCESSIBLE ROUTE

Barrier flags + user review

HUMAN AUTHORITY + EXPIRY

03BLUE-GREEN STEWARD

Asset anomalies + ecology gate

HUMAN AUTHORITY + EXPIRY

04SECOND-SHIFT SERVICE

Supervised robot + cargo schedule

HUMAN AUTHORITY + EXPIRY

05OPEN REPAIR DESK

Manual retrieval + technician decision

HUMAN AUTHORITY + EXPIRY

06ASSISTIVE DEVICE CLINIC

Options only + qualified authority

HUMAN AUTHORITY + EXPIRY

07MERCHANT CONTINUITY

Diagnostics + consent + no lock-in

HUMAN AUTHORITY + EXPIRY

08BUILDING HEALTH ROOM

HVAC flag + licensed inspection

HUMAN AUTHORITY + EXPIRY

09HERITAGE DIARY

Change comparison + conservation review

HUMAN AUTHORITY + EXPIRY

10SKILL RELAY

Translate manuals + instructor verification

HUMAN AUTHORITY + EXPIRY

11QUIET NIGHT

Load balancing + sleep/ecology limits

HUMAN AUTHORITY + EXPIRY

12SERVICE CONTINUITY

Copilot + human work-order approval

HUMAN AUTHORITY + EXPIRY

THE ADOPTION GATE

PURPOSE	One public problem; no secondary use.
DATA	Asset-level, aggregate, cleared or consented.
STEWARD	Named person and licensed authority.
FALLBACK	Non-digital route and physical override.
TEST	90-day permit; thresholds can pause.
APPEAL	Incident log, affected user review, redress.
EXPIRY	Adopt, repair or retire; publish the lesson.

FIVE-STAGE DELIVERY / TWELVE REVERSIBLE PROJECTS

0 READ BEFORE REPAIR

0–6 months

clear data / audit / listen

1 CONTROLLED PILOTS

6–18 months

three tests / reversible rooms

2 PUBLIC REPAIR NETWORK

18–36 months

12 cards / component kit

3 REPAIR ECONOMY

years 3–5

ventures / skills / procurement

4 STEWARDSHIP

year 5 onward

audit / mend / replace / retire

TWELVE PROJECTS / FROM BASELINE TO PUBLIC STEWARDSHIP

P0Cleared data + asset baseline

P1MEND Charter + public issue intake

P2Controlled maintenance robot yard

P3Responsible asset-triage sandbox

P4Circular hardware + assistive clinic

P5MENDWAY component pilot

P6Repair School + Parts Library

P7Failure Archive + public model cards

P8Circular Service Hall + merchant desk

P9MEND 100 + Fellowship

P10Shared procurement + assurance pathway

P11Independent audit + repair/retire cycle
