

JINGZHANG, PRESENT

A future city needs more than systems online. It needs everyone present.

ONE LINE · FOUR STITCHES · THREE GROUNDS · TWO WINGS

A future city needs more than systems online. It needs everyone present.

- 01 TECHNOLOGY PRESENT — Zhongzhiyuan
- 02 KNOWLEDGE PRESENT — AI Origin Community
- 03 EVERYDAY LIFE PRESENT — Dazhongshi
- 04 ENABLING RESOURCES / PUBLIC EXPERIENCE
- 05 14 accountable scenarios · 9 publics

JINGZHANG, PRESENT

THREE GROUNDS, ONE TRUSTED CONVERSION CHAIN

A future city needs more than systems online. It needs everyone present.

- 01 ZHONGZHIYUAN — publish boundaries, failures and governance
-
- 02 AI ORIGIN COMMUNITY — co-produce domain knowledge
-
- 03 DAZHONGSI — make responsible AI legible in daily life

ADAPTIVE REUSE BEFORE DEMOLITION

A future city needs more than systems online. It needs everyone present.

- 01 CULTURE + PUBLIC SERVICE
- 02 AI-NATIVE SERVICE
- 03 COMMUNITY SERVICE
- 04 EDUCATION + RESEARCH
- 05 R&D + CONTROLLED TESTING
- 06 ECOLOGY + OPEN INNOVATION

JINGZHANG, PRESENT

One Presence Line · four east-west stitches · three grounds · two wings
Every scenario publishes human authority, equivalent service, failure path, operator and review date

FOURTEEN ROLL CALLS

Prove the accountability chain before scaling technology.

FOURTEEN ROLL CALLS

A future city needs more than systems online. It needs everyone present.

01

TV-01 INDUSTRY TEST — Open Model-Boundary Test Field

02

TV-02 INDUSTRY TEST — Embodied AI Shared-Path Sandbox

03

TV-03 INDUSTRY TEST — Transparent Edge-Compute and Thermal Station

04

TV-04 INDUSTRY TEST — Data and Domain-Knowledge Co-Lab

05

CS-05 PUBLIC SERVICE — Co-Verified Accessible Route

06

CS-06 AI + PUBLIC SERVICE — Multilingual Public-Service Desk

07

CS-07 AI + EDUCATION — Campus-Community Problem Table

08

CS-08 AI + HEALTH — Community Health and Referral Guide

09

CS-09 AI + EDUCATION — Learning Methods and Digital Literacy Lab

10

CS-10 AI + DAILY SERVICES — Shared Last-100-Metre Interface

11

CS-11 AI + COMMERCE — Responsible AI Product-Passport Street

12

CS-12 AI + CULTURE — Centennial Jingzhang Co-Narration Desk

13

CS-13 AI + LEGAL INFORMATION — Public Legal-Information Signpost

14

CS-14 URBAN OPERATIONS — Night-City Handover Station

RECALCULABLE, NEVER FALSELY PRECISE

A future city needs more than systems online. It needs everyone present.

01

11.41 km² — provisional submitted geometry

02

16.7% — design green-space ratio

03

9.8% — design public-space ratio

04

FAR / HEIGHT / CAPACITY — UNKNOWN pending official controls

JINGZHANG, PRESENT

PUBLIC SPACE MAKES RIGHTS VISIBLE

A future city needs more than systems online. It needs everyone present.

01

NORTH-SOUTH CONTINUITY — culture, walking and help

02

EAST-WEST STITCHES — four interfaces, engineering pending

03

QUIET COMMONS — no purchase, device or account required

04

REST + REPAIR BAYS — infrastructure for people who keep the city running

JINGZHANG, PRESENT

FIVE EXTERNAL INTERFACES · ONE AUDITABLE METHOD

A future city needs more than systems online. It needs everyone present.

01

NORTH LATITUDE COMMUNITY — founder and small-team needs

02

FUTURE SCIENCE CITY — research and engineering validation

03

HUAIROU SCIENCE CITY — basic science and expert review

04

BEIJING E-TOWN — manufacturing reliability and product passports

05

BEIJING-TIANJIN-HEBEI — cross-city retesting and open components

06

No partnership, funding, procurement or facility access is implied

JINGZHANG, PRESENT

4 industry tests + 10 public-life scenarios + 9 publics
90 days: co-define → parallel fallback → cross-review → Go / Hold / Stop; external interfaces do not imply institutional commitments

EVIDENCE BEFORE SCALE

Rights before automation; design exit with entry.
