

JINGZHANG SWITCHBACK

Centennial Jing-Zhang AI Innovation Belt · One Spine, Three Switchbacks, Two Wings

01 核心概念 / Core Concept

In 1909 Zhan Tianyou's herringbone switchback line conquered the Badaling gradient; in 2026 deep learning calibrates models by backpropagation. Switchback — the wisdom of trading synergy for difficulty. This proposal organizes the belt with one heritage-park spine, three switchback stations (Zhongzhiyuan·Compute / Origin Community·Talent / Dazhongsi·Scenario), two wings (Zhongguancun Tech Services downstream; Xiaoyuehe Scenario Enablement upstream), and the BACKPROP LOOP that makes every AI deployment a forward-evaluate-backprop-correct publicly auditable process.

02 空间结构 / Spatial Structure

Spine	Heritage Park Main Line	culture belt · 9km slow-mobility + scenarios
Switchbacks	Zhongzhiyuan/Origin/Dazhongsi	compute→talent→scenario
Wings	Zhongguancun Tech · Xiaoyuehe	resources downstream · data upstream
Loop	BACKPROP LOOP	forward-evaluate-backprop-correct, rollback-able

03 核心指标 / Core Metrics

Overall Design Area	11.41 km²	announced ~11.4 km²
Key Areas	3 / 368.4 ha	192.1·104.3·72.0 ha
Green Ratio (concept)	23.5%	one spine two rivers
Public Space (concept)	7.4%	switchback plazas
Scenario Cards	12	incl. 4 test scenarios
Personas / Landmarks	6 / 5	T1-T4 validation
Renewal Projects	8 P01-P08	three phases 2026-2035
Floor Area Ratio	Pending	after regulatory conditions

04 AI 场景卡（节选）

05 智能体任务覆盖

S01 AI Heritage Guide
S03 Verification Tower
S04 Full-stack Field T1
S05 Open Source Night Market
S08 A/B Testing Street T2
S11 Public-space Agent T3
S12 AV Shuttle Segment T4
S09 Community Health Kiosk

Provisional boundary disclosure: spatial layers derive from repository provisional geometry (official_boundary=false) for conceptual design and self-check only — not an official redline, approval basis, or precise area claim. Full recalculation required after official polygons and regulatory conditions are released. All spatial and activity proposals are conceptual.
