

Jing-Zhang AI Civic Loop Overview

evidence map: concept loop, three anchors, provisional boundary

Provisional geometry, not an official redline

- R&D land
- Park/public space
- Service cluster
- Mobility loop

All diagrams are derived display layers; GeoJSON and metrics remain authoritative.

Land Use and Scope Transfer

scope-to-land-use structure for the AI innovation belt

Provisional geometry, not an official redline

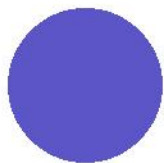

Industry strategy	land use, facilities, public realm
Urban renewal	buildings, roads, phasing
Detailed districts	functions, scenarios, risk list

Three Key Areas

differentiated roles and implementation dependencies

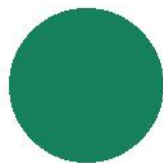

Provisional geometry, not an official redline

Zhongzhiyuan

full-stack autonomy,
standards, safety governance

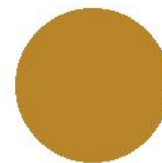

provisional key-area polygon

AI Origin

near-campus open source,
talent services, conversion

provisional key-area polygon

Dazhongsi

agents, smart terminals,
international roadshow

provisional key-area polygon
