

Board 1 · One Belt · Three Cores · Multi-Scenario

The 11.41 km² design area forms a 9.7 km north-south × 1.6 km east-west corridor along the original Jingzhang Railway. The One Belt (Jingzhang Cultural Green Corridor) runs the full length with 29.57% green coverage. Three Cores are Zhonghuyuan (182.1 ha), AI Origin Community (104.3 ha), and Dazhongsi (72.0 ha). Multi-Scenario refers to 10 AI scenario cards across R&D, life, services and culture.

Board 2 · Three Key Areas — Detail

Zhongzhiyuan AI Self-Innovation Accelerator (192.1 ha, provisional): Garden-style innovation block along Qing River. R&D on west bank, services on east, Zhongzhi innovation Loop connecting AI R&D; centers, labs, incubators and AI Innovation Plaza.

Beijing AI Origin Community (104.3 ha, provisional): School-adjacent transformation community (10-min walk to Tsinghua/PKU). Origin Community Loop brings east-west flow into the community. Smart Hub Plaza is the heart.

Dazhongqi AI Industry Cluster (72.0 ha, provisional): Urban-style industry blocks with Subway Line 13 Dazhongqi Station as four-quadrant connection point. AI Era Plaza hosts intelligent agent showcases and international enterprise services.

Board 3 · Indicators & Compliance

indicator	Value
Site Area	11.41 km² (provisional)
Green Ratio	29.5733%
Public Space Ratio	3.0377%
Buildings	101
Roads	16
Land Parcels	31
