

01 Start with what is already here

The corridor turns horizontally and each third is enlarged.

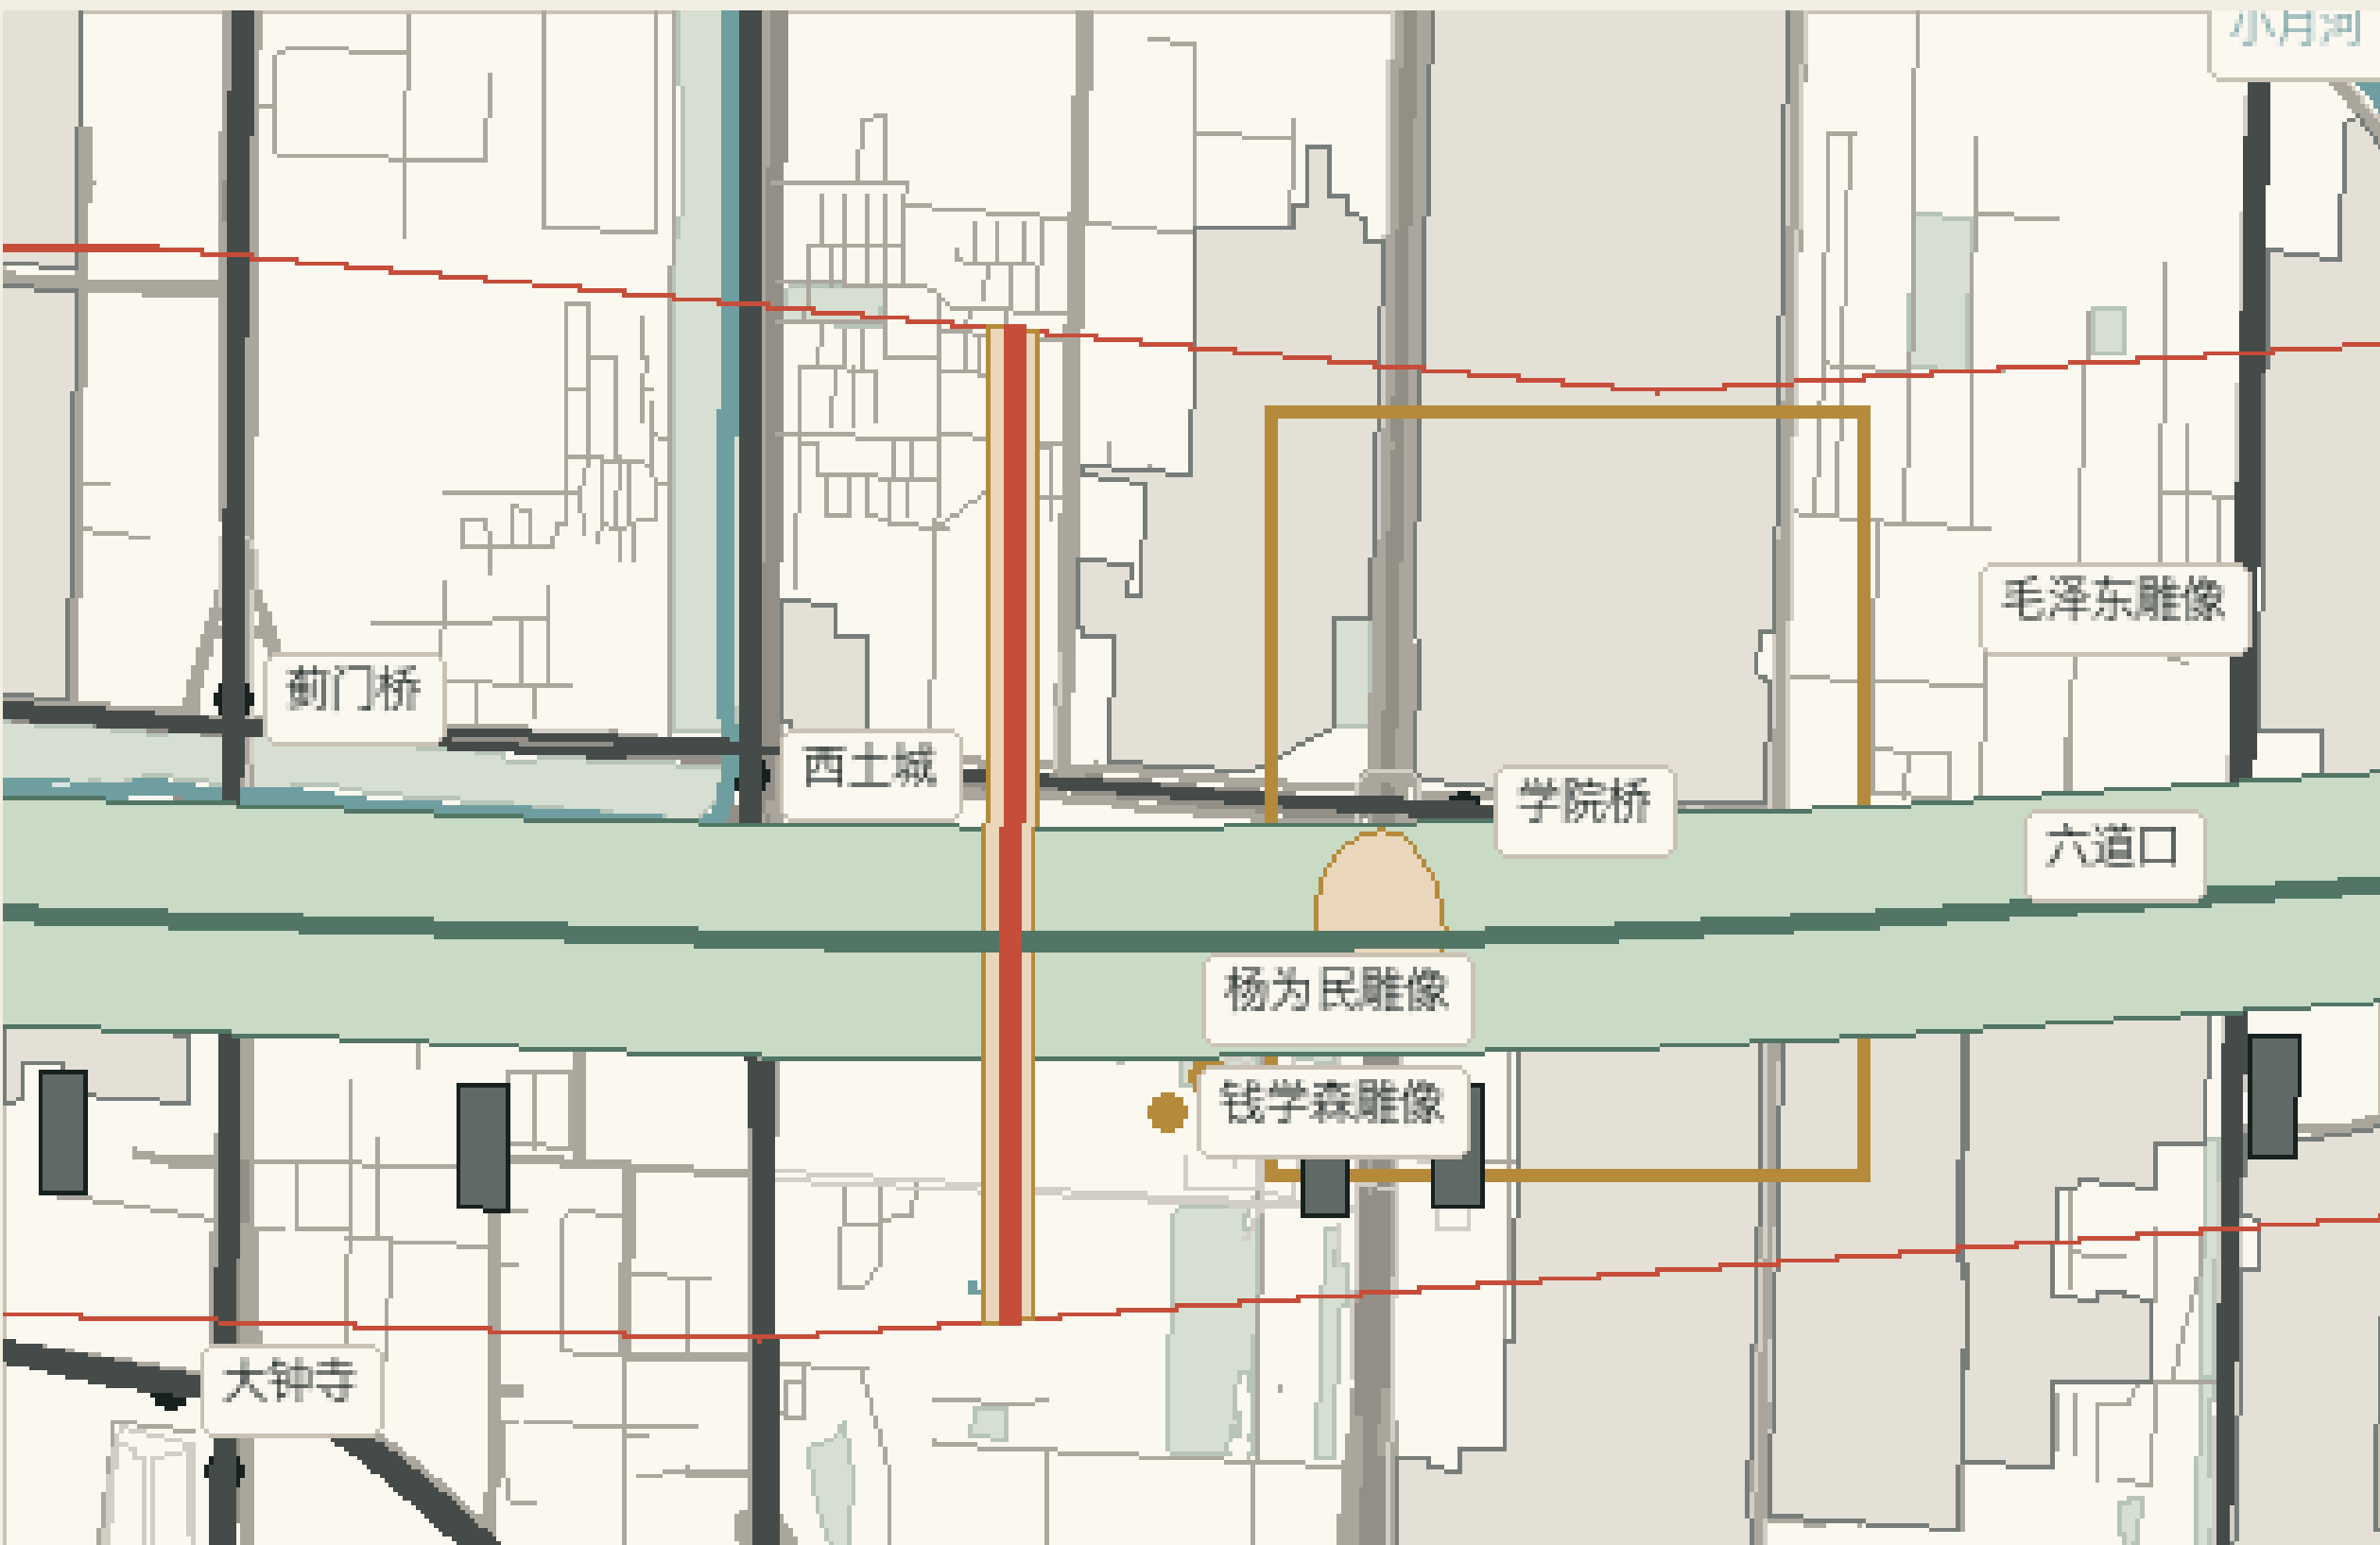

NORTH ZHONGZHIYUAN

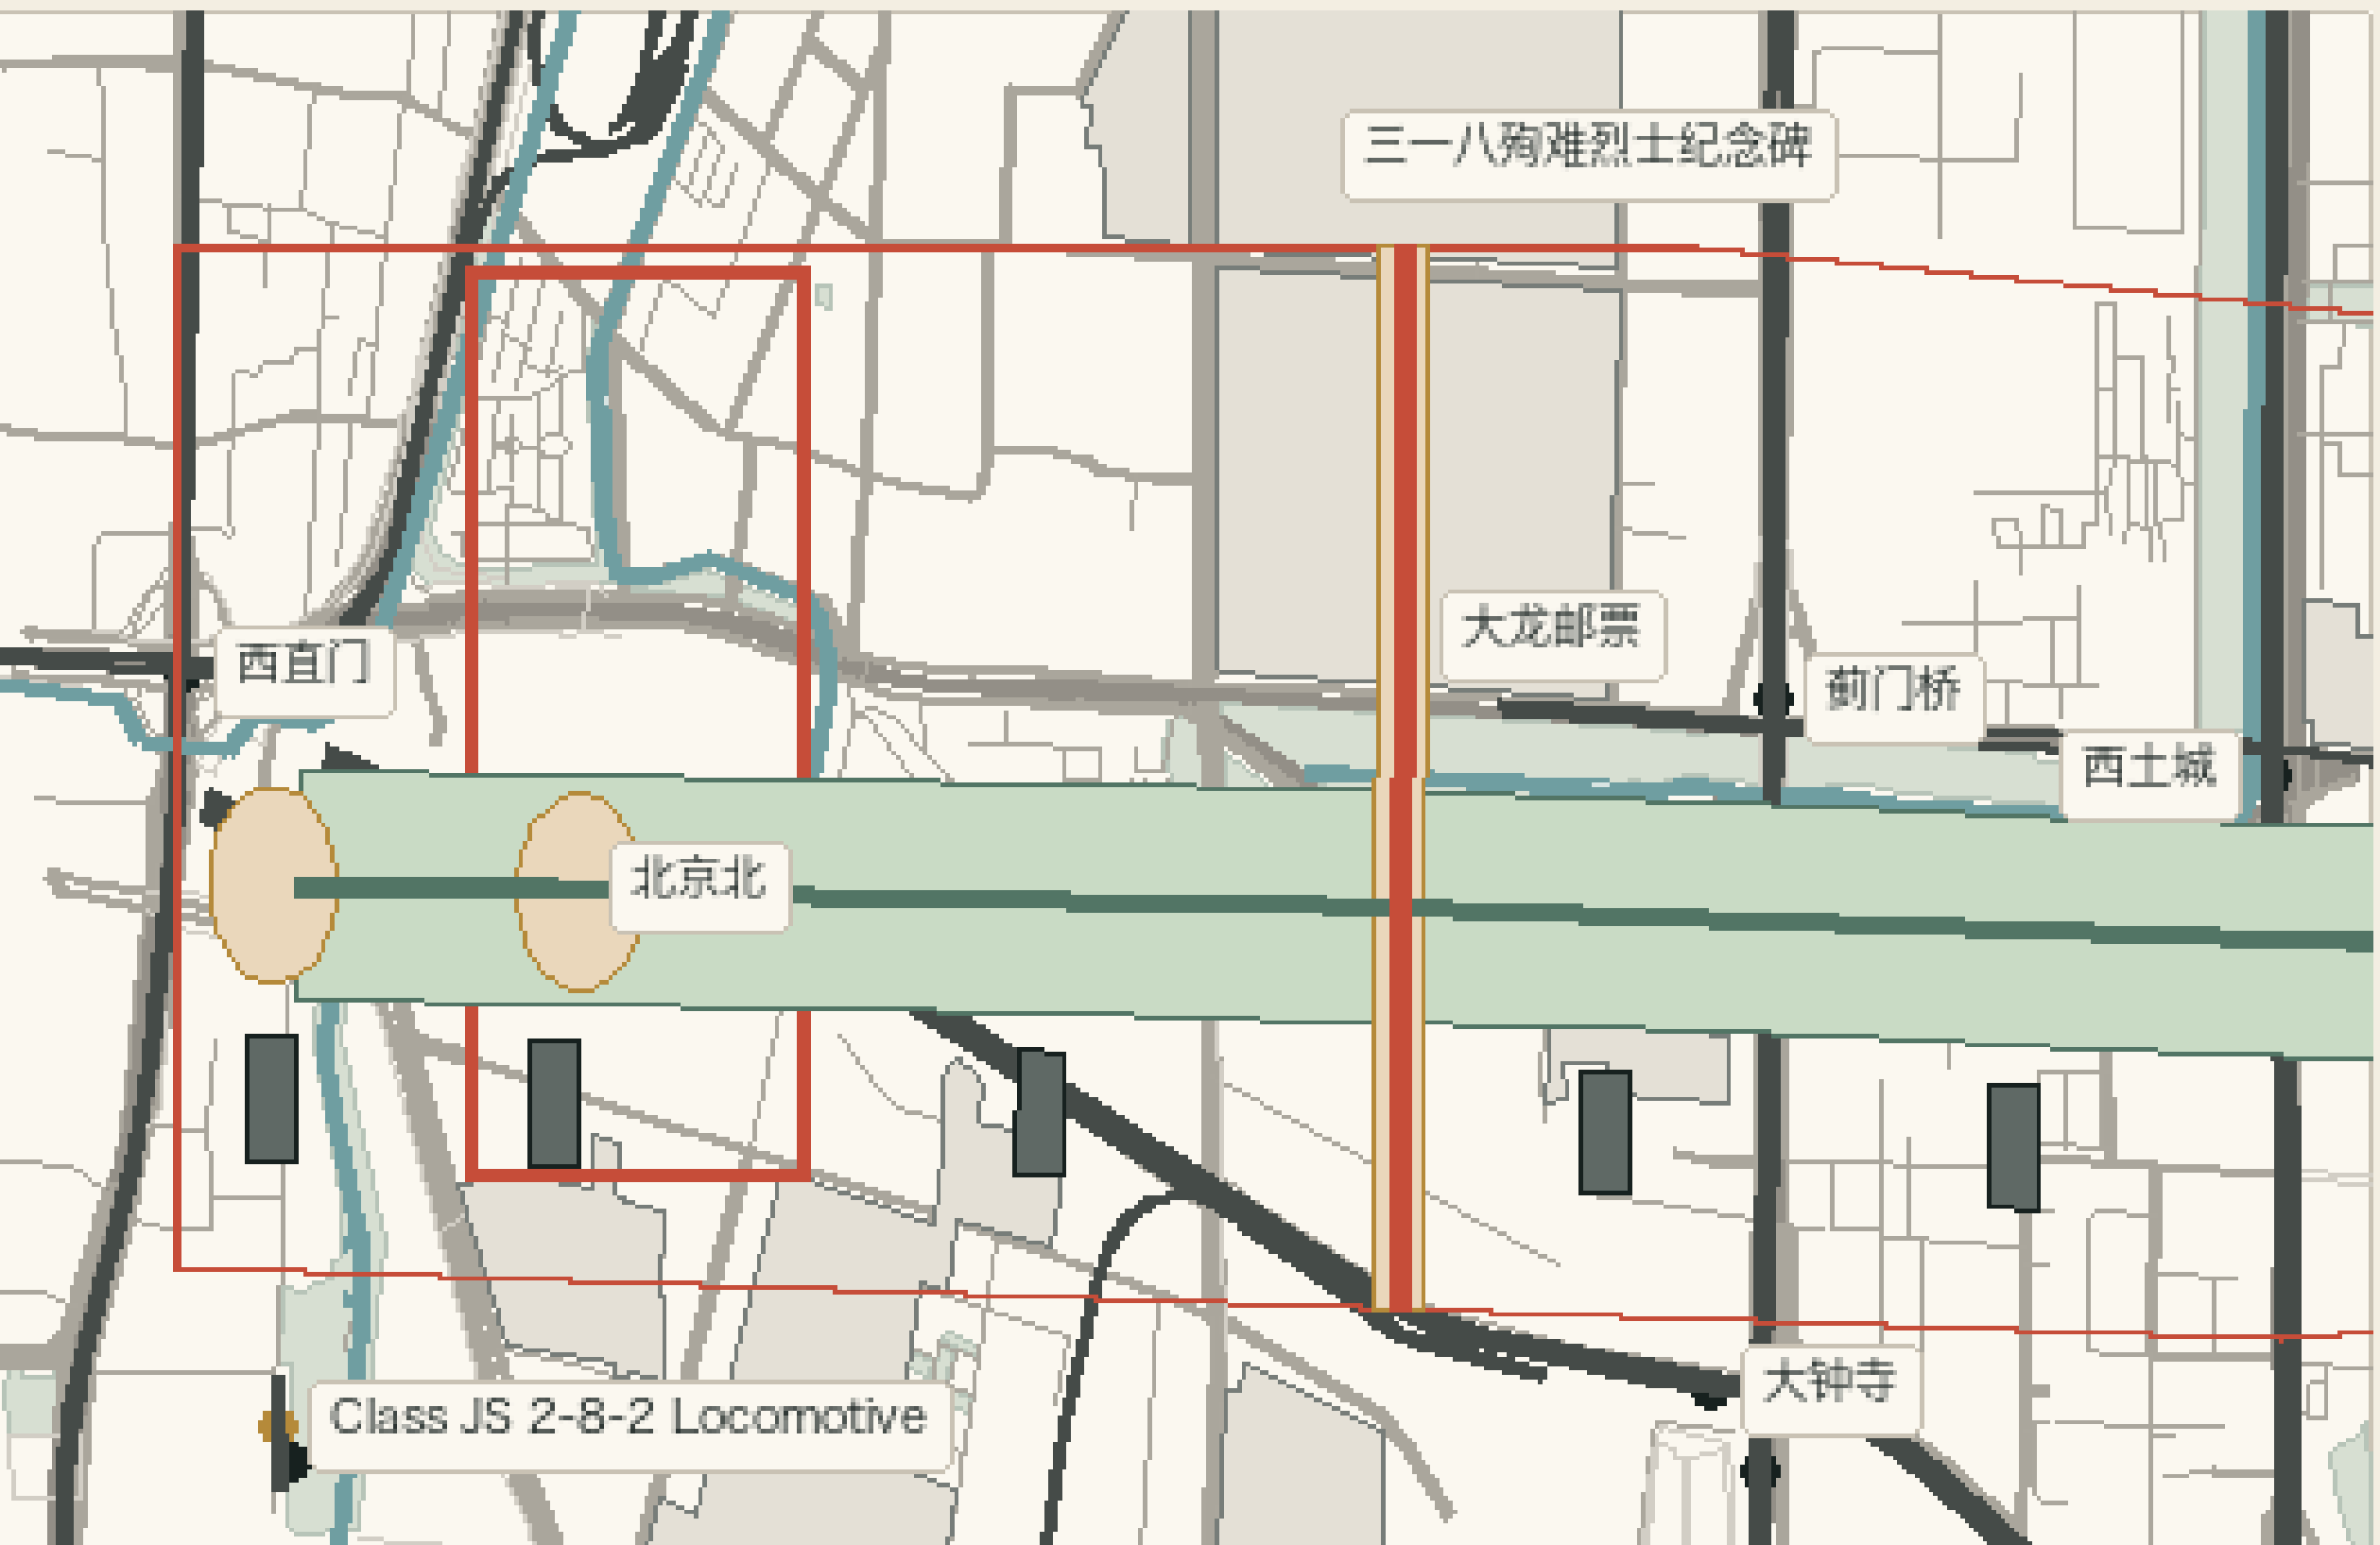

OPEN
phase one in daily use

CENTRE AI ORIGIN

PUBLIC PLAN
phase two roads and river works

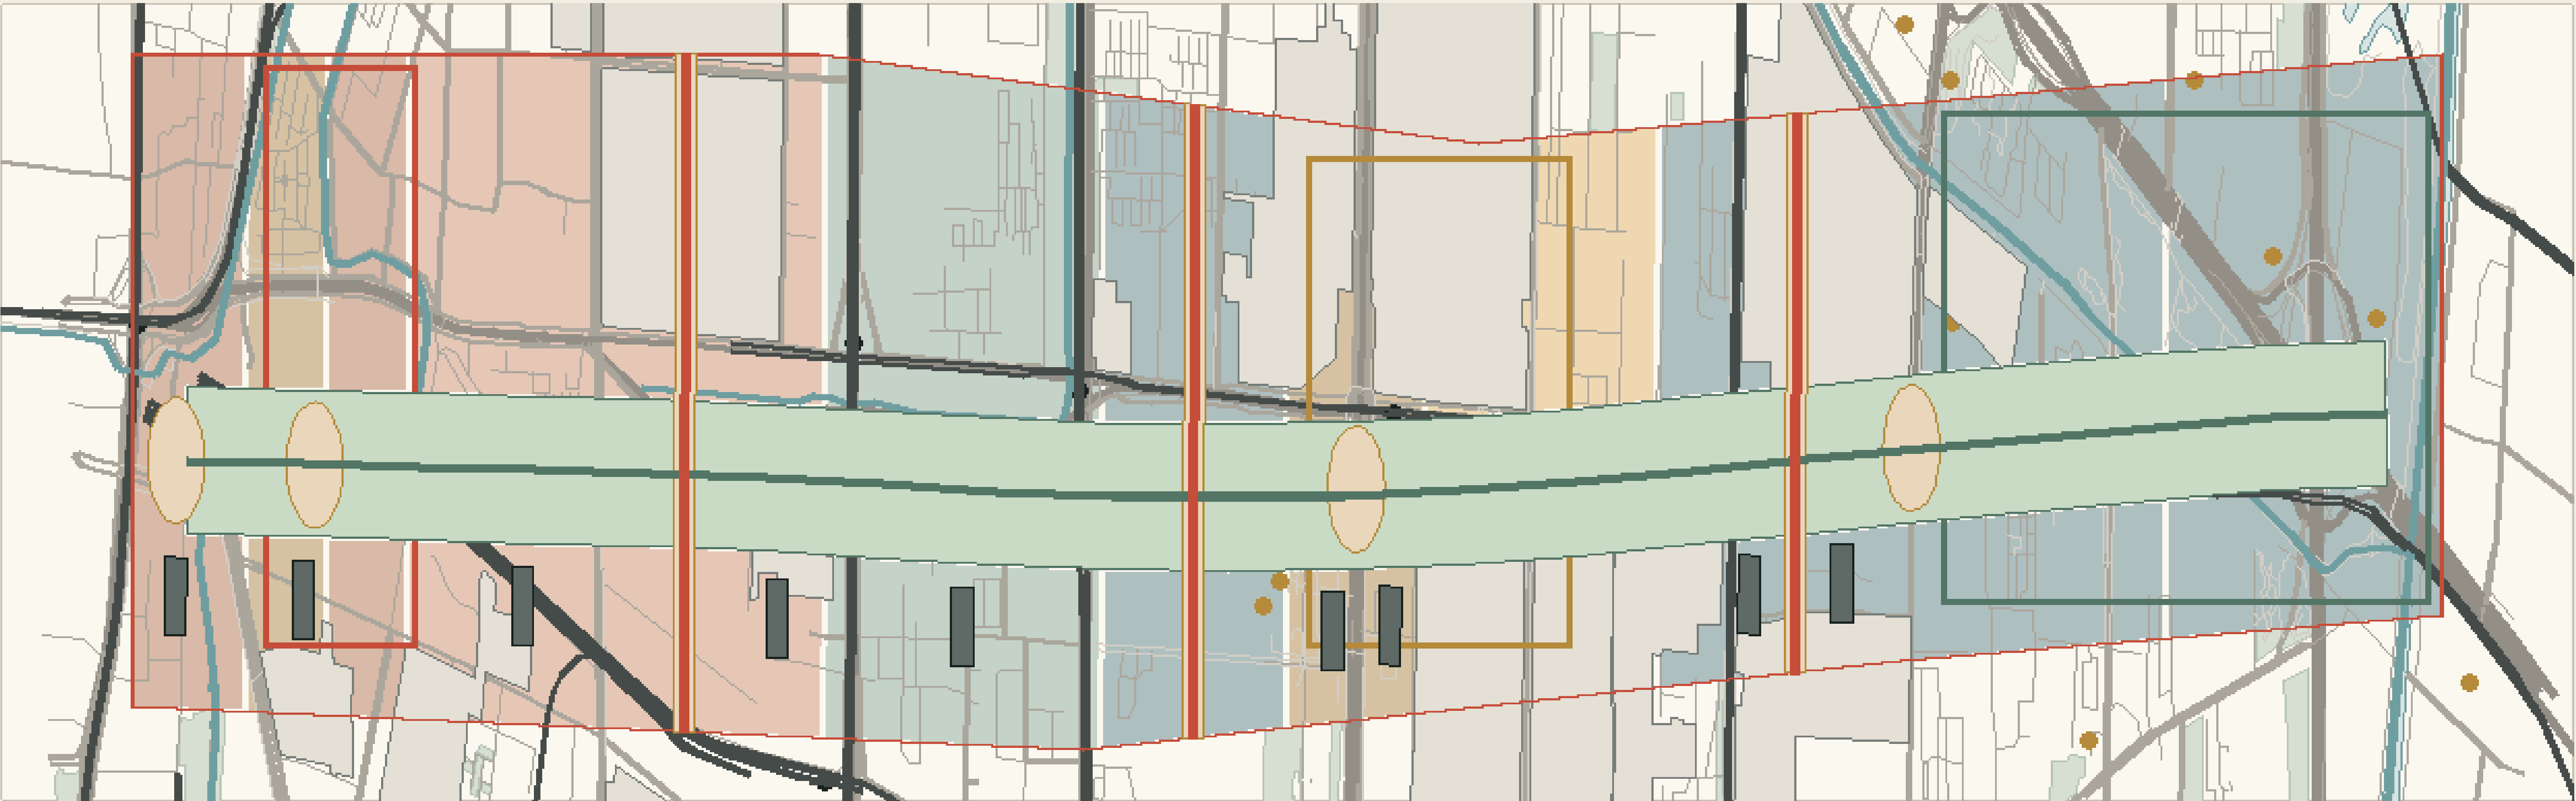

SOUTH DAZHONGSI

PROPOSAL
three courts and six small rooms

02 Three parts of the city, three daily routines

Land use returns to roads, rail and public space.

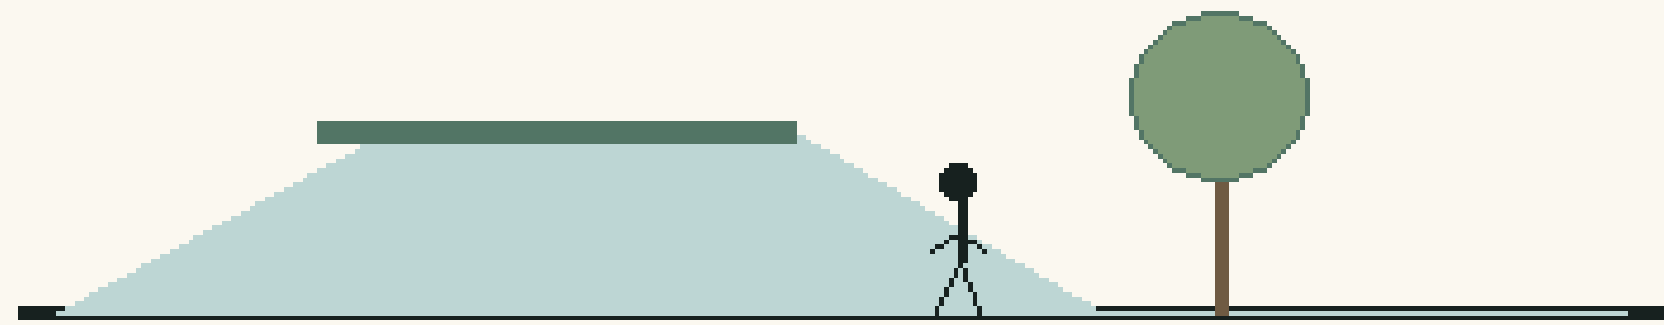

WORKING AREAS

0802	research	340.1 ha
1401	park	258.8 ha
0701	housing	176.9 ha
0804	education	117.1 ha
05	commerce	87.2 ha

9 KM

continuity and breaks

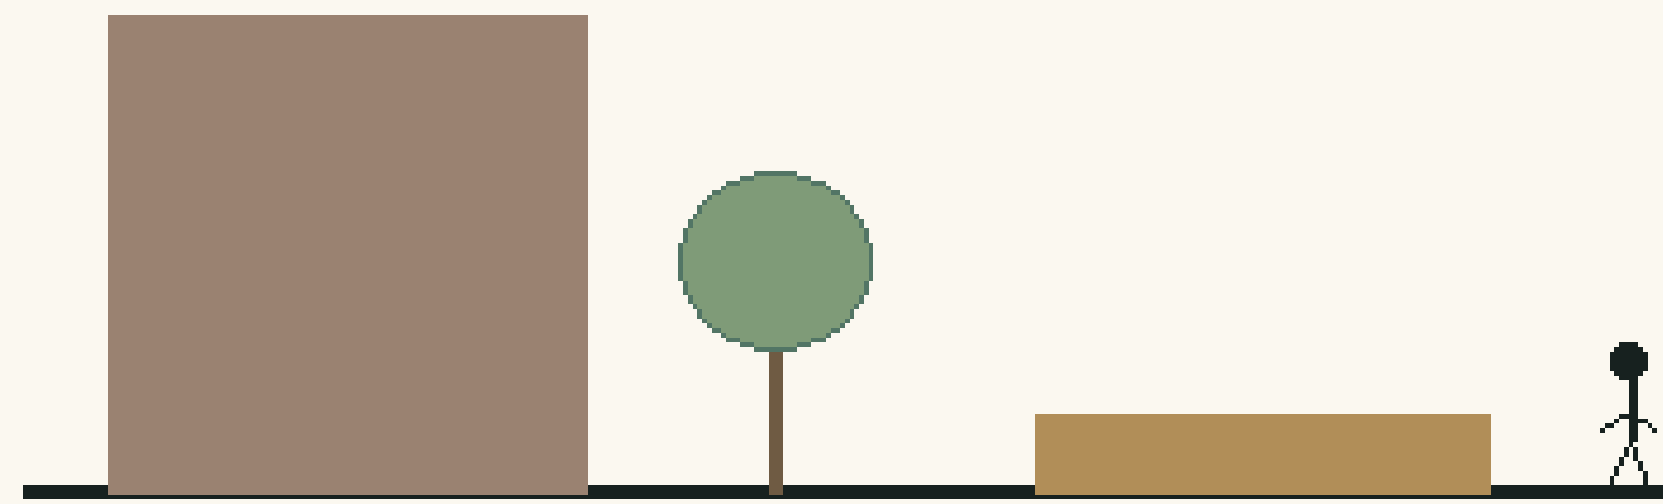

walk rain garden river interface

800 M

stations and blocks

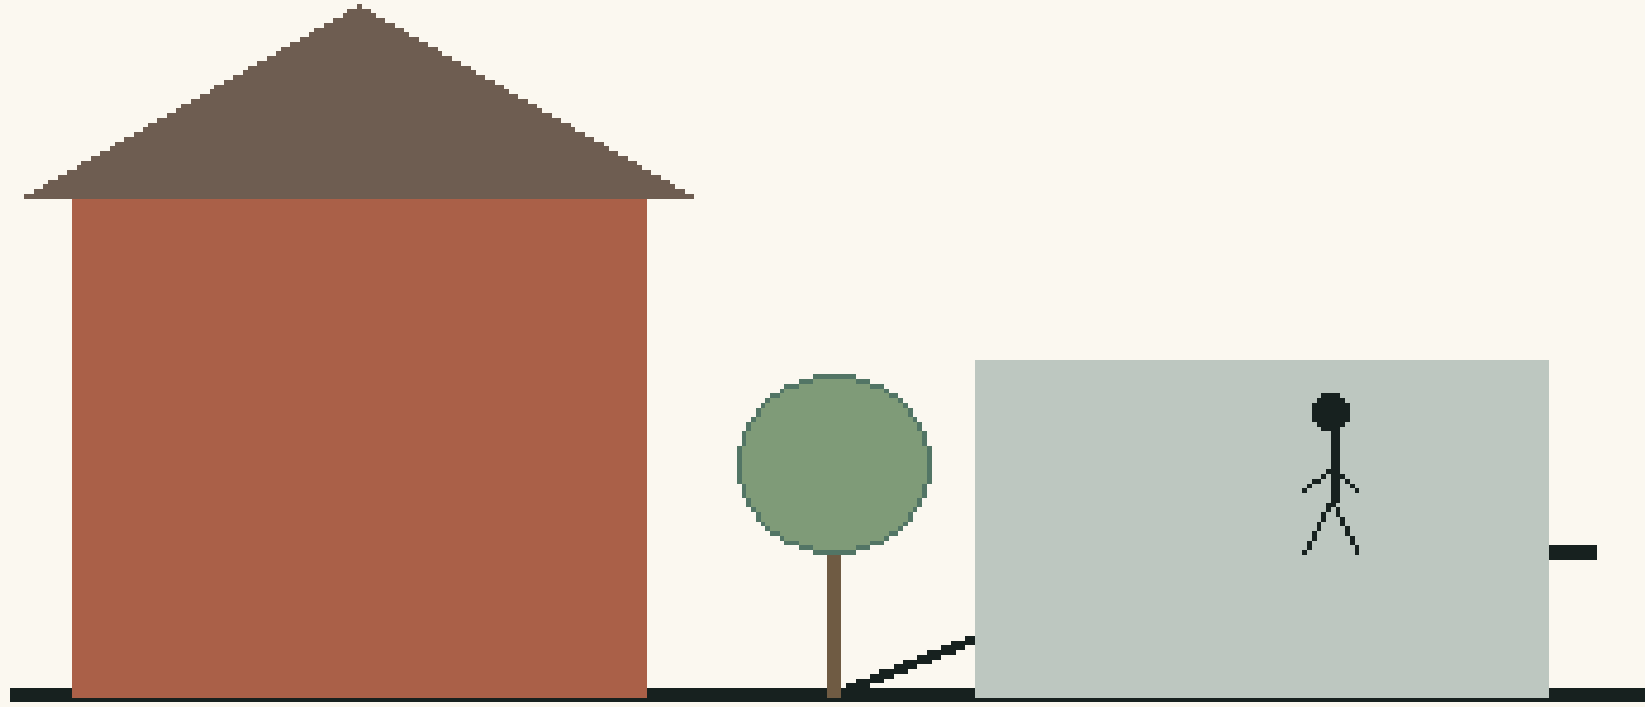

frontage shade 2m clear walk

80 TO 150 M

entrances and stays

old station ramp staffed service

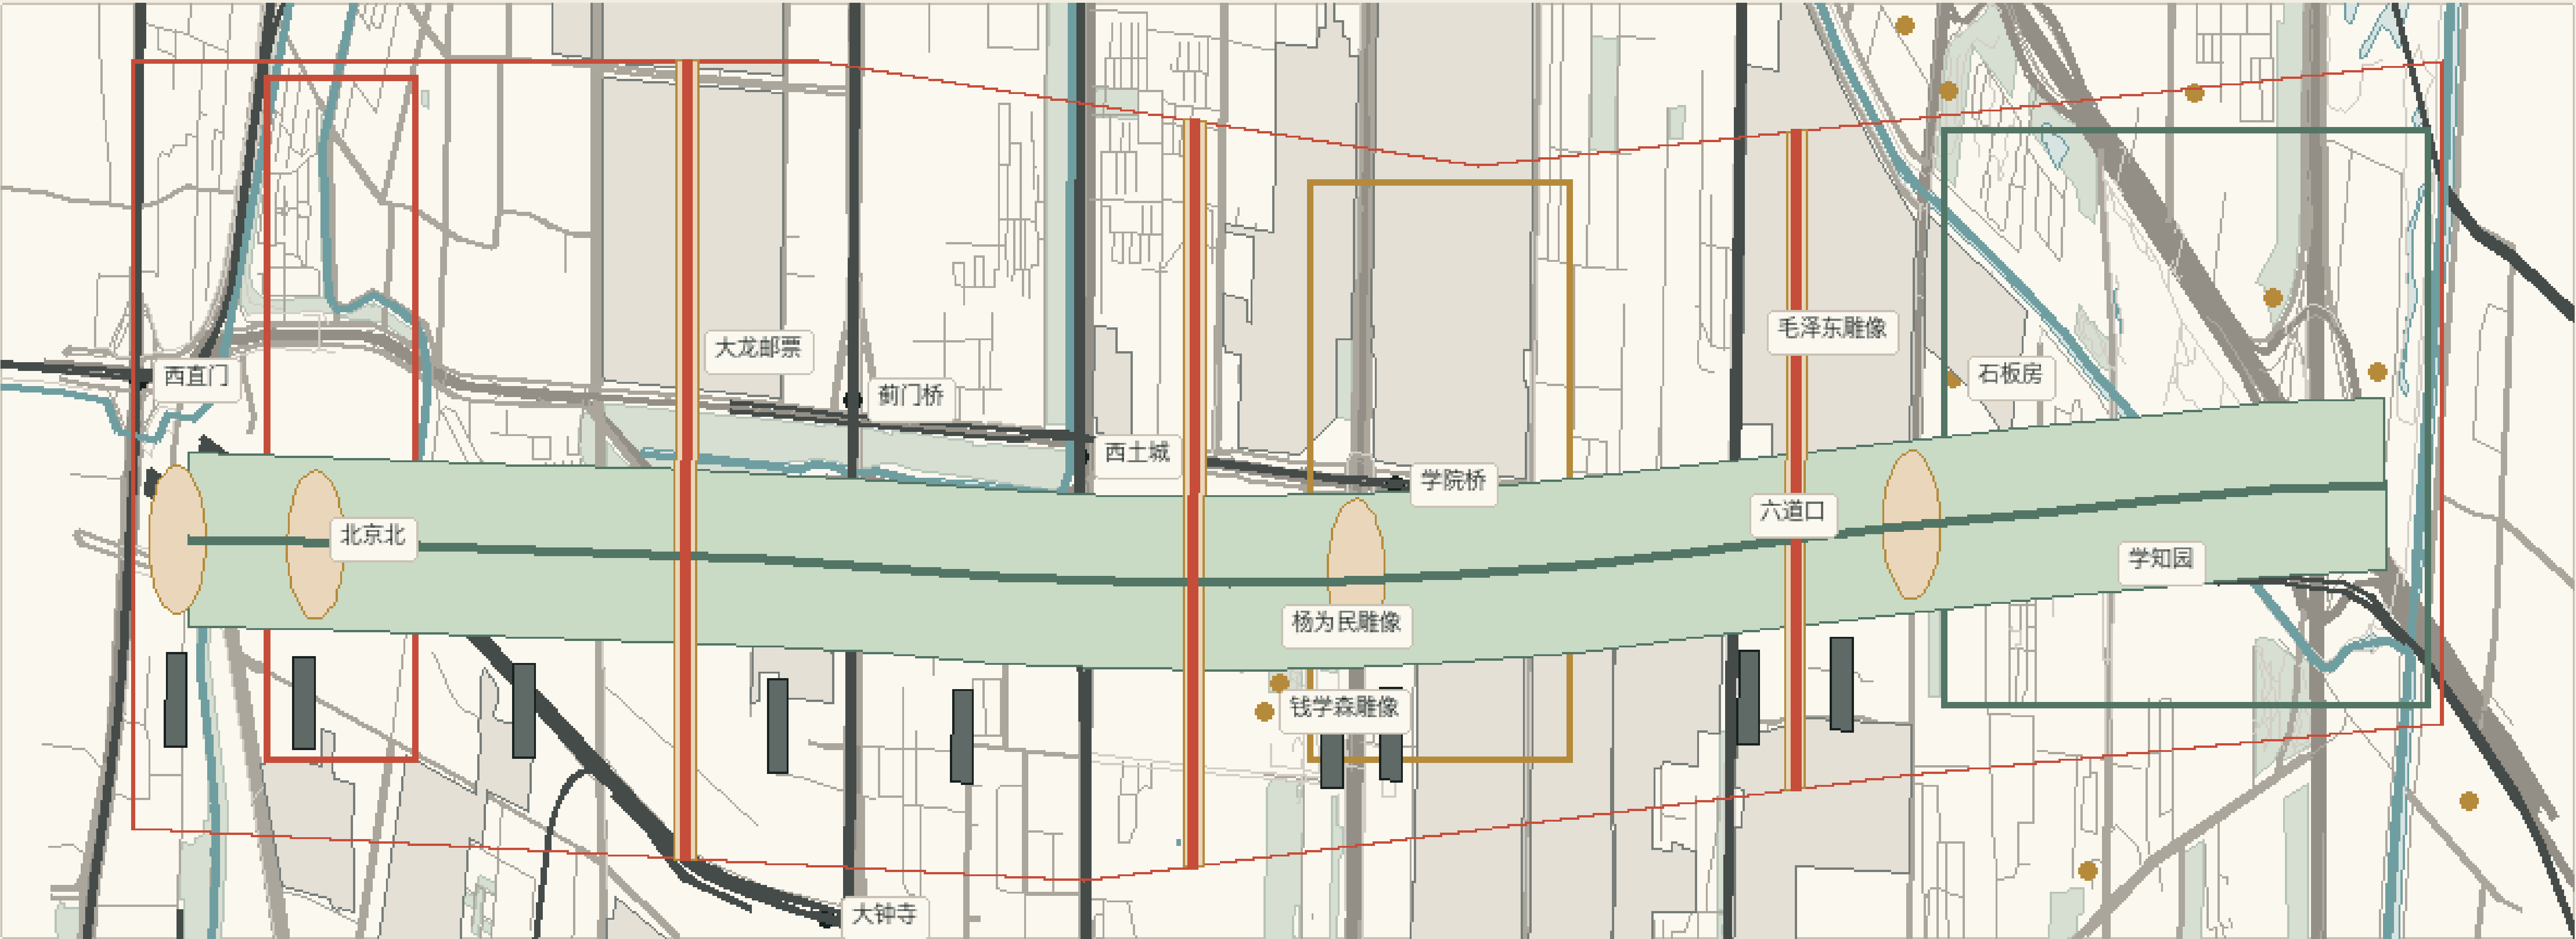

THE CHOICE ALONG THE LINE

- Research areas keep test limits.
- Neighbourhoods gain public service.
- Park space stays continuous.
- Building prototypes wait for surveys.

Public sources and submitted GeoJSON Concept design Provisional boundary Local OSM names retained

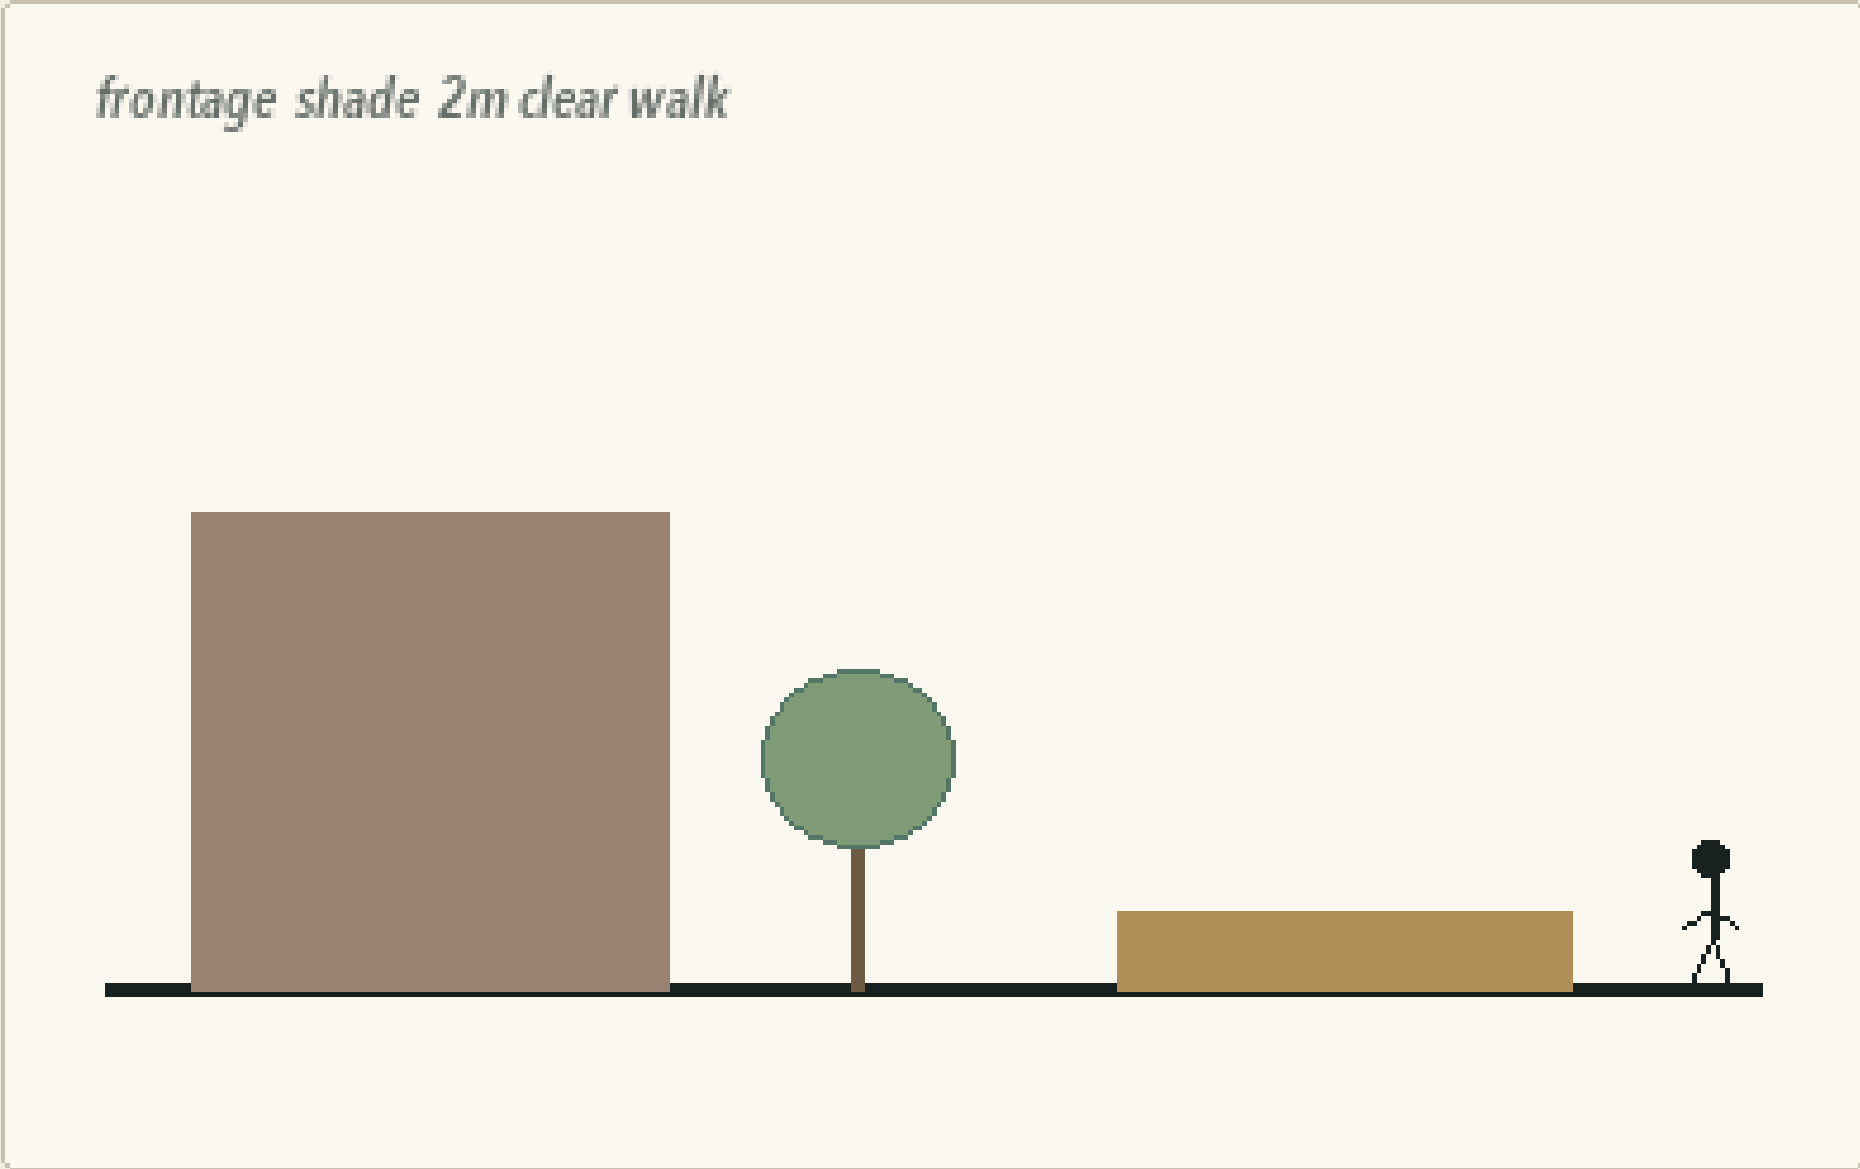

03 Repair crossings before adding devices

Start from approved links and check water, stations and access.

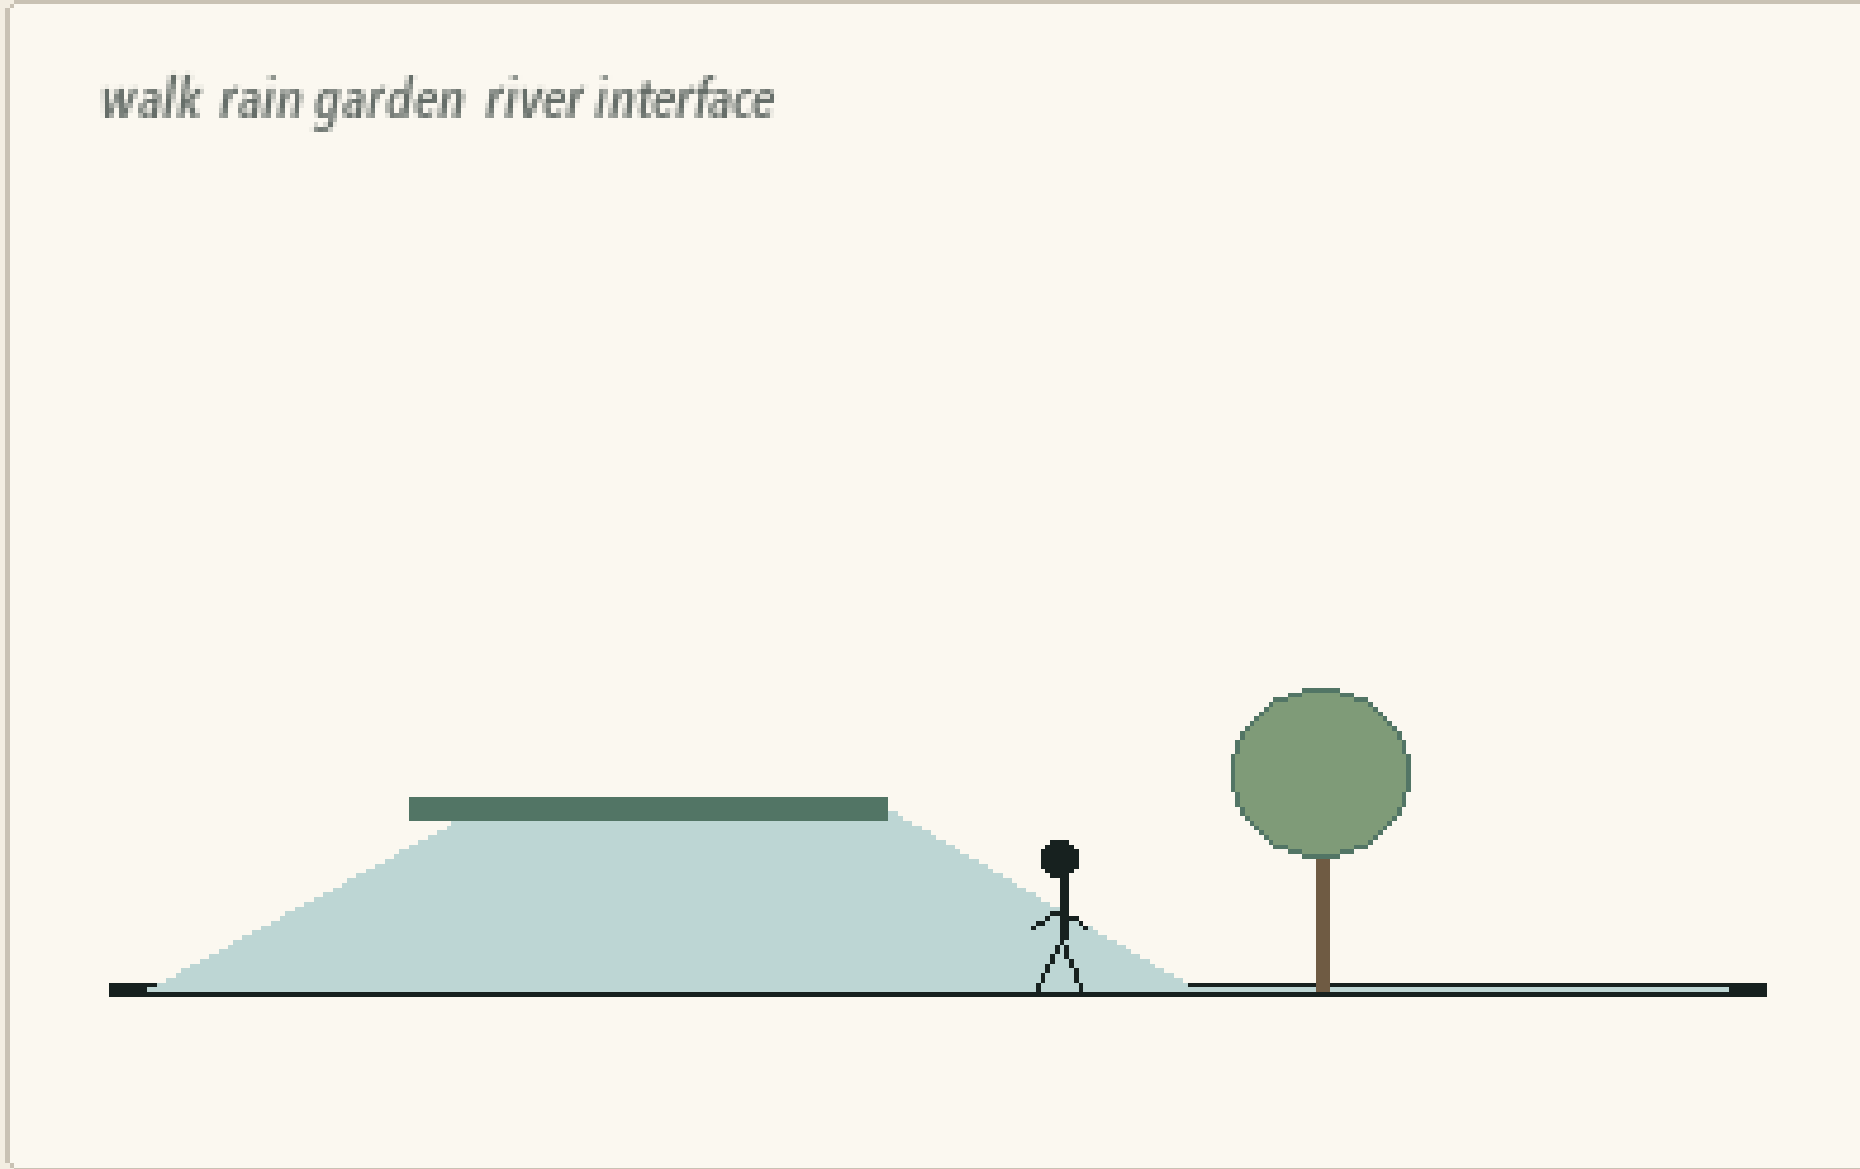

PUBLIC PROJECT INTERFACES	
1,200 M	planned fence removal
1,900	cycle parking spaces
6.41 KM	river works
11.4 KM	planned waterfront paths
KEY CROSSINGS STILL NEED FIELD CHECKS	

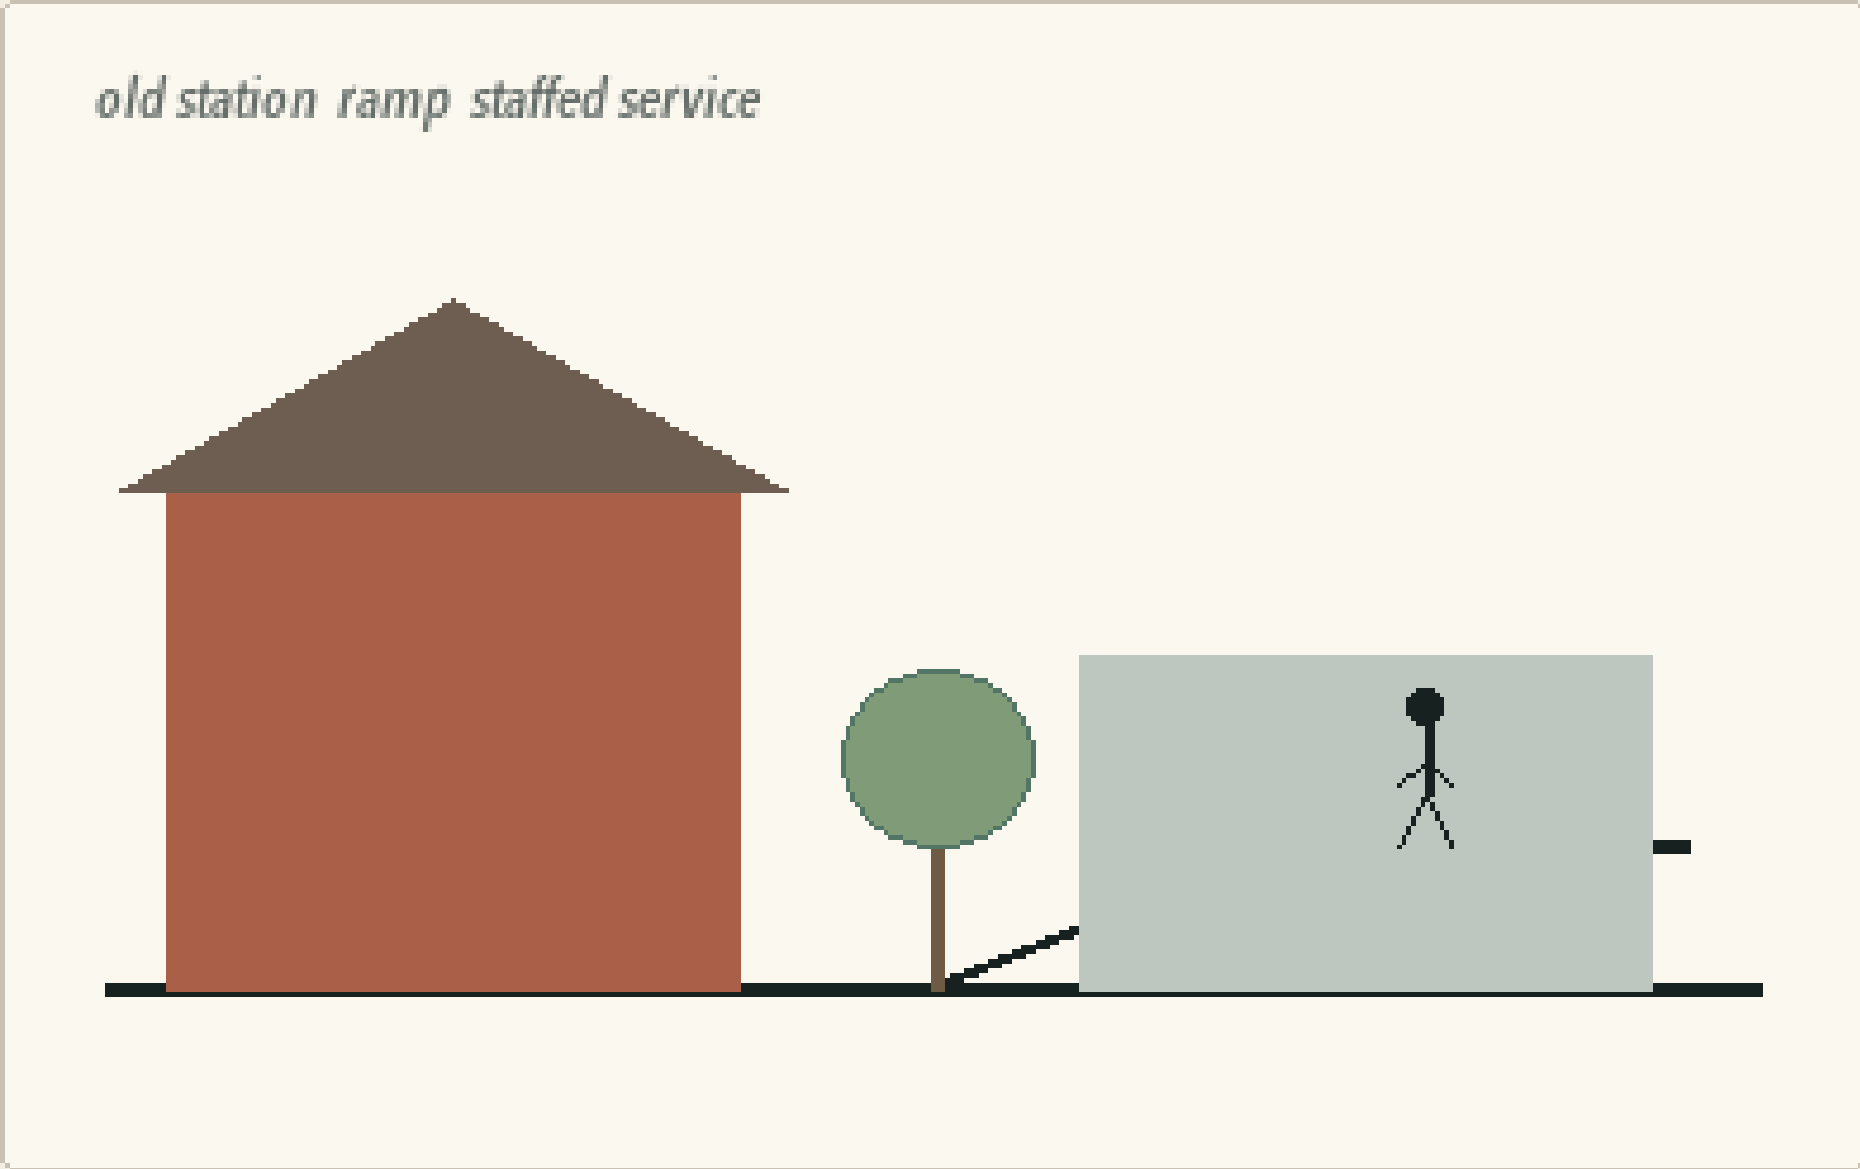

CONTINUOUS WALK

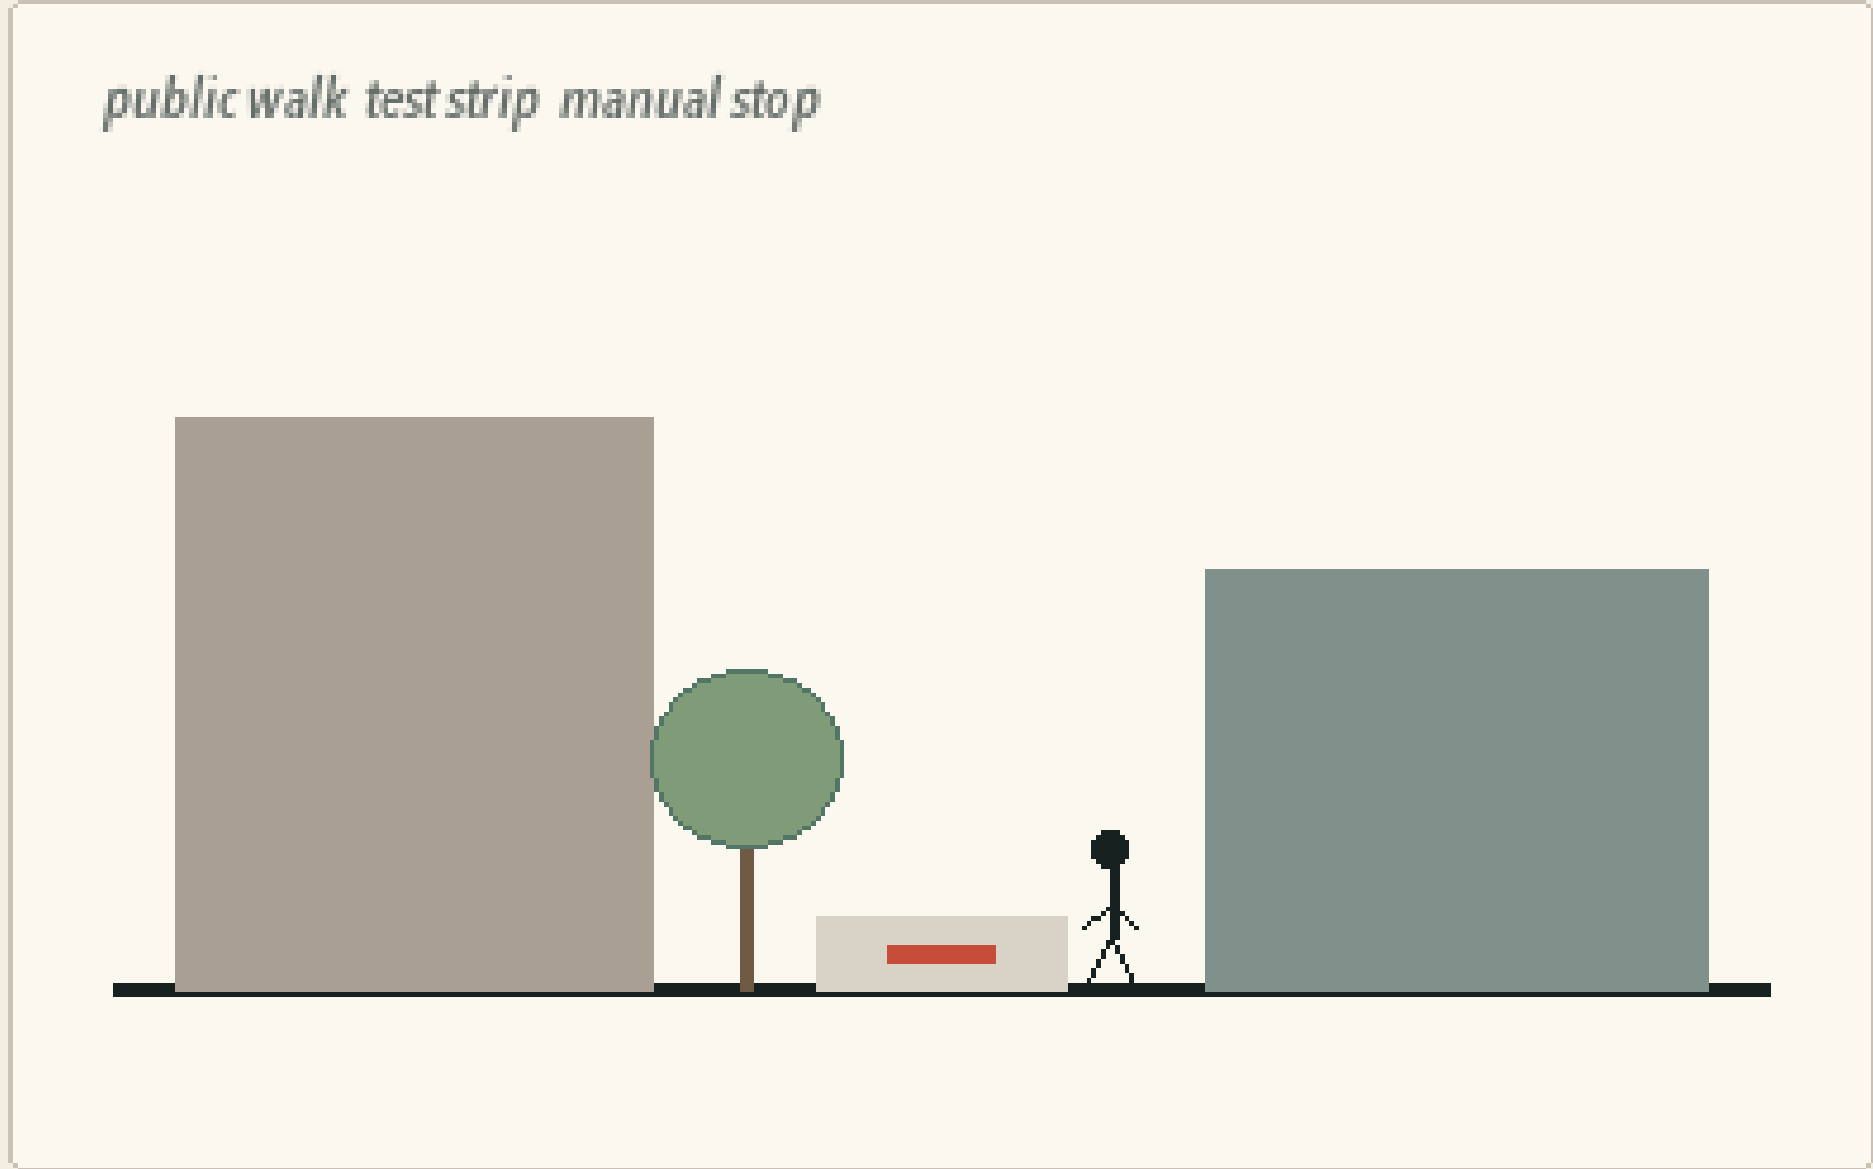

WATERFRONT

STATION LINK

TEST BYPASS

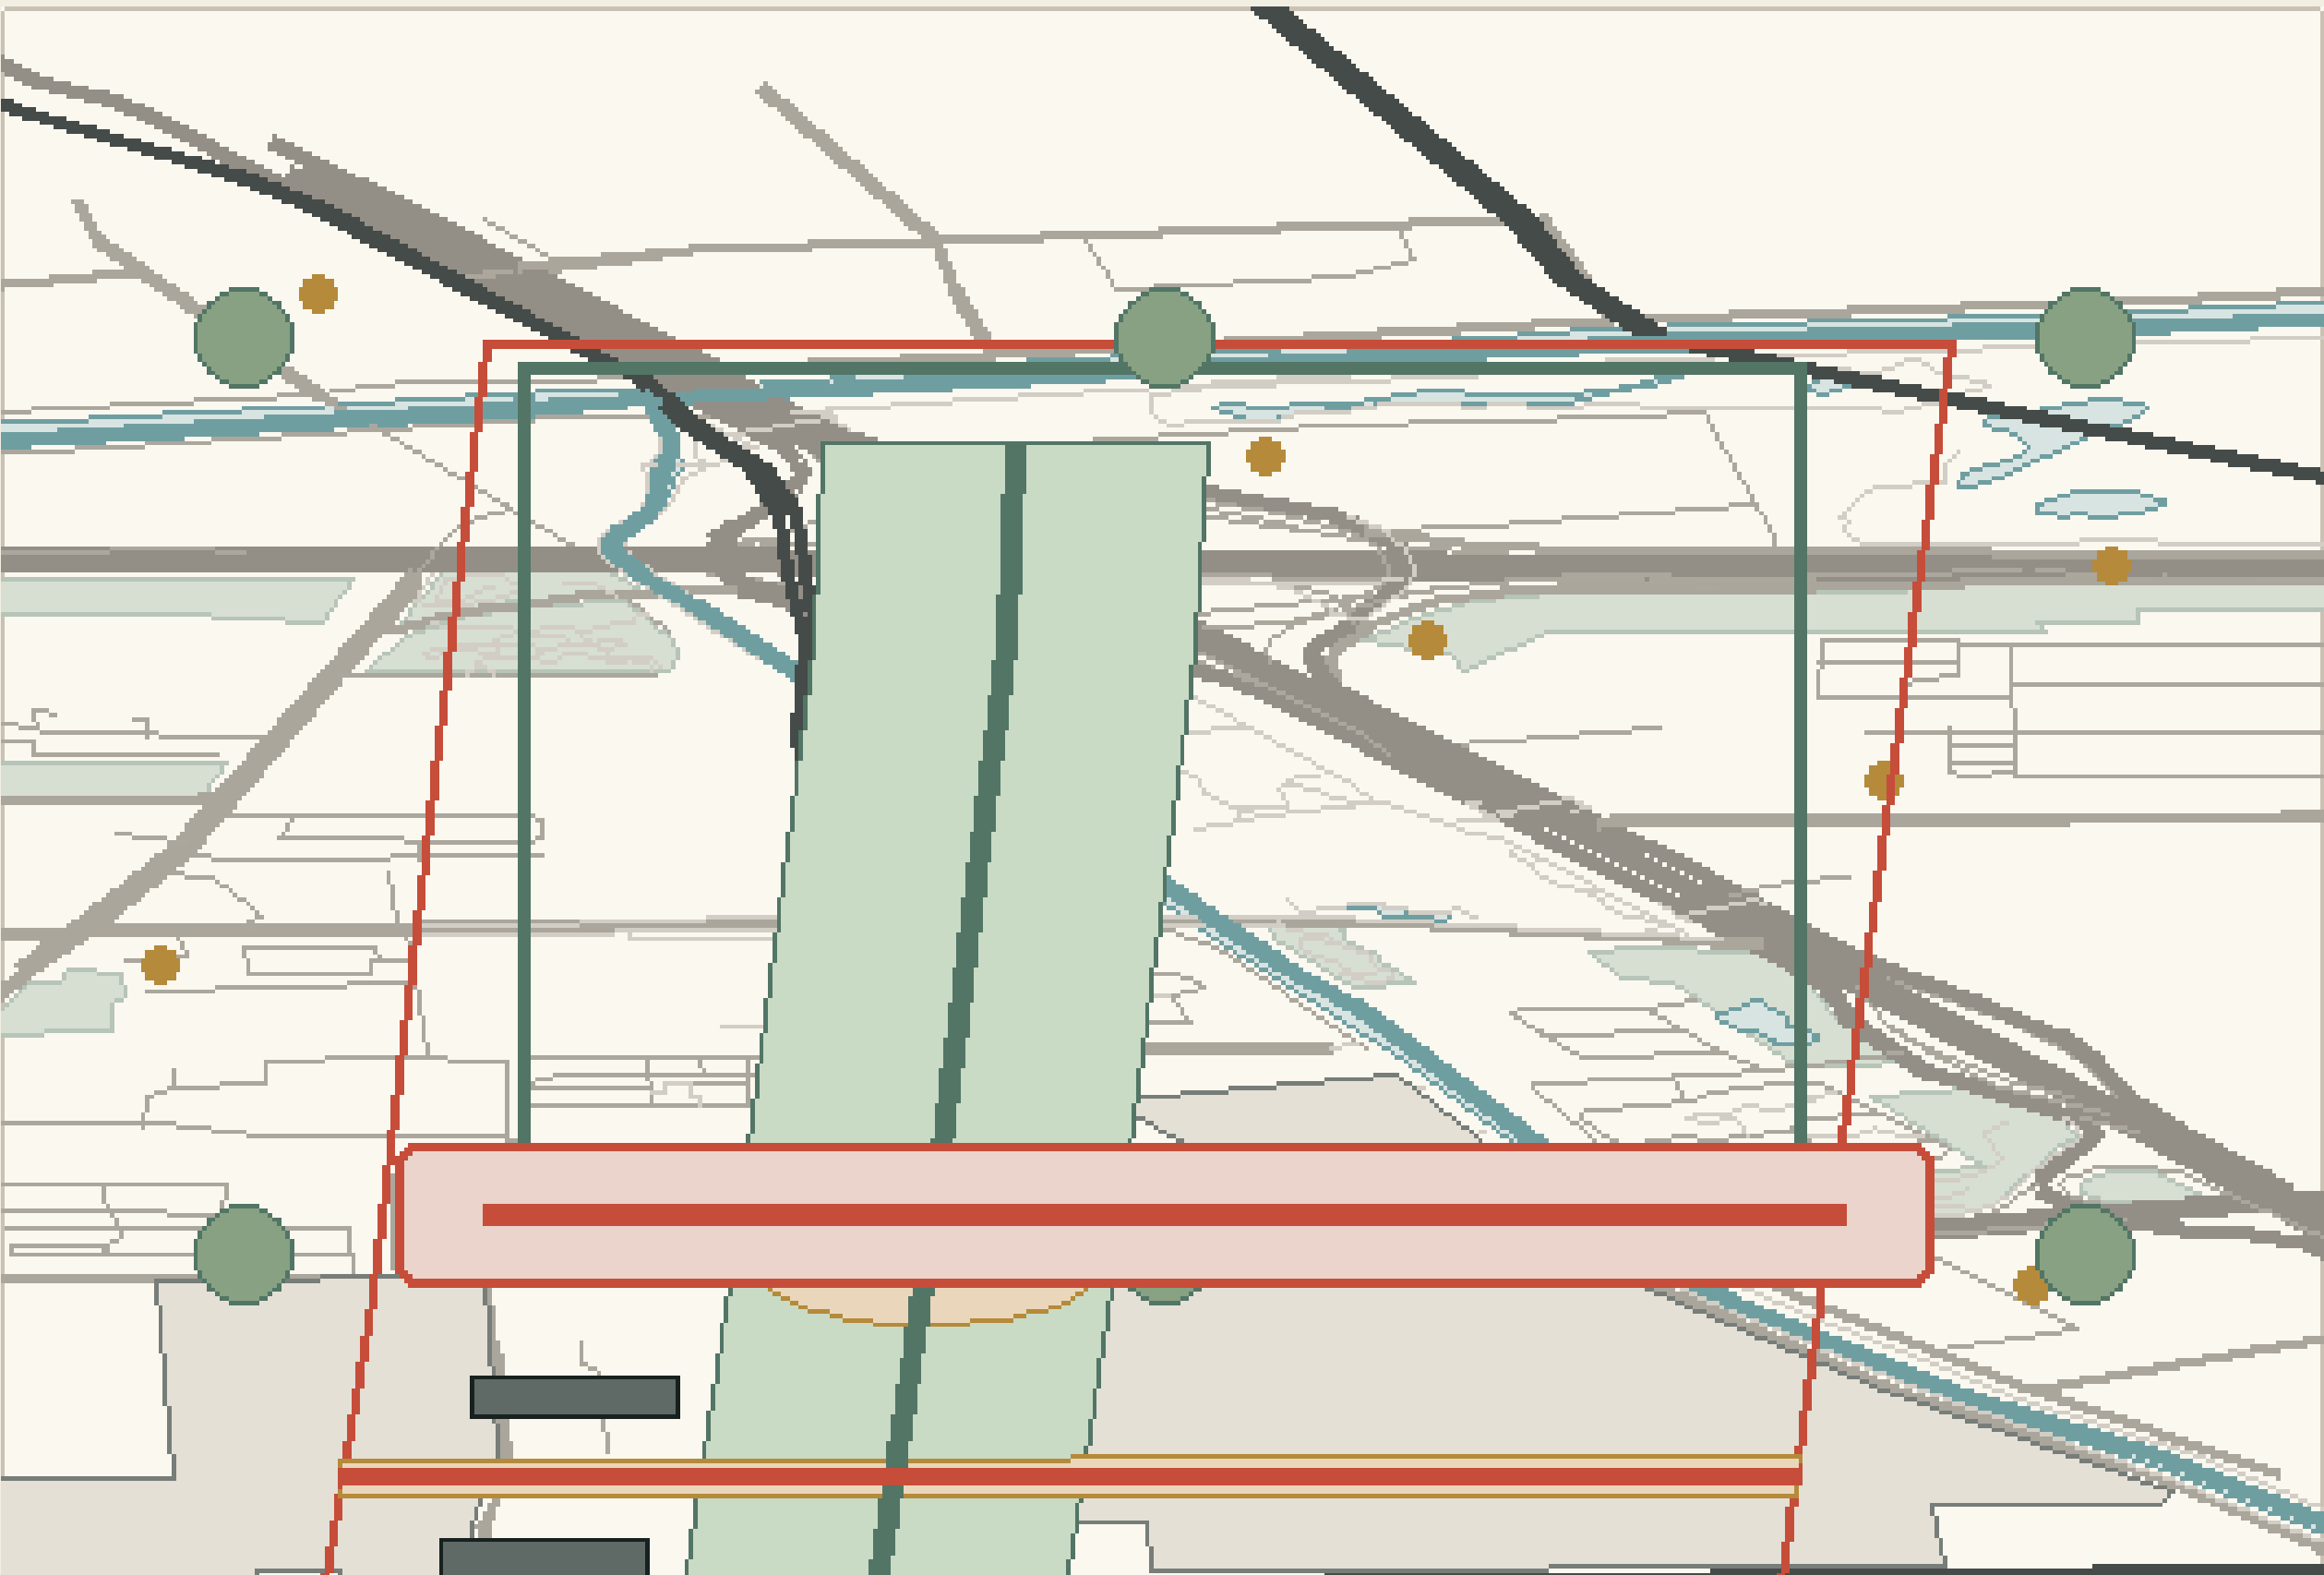

04 Each courtyard starts at its entrance

Plans at one scale are paired with real sections.

01 ZHONGZHIYUAN

bounded test court

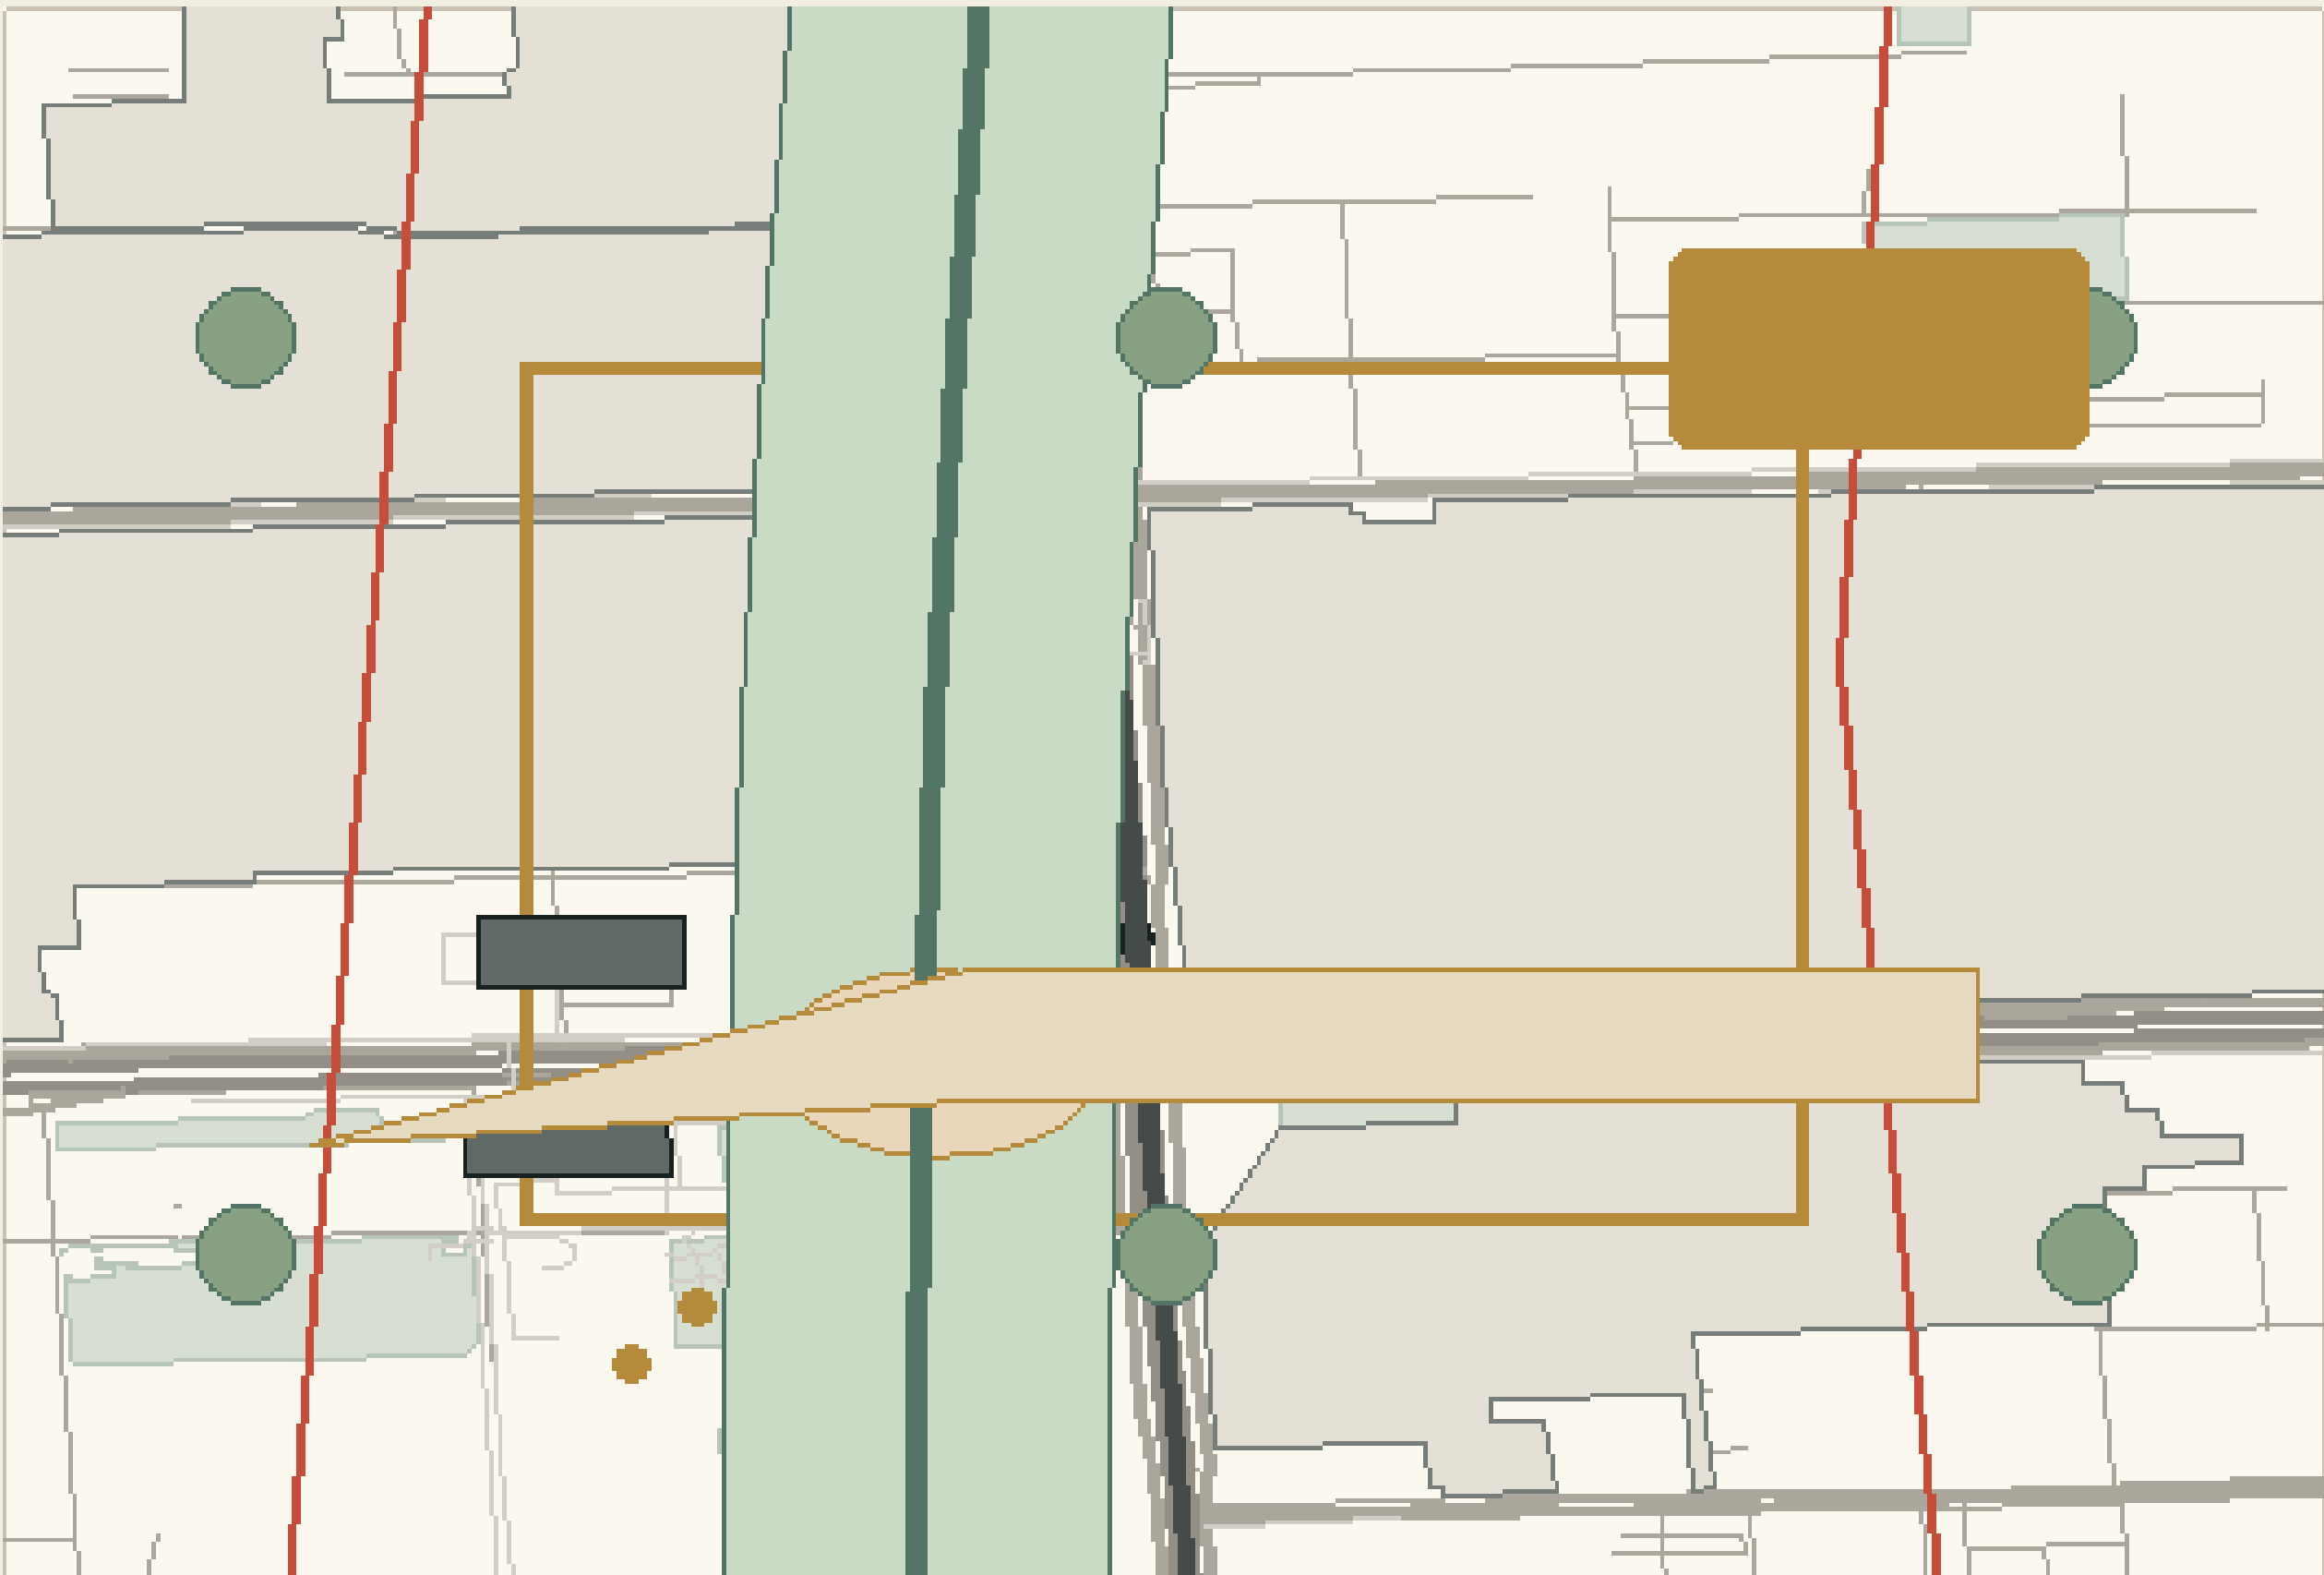

public walk test strip manual stop

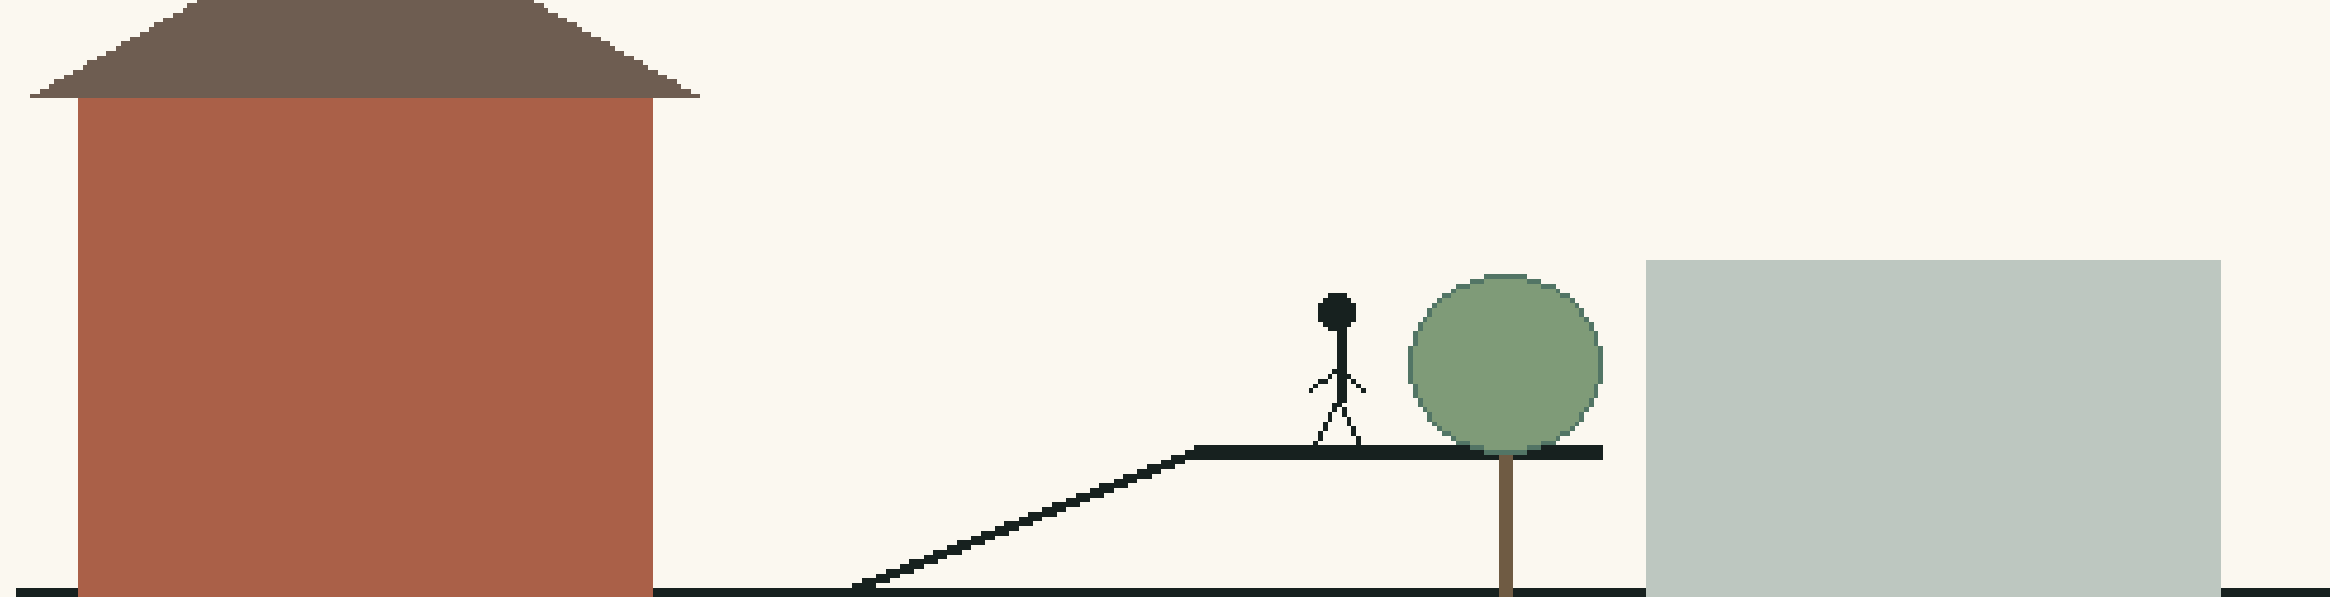

90 days for yielding and remote stop
stop on boundary breach

02 AI ORIGIN

learning service court

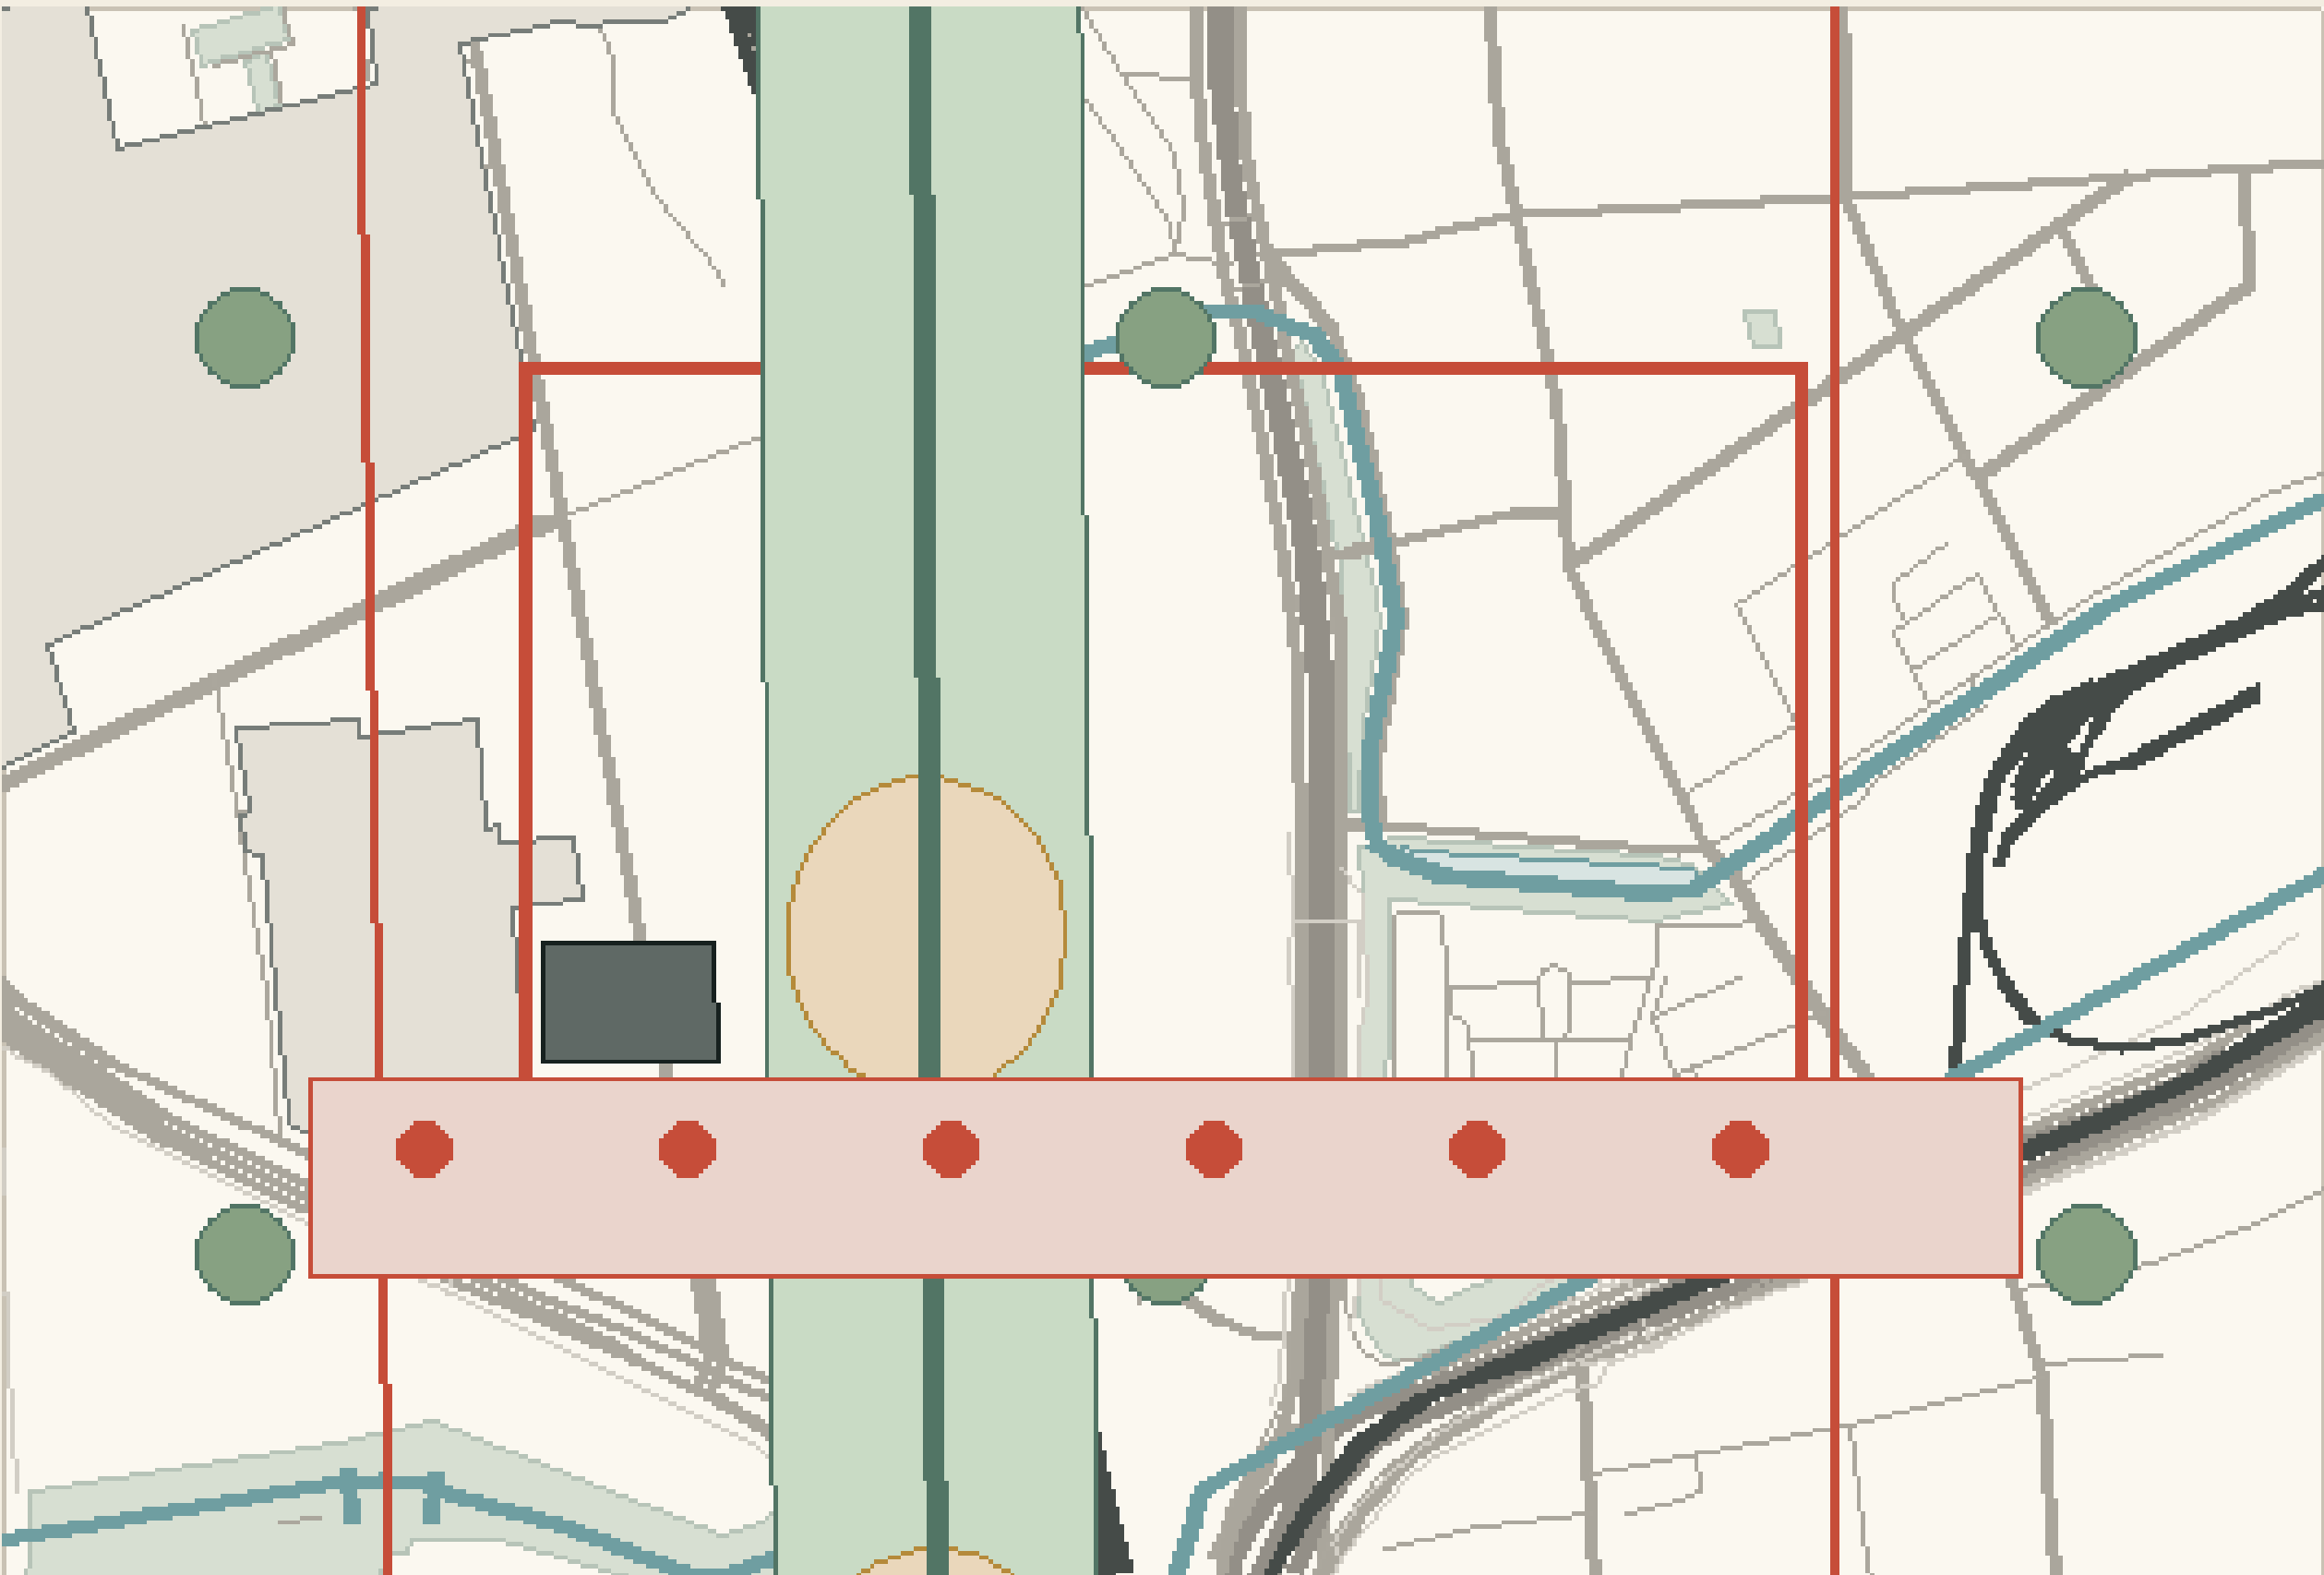

old station ramp staffed service

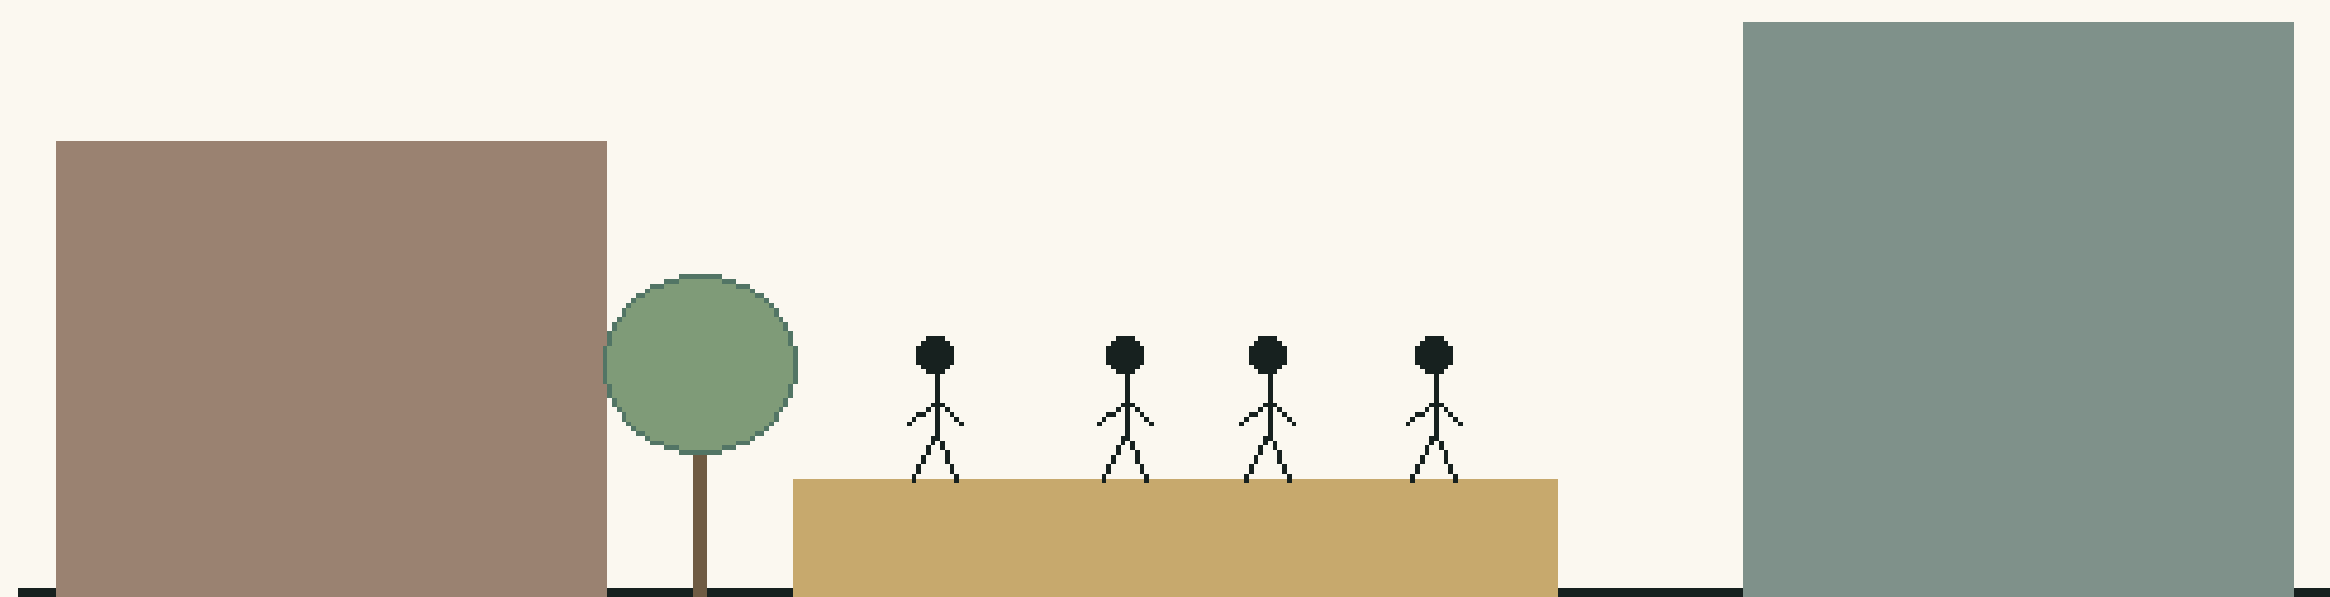

staff take over when service fails
pause without staffed service

03 DAZHONGSI

city exchange court

shopfront movable furniture evening class

evening use adjusts to complaints
shorten hours after repeated disturbance

Public sources and submitted GeoJSON Concept design Provisional boundary Local OSM names retained

05 Morning for the route, night for testing

Morning, noon, evening and night each have ordinary uses.

07.30

ARRIVE

fixed wayfinding still works

S01 S06

12.00

SERVICE AND LEARNING

staff take over wrong answers

S02 S03 S05

17.30

WALK AND CARE

shade and toilets come first

S07 S09 S10 S12

21.00

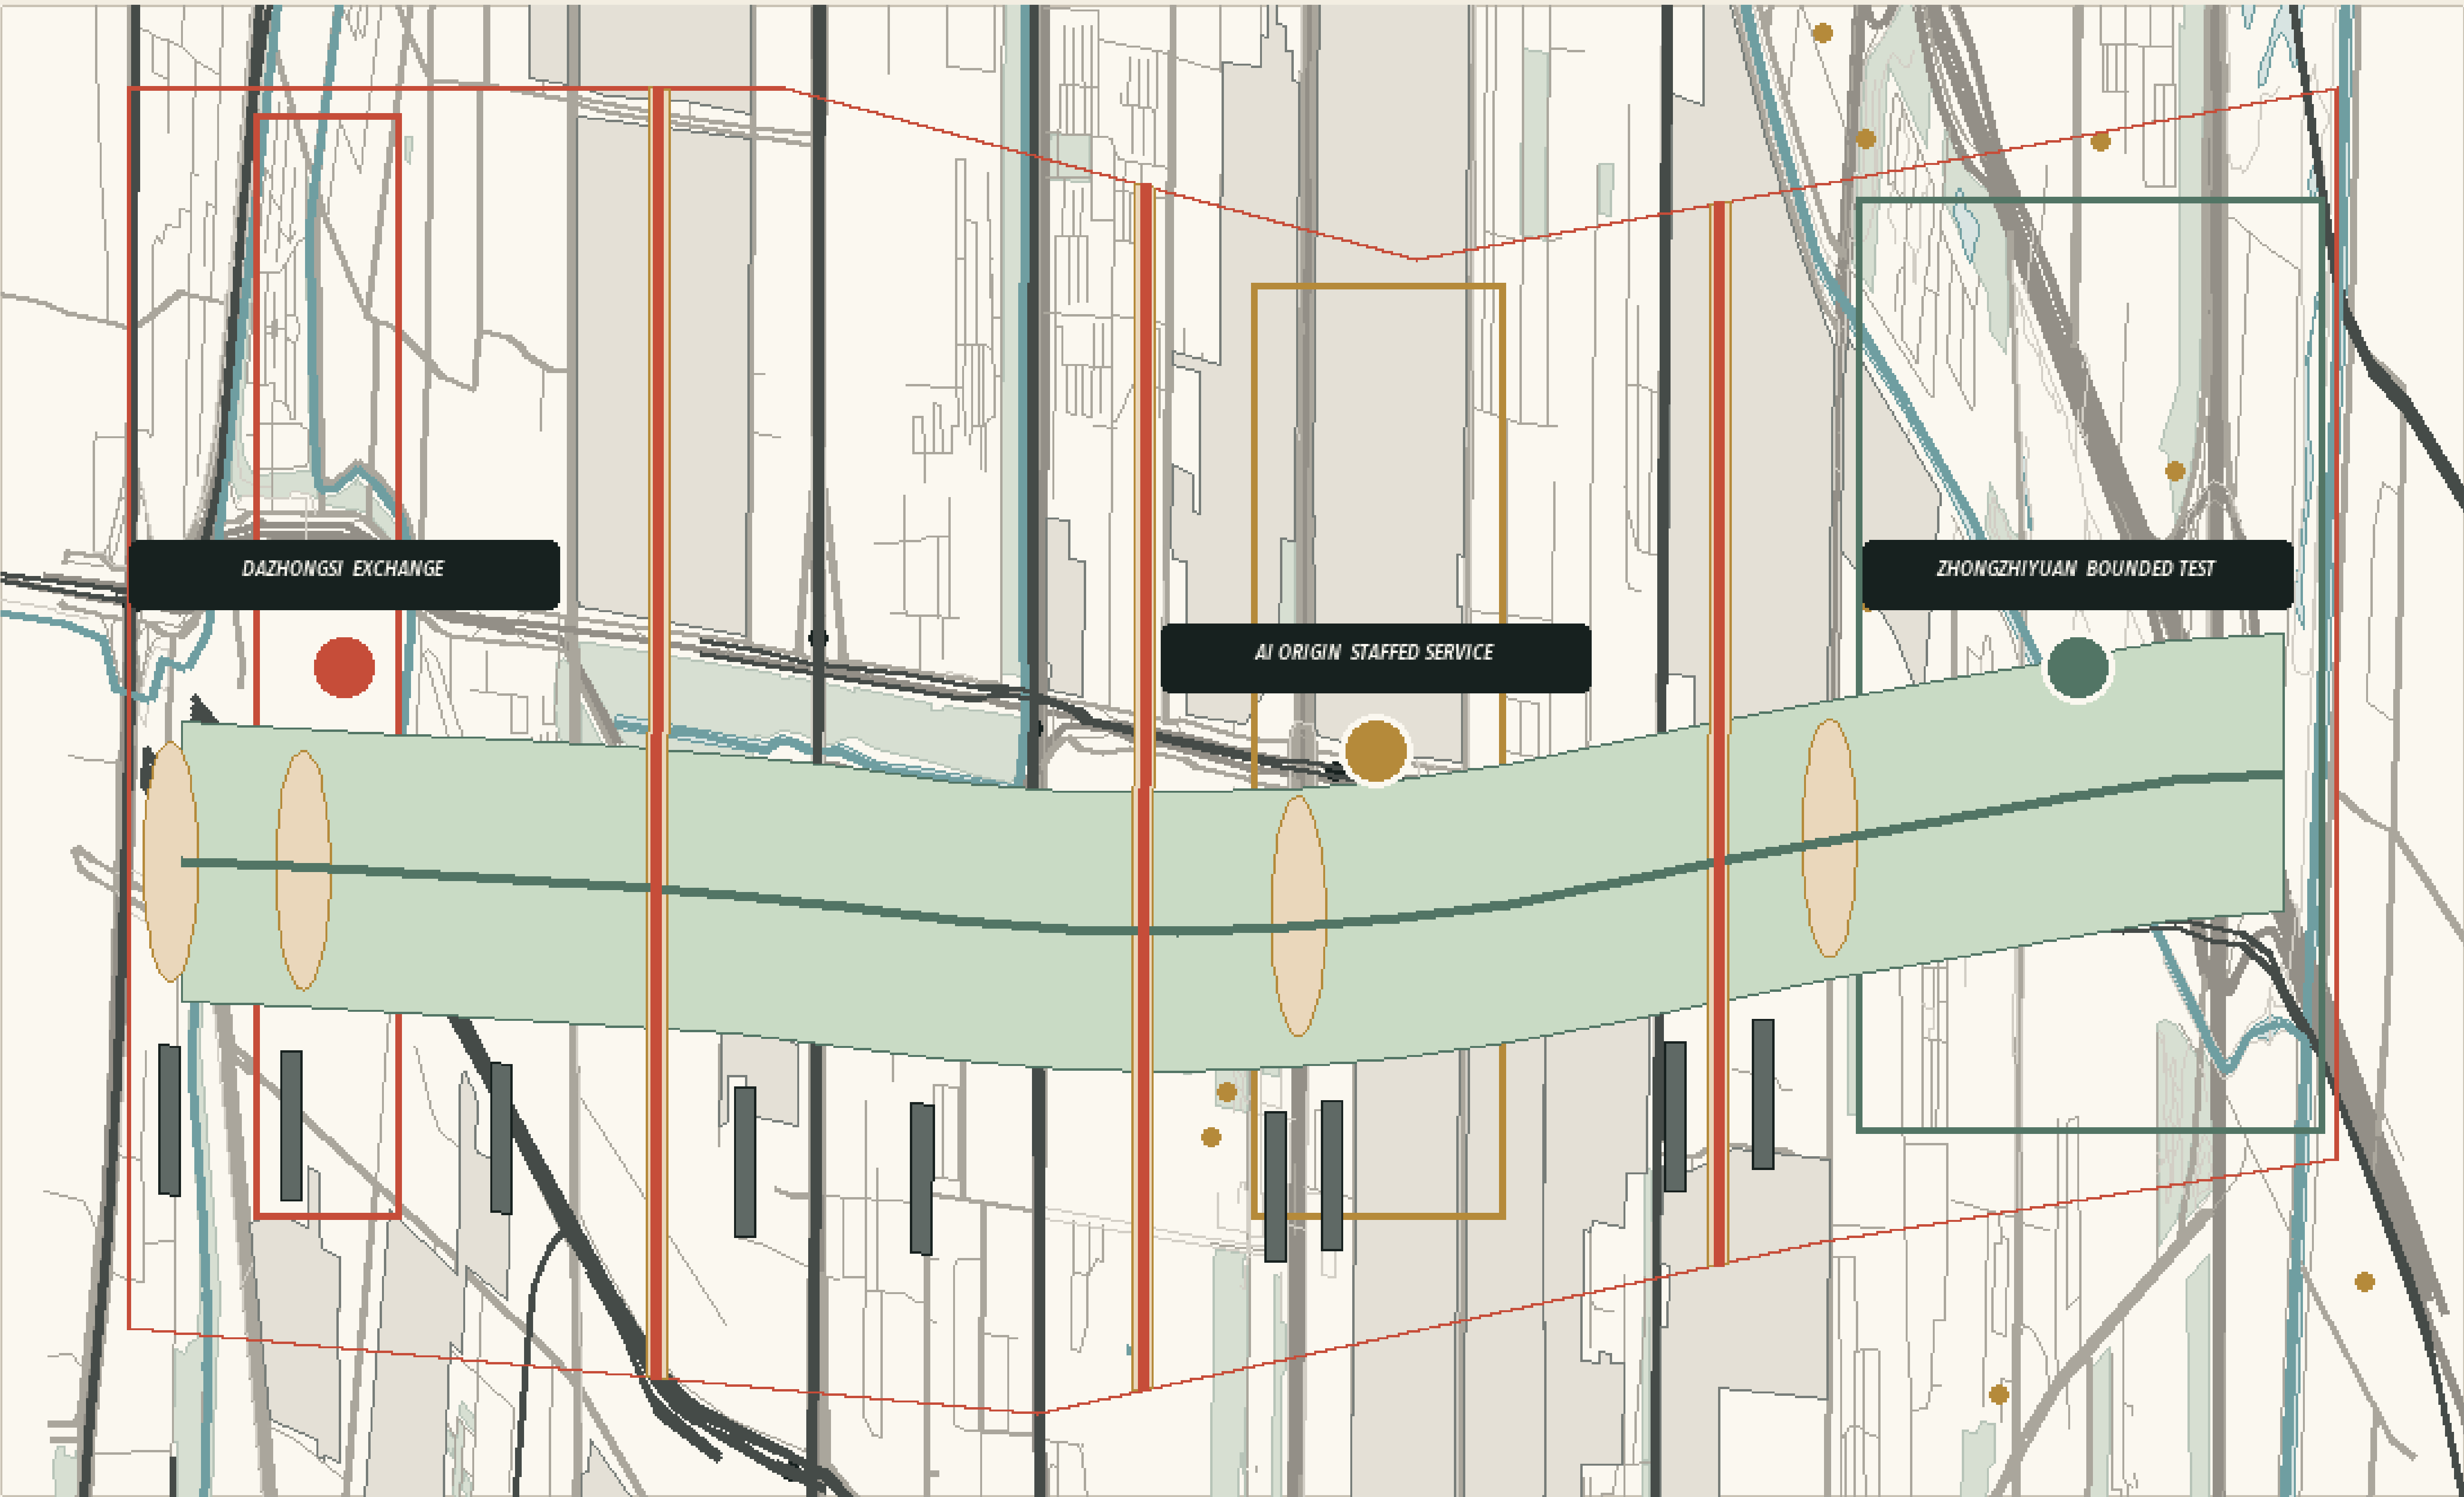

TEST AND MAINTAIN

site staff can stop the test

S04 S11 S13 S14

Image generation Used for concept atmosphere only

WHO DOES WHAT HERE

- UNIVERSITIES AND LABS
bring questions and test sets
- COMMUNITIES AND STAFF
raise daily problems and take over
- OPERATORS AND BUYERS
record upkeep and adoption terms
- WATER AND HERITAGE TEAMS
verify river and heritage limits

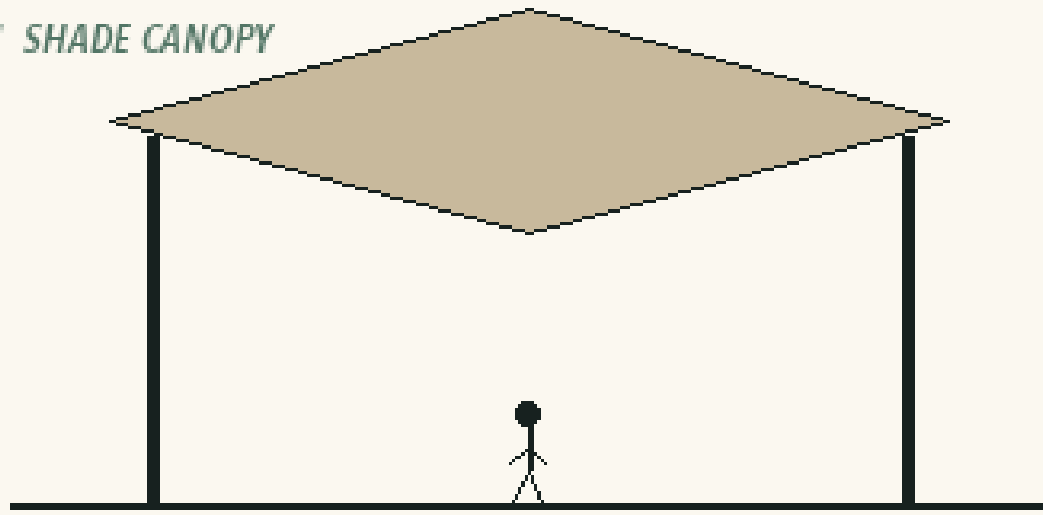

HOW A TRIAL ENDS

- QUESTION
- STAFF ON SITE
- KEEP OR REMOVE
- SMALL TRIAL
- PUBLISH RESULT

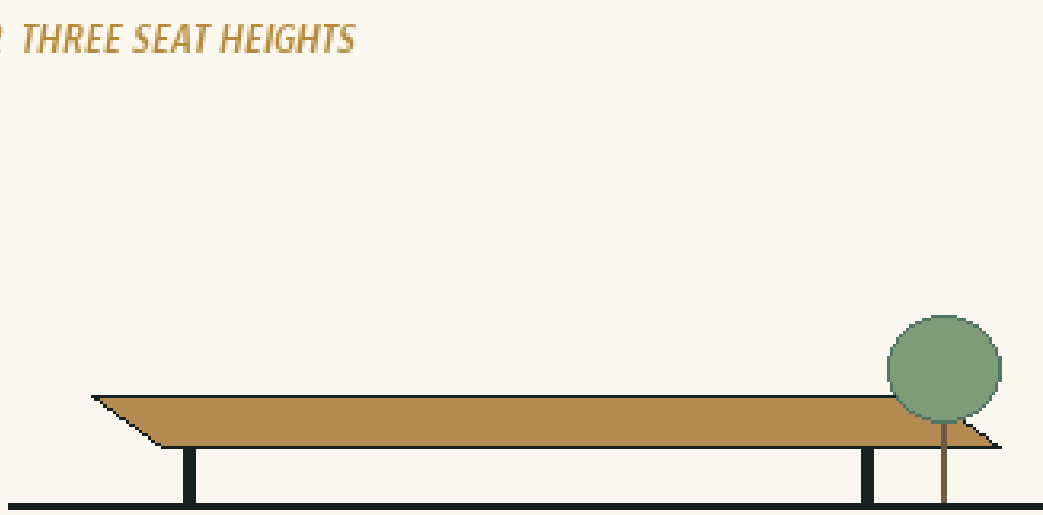

07

Trial small components and state the evidence limit

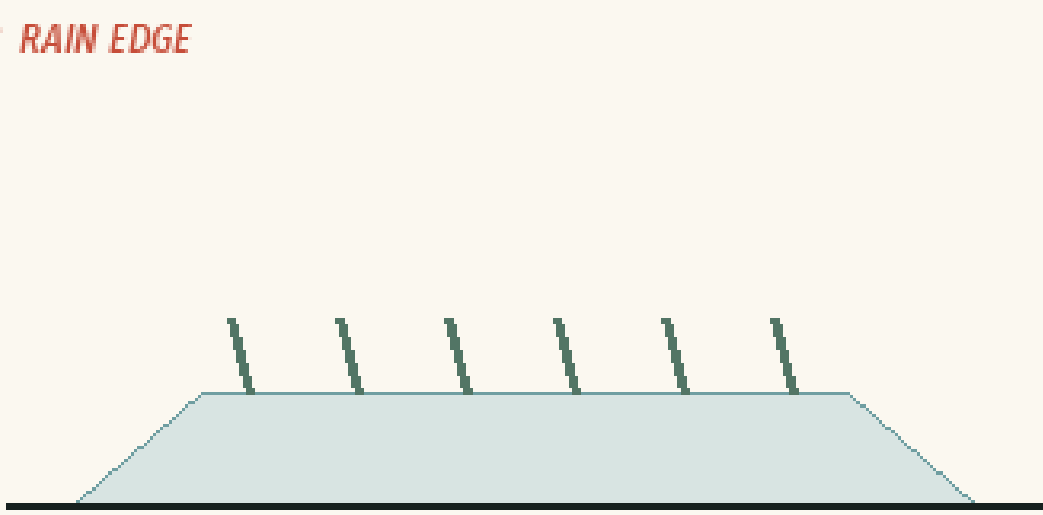

Repairable details sit beside reproducible working values.

C01 SHADE CANOPY

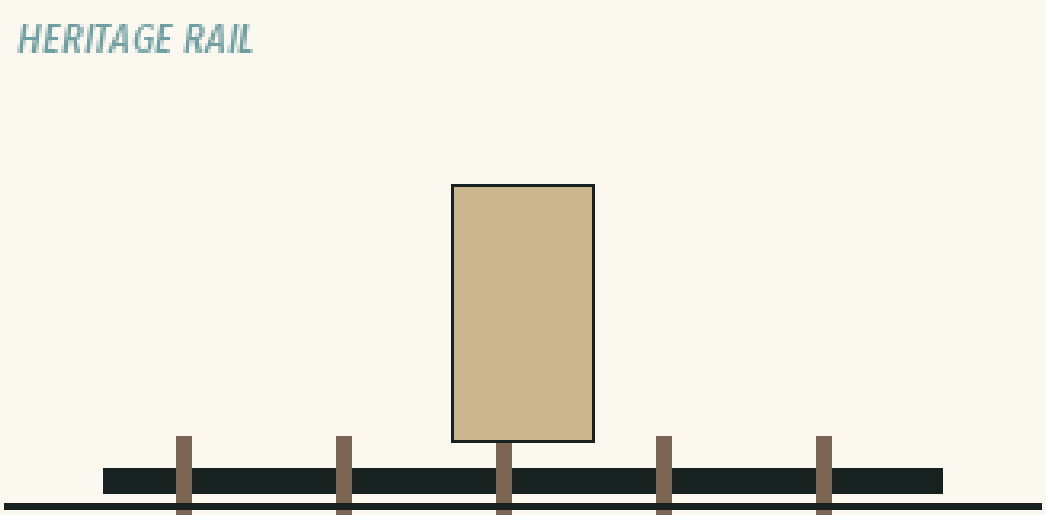

steel timber bolted

C02 THREE SEAT HEIGHTS

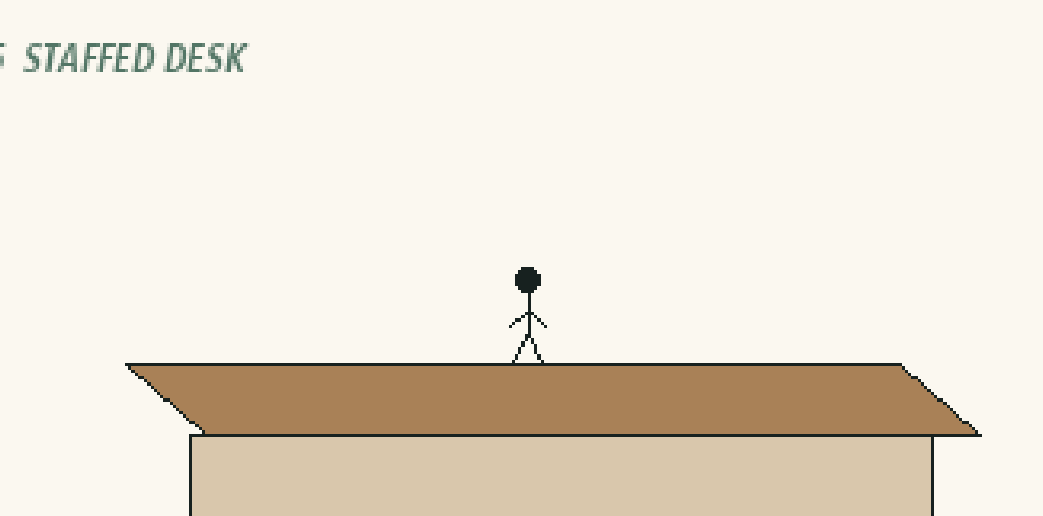

recycled timber replaceable

C03 RAIN EDGE

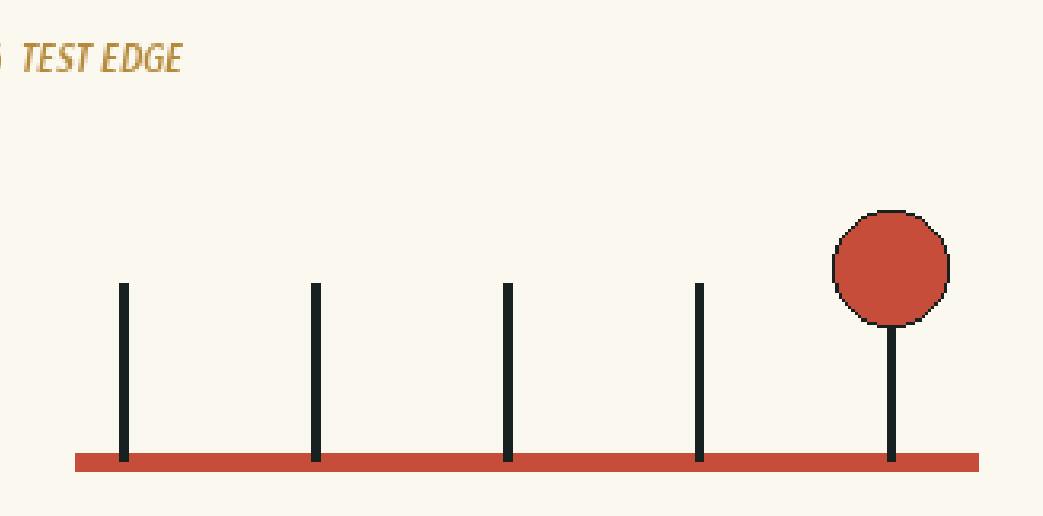

gravel swale cleanable

C04 HERITAGE RAIL

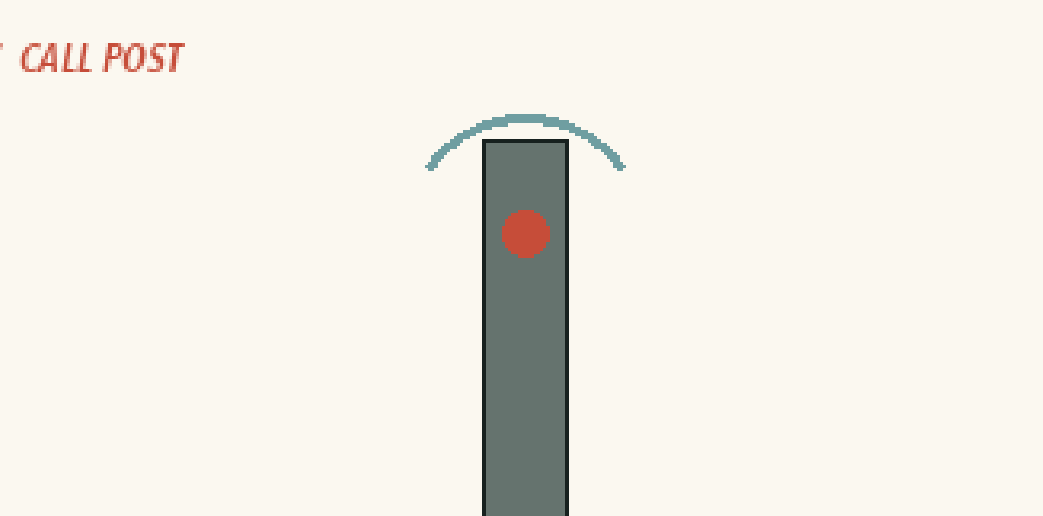

old rail replaceable panel

C05 STAFFED DESK

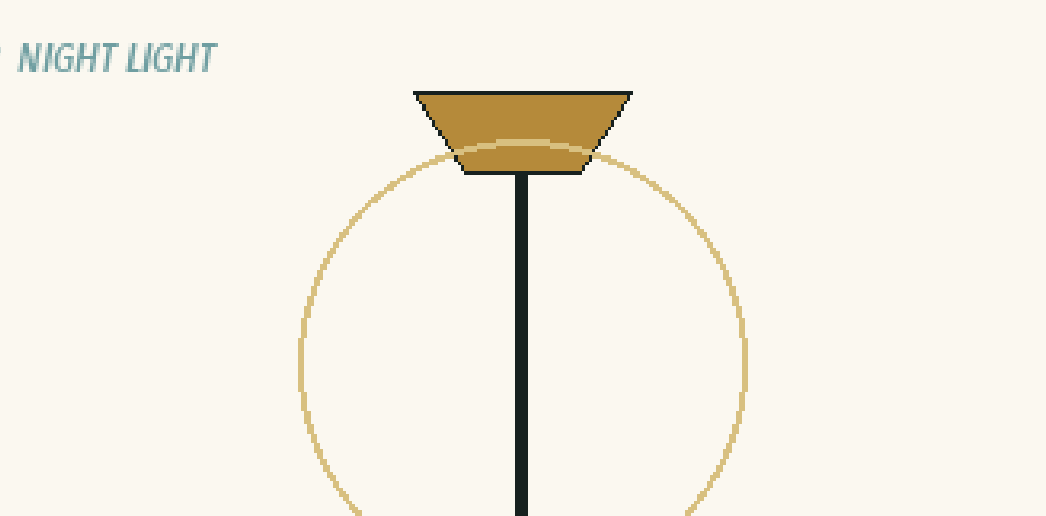

timber top movable furniture

C06 TEST EDGE

visible fence manual stop

C07 CALL POST

low voltage staffed response

C08 NIGHT LIGHT

shielded lamp timed use

NINE PROJECTS ALONG THE LINE

Public sources and submitted GeoJSON Concept design Provisional boundary Local OSM names retained

THREE OPTIONS

	PUBLIC USE	TESTING	LIGHT TOUCH	MAINTENANCE	NOTICEABILITY
TECH SHOWCASE	●●●●●	●●●●●	●●●●●	●●●●●	●●●●●
LINEAR PARK	●●●●●	●●●●●	●●●●●	●●●●●	●●●●●
RAILWAY COMMONS	●●●●●	●●●●●	●●●●●	●●●●●	●●●●●

HOW FAR EACH SOURCE GOES

OFFICIAL PAUSES	project status and rules no boundary or completion claim
OSM	roads, water and stations no title or practice area
SUBMITTED GEOJSON	option tests and working areas reconcile with official boundary

11.413 km²
working site area

22.67%

Public sources and submitted GeoJSON Concept design Provisional boundary Local OSM names retained

FOUR SMALL JOBS FOR THE NEXT FIELD VISIT

- 01

walk the official boundary
- 02

measure width, slope and shade
- 03

verify heritage and utilities
- 04

meet the people who will maintain it

STILL NEEDS A FIELD CHECK

- official boundary and title
- Qinghuayuan heritage controls
- utilities, fire and equipment loads
- key crossings and access continuity

11.413 km² 22.67% working green ratio 4.40% working public-space ratio
