

A0-01 | Overall Quiet Commons

Choice, exit, human handoff and non-AI equivalence

FIGURE 01 | PROVISIONAL BOUNDARY / DESIGN INTENT

Overall Quiet Commons System | Choice, Exit and Human Equivalence

ONE SPINE
THREE COMMONS
TWO WINGS / SIX UNITS
TWELVE SENSORY SWITCHES

Quiet is not silence; it is the right to adjust the city's sensory intensity.

SIX ADJUSTABLE LOADS

- | | |
|---------|---------------|
| Sound | Light / glare |
| Thermal | Crowding |
| Speed | Information |

MACHINE-GATE READY | GEOMETRY PROVISIONAL | PROFESSIONAL ELIGIBILITY PENDING

- One spine, three adjustment commons, two wings / six units, twelve switches
- Six loads: sound, light/glare, thermal, crowding, speed and information
- Low-contrast dashed provisional constraints; high-contrast solid design intent

Machine gate and content review ready | geometry provisional | professional eligibility pending

A0-02 | Land Use, Buildings and Renewal

Complete conceptual partition without statutory or existing-building claims

FIGURE 02 | LAND USE / SENSORY PROGRAM

Land Use and Sensory Programs | Complete Partition, Not Statutory Land Use

TOPOLOGY: 0 OVERLAP / 0 GAP (WITHIN TOLERANCE) | FAR, HEIGHT, DENSITY, SETBACK: UNKNOWN

- Six sensory programs cover the provisional site with shared vertices
- Nine building envelopes are prototypes; FAR, height, density and setback unknown
- Retain first, adapt lightly and reversibly, require four levels of evidence before demolition

Machine gate and content review ready | geometry provisional | professional eligibility pending

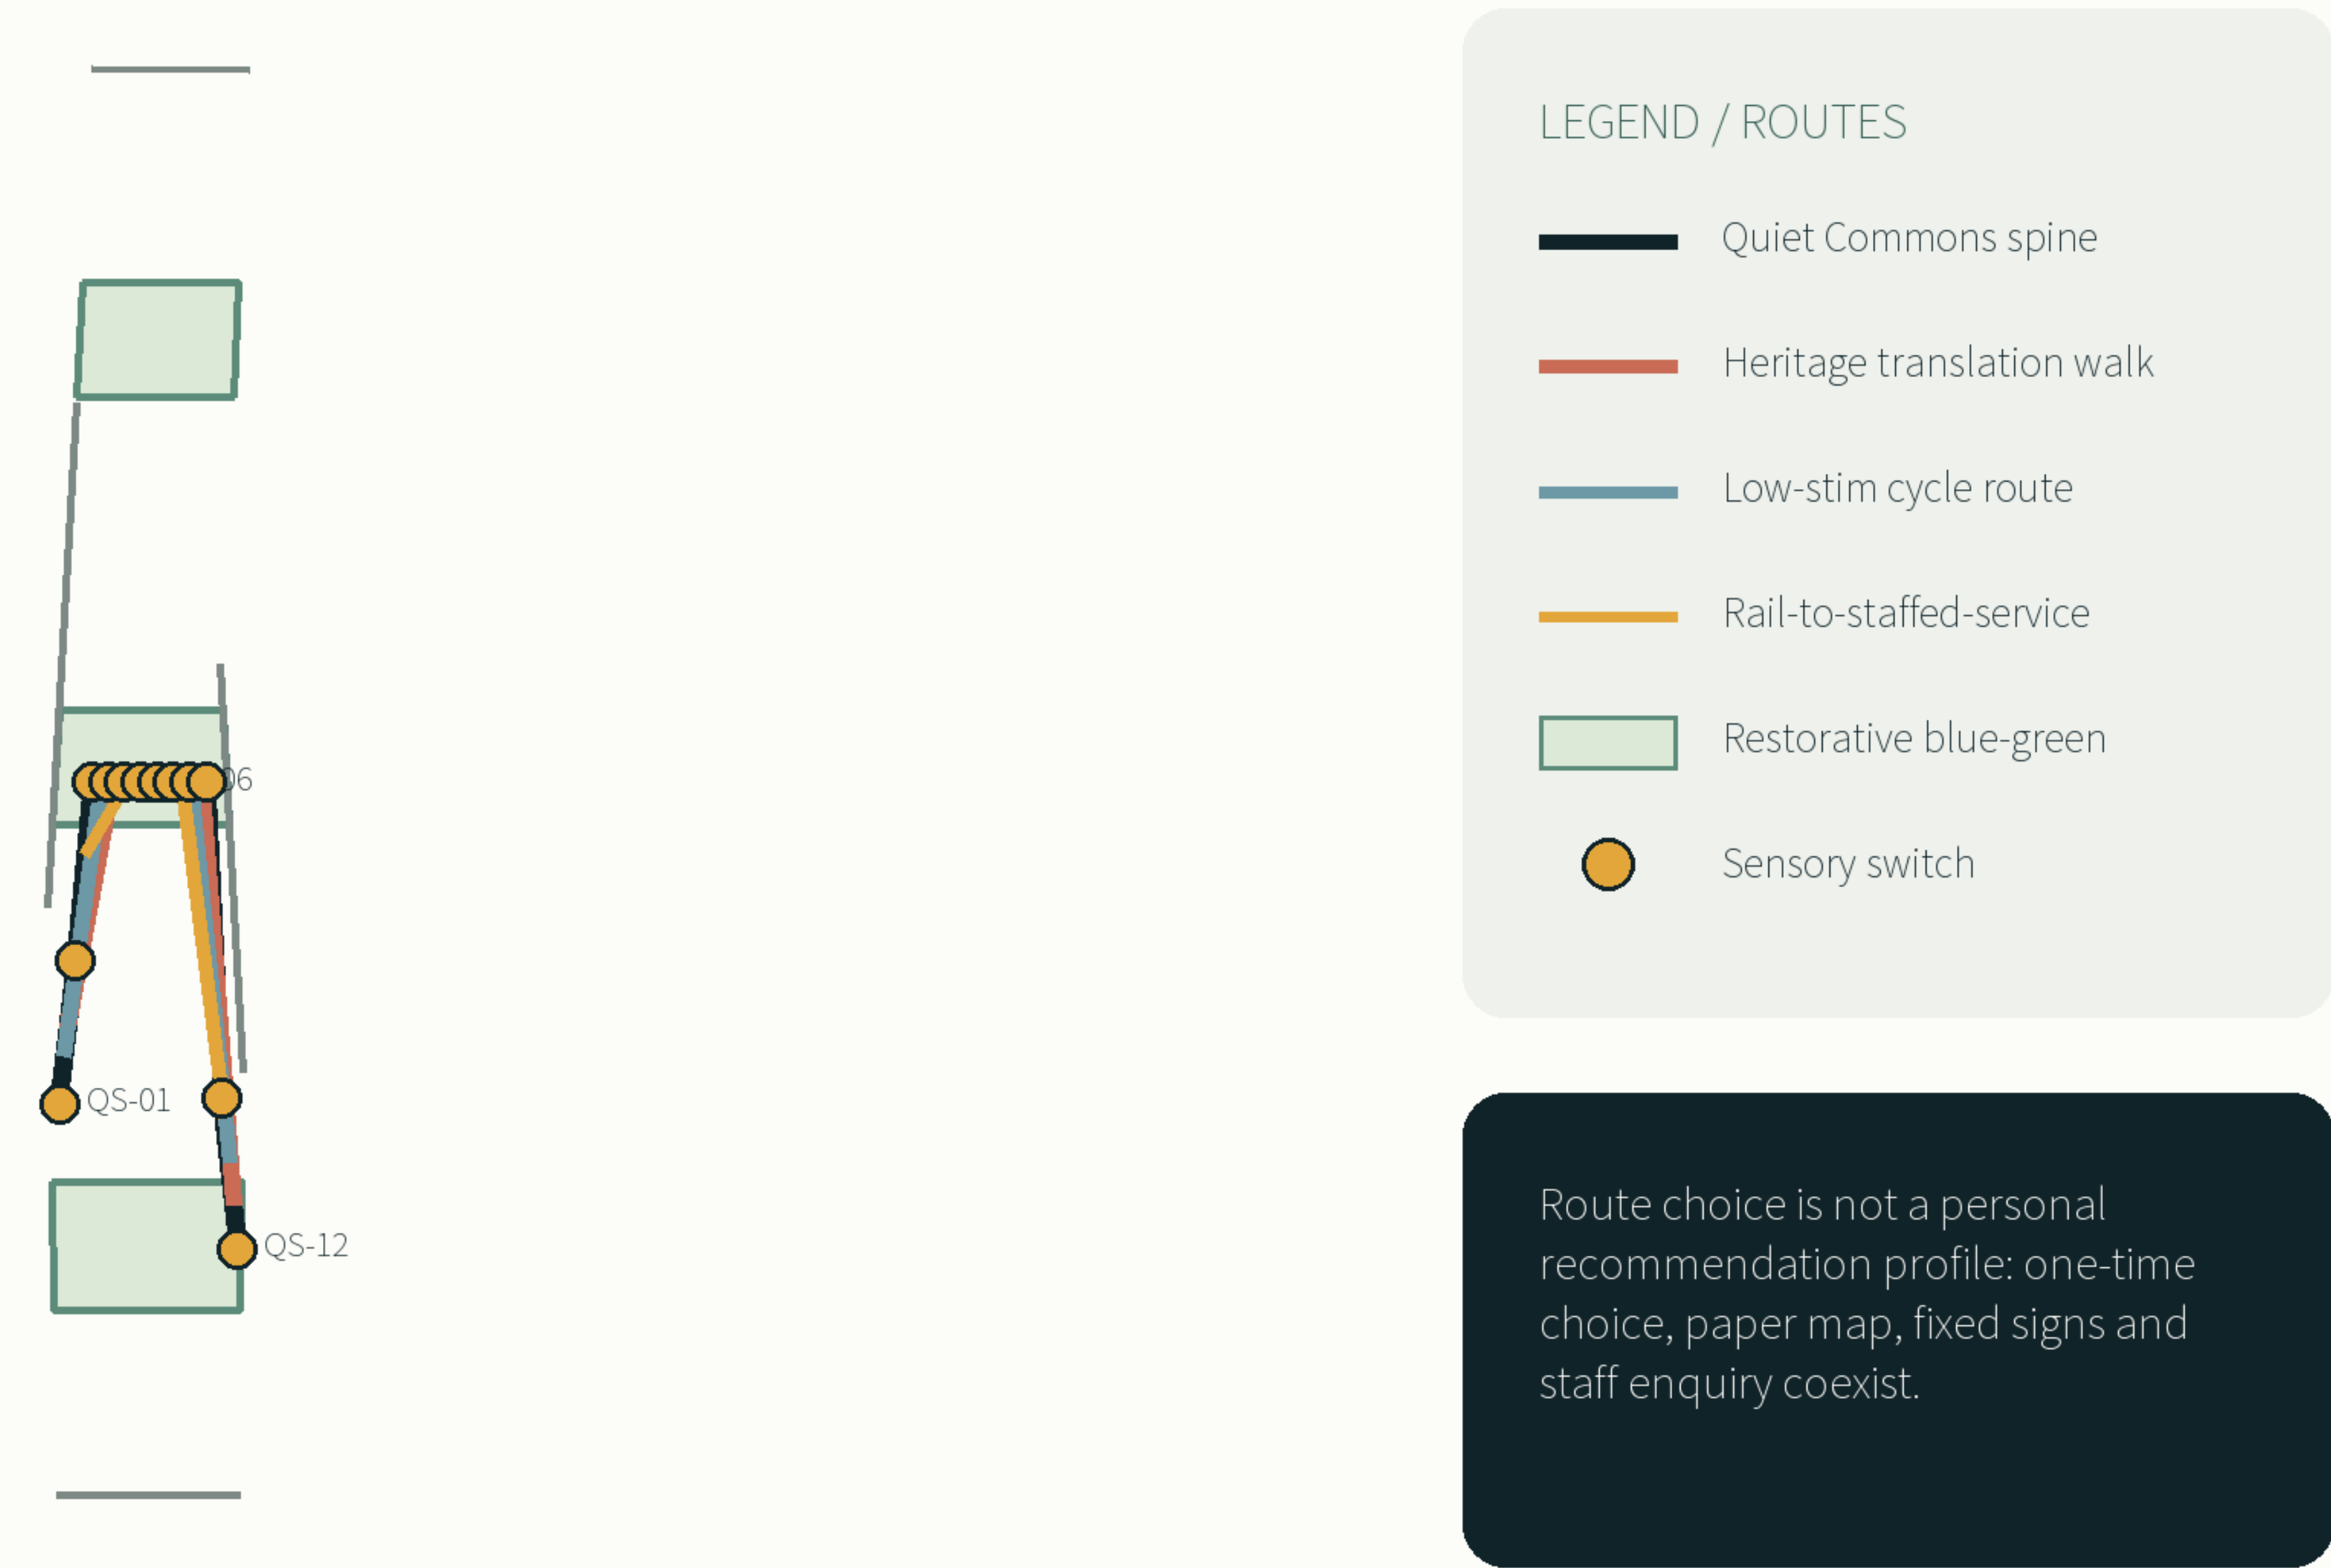

A0-03 | Transport, Rail and Blue-Green

Selectable speed with continuous mobility, restoration and staffed service

- Quiet spine, heritage walk, low-stim cycling and rail connections
- Shade, water, seating, low-information signs and bypass
- Night logistics coordinates sound/light/speed; anomalies trigger human suspension

FIGURE 04 | MOBILITY / BLUE-GREEN

Slow Mobility, Blue-Green and Restorative Routes | Bypass, Rest and Staffed Help

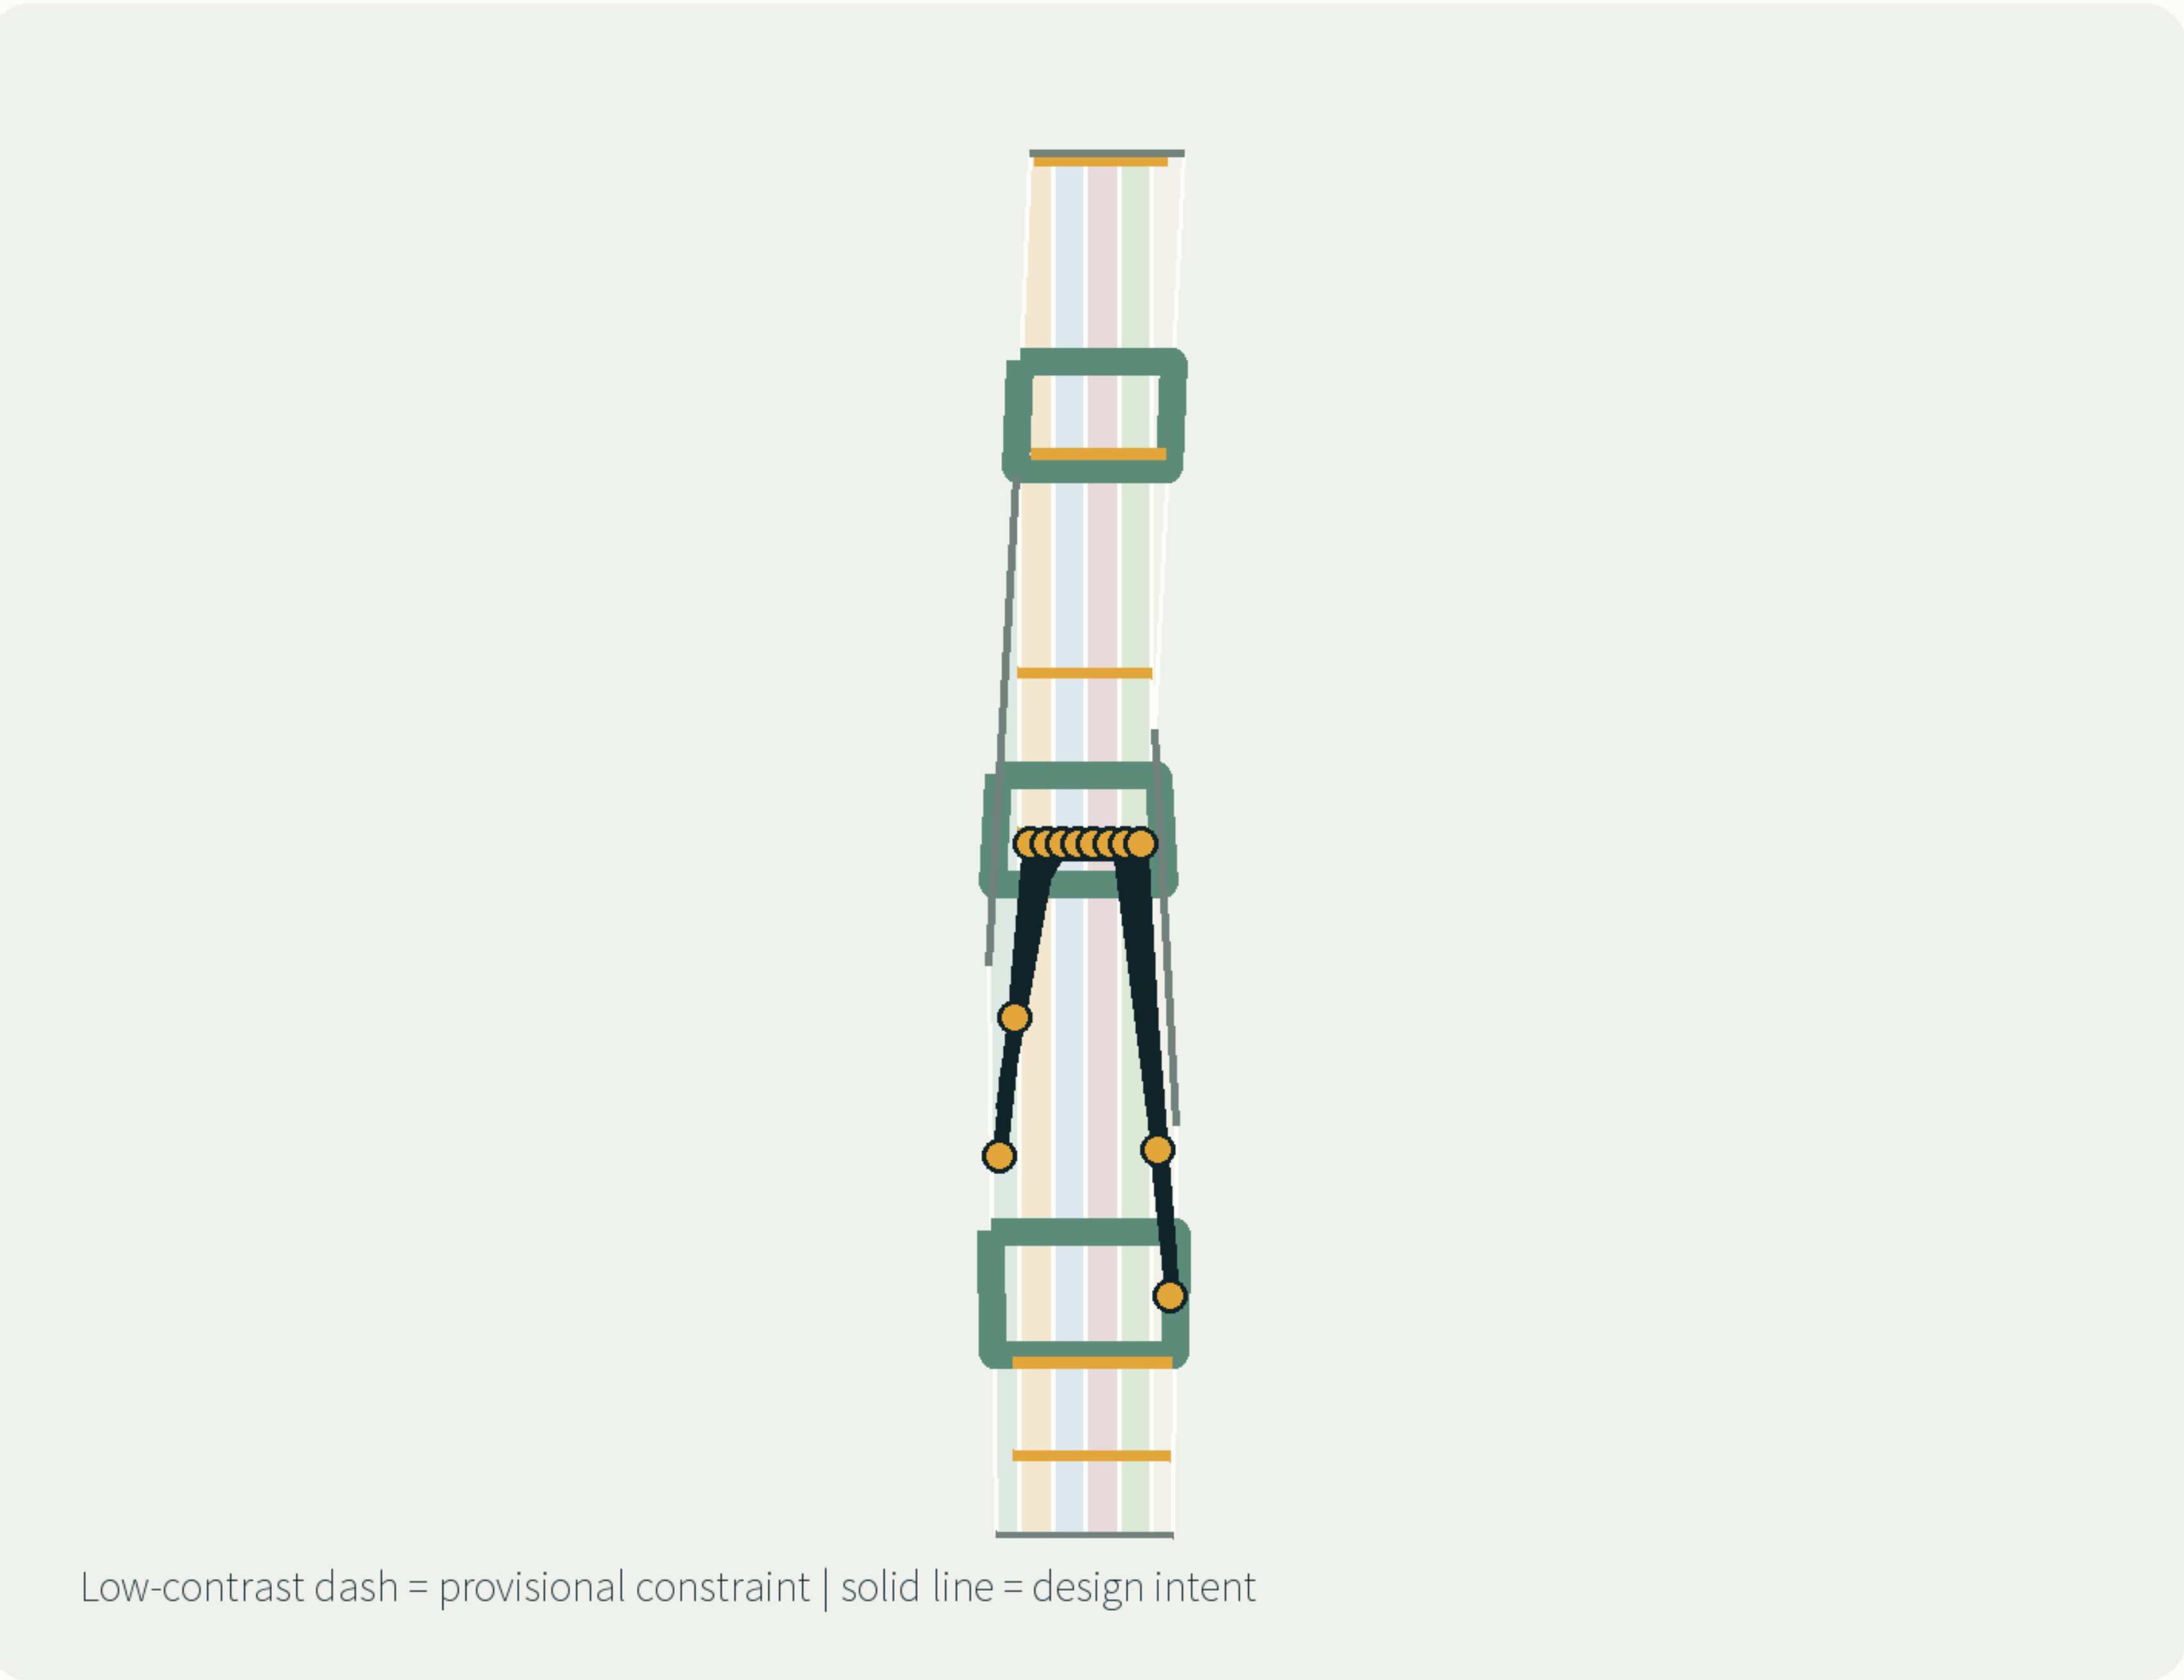

A0-04 | Heritage Narrative and Identity

Railway rhythm interrupted by a soft quiet field and switch point

FIGURE 01 | PROVISIONAL BOUNDARY / DESIGN INTENT

Overall Quiet Commons System | Choice, Exit and Human Equivalence

ONE SPINE
THREE COMMONS
TWO WINGS / SIX UNITS
TWELVE SENSORY SWITCHES

Quiet is not silence; it is the right to adjust the city's sensory intensity.

SIX ADJUSTABLE LOADS

- Sound
- Light / glare
- Thermal
- Crowding
- Speed
- Information

MACHINE-GATE READY | GEOMETRY PROVISIONAL | PROFESSIONAL ELIGIBILITY PENDING

Quiet Switch: choice | Many-Ways Room: equivalent communication | Common Pause Clock: civic rhythm

No uniform tech-screen aesthetic; low glare, legible interfaces and maintainable components

Recognition includes maintenance, accessibility testing and community repair

Machine gate and content review ready | geometry provisional | professional eligibility pending

A0-05 | Three Key Areas

Zhongzhiyuan tests | AI Origin translates | Dazhongsi synchronizes

- Device test: visible state, physical stop and human safety supervisor
- Public service: captions, tactile media, plain language and human handoff
- Commerce/logistics: visible mode timetable, human approval and stop gate

FIGURE 03 | THREE KEY AREAS

Three Key-Area Prototypes | Test, Translate, Synchronize

ZHONGZHIYUAN | QUIET-TECH TEST YARD

SOUND • LIGHT • HEAT • SPEED • PHYSICAL STOP

- Visible state
- Human owner
- Non-AI equivalent
- Exit / stop

AI ORIGIN | MULTISENSORY TRANSLATION COMMONS

CAPTIONS • TACTILE • PLAIN LANGUAGE • HUMAN HANDOFF

- Visible state
- Human owner
- Non-AI equivalent
- Exit / stop

DAZHONGSI | RHYTHMIC CIVIC HUB

LOW-STIM HOURS • COMMERCE • NIGHT LOGISTICS

- Visible state
- Human owner
- Non-AI equivalent
- Exit / stop

Machine gate and content review ready | geometry provisional | professional eligibility pending

A0-06 | Twelve Scenarios / Four Pilots

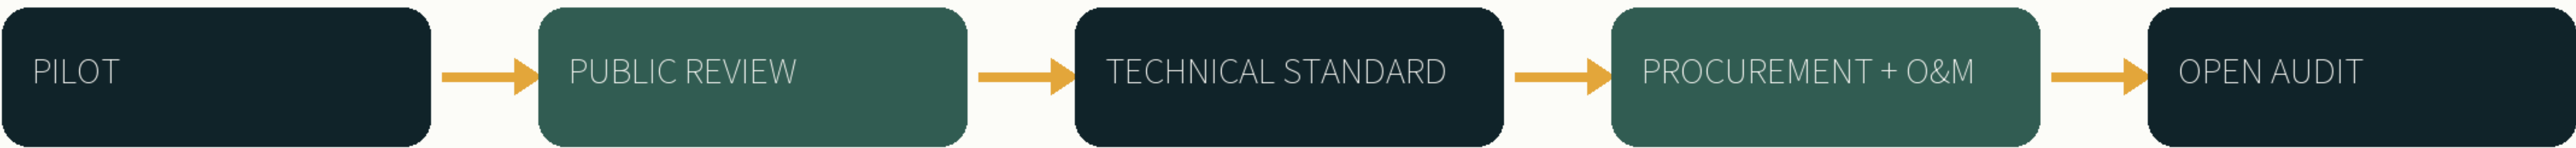

AI as a visible, stoppable and human-controlled public tool

FIGURE 05 | METRICS / EVIDENCE / GOVERNANCE

Metrics, Evidence and Governance | KNOWN / UNKNOWN / PROVISIONAL Separated

GOVERNANCE LOOP

4/4 HUMAN HANDOFF | 4/4 NON-AI EQUIVALENT | 4/4 STOP + EXIT | FULL RECALCULATION AFTER OFFICIAL POLYGONS

- Twelve cards cover route, guide, event, service, device, logistics, lighting, cooling, crowd, wayfinding, quiet hours and emergency
- Every pilot has period, stop condition, human owner, non-AI equivalent and review measure
- Zero default personal sensory profiles; zero biometric identification

Machine gate and content review ready | geometry provisional | professional eligibility pending

A0-07 | Metrics, Governance and Open Audit

Structured truth plus Quiet Commons Week, quarterly tests and annual review

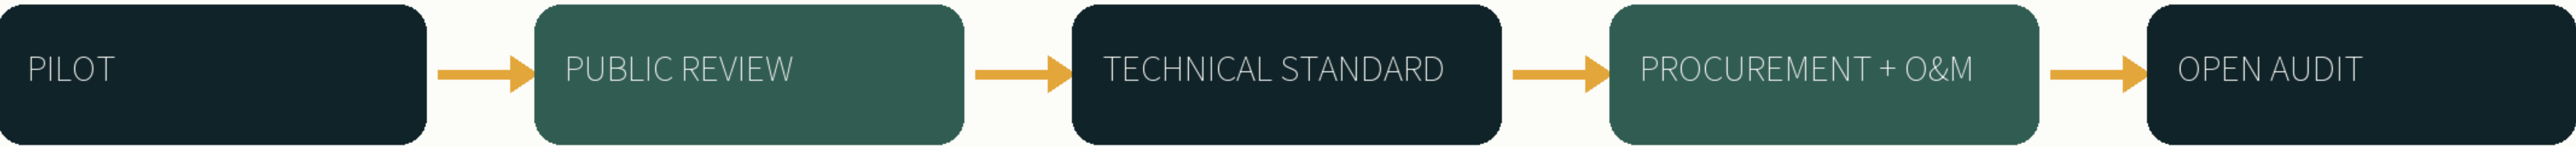

- 23 tasks, 9 standard responses and 15 design-depth items
- Pilot → public review → standard → procurement/O&M → open audit
- Status: machine gate and content review ready; geometry provisional; professional eligibility pending

FIGURE 05 | METRICS / EVIDENCE / GOVERNANCE

Metrics, Evidence and Governance | KNOWN / UNKNOWN / PROVISIONAL Separated

GOVERNANCE LOOP

4/4 HUMAN HANDOFF | 4/4 NON-AI EQUIVALENT | 4/4 STOP + EXIT | FULL RECALCULATION AFTER OFFICIAL POLYGONS

Machine gate and content review ready | geometry provisional | professional eligibility pending
