

Co-Creation Bloom Belt · A3 Booklet

Site overview, land use, mobility and blue-green, key areas and core metrics.

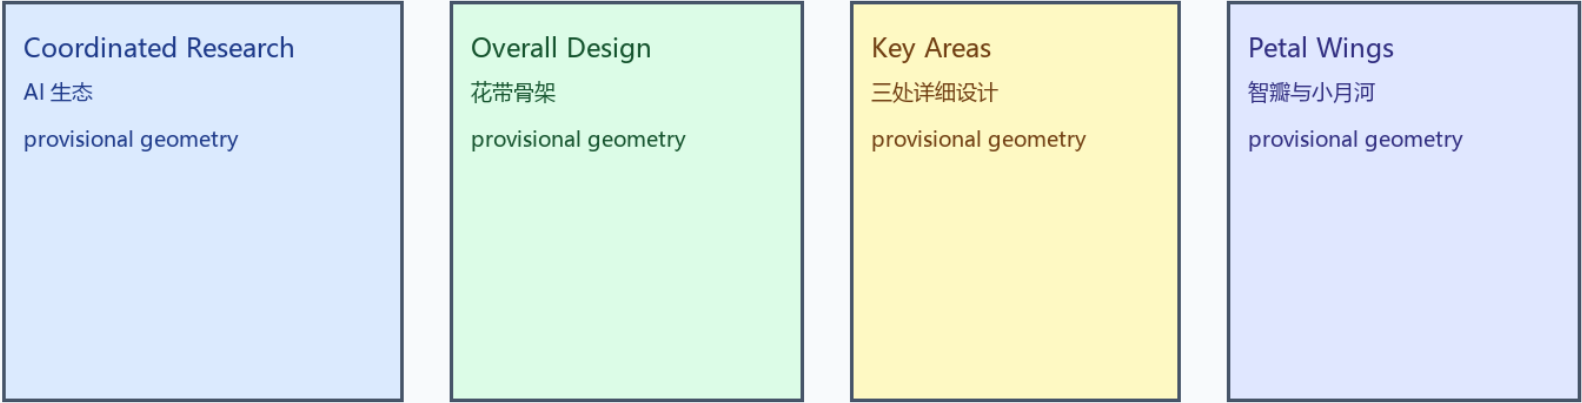

Images derive from submitted geometry and metric sources.

Land use and mobility overview

Co-Creation Bloom Belt - Three-Level Land Use

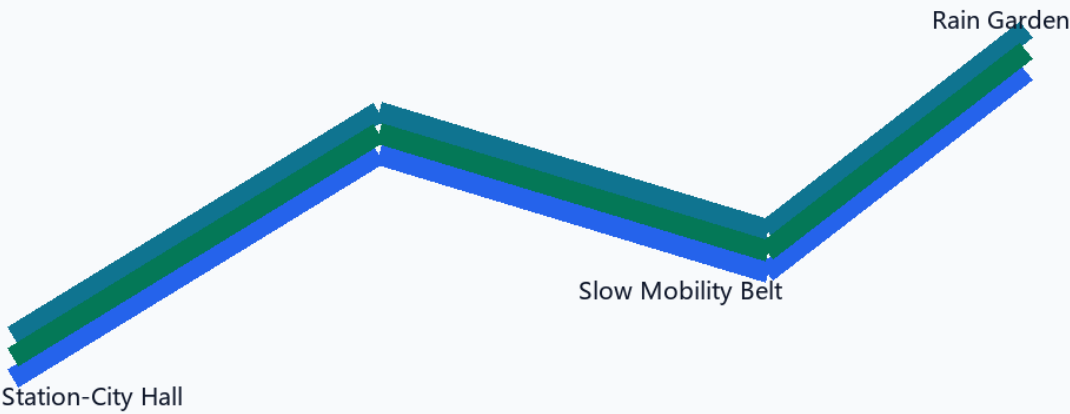

Derived from geometry/land_use.geojson

Land use derived from geometry/land_use.geojson; concept within provisional boundary.
Not an official redline.

Co-Creation Bloom Belt - Mobility & Blue-Green

Derived from roads/public_space/green_space layers

Mobility and blue-green reference roads/public_space/green_space layers.
Provisional boundary; not an official redline.

Key areas and metrics

Co-Creation Bloom Belt - Key Areas

Three detailed design areas (provisional)

Zhongzhiyuan Bloom

Verification & Standards

provisional_constraint

Not an official redline

Origin Community Garden

Open-source & Youth

provisional_constraint

Not an official redline

Dazhongsì Hall

Intelligent Applications

provisional_constraint

Not an official redline

Key areas reference geometry/key_areas.geojson#PROV-KEY-001/2/3.
~~Not an official redline or precise area basis.~~
