

JING-ZHANG SLOW VARIABLES

FAST TECHNOLOGY, LONG LIFE

An AI city should not cast today's algorithm in concrete. It should make replacement, explanation, refusal and rollback part of public space.

GitHub: Lixiaoyiao · Agent: OpenAI Codex · 2026-08-11

FOUR URBAN CLOCKS DECIDE WHAT MAY STAY

ONE LINE · THREE YARDS · TWO WINGS · TWELVE MARKS

The spatial structure is also a public accountability structure

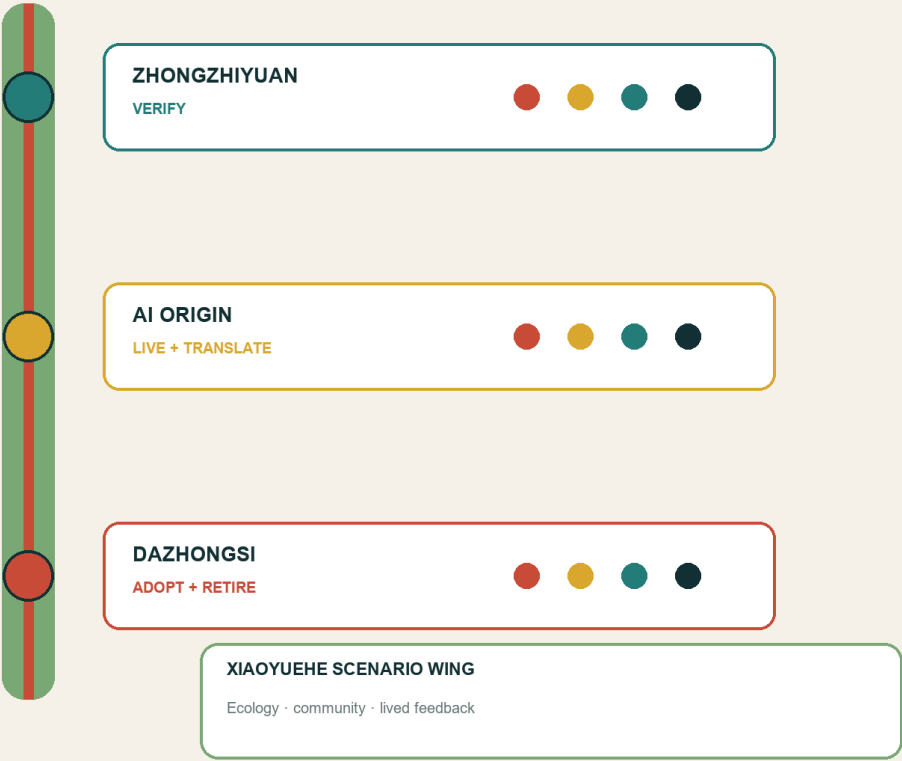

FOUR CLOCKS IN EVERY AREA

- DAY
- YEAR
- 10Y
- 100Y

Do not cast today’s algorithm in concrete. Every AI module carries a version, expiry, owner, human takeover, non-digital route and retirement plan.

ZHONGGUANCUN SERVICE WING

Institutions · talent · capital · standards

01

EXPIRE BY DEFAULT

No review, no renewal; reasons are public.

02

HUMAN FALLBACK

Counters, static signs and takeover remain.

03

REPLACEABLE

Devices and vendors exit without breaking city fabric.

04

REFUSABLE

No one must use AI to receive public service.

CLARIFY SCOPE, EVIDENCE AND GAPS FIRST

SCOPE 01 43.6 sq km research scope Official text industry, talent, ecology and mobility	OFFICIAL TEXT 43.6 sq km Coordinated Research Area announced approximation	OFFICIAL TEXT approx. 11.4 sq km Overall Design Area announced approximation
SCOPE 02 approx. 11.4 sq km design scope Official text + provisional polygon overall structure	OFFICIAL TEXT 368.4 ha Three key areas announced approximate total	EPSG:4548 11.413 sq km Provisional SITE-001 not an official redline
SCOPE 03 368.4 ha key areas Announced areas + three provisional polygons detail entry	DERIVED 22.69% Concept green ratio not statutory control	DERIVED 9.80% TIME-MARK ENVELOPE RATIO may overlap green; not a facility footprint
ISSUE #1029 SITE LOCATION CHECK Key location offset: PROV-KEY-003 is about 2.26 km from Dazhongsi and 0.23 km from Beijing North. It is not silently shifted; all drawings, areas and conclusions must be recalculated.		

EIGHT GLOBAL CASES: TRANSFER MECHANISMS, NOT IMAGERY

MIXED RENEWAL

Barcelona 22@

Advance innovation, housing, public service and industrial reuse together; monitor displacement.

LONG STEWARDSHIP

King's Cross

Adapt railway heritage through phased planning that links universities and transport.

PUBLIC RIGHTS

NYC High Line

Use development rights and access easements to protect light, views and access.

REAL-WORLD TEST

Paris Urban Lab

Deploy small batches in real settings and expand only after evaluation.

AGILE PILOT

Kalasatama

Residents, startups and city teams define problems and test short cycles.

OPEN FOUNDATION

Punggol Digital District

Coordinate university, industry, community and district data under public governance.

ALGORITHM LIFECYCLE

Amsterdam

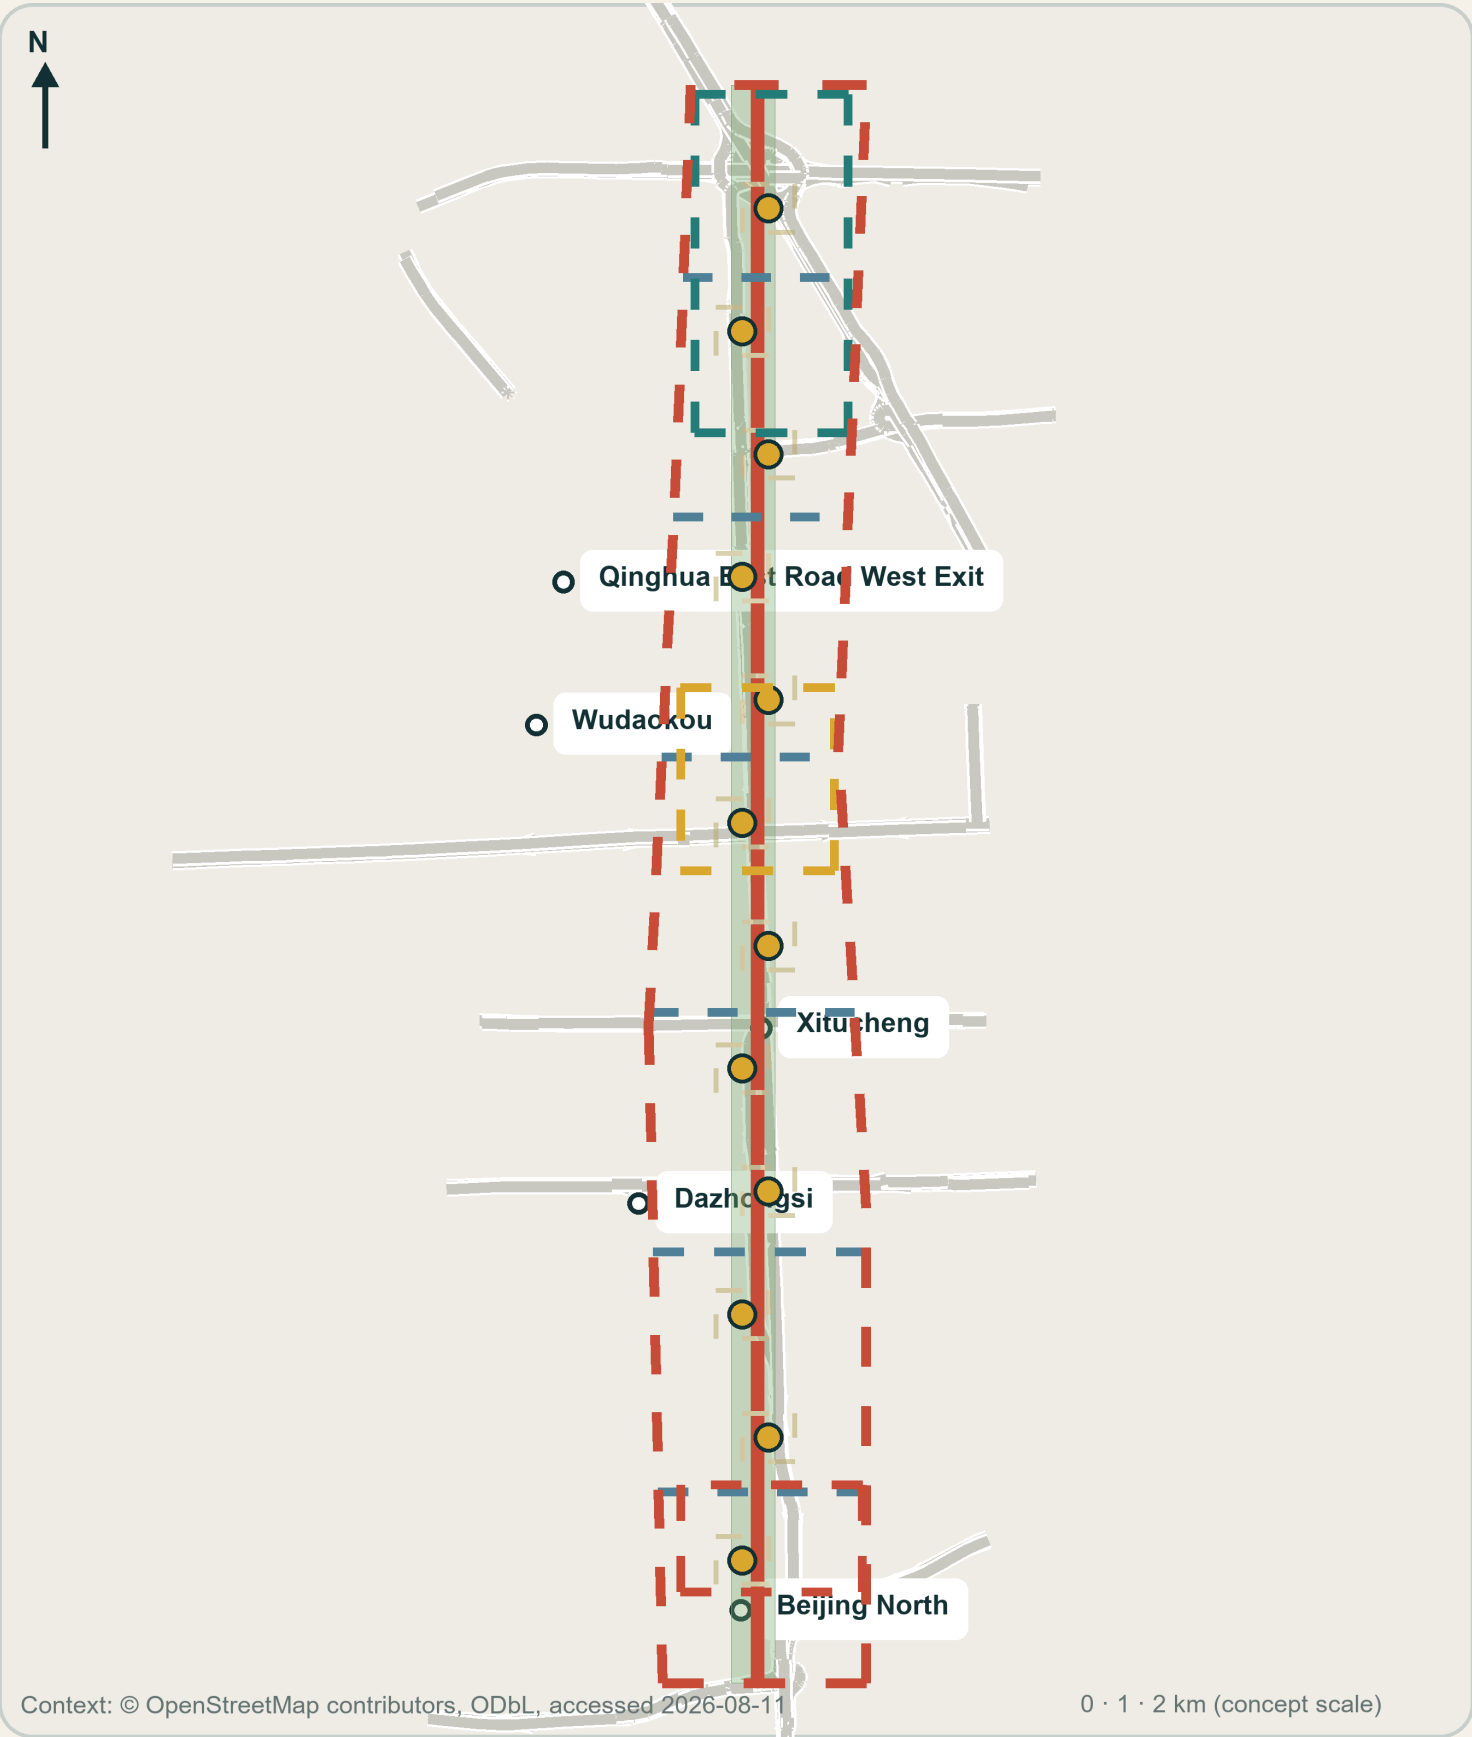

Publish purpose, owner, procurement terms, appeal, audit and shutdown conditions.

NEUTRAL HUB

Mila Montréal

A non-profit institution links universities, open science, transfer and responsible AI.

FROM NORTH FIFTH RING TO BEIJING NORTH: READ THE REAL CORRIDOR

01
CENTURY BASELINE

Heritage, ecology, walking and public service outlive model cycles.

02
THREE CHANGEOVER YARDS

Zhongzhiyuan tests technology; AI Origin social fit; Dazhongsi adoption, repair and exit.

03
TWO BUFFER WINGS

Zhongguancun supplies knowledge/institutions; Xiaoyuehe supplies lived feedback.

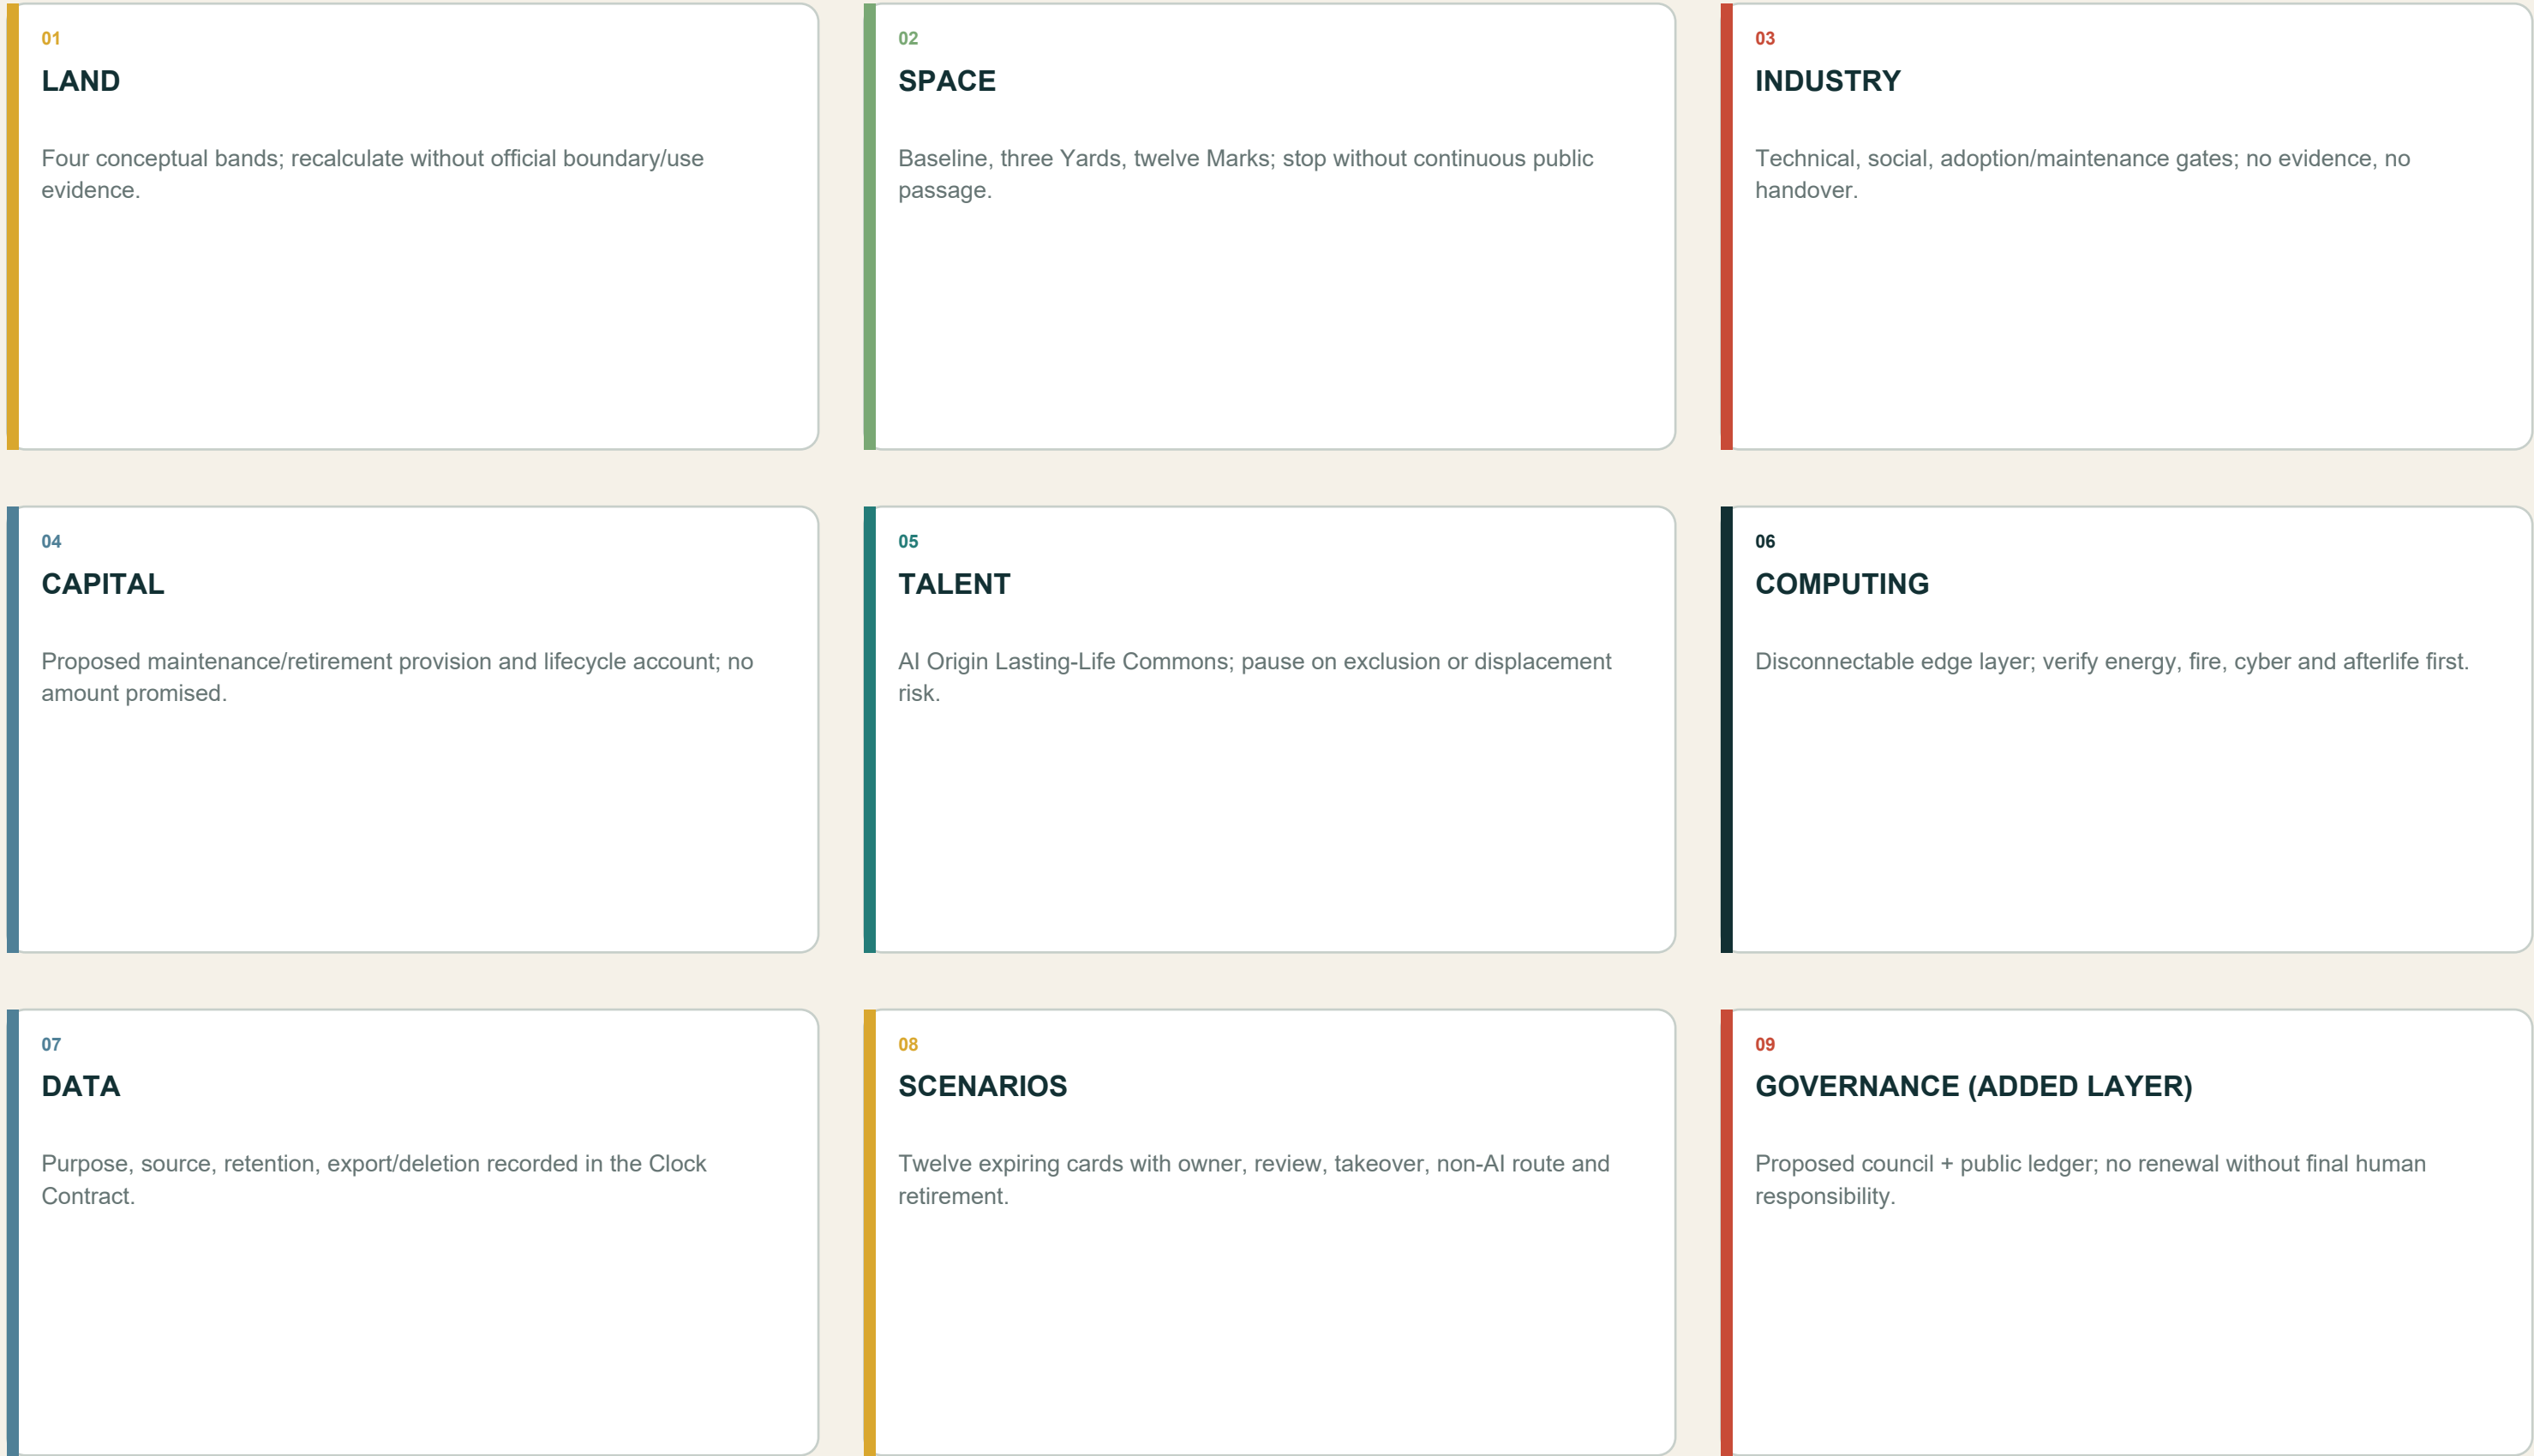

04
TWELVE TIME MARKS

Every area carries daily, annual, decennial and century duties.

NO SILENT SHIFT
LOCATION PENDING CORRECTION

PROV-KEY-003 CHECK | The provisional centroid is about 2.26 km from Dazhongsi. It is not shifted; recalculate with official geometry.

EIGHT REQUIRED ELEMENTS + GOVERNANCE: AN EXIT-CAPABLE ECOSYSTEM

CONCEPTUAL LAND USE AND FOUR CLOCKS: SLOW VARIABLES FIRST

LAND 1

RESEARCH + TRANSFER | 21.17%

Adaptable layer: labs, incubation and services; not statutory zoning.

CLOCK 1

1 DAY

Safety, faults, human takeover

LAND 2

CENTURY BASELINE | 22.69%

Slow layer: ecology, public passage and base service.

CLOCK 2

1 YEAR

Permit, data, public feedback

LAND 3

COMMERCIAL + SERVICE | 29.49%

Conceptual commercial/service band: demountable testing, display, operations and maintenance; not statutory zoning.

CLOCK 3

10 YEARS

Use, ground floor, adaptation

LAND 4

COMMUNITY SERVICES | 26.65%

Conceptual community-service facilities: learning, culture, care and public services; not statutory zoning.

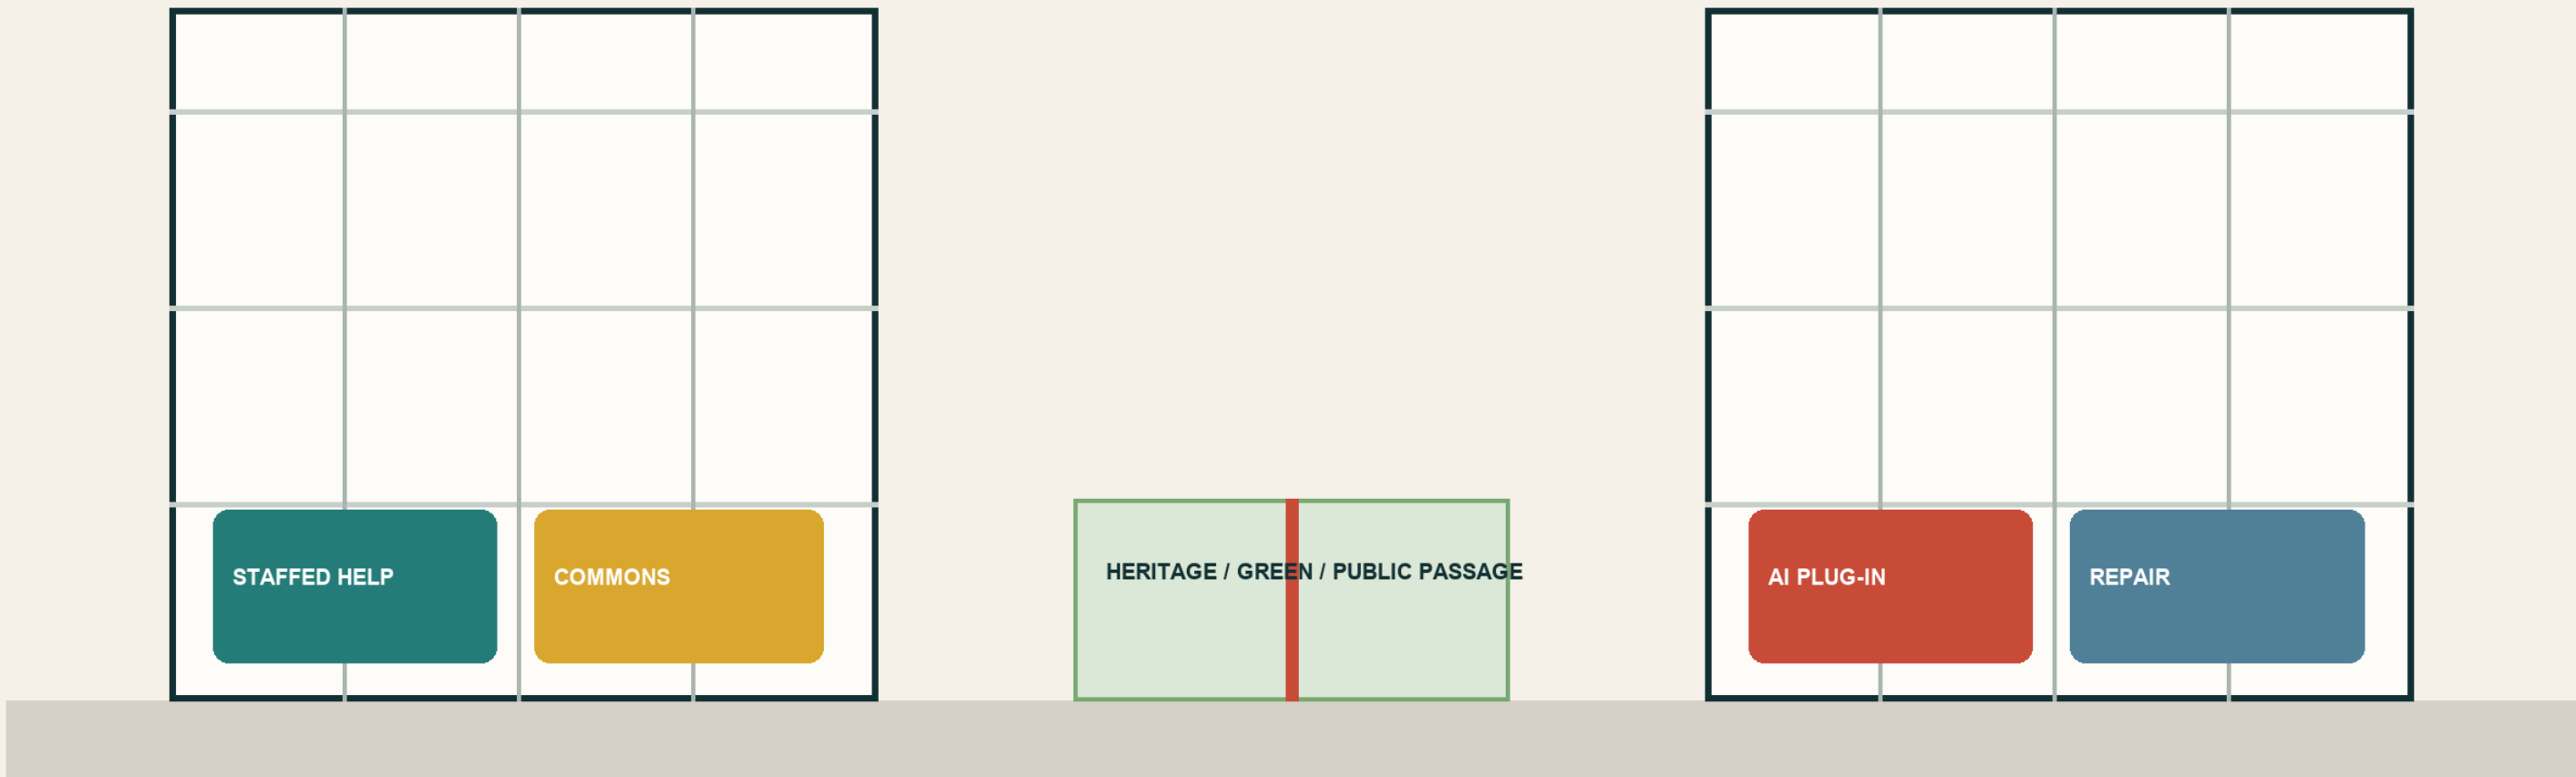

CLOCK 4

100 YEARS

Heritage, ecology, walking, rights

BUILDINGS OUTLIVE MODELS: RETAIN FIRST, INSERT REVERSIBLY

ADAPTABLE SECTION: LONG-LIFE FRAME, SHORT-LEASE PLUG-INS

100 YEARS

No net loss of heritage, passage or ecology

10 YEARS

Retain frame and street; convert internal use

1 YEAR

Fit-out, permit and data use expire for review

1 DAY

Equipment stops; staffed and static systems continue

1 VERIFY

Structure, ownership, use, heritage, community value

2 EVALUATE

Adaptability, street value, embodied carbon, public value

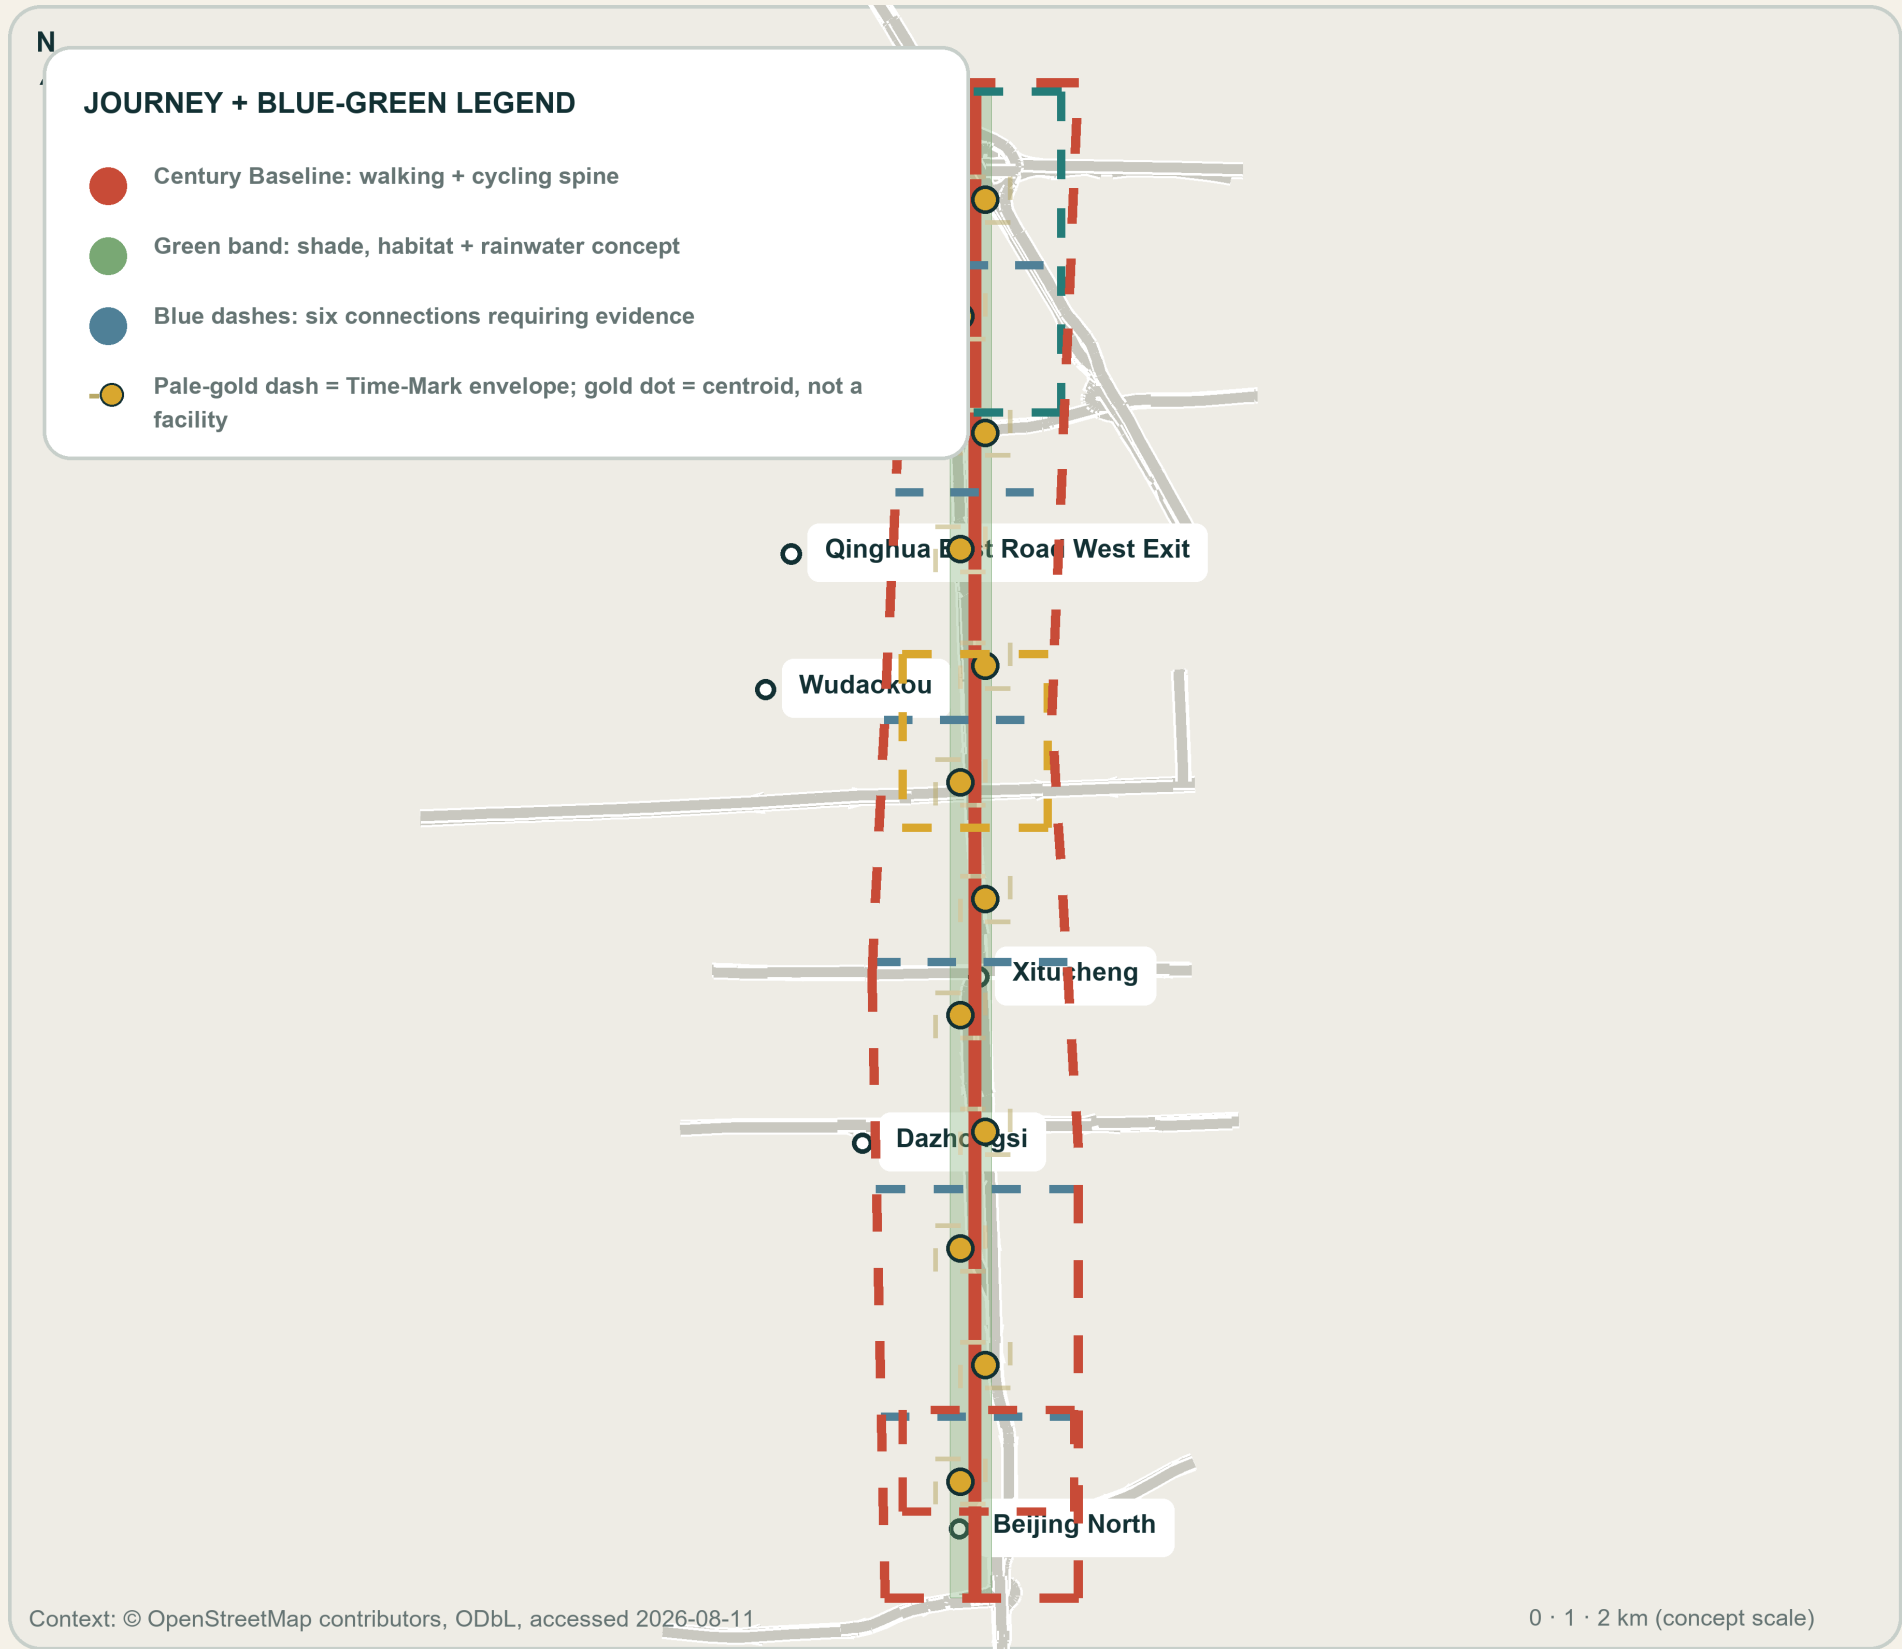

3 PRIORITISE

Repair → insert → temporary use

4 STOP

No survey, no demolition; no controls, no FAR/height

A COMPLETE HUMAN JOURNEY BEFORE SMART AUGMENTATION

01

BASE JOURNEY

Walking, wheelchair, cycling and transit links work first.

02

PUBLIC GUARANTEE

Shade, seating, physical signs and staffed help work independently.

03

AI AUGMENTATION

Navigation, scheduling, robots and twins may only add value.

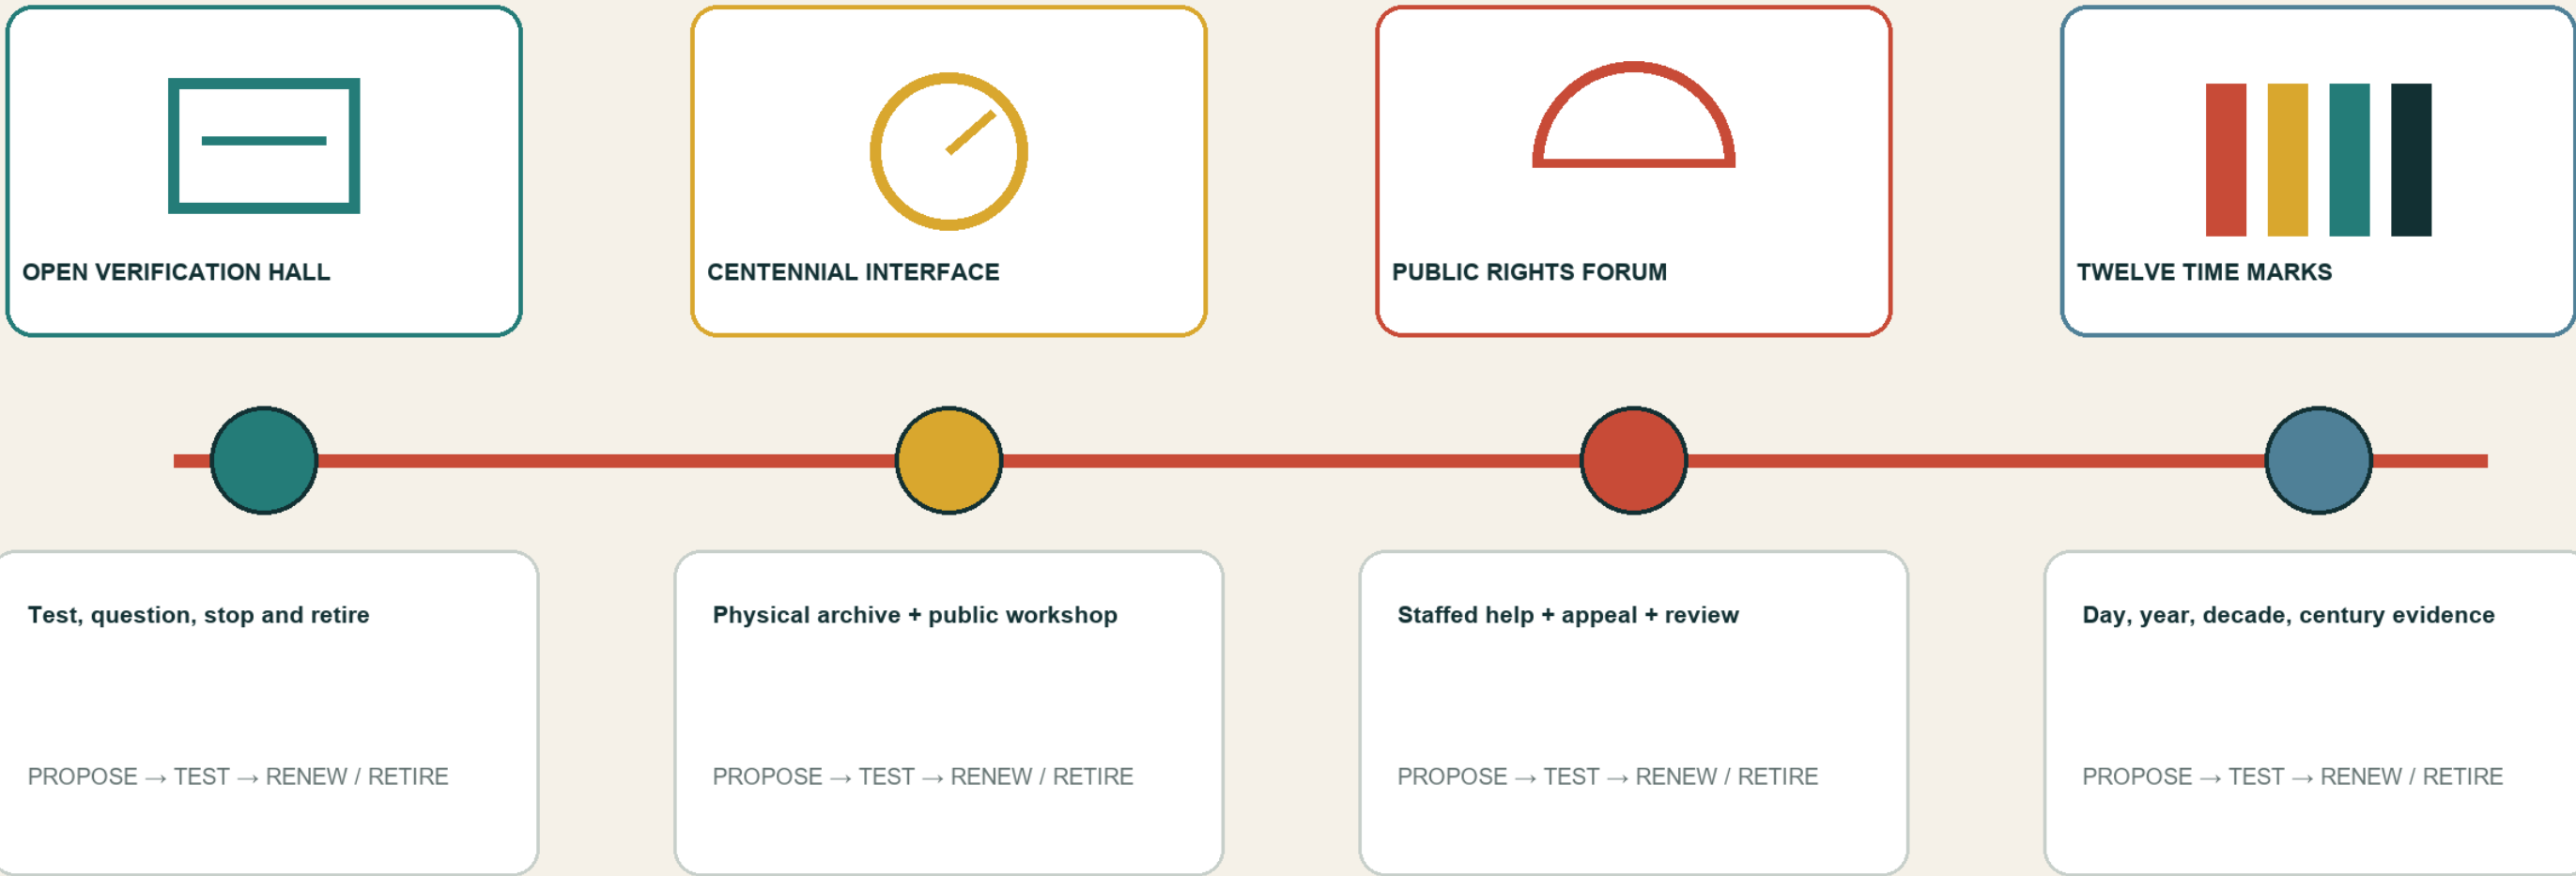

04

FAILURE FALLBACK

Same-day stop, human takeover and a complete non-digital route.

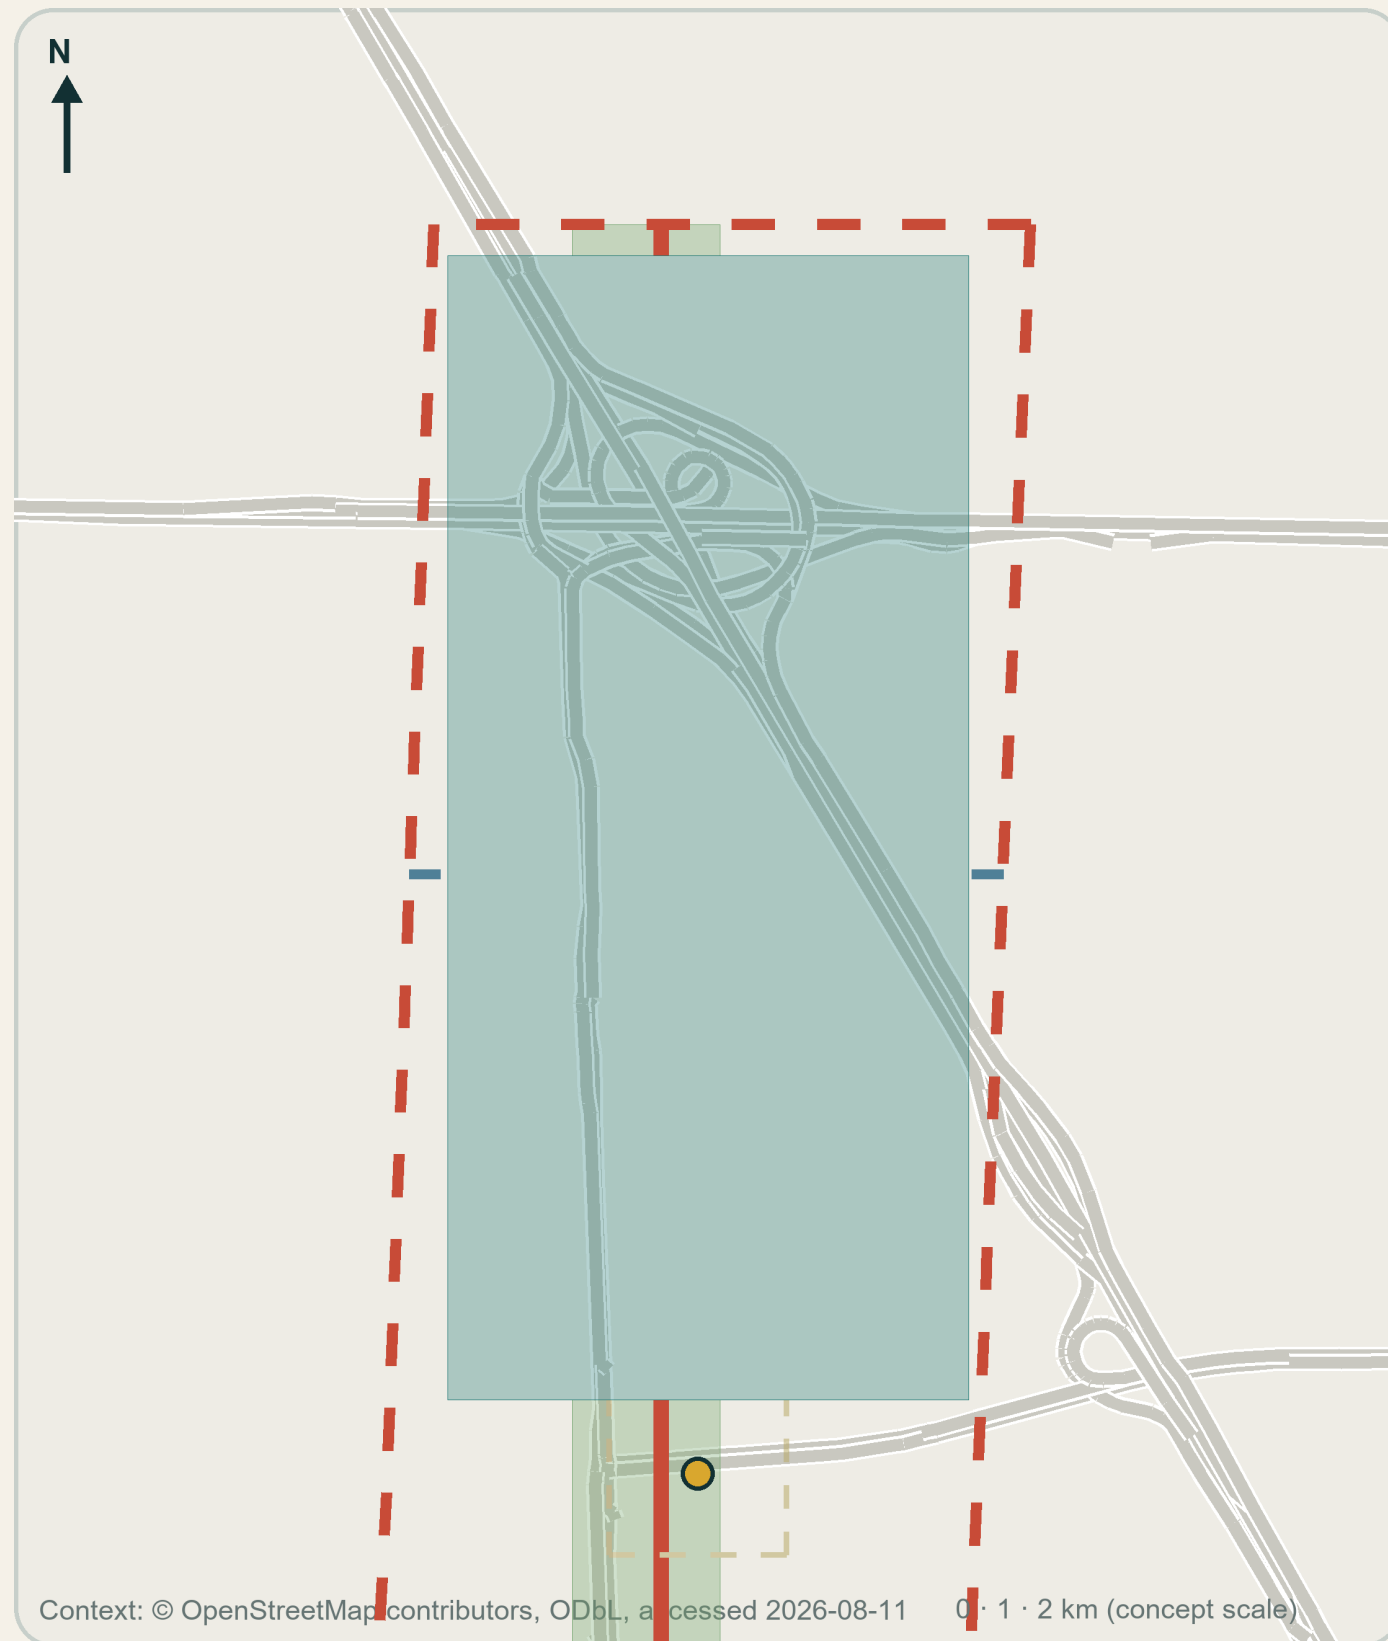

PUBLIC SPACE MAKES MEMORY, RIGHTS AND MAINTENANCE VISIBLE

FROM RAILWAY MEMORY TO AN OPEN CHANGELOG

The Jing-Zhang Railway embedded long-term connectivity in infrastructure; Zhongguancun embedded open experimentation in innovation. AI culture should embed review, rollback and human judgment in civic institutions.

ZHONGZHIYUAN | FULL-STACK VERIFICATION

SPATIAL MOVES

1. Controlled indoor test bay → managed edge → timed kerbside
2. Publicly observed benchmark route and model audit room
3. River, energy and fire approvals are stop lines

FOUR CLOCKS

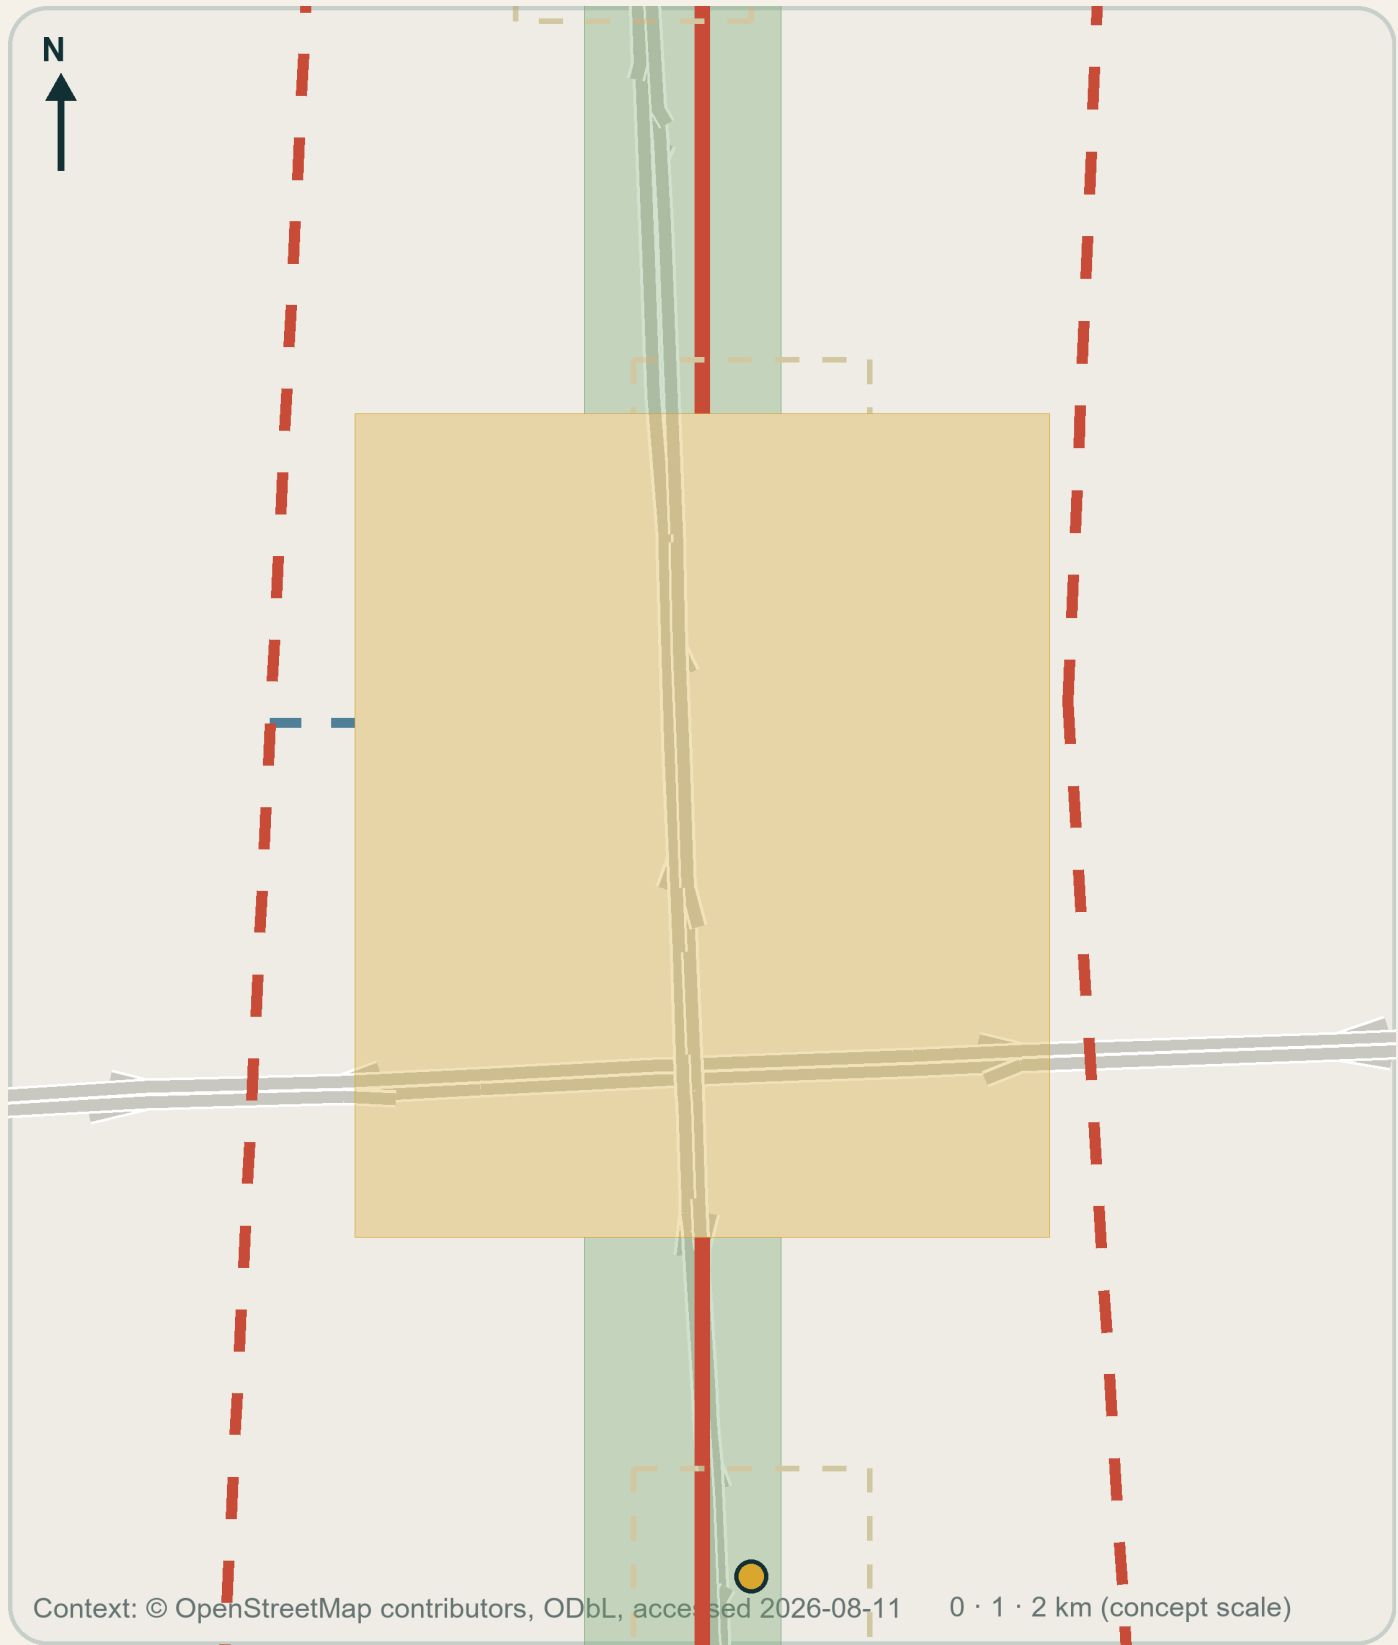

Day: safety and staffed control
Year: renew or retire
10 years: reversible factory use
100 years: no net Qinghe loss

NO-GO

STOP CONDITION

No river, energy or fire approval: no public-road test.

AI ORIGIN | LIVING + MAKING COMMONS

SPATIAL MOVES

- 1. Public ground floors and learning commons
- 2. Campus–park–community walking stitches
- 3. No demolition for short-lived tech imagery

FOUR CLOCKS

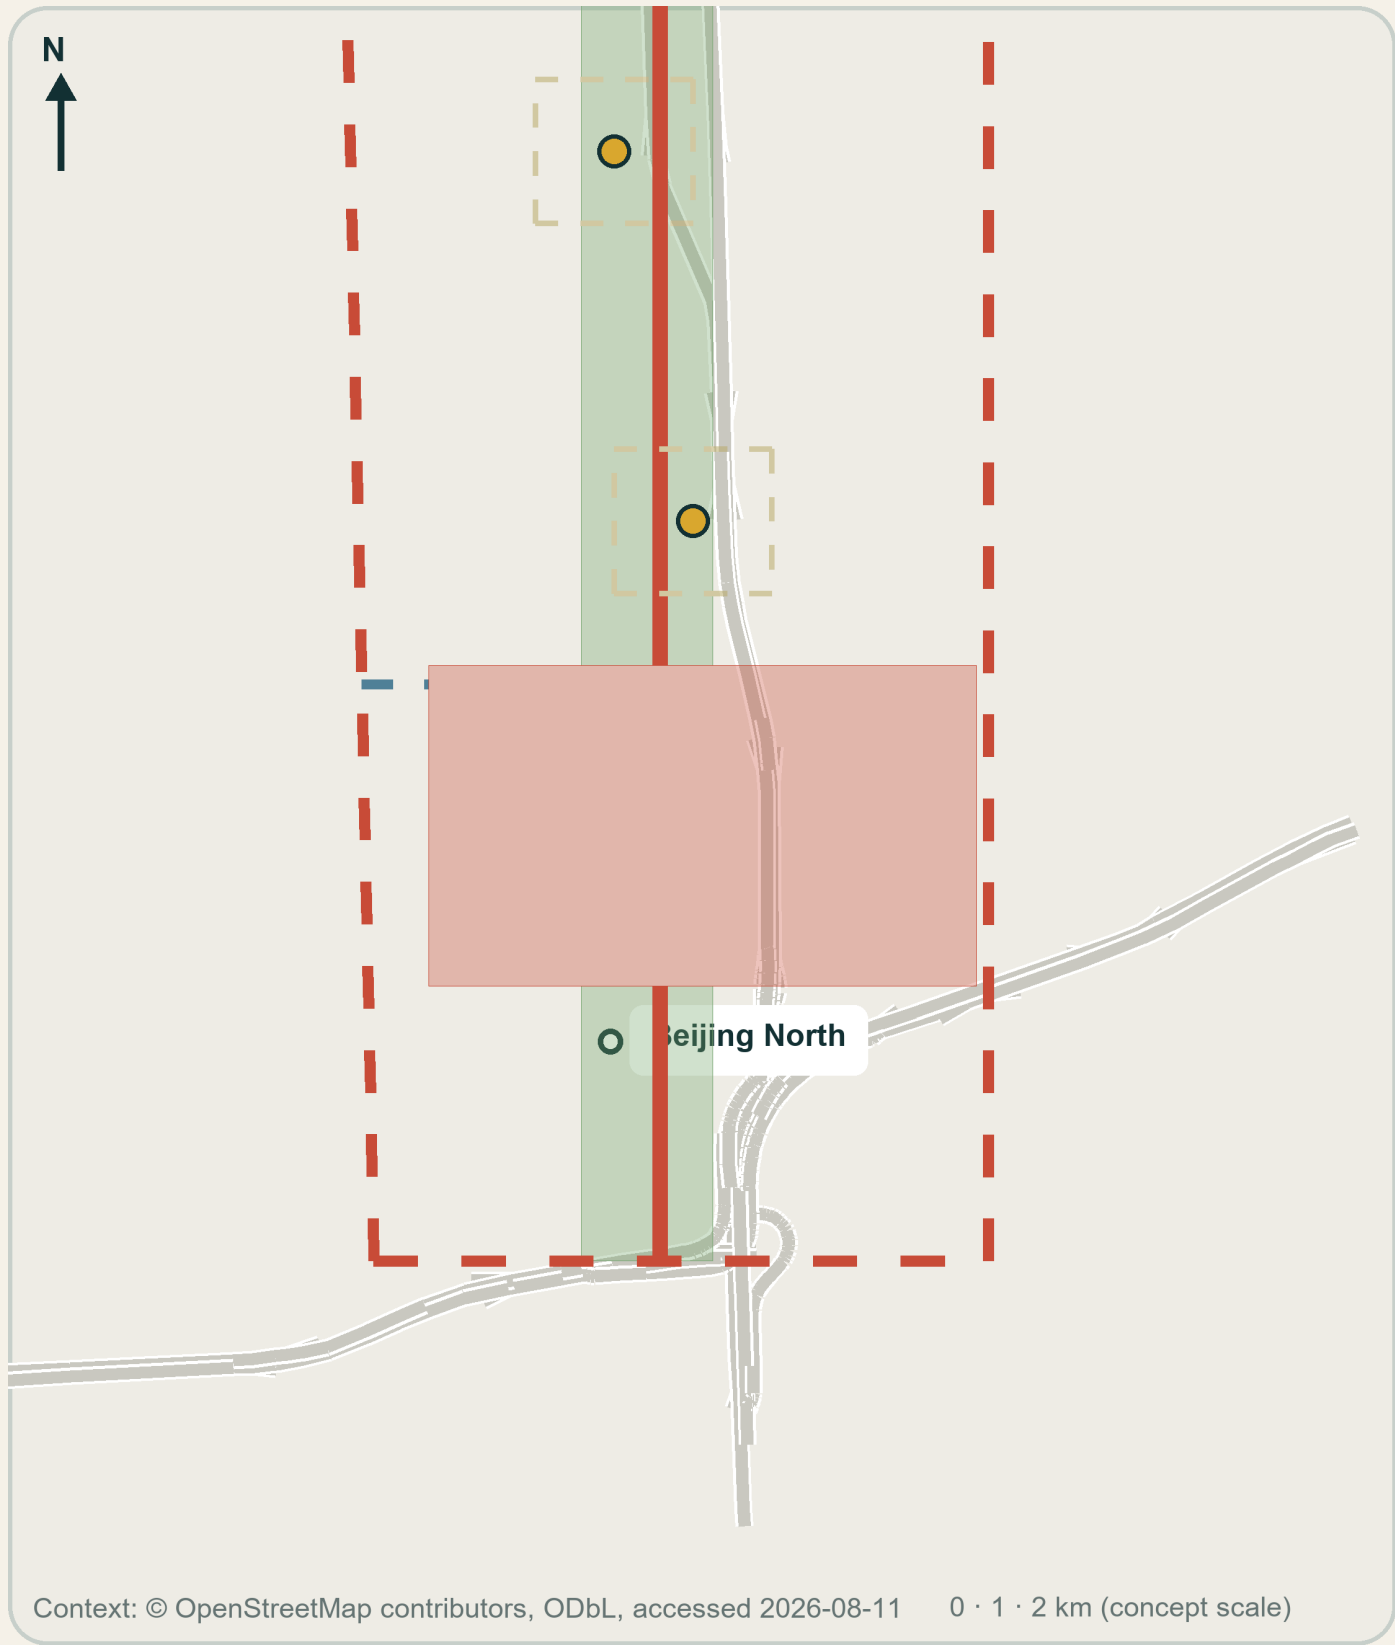

- Day: learning and care
- Year: long-term residency review
- 10 years: campus-to-city integration
- 100 years: Jing-Zhang memory

NO-GO

STOP CONDITION

No ownership/building survey: no demolition; no housing baseline: no quota promise.

DAZHONGSI | URBAN INTERFACE YARD

SPATIAL MOVES

- 1. Prioritise at-grade walking across all four quadrants
- 2. Staffed appeal, repair and take-back
- 3. Bridges, tunnels and alignments need expert review

FOUR CLOCKS

- Day: day/night fallback
- Year: consumer-rights review
- 10 years: reversible station link
- 100 years: public-rights gate

NO-GO

STOP CONDITION

No transport/utility evidence: no bridge/tunnel; no staffed appeal: no automated consumption.

TWELVE SCENARIO CARDS | TEST + PUBLIC LIFE 1/2

CARD 01

S01 Full-stack traceability

Place: Zhongzhiyuan
Public value: Research integrity + safety
Control: Version ledger; isolated test; annual expiry
Expiry: one year by default; public review
Fallback: staffed, non-digital route

CARD 02

S02 Robotics test bay to kerbside deployment

Place: Zhongzhiyuan
Public value: Pedestrian + access safety
Control: Speed limit; e-stop; staffed; indoor rollback
Expiry: one year by default; public review
Fallback: staffed, non-digital route

CARD 03

S03 Flexible computing and energy infrastructure

Place: Zhongzhiyuan
Public value: Energy safety + continuity
Control: Aggregate meters; human priority; no capacity, no scale
Expiry: one year by default; public review
Fallback: staffed, non-digital route

CARD 04

S04 Accessible arrival

Place: Corridor stations
Public value: Independent travel + dignity
Control: No face ID; physical signs; staffed help
Expiry: one year by default; public review
Fallback: staffed, non-digital route

CARD 05

S05 Same-day onboarding

Place: AI Origin
Public value: Fair access to housing + service
Control: Navigation only; no automated eligibility; bias audit
Expiry: one year by default; public review
Fallback: staffed, non-digital route

CARD 06

S06 Applied research translation clinic

Place: AI Origin
Public value: Knowledge fairness + duty
Control: AI organises; people decide law, ethics and investment
Expiry: one year by default; public review
Fallback: staffed, non-digital route

TWELVE SCENARIO CARDS | TEST + PUBLIC LIFE 2/2

CARD 07

S07 Care navigation

Place: Community nodes
Public value: Care + privacy
Control: Opt-in; minimum data; no diagnosis
Expiry: one year by default; public review
Fallback: staffed, non-digital route

CARD 08

S08 Dual-mode railway guide

Place: Century Baseline
Public value: Historical truth + memory
Control: Physical first; optional AR; readable after device exit
Expiry: one year by default; public review
Fallback: staffed, non-digital route

CARD 09

S09 Blue-green stewardship

Place: Xiaoyuehe wing
Public value: Ecology + public knowledge
Control: Sensors and resident observation; no engineering claim
Expiry: one year by default; public review
Fallback: staffed, non-digital route

CARD 10

S10 Kerb delivery windows

Place: Dazhongsi
Public value: Walking rights + labour dignity
Control: Timed booking; no personal tracking; conflict rollback
Expiry: one year by default; public review
Fallback: staffed, non-digital route

CARD 11

S11 AI-assisted consumer services

Place: Dazhongsi
Public value: Consumer right to know
Control: Synthetic label; cash/staffed route; expiry review
Expiry: one year by default; public review
Fallback: staffed, non-digital route

CARD 12

S12 Neighbourhood evidence table

Place: All three
Public value: Human final judgment
Control: AI summarises; no automated voting or fund allocation
Expiry: one year by default; public review
Fallback: staffed, non-digital route

SIX DAILY LIVES DECIDE WHETHER A PILOT DESERVES TO STAY

PERSONA 01

International/returning family

Need: Short visit to lasting stay; education, care and cross-institution work
Promise: Continuous living service + bilingual commons
Test: the base journey still works without AI

PERSONA 02

Young developer

Need: Affordable living, learning community and night safety
Promise: Learning commons + stable-rent monitoring
Test: the base journey still works without AI

PERSONA 03

Embodied-AI team

Need: Controlled site, logistics, safety validation and compliance
Promise: Tiered testing + open standards
Test: the base journey still works without AI

PERSONA 04

Long-term resident + elder

Need: Familiar routes, low disturbance, staffed service and privacy
Promise: Non-digital route + quiet hours
Test: the base journey still works without AI

PERSONA 05

Person with a permanent or temporary disability

Need: Continuous routes, understandable information and timely help
Promise: Accessibility gate + staffed help
Test: the base journey still works without AI

PERSONA 06

Frontline worker or small-business operator

Need: Fair kerbs, work dignity and predictable operation
Promise: No algorithmic performance surveillance + appeal
Test: the base journey still works without AI

Personas are synthetic planning archetypes, never inferred labels from personal behaviour.

PHASE BY EVIDENCE GATES, NOT A PROMOTIONAL CALENDAR

GATE 01

0-2 YEARS | LOW-DISRUPTION

Overlapping whole-area admission envelope; engineering footprint unknown. P01/P02 baselines; P04 pilot; P06 conceptual area → post-survey component locations.

GATE 02

3-5 YEARS | EVIDENCE-GATED

Overlapping whole-area admission envelope; engineering footprint unknown. P03 controlled tests; fix P05/P07 only after evidence gates pass.

GATE 03

6-10 YEARS | EXPAND OR RETIRE

Overlapping whole-area admission envelope; engineering footprint unknown. Expand, adjust, restore or retire through public evidence and professional review.

GATE 04

P09 | DATA-TRIGGERED

Replace and recalculate the full package when official CAD/GIS/PDF arrives; retain the prior version if source, CRS or licence is unclear.

P01-P03 | BASELINES + TESTS

Issue logs, route walks, permits and takeover drills

P04-P06 | SERVICE + COMPONENTS

Staffed routes, adoption/repair; P06 conceptual area → post-survey component locations

P07-P09 | CULTURE + HANDOFF

Rights register, expiry/exit and official-data replacement

5 PROPOSED INTERFACES | Exchange issue logs, test protocols, evaluations and retirement templates; not existing partnerships

Beiwei Community

Future Science City

Huairou Science City

Beijing E-Town

Beijing-Tianjin-Hebei

Develop or exit

Open archive

ANNUAL

ACCOUNTABILITY + OPERATING LOOP

Every P01–P09 package has a suggested lead, prerequisite evidence, public review and a stop/exit condition. The annual Jing-Zhang Open Changelog Week publishes baselines, tests, rights reviews and renew/retire decisions; no accountable operator at expiry means automatic retirement.

RECALCULABLE, STOPPABLE, HANDOFF-READY

PROVISIONAL RECALCULATION

11.41 sq km

EPSG:4548

CONCEPT GREEN RATIO

22.7%

derived

TIME-MARK ENVELOPE RATIO

9.8%

derived

PROVISIONAL GEOMETRY

Official polygons freeze precision claims and trigger full recalculation.

PRIVACY/SURVEILLANCE

Face ID, individual traces or opaque profiling block launch.

AUTOMATION HARM

No human takeover, appeal or e-stop means no public scene.

VENDOR LOCK-IN

If data export, open interfaces or exit support are absent, the pilot cannot proceed.

DISPLACEMENT

Unremedied resident/shop harm pauses expansion.

ENGINEERING

No heritage, river, utility or fire evidence means no permanent work.
