

Jing-Zhang Century AI Link: An Innovation Belt on

Centennial Jing-Zhang AI Innovation Belt open call · formal AI package

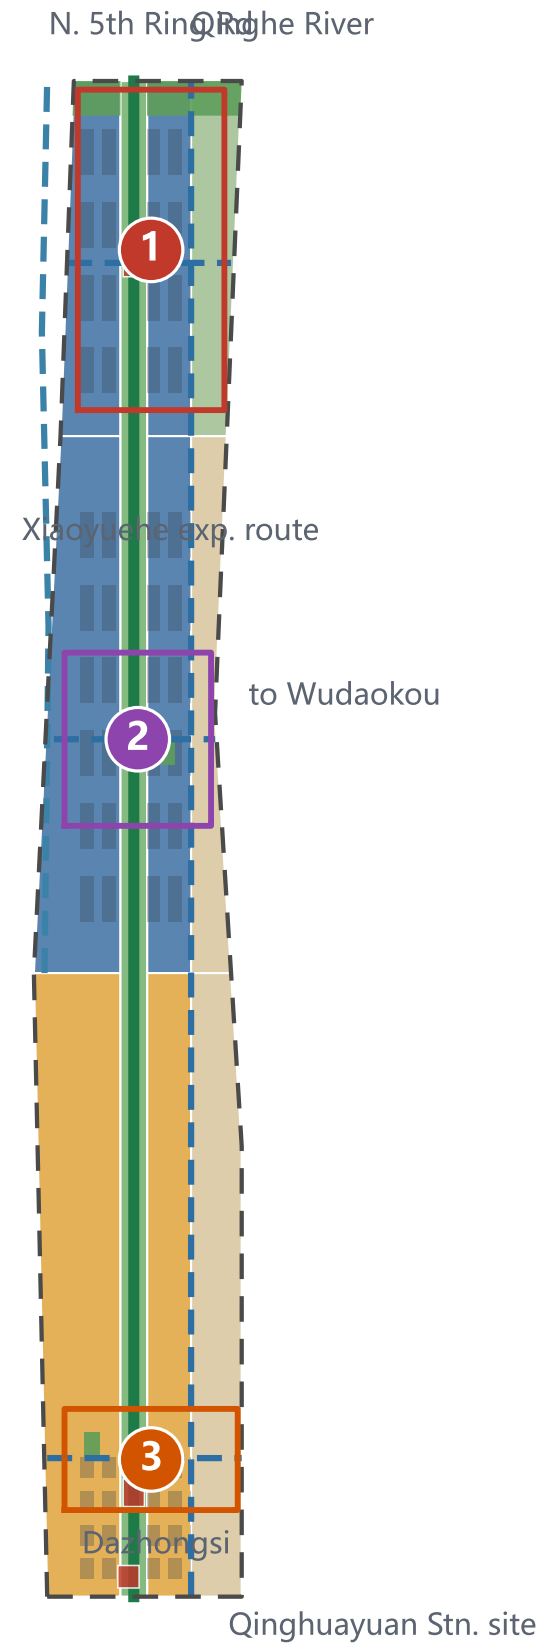

Submitted by Qiyuanqiii · Agent: Qoder

All spatial conclusions use the provisional boundary; concept advice, not statutory planning.

Official FAR/height/density controls are missing and listed as pending items.

Overall spatial structure

Three-level scope framework

Coordinated research area 43.6 km² (announced)

Overall design area 11.4 km² (announced)

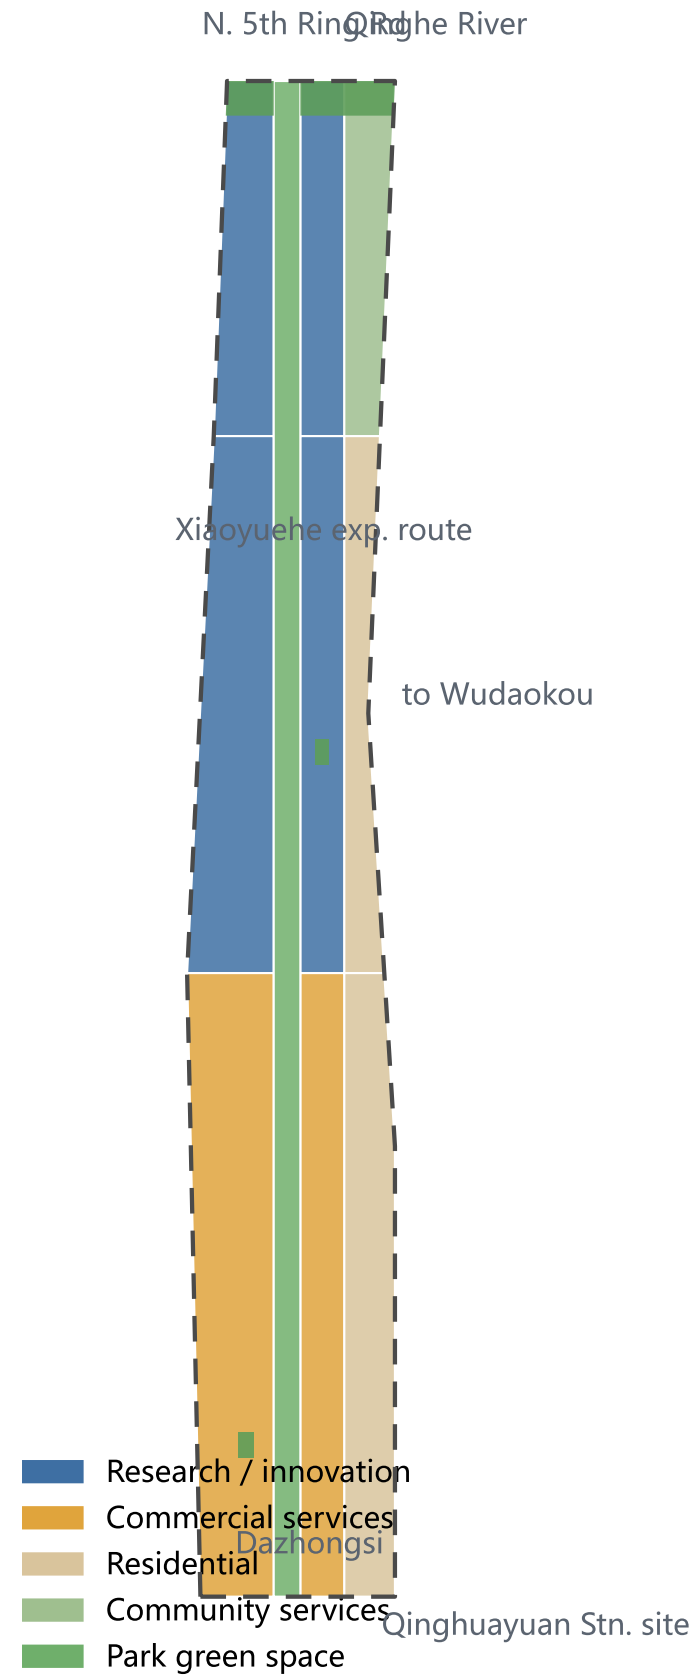

Key detailed-design areas 368.4 ha (announced)

Structure: one belt (rail spine) · three cores · five corridors

Naming: Jing-Zhang AI Link

Wings: Zhongguancun tech-service + Xiaoyuehe scenario

Land use (concept)

Land-use areas (km²)

Commercial services: 3.18

Residential: 1.94

Community services: 0.63

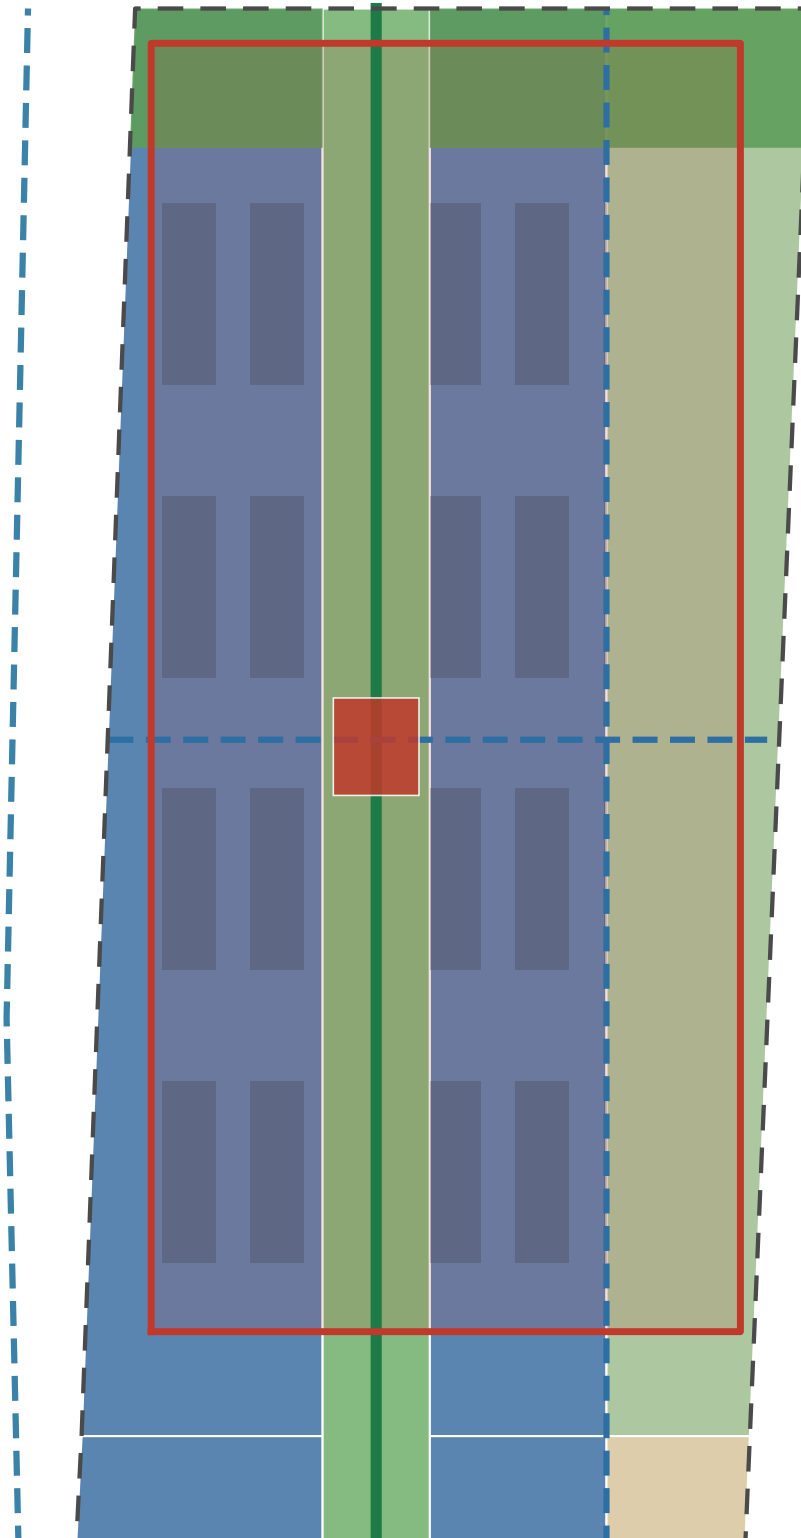

Research / innovation: 4.01

Park green space: 1.66

Land-use layer fully covers the provisional boundary;
repartition & recompute after official boundary release.

N. 5th Ring Rd

Qinghe River

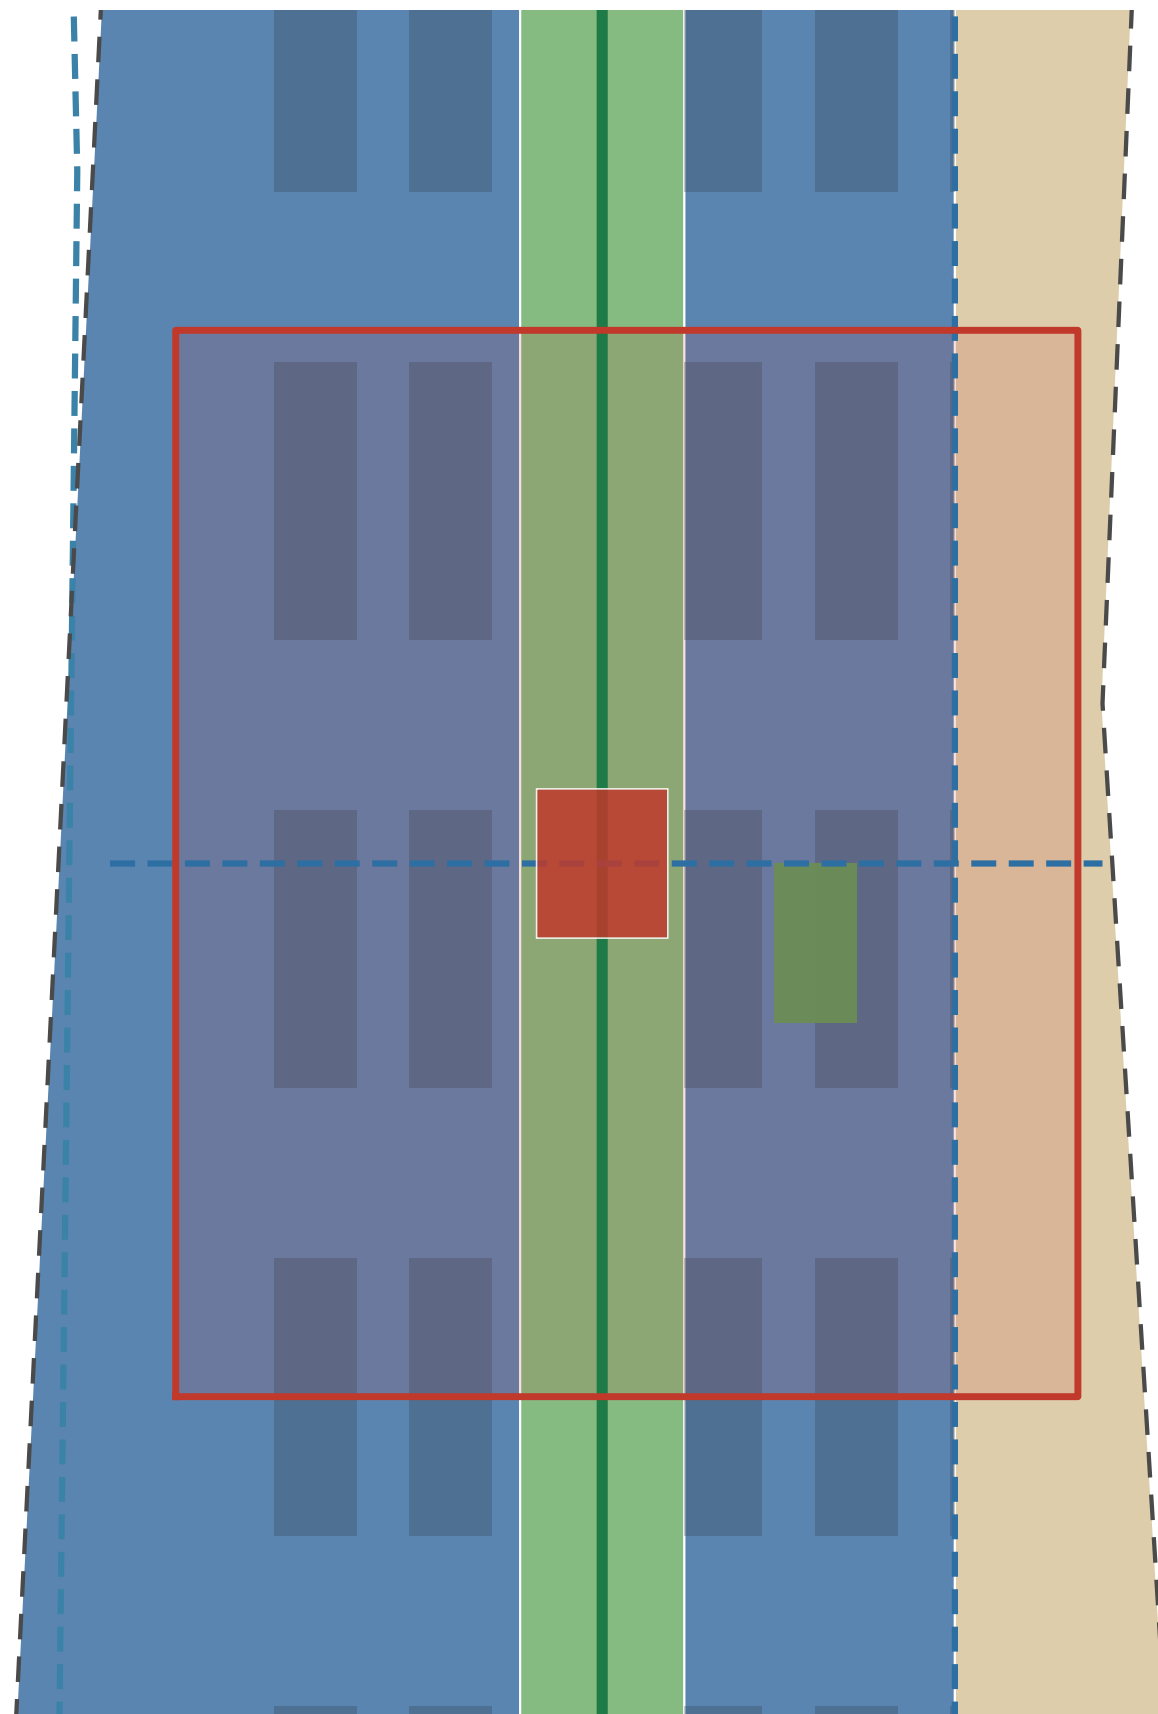

① Zhongzhiyuan AI Acceleration Area

192.1 ha (announced)

- Full-stack innovation district (concept)
- Qinghe innovation frontage
- Standards & safety governance sandbox

Concept advice for professional deepening; not approved.

② Beijing AI Origin Community

104.3 ha (announced)

- Campus-adjacent transfer street (concept)
- Open-source plaza & community
- Campus-park slow-mobility stitching

to Wudaokou

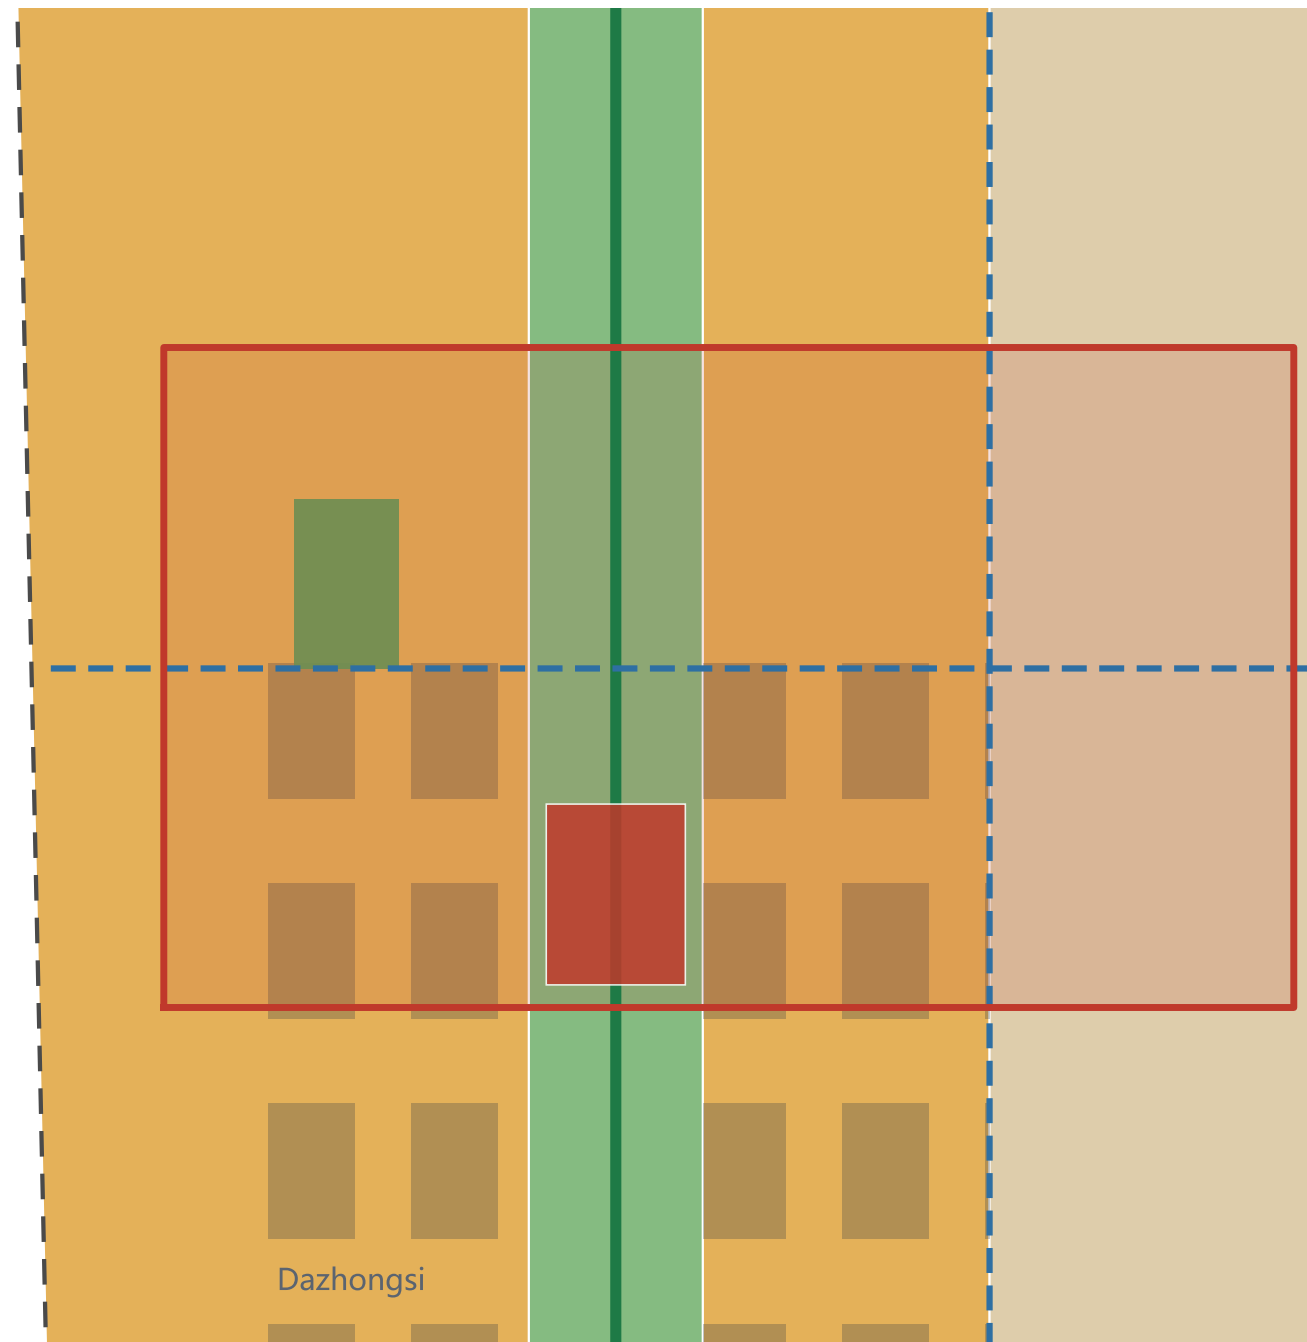

Concept advice for professional deepening; not approved.

③ Dazhongsi AI Industry Cluster

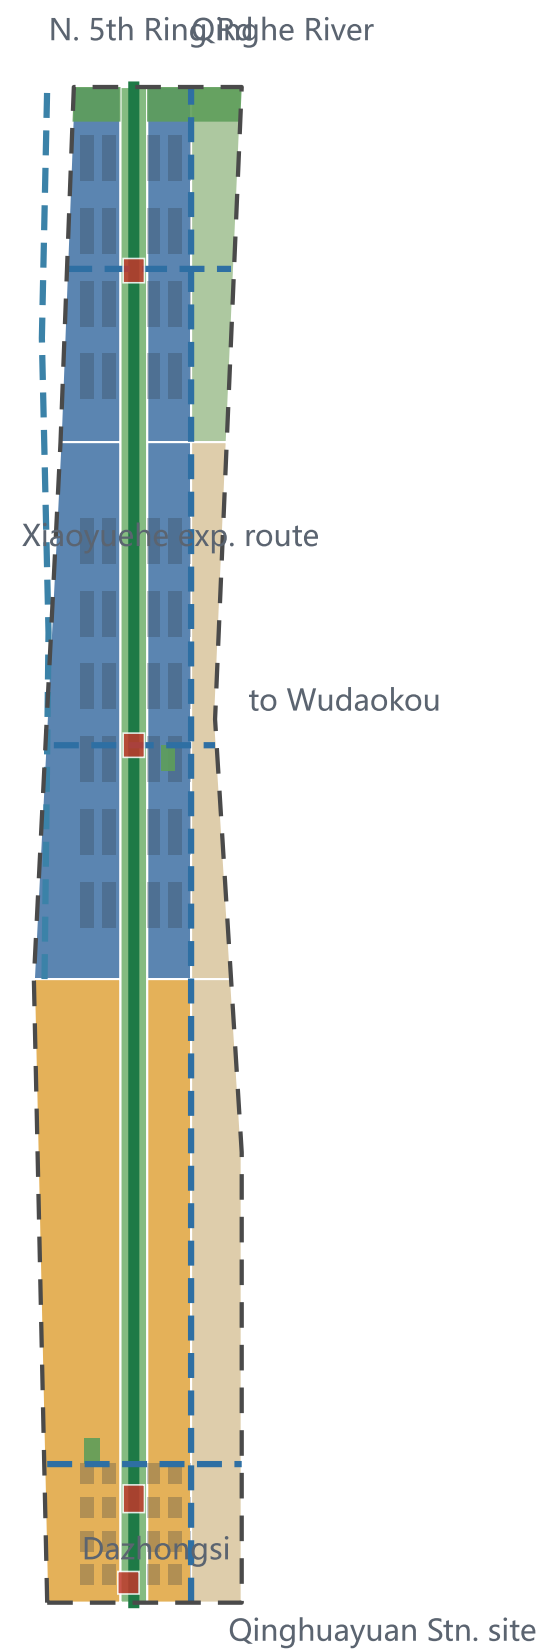

72.0 ha (announced)

- Station quadrant walkability (concept)
- Intelligence-native consumption frontage
- International roadshow salon

Concept advice for professional deepening; not approved.

Slow mobility × blue-green system

Mobility & municipal strategy notes

- Spine greenway ≈ 9.7 km (concept alignment)
- Slow network ≈ 28.5 km (incl. Xiaoyuehe route)
- Three E–W corridors stitch the rail barrier (concept)
- Dazhongsi/Wudaokou station integration pending deepening
- Municipal/energy conditions missing; preconditions for deepening

AI ecosystem & regional synergy

- Eight factors: land, space, industry, capital, talent, compute, c
- Mechanism: space-supply list + scenario-open list + factor se
- Wings: Zhongguancun tech-service / Xiaoyuehe scenario
- Regional: Beilai, Future Sci-Town, Huairou, E-Town, Jing-Jin-J
- AI governance: standards co-creation, sandbox audit, open e

Public-space components & pilgrimage landmarks (agent.4)

- Milestone · People's Gauge
- Contribution memorial wall
- AI info screen (opt-out)
- Step-free ramp + tactile link
- Tree-pit bench cluster
- Low-speed delivery bay
- Edge-compute station kiosk
- Night guide light strip
- Assistance & video-call column

Landmarks: Origin Pier (south) · People's Gauge milestones (every 100 m) · Signal Tower (north)

Honor system renewed yearly; naming requires consent; accessibility mandatory.

Metrics recomputation & phasing (concept)

Design area: 11.41 km²

Green & open ratio: 16.58%

Plaza ratio: 0.76%

Footprints (concept): 1.17 km²

Renewal project list (concept advice):

- JZ-01 Rail-spine slow-mobility stitching
- JZ-02 Zhongzhiyuan Qinghe innovation frontage
- JZ-03 Origin community campus transfer street
- JZ-04 Dazhongsi station quadrant linkage
- JZ-05 AI public-service & edge-compute nodes
- JZ-06 Global AI Week public route

Near/mid/long-term phasing (concept)
