SIX RELEASE FIELDS GOVERN ALL

01—05

01 / 16

The railway addressed arrival, Zhongguancun addressed innovation, and the AI era asks whether innovation works in daily life.

- TASKBOOK

3 positions, 5 functions, 3 areas + 2 wings
- CORE PRODUCT

Urban Usability Compiler

Every AI service provides an owner, no-app equivalent, minimum data, human takeover, stop condition, and validation metric.

- OWNER
Named before release
- EQUALITY
Paper, phone, or staffed path
- EXIT
Human takeover and hard stop
- RECORD
Issue, due date, result, retirement
