

COMMONRAIL GROUND / 01

COMMONRAIL GROUND

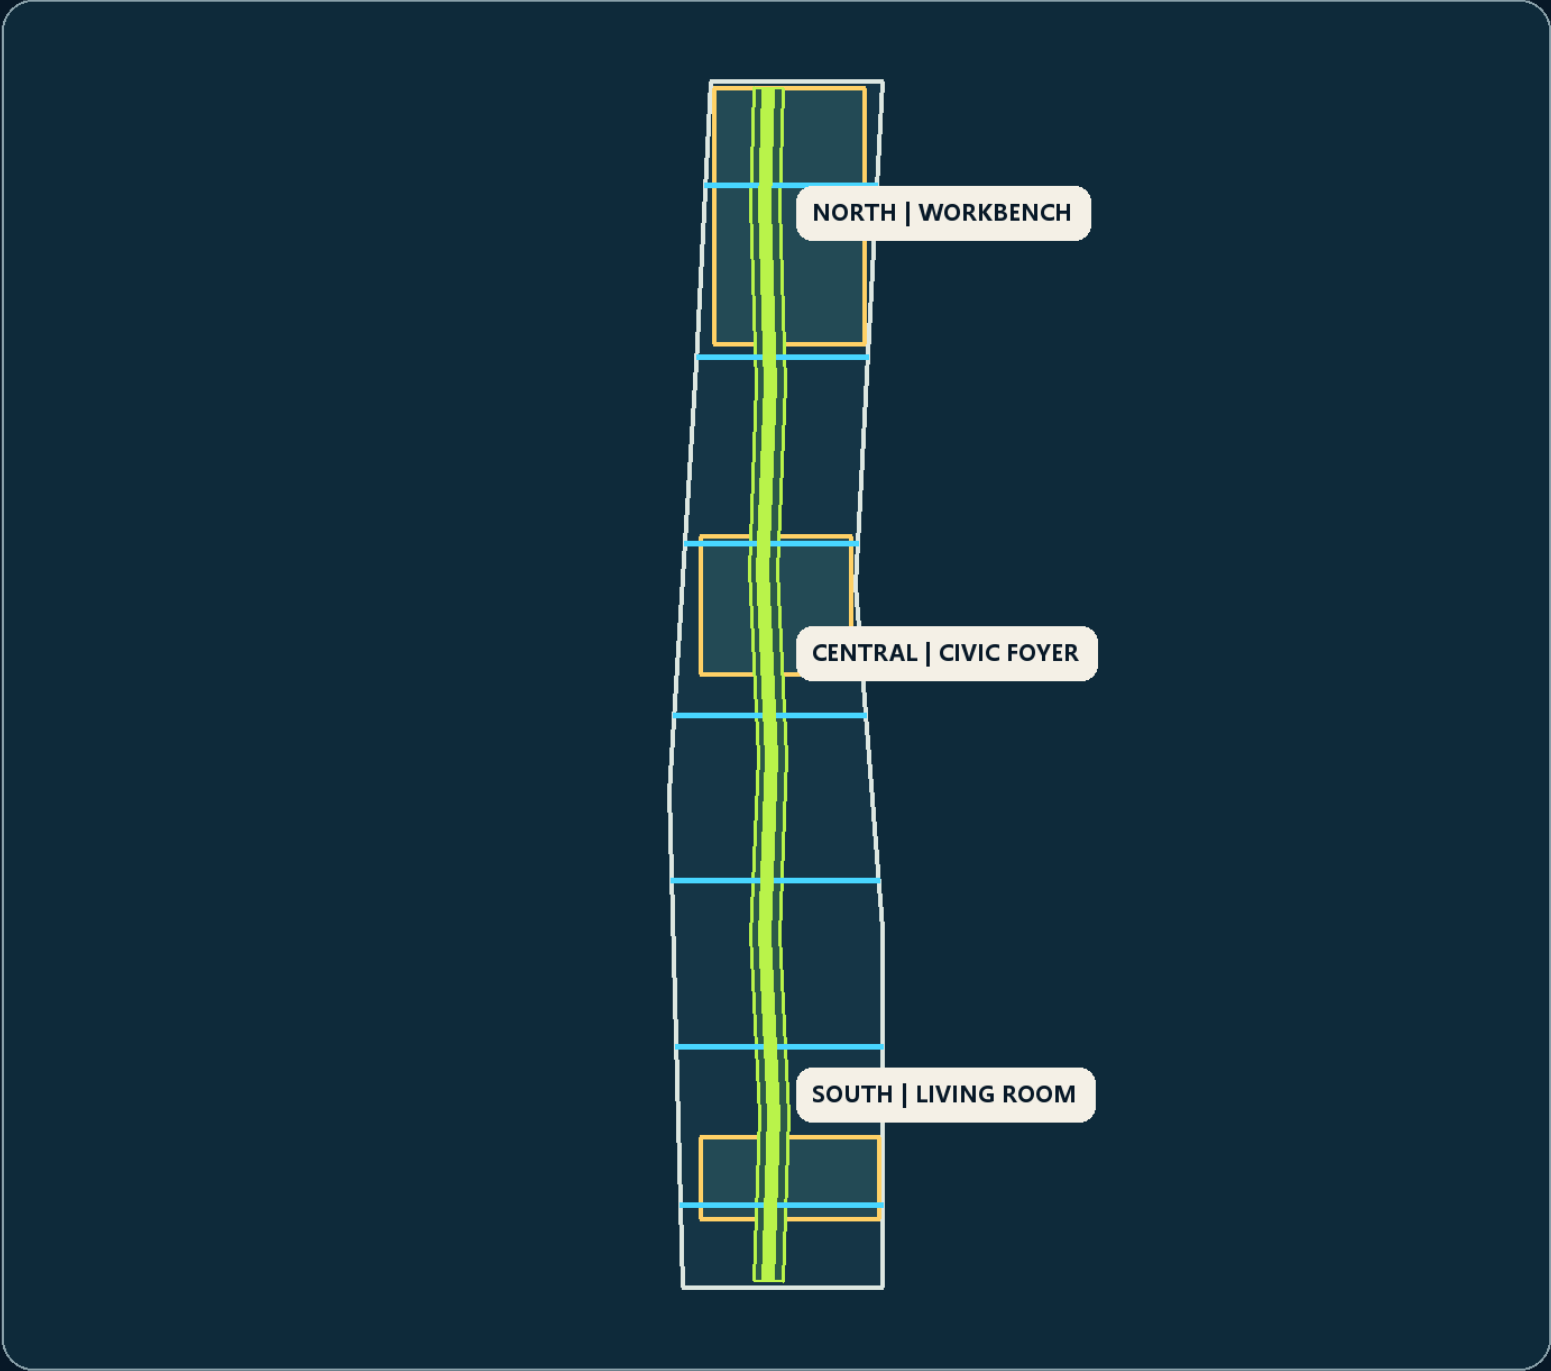

Innovation at Ground Level

COMMONRAIL / 01

CONCEPT • PROVISIONAL • PROFESSIONAL DEVELOPMENT

COMMONRAIL GROUND | INNOVATION AT GROUND LEVEL

One public ground · Seven all-season rooms · Three civic engines · Two knowledge wings

01 PUBLIC GROUND

Open halls + covered porches + transparent test fronts

07 ALL-SEASON ROOMS

Winter sun · Summer shade · Weather cover · Night school

03 CIVIC ENGINES

Build & test · Translate · Use & feedback

52 WEEKLY OPEN DOORS

A 52-week operating rhythm beyond one-off festivals

The map is conceptual topology only. Recalculate after official boundary, roads, ownership, heritage and engineering data are issued.

BRIEF & EVIDENCE BOUNDARY

43.6 km² / 11.4 km² / 368.4 ha; provisional geometry is not an official redline

COMMONRAIL / 05

CONCEPT · PROVISIONAL · PROFESSIONAL DEVELOPMENT

SEPARATE WHAT IS CALCULABLE, PENDING, AND REVERSIBLE

One evidence chain across narrative, GeoJSON, metrics, bilingual drawings and checks

EXPLICITLY UNKNOWN

Official boundary · road redlines · ownership · surveyed buildings · retain/retrofit/demolish · FAR · height · heritage · utilities · investment schedule

COMMUNITY-DISPLAY-ONLY (template default; request written clarification of its legal meaning before submission)

OVERALL SPATIAL STRUCTURE

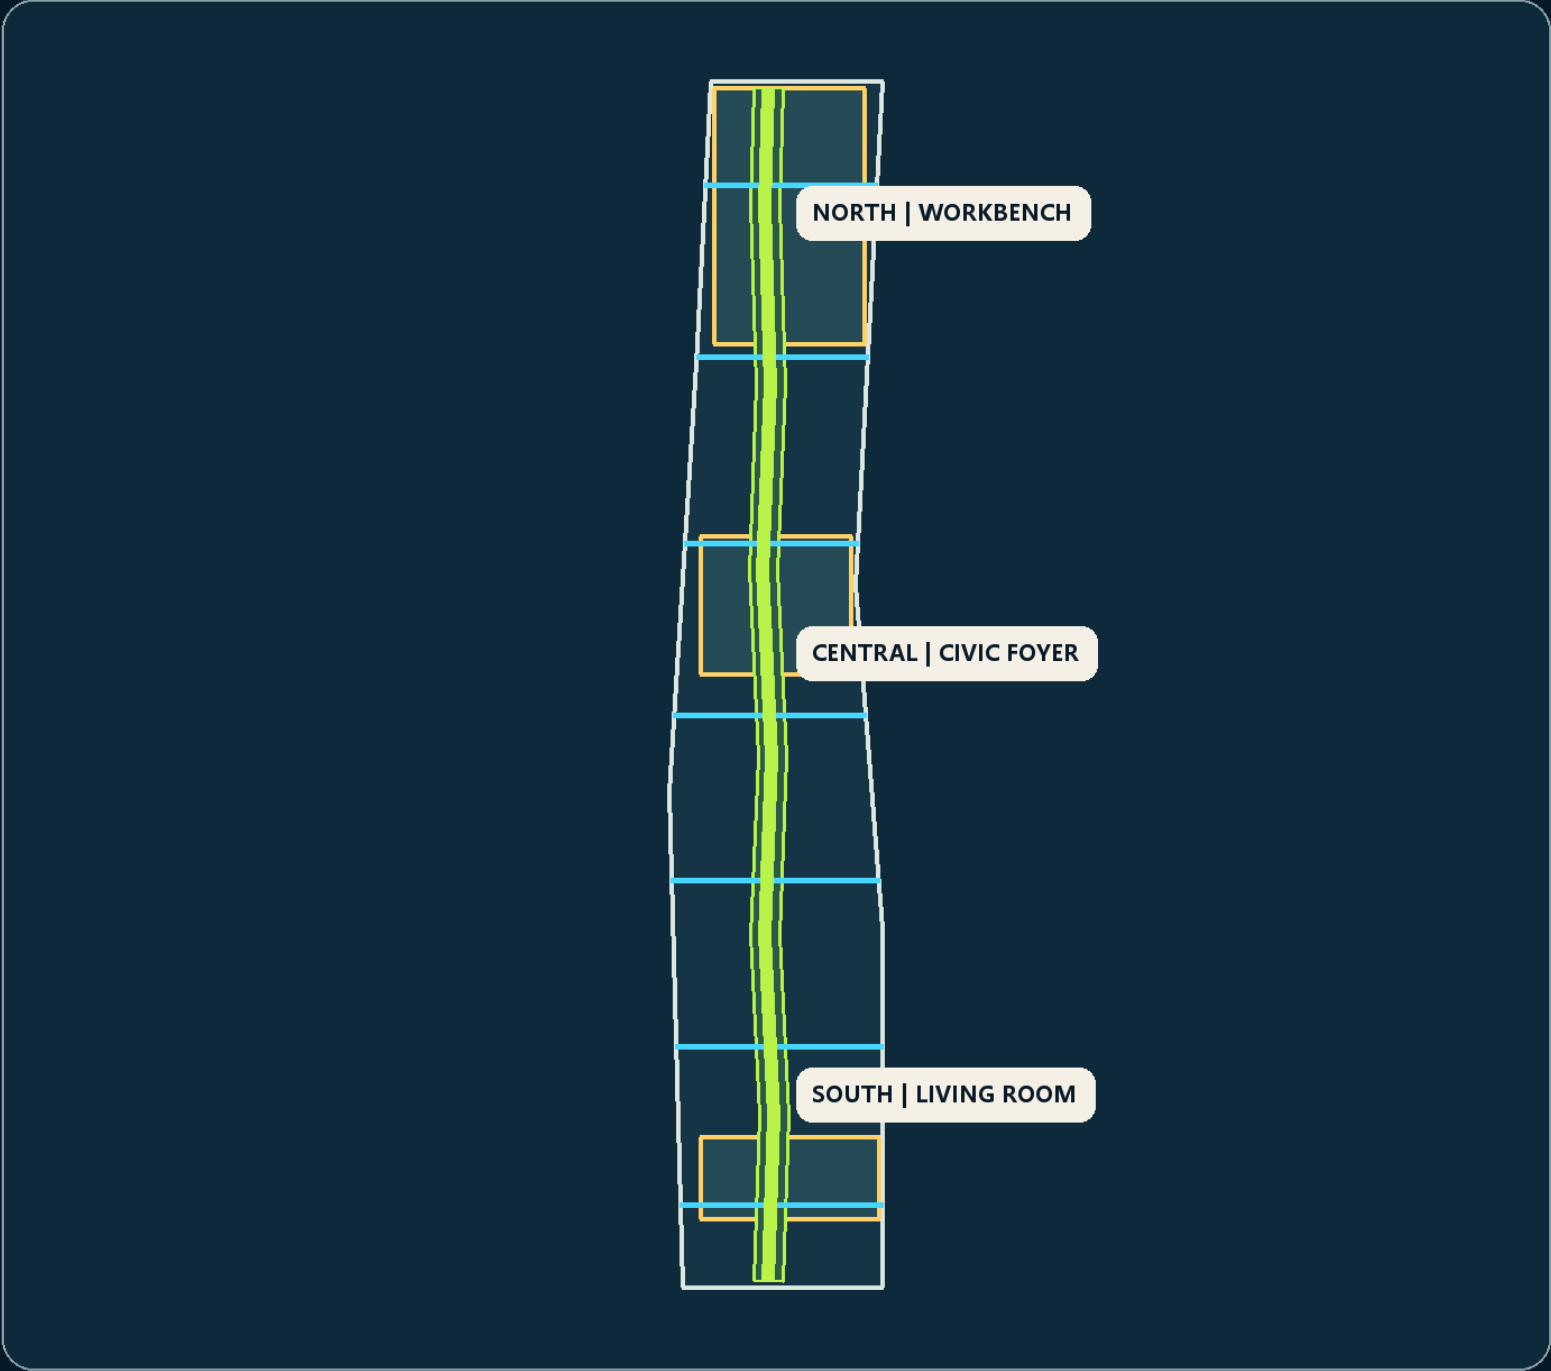

One public ground, seven rooms, three civic engines, two wings

COMMONRAIL / 01

CONCEPT • PROVISIONAL • PROFESSIONAL DEVELOPMENT

COMMONRAIL GROUND | INNOVATION AT GROUND LEVEL

One public ground · Seven all-season rooms · Three civic engines · Two knowledge wings

01 PUBLIC GROUND

Open halls + covered porches + transparent test fronts

07 ALL-SEASON ROOMS

Winter sun · Summer shade · Weather cover · Night school

03 CIVIC ENGINES

Build & test · Translate · Use & feedback

52 WEEKLY OPEN DOORS

A 52-week operating rhythm beyond one-off festivals

The map is conceptual topology only. Recalculate after official boundary, roads, ownership, heritage and engineering data are issued.

LAND USE & PUBLIC GROUND

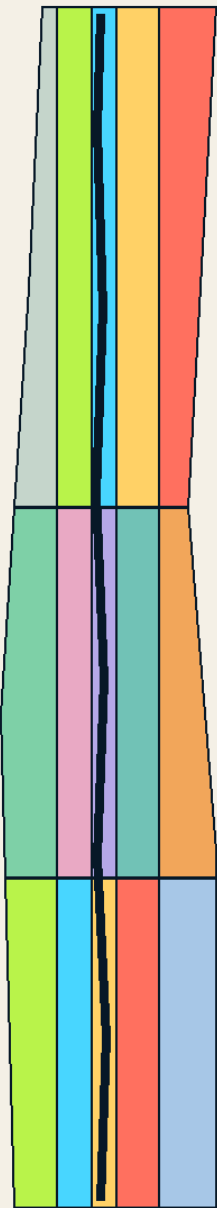

Public first; topology supports recalculation and development

COMMONRAIL / 02

FROM RAIL GROUND TO CIVIC GROUND

A complete audit topology; all land uses are proposals, not statutory parcels

CONCEPT • PROVISIONAL • PROFESSIONAL DEVELOPMENT

THREE DISCIPLINES OF ALLOCATION

A PUBLIC FIRST

Secure the public ground and cross-thresholds before surrounding development.

B POROSITY ≠ DEMOLITION

Use opening hours, reversible fit-outs and active fronts; survey before retain/retrofit/demolish decisions.

C CALCULATE, DON'T INVENT

Geometry is recalculable; FAR, height, redlines and ownership remain unknown.

11.41 km²

provisional overall design area

15.1%

concept blue-green ratio

7.9%

concept public-ground ratio

COMMONRAIL GROUND / 05

THREE KEY AREAS

Workbench · Civic Foyer · City Living Room

COMMONRAIL / 03

THREE ENGINES, NOT THREE ISLANDS

Workbench → Civic Foyer → City Living Room: a ground-level loop from R&D to feedback

CONCEPT · PROVISIONAL · PROFESSIONAL DEVELOPMENT

N

WORKBENCH

ZHONGZHIYUAN | BUILD & TEST

01

Full-stack safety and interoperability tests

02

Visible low-carbon compute evidence

03

Public viewing porch and human review window

Location follows provisional geometry; recalculate later

C

CIVIC FOYER

AI ORIGIN | TRANSLATE

01

Open-source release and contribution rings

02

Campus-to-city translation services

03

Talent daily life and accessible trials

Location follows provisional geometry; recalculate later

S

CITY LIVING ROOM

DAZHONGSI | USE & FEEDBACK

01

Agent bazaar and international demos

02

Data-rights explanation desk

03

Human-on-call pavilion and opt-out

Location follows provisional geometry; recalculate later

ACTIVE TRAVEL & BLUE-GREEN NETWORK

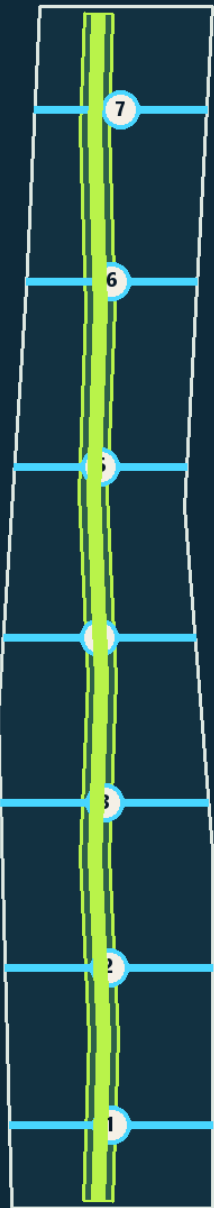

Physical base → fallback → AI augmentation → civic verification

COMMONRAIL / 04

CONCEPT • PROVISIONAL • PROFESSIONAL DEVELOPMENT

FIX THE PHYSICAL EXPERIENCE BEFORE ADDING AI

Step-free walking · Continuous cycling · Seasonal comfort · Weather cover · Digital opt-out

1 PHYSICAL BASE

Step-free route, light, shade, seating, snow clearance

2 LOW-TECH FALLBACK

Paper wayfinding, human desk, offline access

3 AI AUGMENTATION

Minimum data, visible limits, immediate opt-out

4 CIVIC VERIFICATION

Public checks for access, privacy, energy and false alerts

The seven cross-thresholds are concepts for field verification, not existing roads or approved engineering alignments.

12 AI SCENARIO CARDS

4 industry tests + 8 daily-city services, each with human review and opt-out

T1

Embodied AI Test Yard

Telemetry / safety officer / stop on breach

T2

Model Safety Clinic

Authorised tests / panel / no gate, no field

T3

Clinical Workflow Simulation

Synthetic data / clinician / stop on care risk

T4

Accessible Co-test Street

On-device / user acceptance / protect physical route

S5

Open Model Library

Provenance / librarian / remove unclear rights

S6

Compute Concierge

Voluntary need / human referral / pause conflicts

S7

Public Review Table

Issues / public reply / no expansion unresolved

S8

Rail Memory Interpreter

Cited history / review / label disputes

S9

Seasonal Comfort Steward

Environment only / override / revert on harm

S10

Bell Market & Repair Bar

Repair support / joint review / pause nuisance

S11

Human-in-loop Welcome

No default retention / staff / switch on error

S12

Offline Service Drill

Simulated outage / emergency lead / protect live use

COMMONRAIL GROUND / 08

FOUR CIVIC PILGRIMAGE LANDMARKS

Model Depot · Origin Kilometre-Zero Hall · Centennial Datum Gallery · Bell Night School

01

MODEL DEPOT

Zhongzhiyuan: failure analysis, safety review and a viewing porch; use a removable shed if reuse fails.

02

ORIGIN KILOMETRE-ZERO HALL

AI Origin: an updateable section from paper to model, product, urban use and feedback.

03

CENTENNIAL DATUM GALLERY

Heritage edge: reversible time marks and Contribution Sleepers with author, licence, year and review state.

04

BELL NIGHT SCHOOL

Dazhongsi: resident room by day; AI literacy, repair café and small demonstrations by night.

三种文化 / THREE CULTURES

JINGZHANG: TIME & ENGINEERING

ZHONGGUANCUN: PROBLEM & ITERATION

AI: CONTRIBUTION, TEST & FEEDBACK

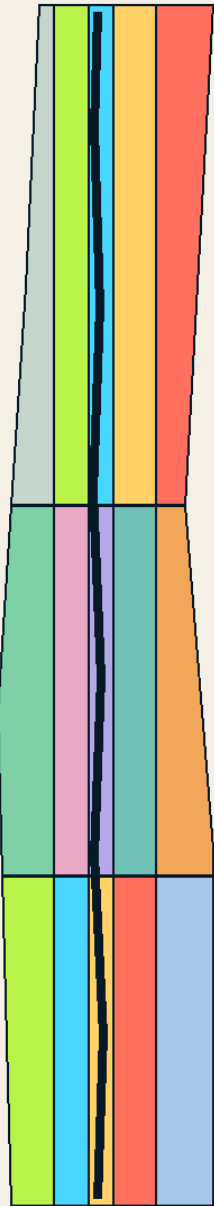

RENEWAL PROJECTS & PHASING

Near-term reversible pilots; medium-term thresholds; long-term corridor operations

FROM RAIL GROUND TO CIVIC GROUND

A complete audit topology; all land uses are proposals, not statutory parcels

CONCEPT • PROVISIONAL • PROFESSIONAL DEVELOPMENT

THREE DISCIPLINES OF ALLOCATION

A PUBLIC FIRST

Secure the public ground and cross-thresholds before surrounding development.

B POROSITY ≠ DEMOLITION

Use opening hours, reversible fit-outs and active fronts; survey before retain/retrofit/demolish decisions.

C CALCULATE, DON'T INVENT

Geometry is recalculable; FAR, height, redlines and ownership remain unknown.

11.41 km²

provisional overall design area

15.1%

concept blue-green ratio

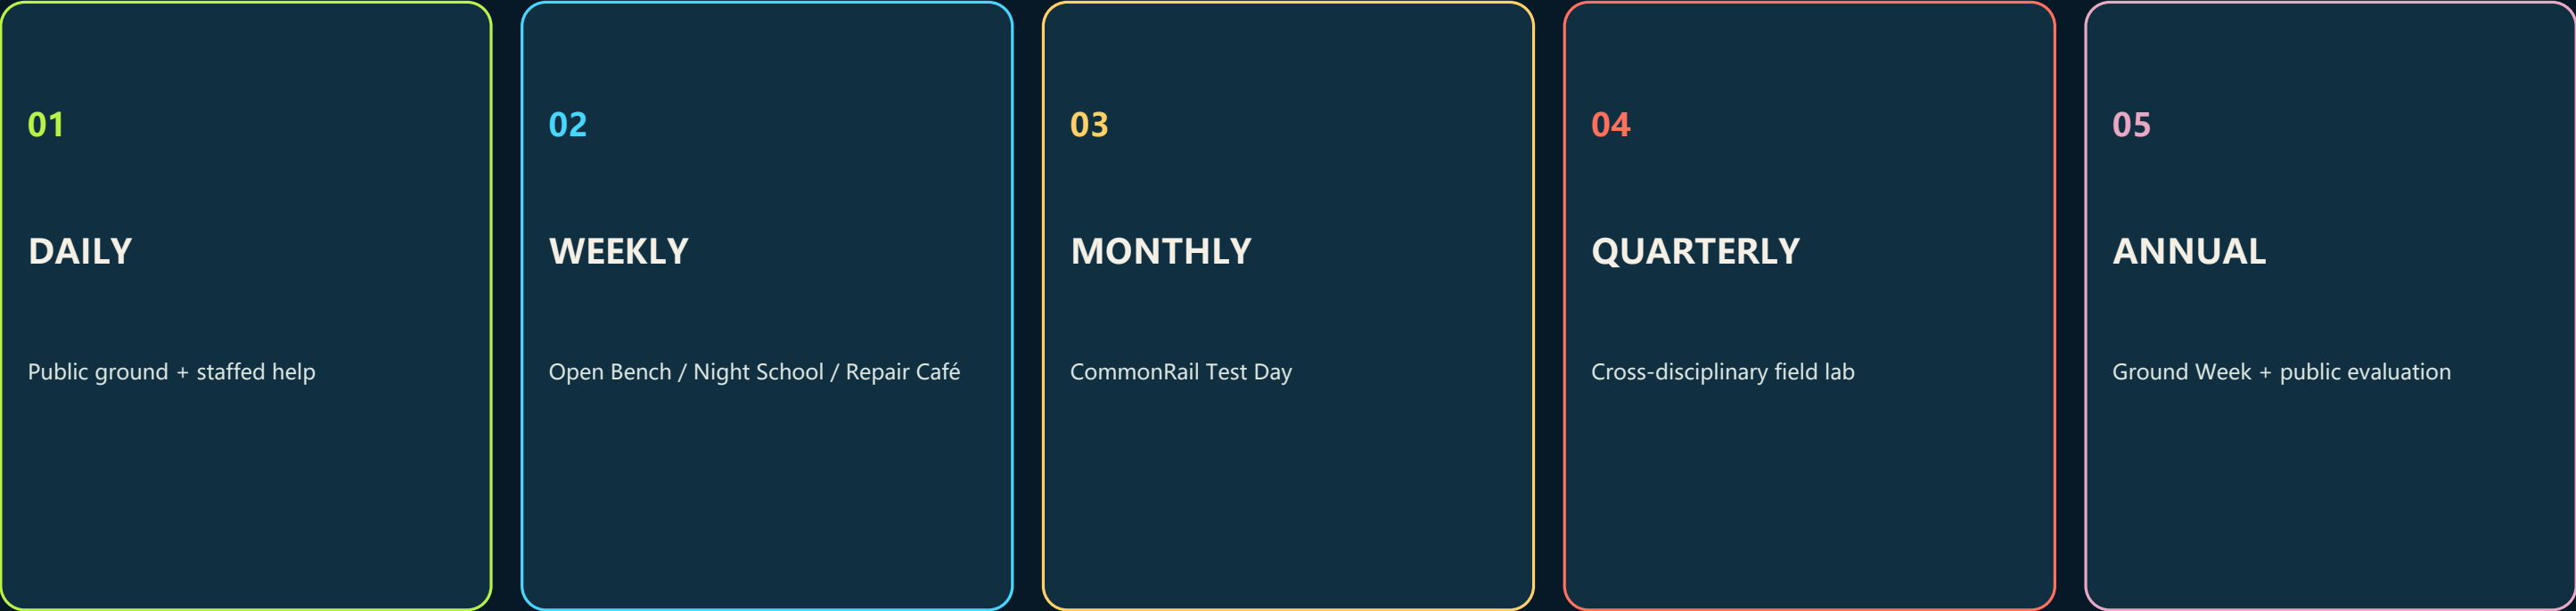

7.9%

concept public-ground ratio

COMMONRAIL GROUND / 10

52-WEEK OPERATIONS

Weekly open doors, seasonal reviews, annual forum, public issue log and stop rules

场景生命周期 / SCENARIO LIFECYCLE

Reference governance: venue operations · community representatives · safety/ethics · independent evidence steward; no committed agency or budget.

COMMONRAIL GROUND / 11

METRICS, RISK & COMPLIANCE

Calculable, pending, reversible; no invented controls or commitments

COMMONRAIL / 05

CONCEPT · PROVISIONAL · PROFESSIONAL DEVELOPMENT

SEPARATE WHAT IS CALCULABLE, PENDING, AND REVERSIBLE

One evidence chain across narrative, GeoJSON, metrics, bilingual drawings and checks

EXPLICITLY UNKNOWN

Official boundary · road redlines · ownership · surveyed buildings · retain/retrofit/demolish · FAR · height · heritage · utilities · investment schedule

COMMUNITY-DISPLAY-ONLY (template default; request written clarification of its legal meaning before submission)

COMMONRAIL GROUND / 12

SUBMISSION PACKAGE INDEX

Bilingual narrative, 9 layers, 5 figure pairs, A3/A0, offline HTML, matrices and checks

01 BILINGUAL NARRATIVE 13 aligned sections	02 STRUCTURED EVIDENCE Matrices, metrics and assumptions	03 SPATIAL DATA 9 GeoJSON layers	04 CORE FIGURES 5 Chinese/English PNG pairs
05 A3 BOOKLET 12 pages in each language	06 A0 BOARDS 4 boards in each language	07 OFFLINE DISPLAY Static HTML in both languages	08 FOUR GATES Deterministic / spatial / visual / professional

No edit after finalization; refresh SHA-256 from actual bytes, then run self-check and participant preflight.
