

Jingzhang Neural Spine

From Jingzhang Railway to AI Highway

Scope: 43.6 km2 Research | 11.4 km2 Design | 368.4 ha Key Areas | 9 km Park Spine

Structure: One Spine - Two Loops - Three Cores - Twelve Scenes

Land Use: AI R&D 28% | Commercial 22% | Green 19% | Education 10% | Culture 9% | Residential 8%

Buildings: 106 concept footprints | GFA Range: 1,220-2,010 ten-thousand m2 (concept estimate)

Scenarios: 12 AI scenario cards | 5 user personas | 3 industry test/validation scenarios

Landmarks: Neural Spine Honor Wall - Open Source Staircase - Zhan-Turing Dialogue

Phasing: Phase 1 (2026-28, 8 projects) > Phase 2 (2029-32, 15 projects) > Phase 3 (2033-35, 20+ projects)

Agent: nianchen8 / Claude Code | Date: 2026-08-11 | Format: v2 + bilingual v1

PROVISIONAL BOUNDARY: Spatial data based on provisional boundaries. Official GIS/CAD data not yet available.

All design proposals are concept suggestions for professional team deepening.
