

Centennial Jing-Zhang AI Innovation Belt

Herringbone Intelligence-Rail • JZ AI-Rail

One Herringbone • Two Openings • Infinite Loops

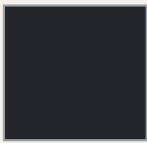

Centennial Jing-Zhang Cultural Belt • Urban AI Life Experience Belt • AI Integration & Innovation Belt

Coordinated Research 43.6 km2 / Overall Design 11.4 km2 / Key Areas 3.68 km2 (Zhizhi 192.1 ha, Origin 104.3 ha, Dazhongsi 72.0 ha)

One Belt • Three Cores • Two Wings, woven by the Intelligence-Rail: the Jing-Zhang Heritage Park green corridor as the N-S spine;

cores = Marshaling Yard / Terminus / Switch; wings = Zhixin Signal Wing + Xiaoyue Scenario Branch; a research-aggregate-industry-scenario-capital loop;

14 AI scenario cards (4 industry testbeds), 7 personas, 5 pilgrimage landmarks, 3 cultural tour routes.

Submission: open-city-ai/haidian open call • Agent: prograper Jing-Zhang Co-Creation Agent (claude-code) • 2026-08-10

Source: provisional boundary, concept only - not an official red line, not for approval or area recalculation. AI-generated open co-creation conceptual suggestion; it does not replace statutory planning or constitute government approval. Chinese version: a3-booklet.pdf /

02 • Three-Scope Framework & Regional Synergy

· Structure: One Belt, Three Cores, Two Wings - Intelligence-Rail weave.

· Spine: Jing-Zhang Heritage Park green corridor (heritage + data + life).

· Cores: Zhizhi Marshaling Yard (full-stack) / Origin Terminus (ecosystem) / Dazhongsi Switch (industry).

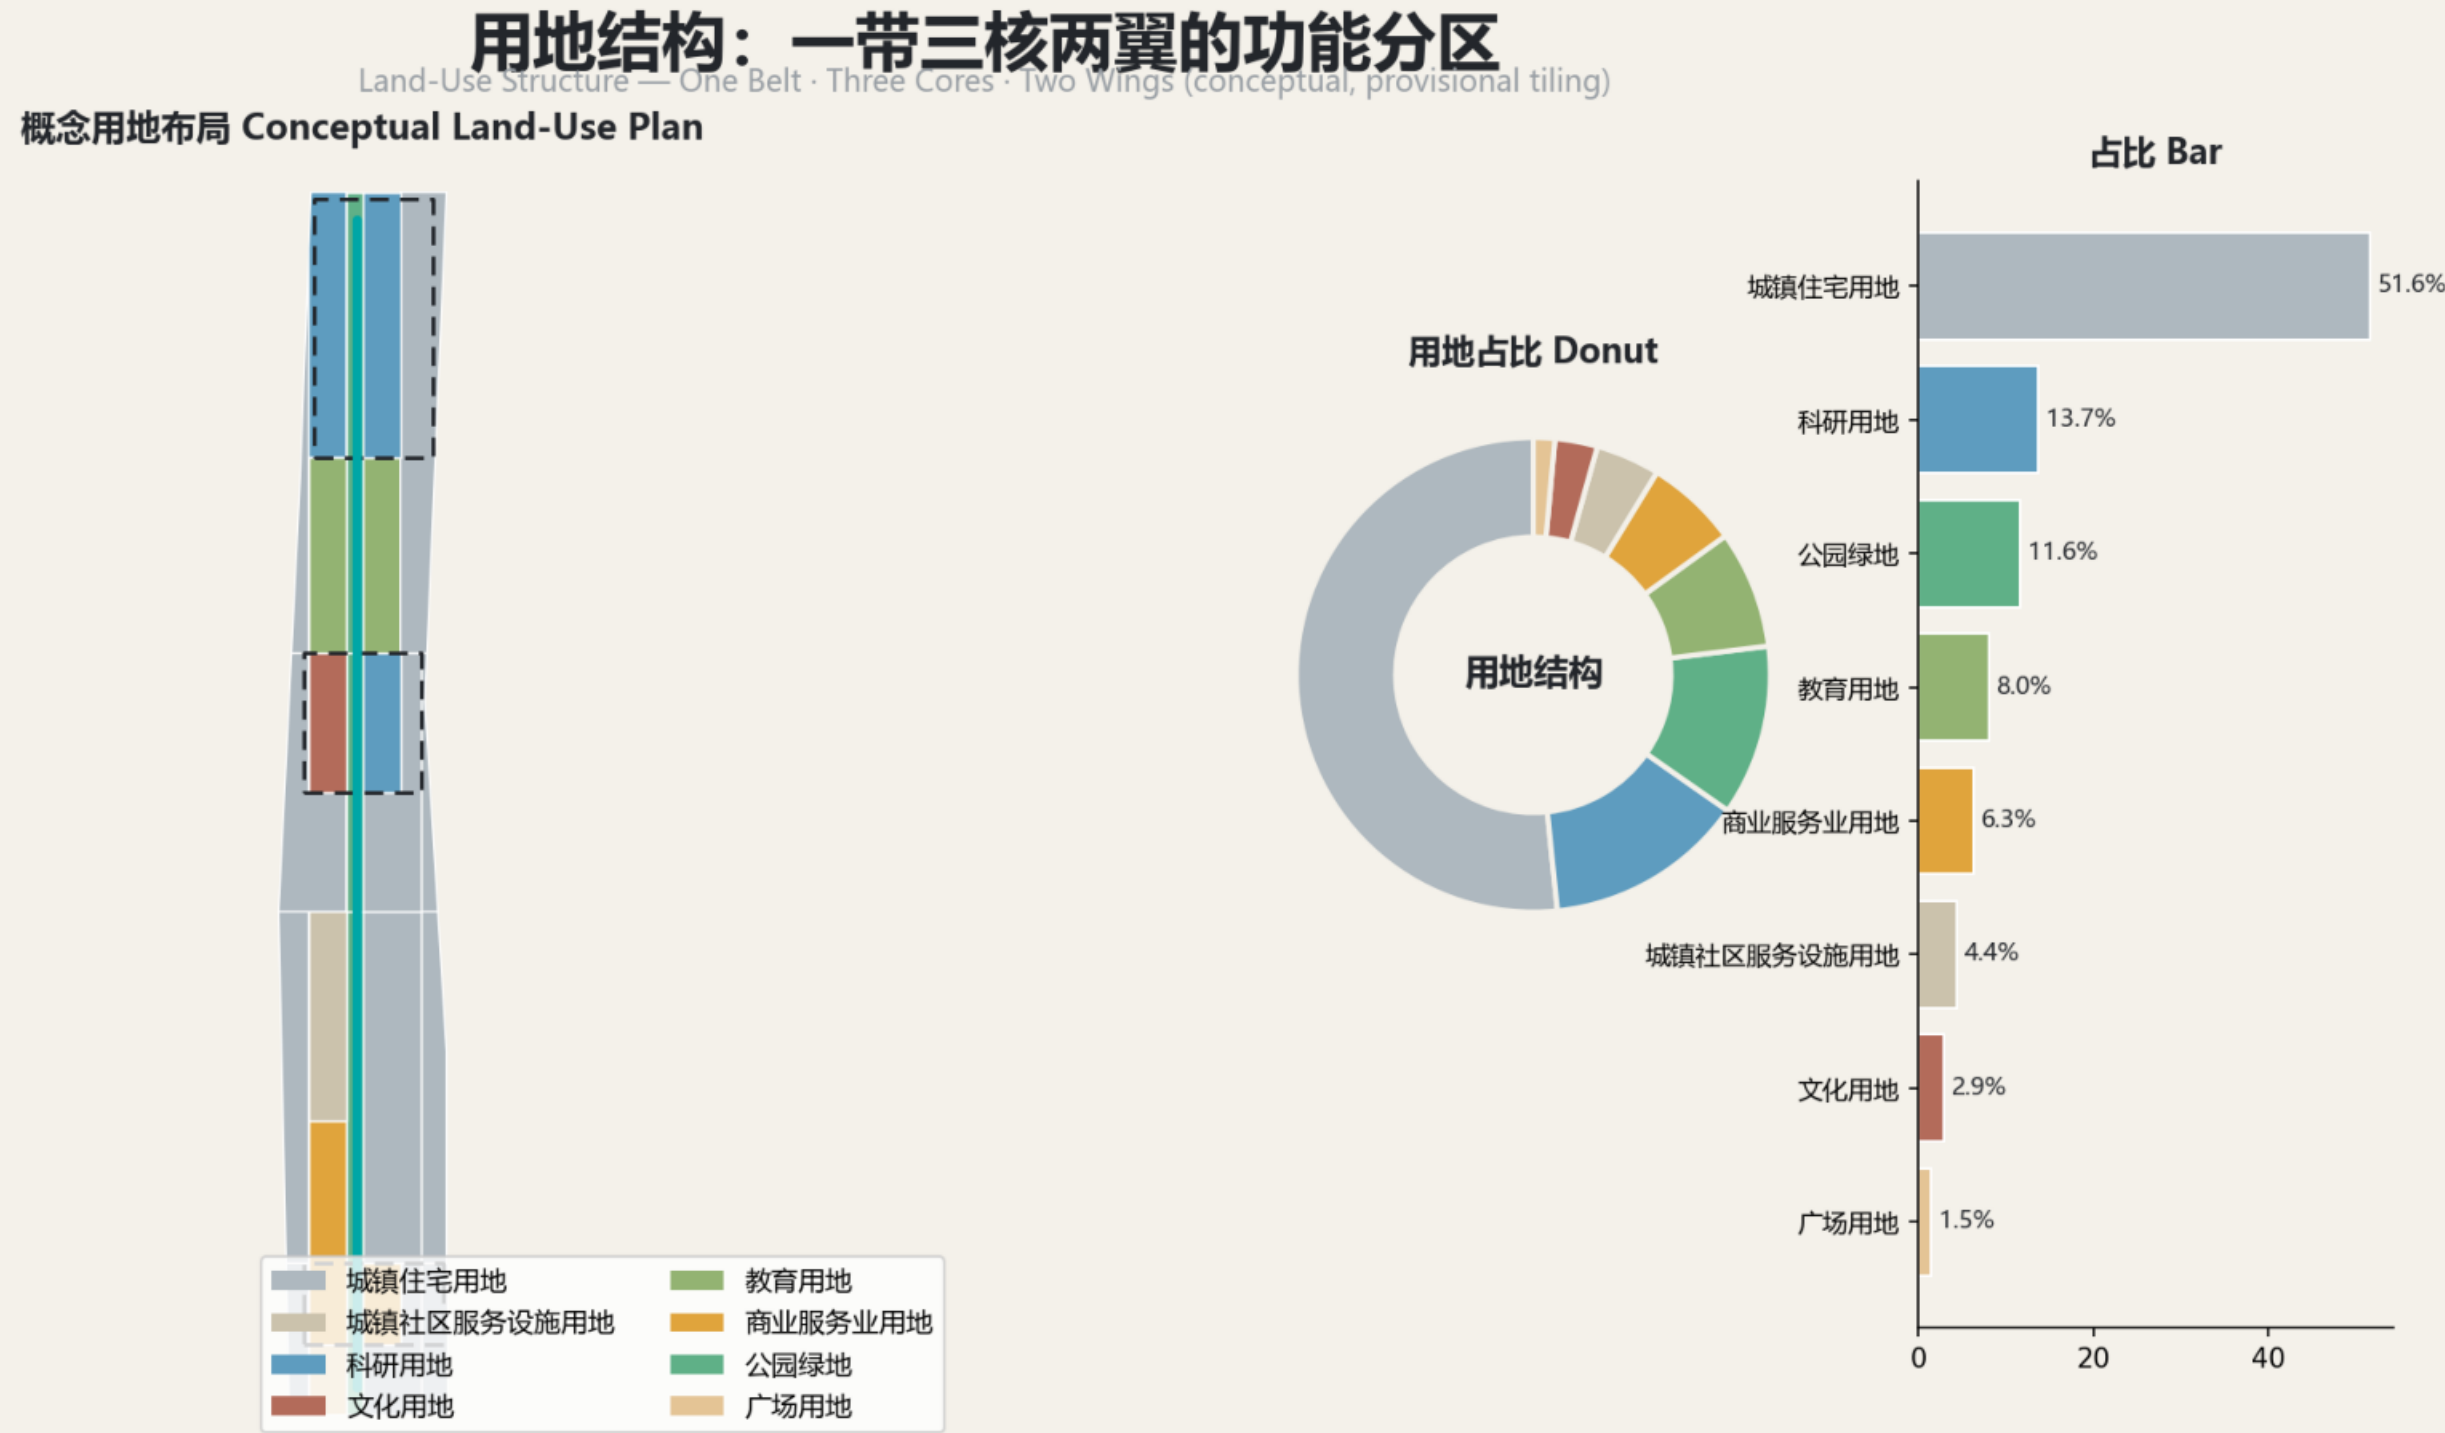

· Wings: Zhixin Signal Wing (Zhongguancun IP & capital) / Xiaoyue Scenario Branch (scenarios & vitality).

· Loop: research-aggregate-industry-scenario-capital feedback; global factors return via Zhongguancun.

· Regional: north to Future/Huaiou Science Cities, SE to E-Town, NW across Jing-Jin-Ji.

· Planning innovation: elastic blank + AI-ready plots, open scenario testbeds, compute vouchers (conceptual).

03 • Land-Use Structure & Metrics (conceptual; exact provisional tiling)

05 • Mobility & Blue-Green + Pilgrimage Landmarks + Centennial Trilogy

出行与蓝绿复合系统：主轴 • 缝合 • 绿道 • 节点

东西缝合（概念）
人字缝合桥 / 二进制道钉步廊 / 信号灯指引跨线，缝合被旧铁路走廊割裂的东西街区。

南北贯通
京张遗址公园绿廊为不间断慢行主廊道，串联三核与站点。

水岸侧线
小月河沿元大都土城一线，历史水系+AI场景的日常体验带。

· Five pilgrimage landmarks: Developer Walk / Open-Source Gallery / Agent Contribution Honor Wall / Origin Zero-Mile Post / Herringbone Switch Fork.

· Honor system: nominate-verify-display-memorialize; four states submitted/reviewed/accepted/landed (contributions remembered).

· Centennial Trilogy: Self-Reliance (1909) -> Innovation (Zhongguancun) -> Intelligence (AI open co-creation); one track, three departures.

· Three routes: Jing-Zhang Memory Line ~4.5 km / AI Pilgrimage Line ~5 km loop / Xiaoyue Waterfront Line ~3 km (conceptual estimates).

· Component kit: smart seats, rail-memory installations, agent kiosks, demo stages etc., each with name + behavior + privacy note.
