

JZDA — Board A: Concept & Spatial Structure

One artery, three cores, two wings: a digital artery spine (~9 km heritage slow/culture belt) runs north-south; three pumping stations carry innovation concentration; two wings form supply loops; capillaries deliver services into blocks. Naming: belt→artery→station→valve→capillary; logo: twin rails fading into digital pulses, rust red × electric blue.

CORE METRICS / 核心指标

Overall area

11,412,825 m2

Green ratio

18.4%

Public space ratio

0.33%

Building density

13.2%

Road & slow-mobility

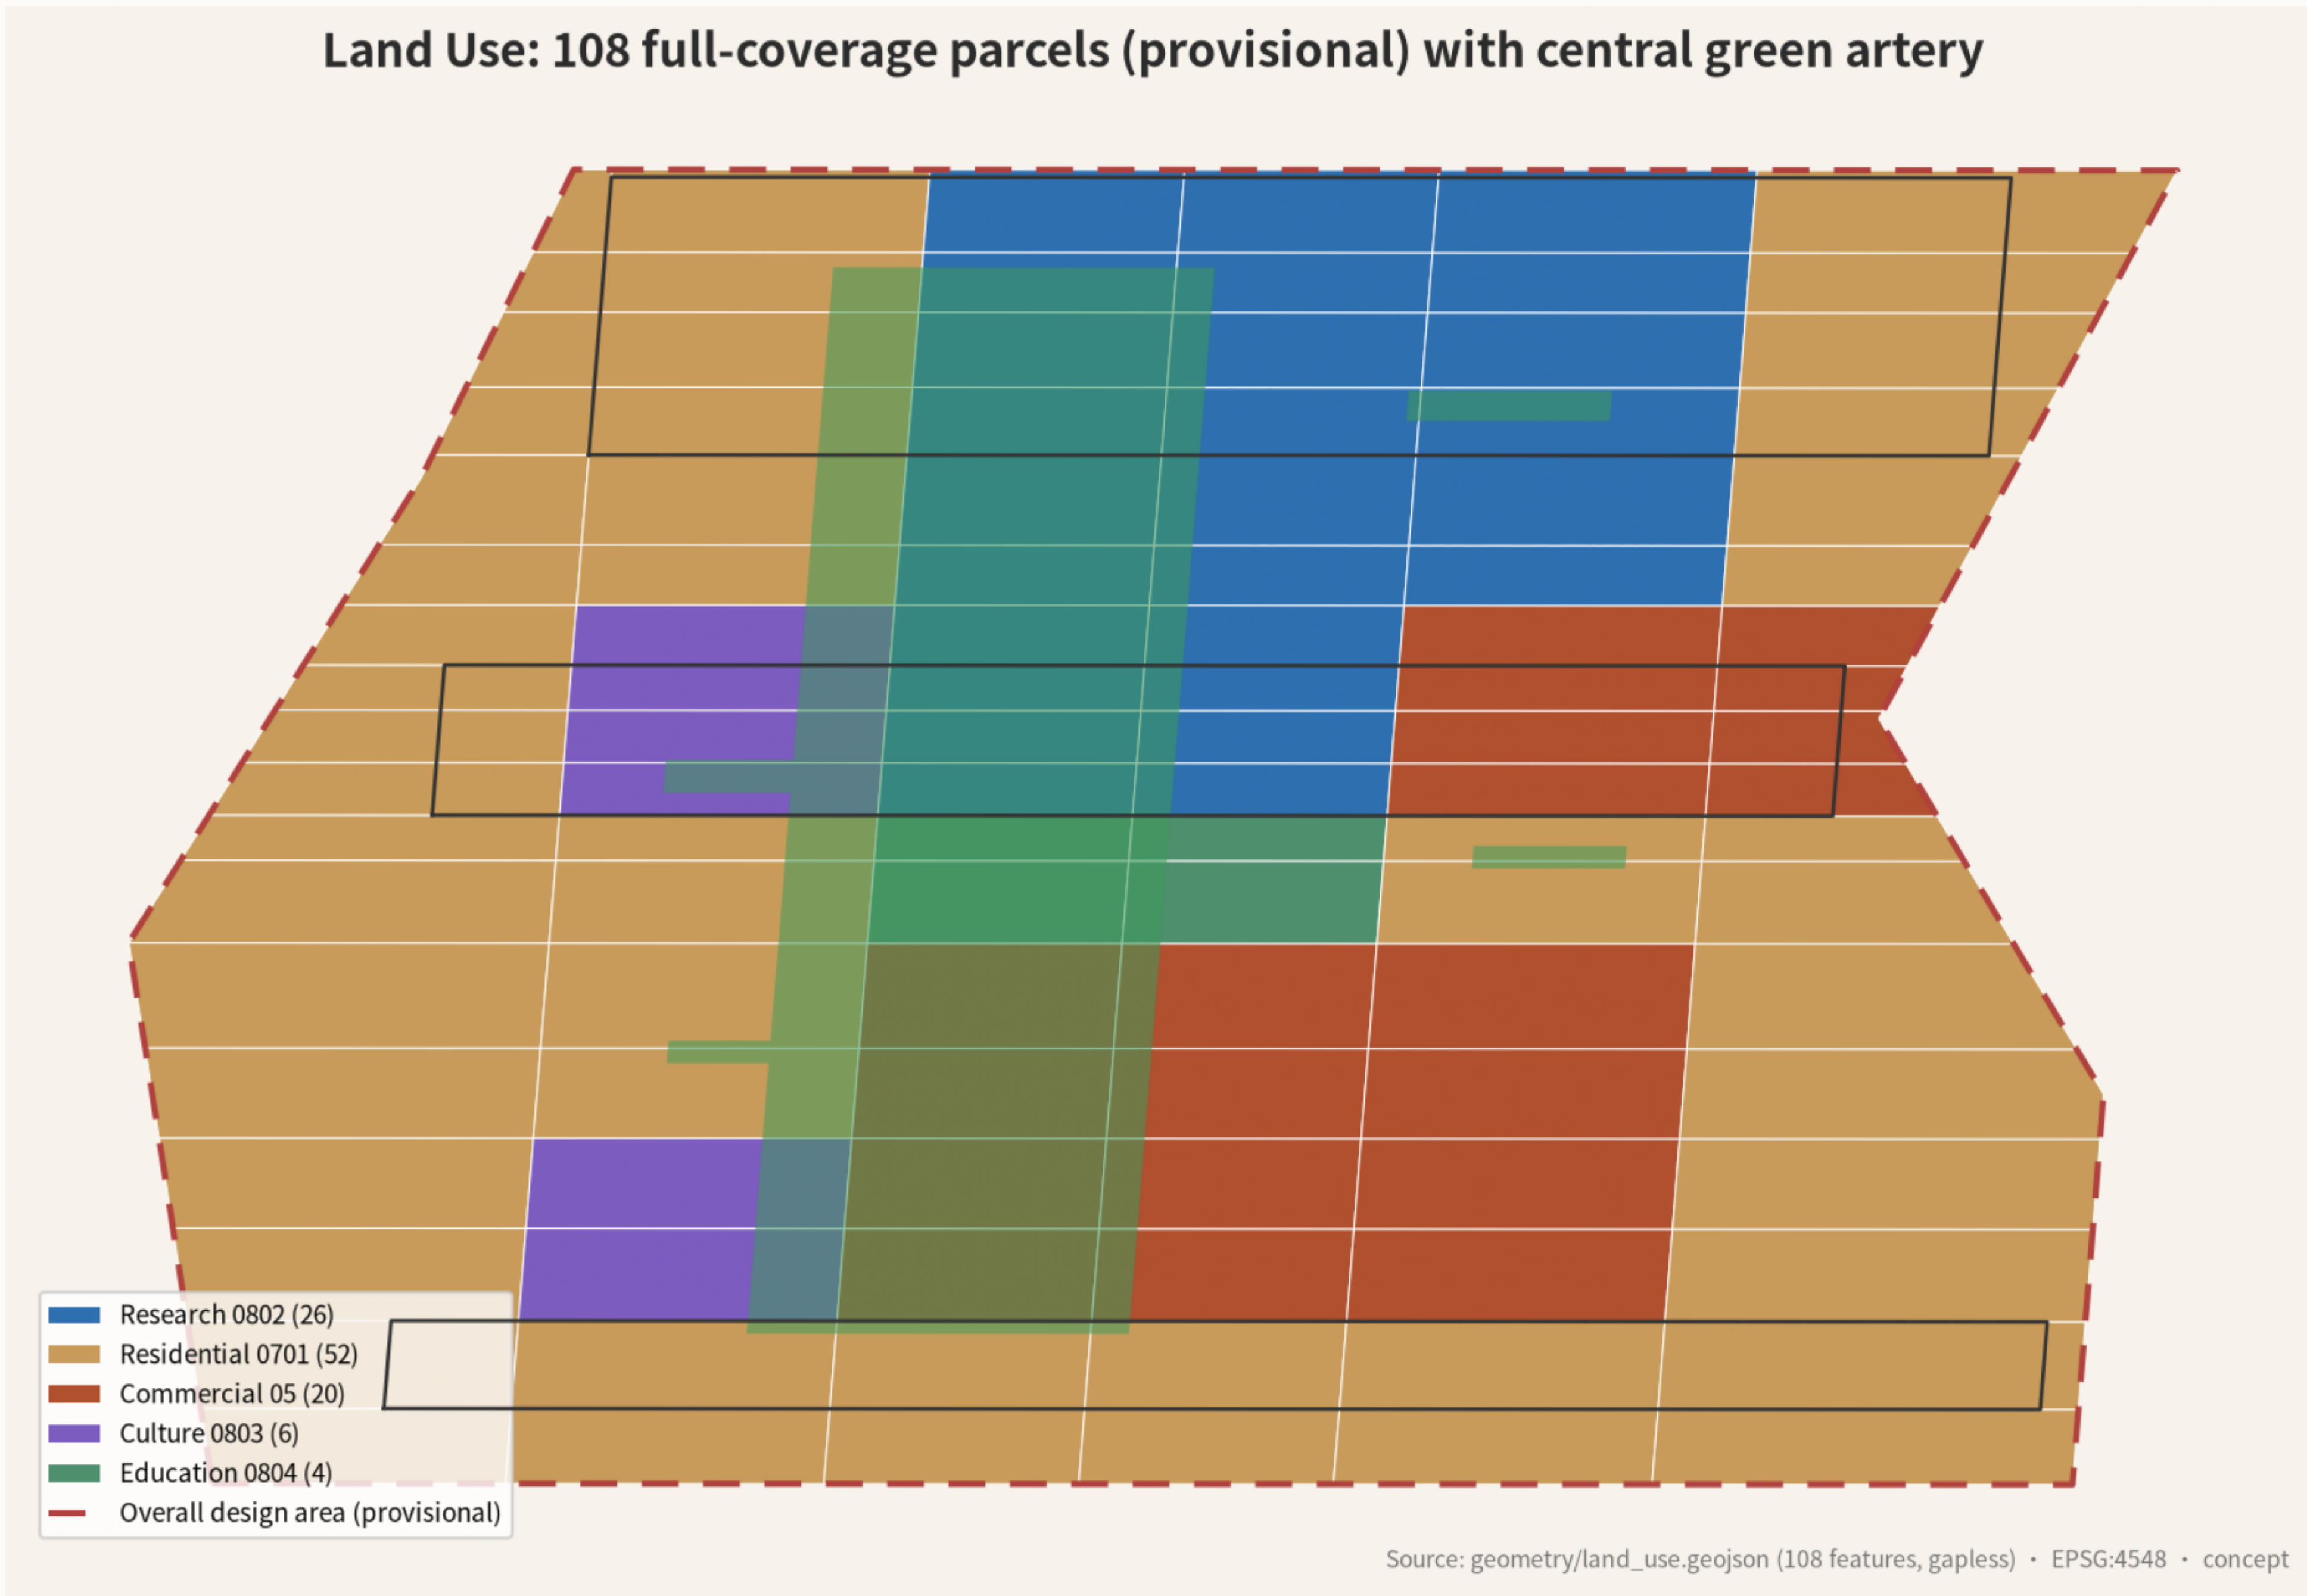

45,702 m

Key areas

192.9 / 104.3 / 72.0 ha

FAR / height

pending unknown

JZDA — Board B: Three Key Areas

Zhongzhiyuan (compute station, 192.9 ha provisional): research core 0802 + talent housing 0701 + education 0804; full-stack test line; Compute Plaza honor display. AI Origin Community (model station, 104.3 ha provisional): model ecosystem 0802 center, commercial 05 east, culture 0803 west; open-source release and developer market; 5-minute interaction circle. Dazhongsi (scenario station, 72.0 ha provisional): commercial 05 main; smart retail and low-speed delivery pilot

FAR / height

pending unknown

Three Key Areas Detailed Design (provisional PROV-KEY-001/002/003 • recalc after official redline)

Zhongzhiyuan • Compute Station (192.9 ha)

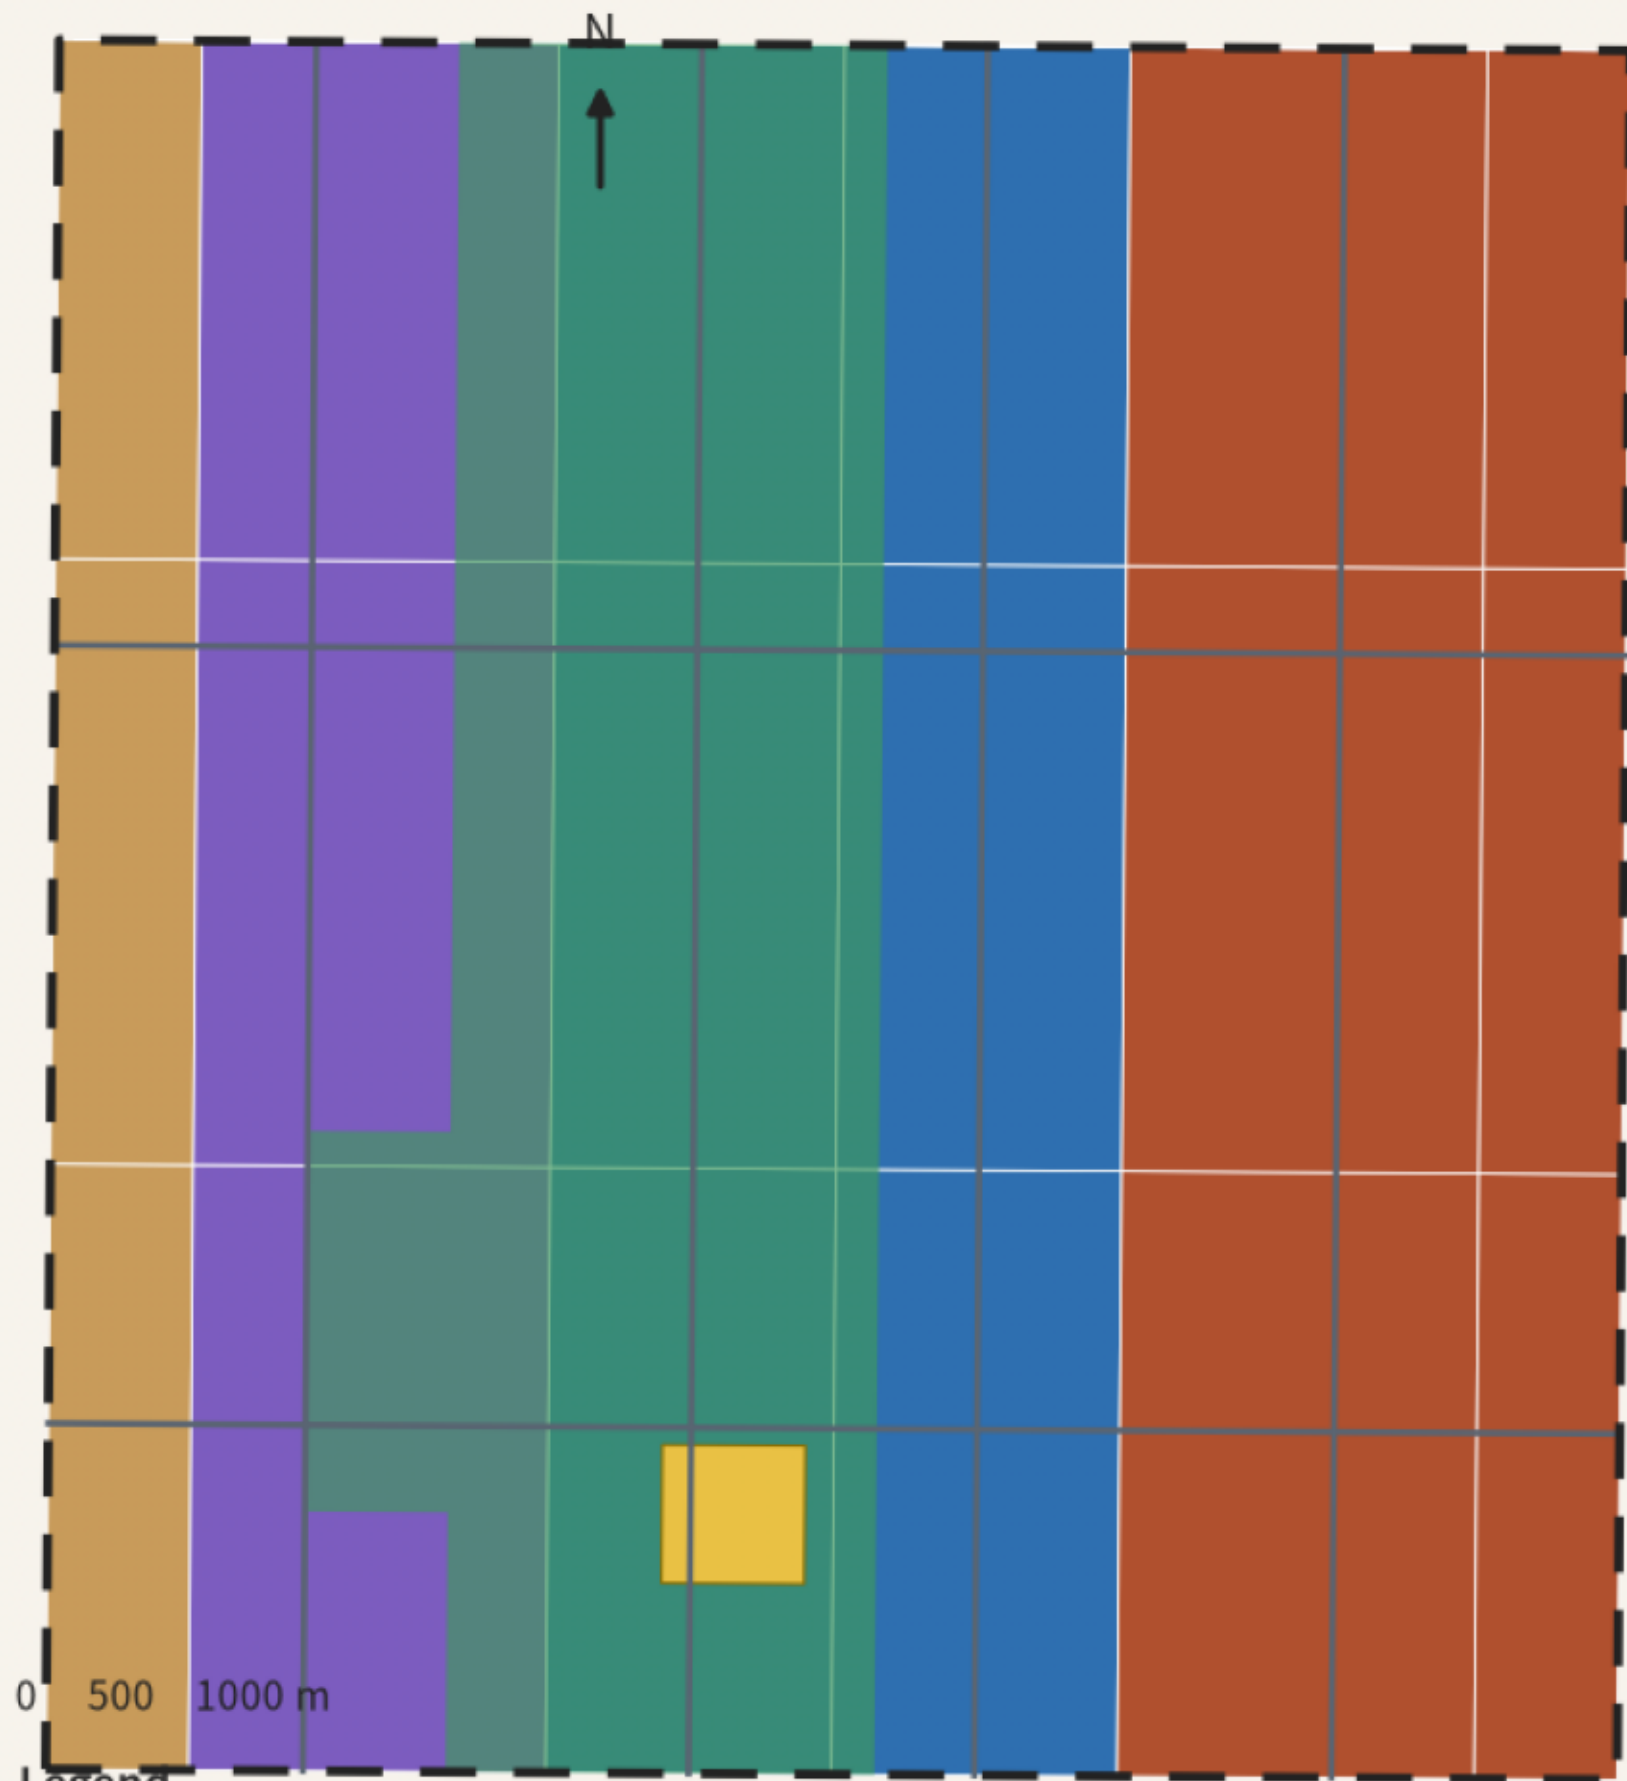

Legend

- Research 0802
- Commercial 05
- Residential 0701
- Culture 0803
- Green 1401

AI Full-Stack Autonomous Innovation

- Research core 0802 | Talent housing 0701 | Education 0804
- Compute Plaza (full-stack honor display)
- Full-stack test line • compute visualization • dev residency

AI Origin Community • Model Station (104.3 ha)

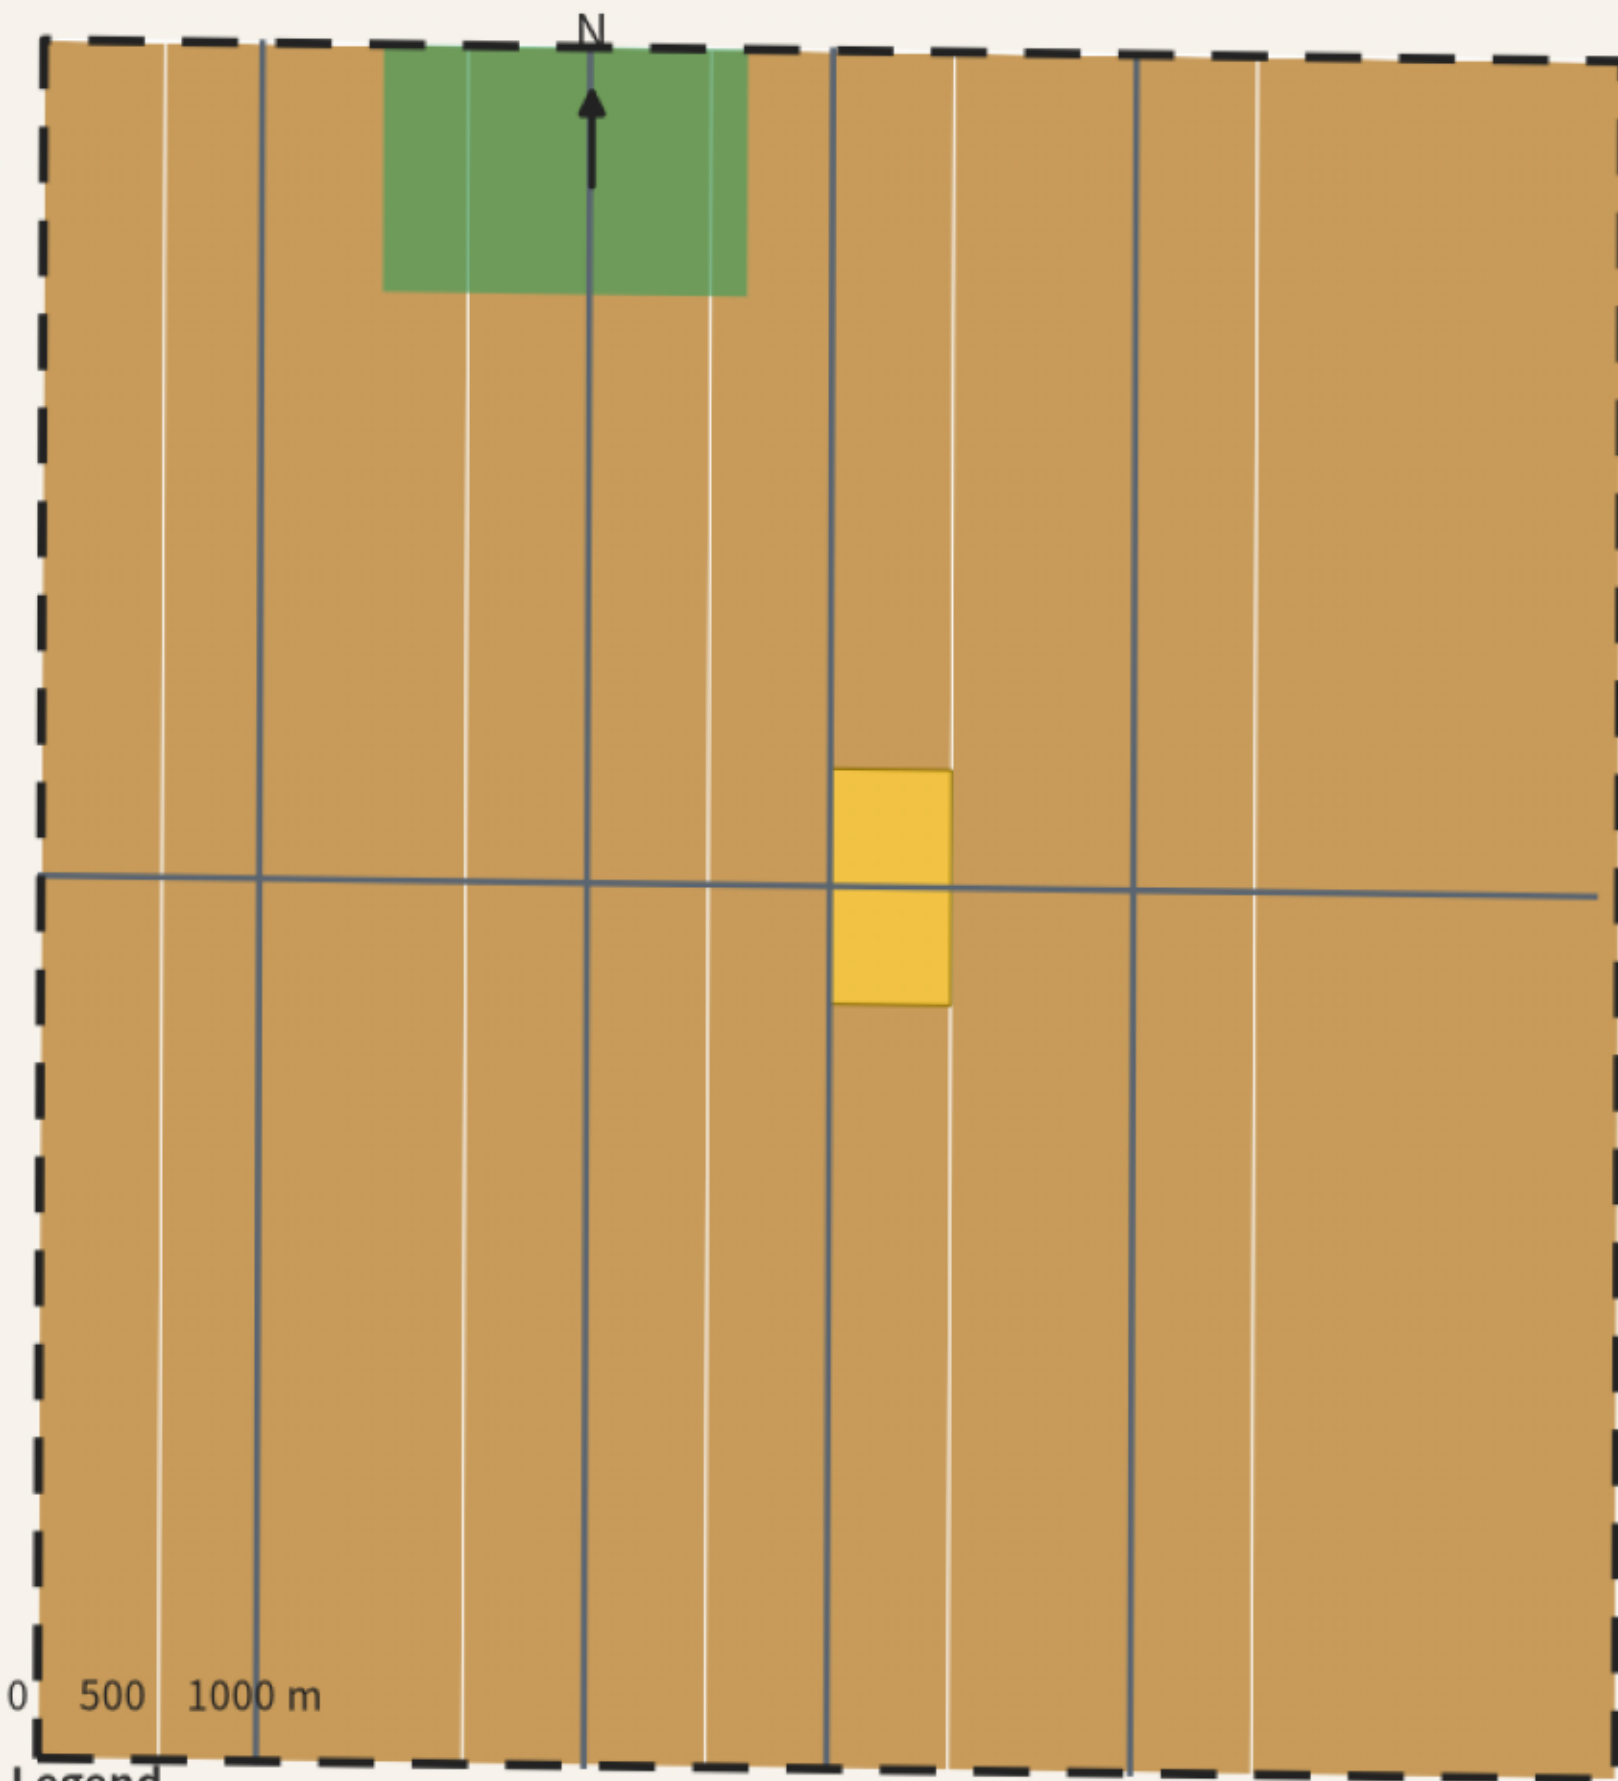

Legend

- Research 0802
- Commercial 05
- Residential 0701
- Culture 0803
- Green 1401

World-Class AI Ecosystem + Talent Community

- Model ecosystem 0802 center | Commercial 05 east | Culture 0803 west
- Origin Plaza (open-source release / dev market)
- Open evaluation field • AI culture guide • health navigation

Dazhongsi • Scenario Station (72.0 ha)

Legend

- Research 0802
- Commercial 05
- Residential 0701
- Culture 0803
- Green 1401

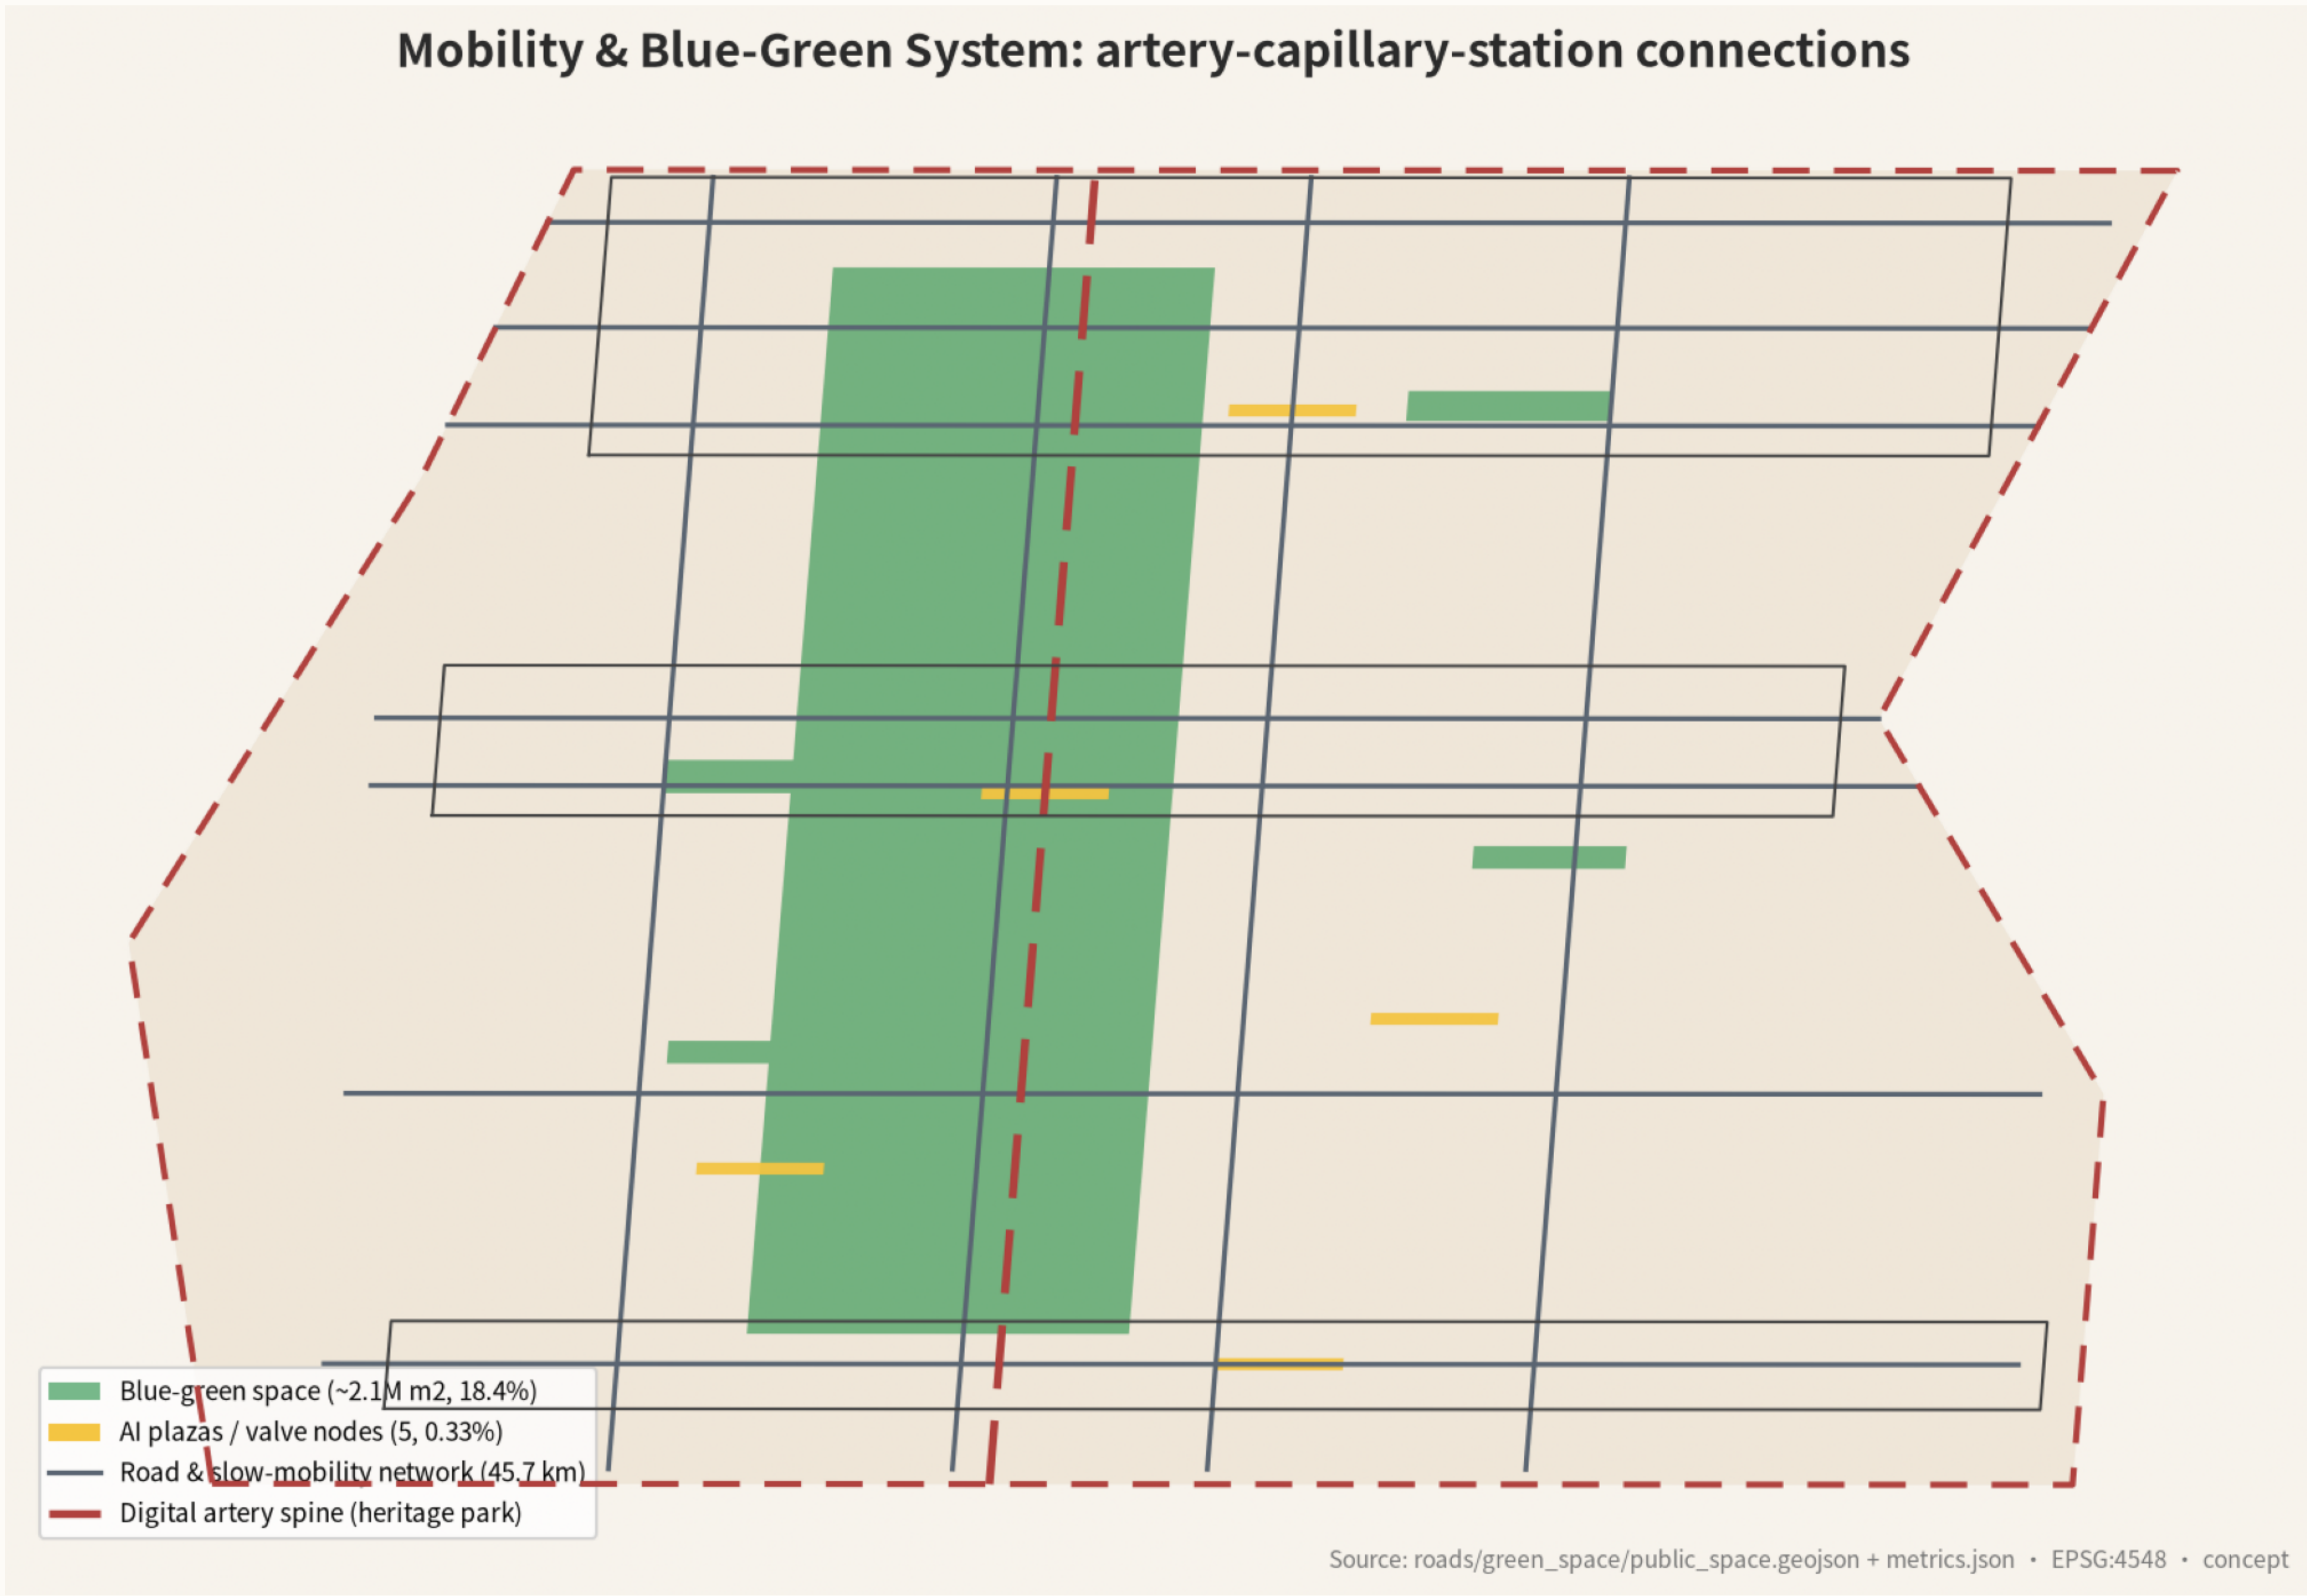

AI-Native Business

- Commercial 05 main | Culture 0803 support | Scenario Plaza
- Scenario Plaza (AI-native experience / night vitality)
- Smart retail • low-speed delivery pilot • AI exhibitions

JZDA — Board C: AI Ecosystem, Scenarios & Operations

Five personas (founders, engineers, developers, residents, international visitors); 12 AI scenario cards, 3 industry test/validation (full-stack test line, open evaluation field, low-speed delivery pilot); Three Temples and One Living Room landmarks; Artery Protocol pairs every deployment with equal public return; annual events: JZDA Developer Conference, Open-Source Release Day, Pilgrimage Check-in Season.

pending unknown

Core Metrics Recalculated (EPSG:4548, units separated)

FAR/height unknown pending statutory conditions; full recalculation after official polygons.

Source: metrics.json + geometry/*.geojson • all provisional estimates

JZDA — Board D: Metrics, Evidence & Compliance

Announcement tasks 1.3/1.4/1.5 and agent.1-6 covered in the compliance matrix; 8 standards in the standard matrix; 15 design-depth items complete. All geometry provisional (official_boundary=false); full recalculation after official polygons; FAR/height pending statutory conditions.
