

From Autonomous Railway to Autonomous Intelligence

Translate a century of railway self-reliance into a walkable, testable and reversible public innovation corridor.

L-B01-01,L-B01-02 | Area figures are official text facts; boundaries are provisional and buildings/spatial actions are concept design pending survey, statutory and multidisciplinary review.

| Area figures are official text facts; boundaries are provisional and buildings/spatial actions are concept design pending survey, statutory and multidisciplinary review.

A1 Heritage retention and reuse

OSM-WAY-1017364639 • PS-01

A2 Continuous public walk-cycle spine

PS-01 • RD-01

A3 Open ground-floor interfaces

PS-02 • PS-03 • PS-04 • BLD-01 • BLD-02 • BLD-03 • BLD-04 • BLD-05 • BLD-06 • BLD-07 • BLD-08 • BLD-09 • BLD-10 • BLD-11 • BLD-12 • BLD-13 • BLD-14 • BLD-15 • BLD-16 • BLD-17

Areas are official text facts | bounds provisional | public context registered | buildings/actions/heights conceptual or illustrative | pending survey, statutory and professional review

Urban Renewal and Industry Space

Use public orientation as the base, concept placement as action, and professional handoff as the boundary for verifiable, adjustable and reversible renewal.

Renewal Diagnosis | Public Context + Pending Survey

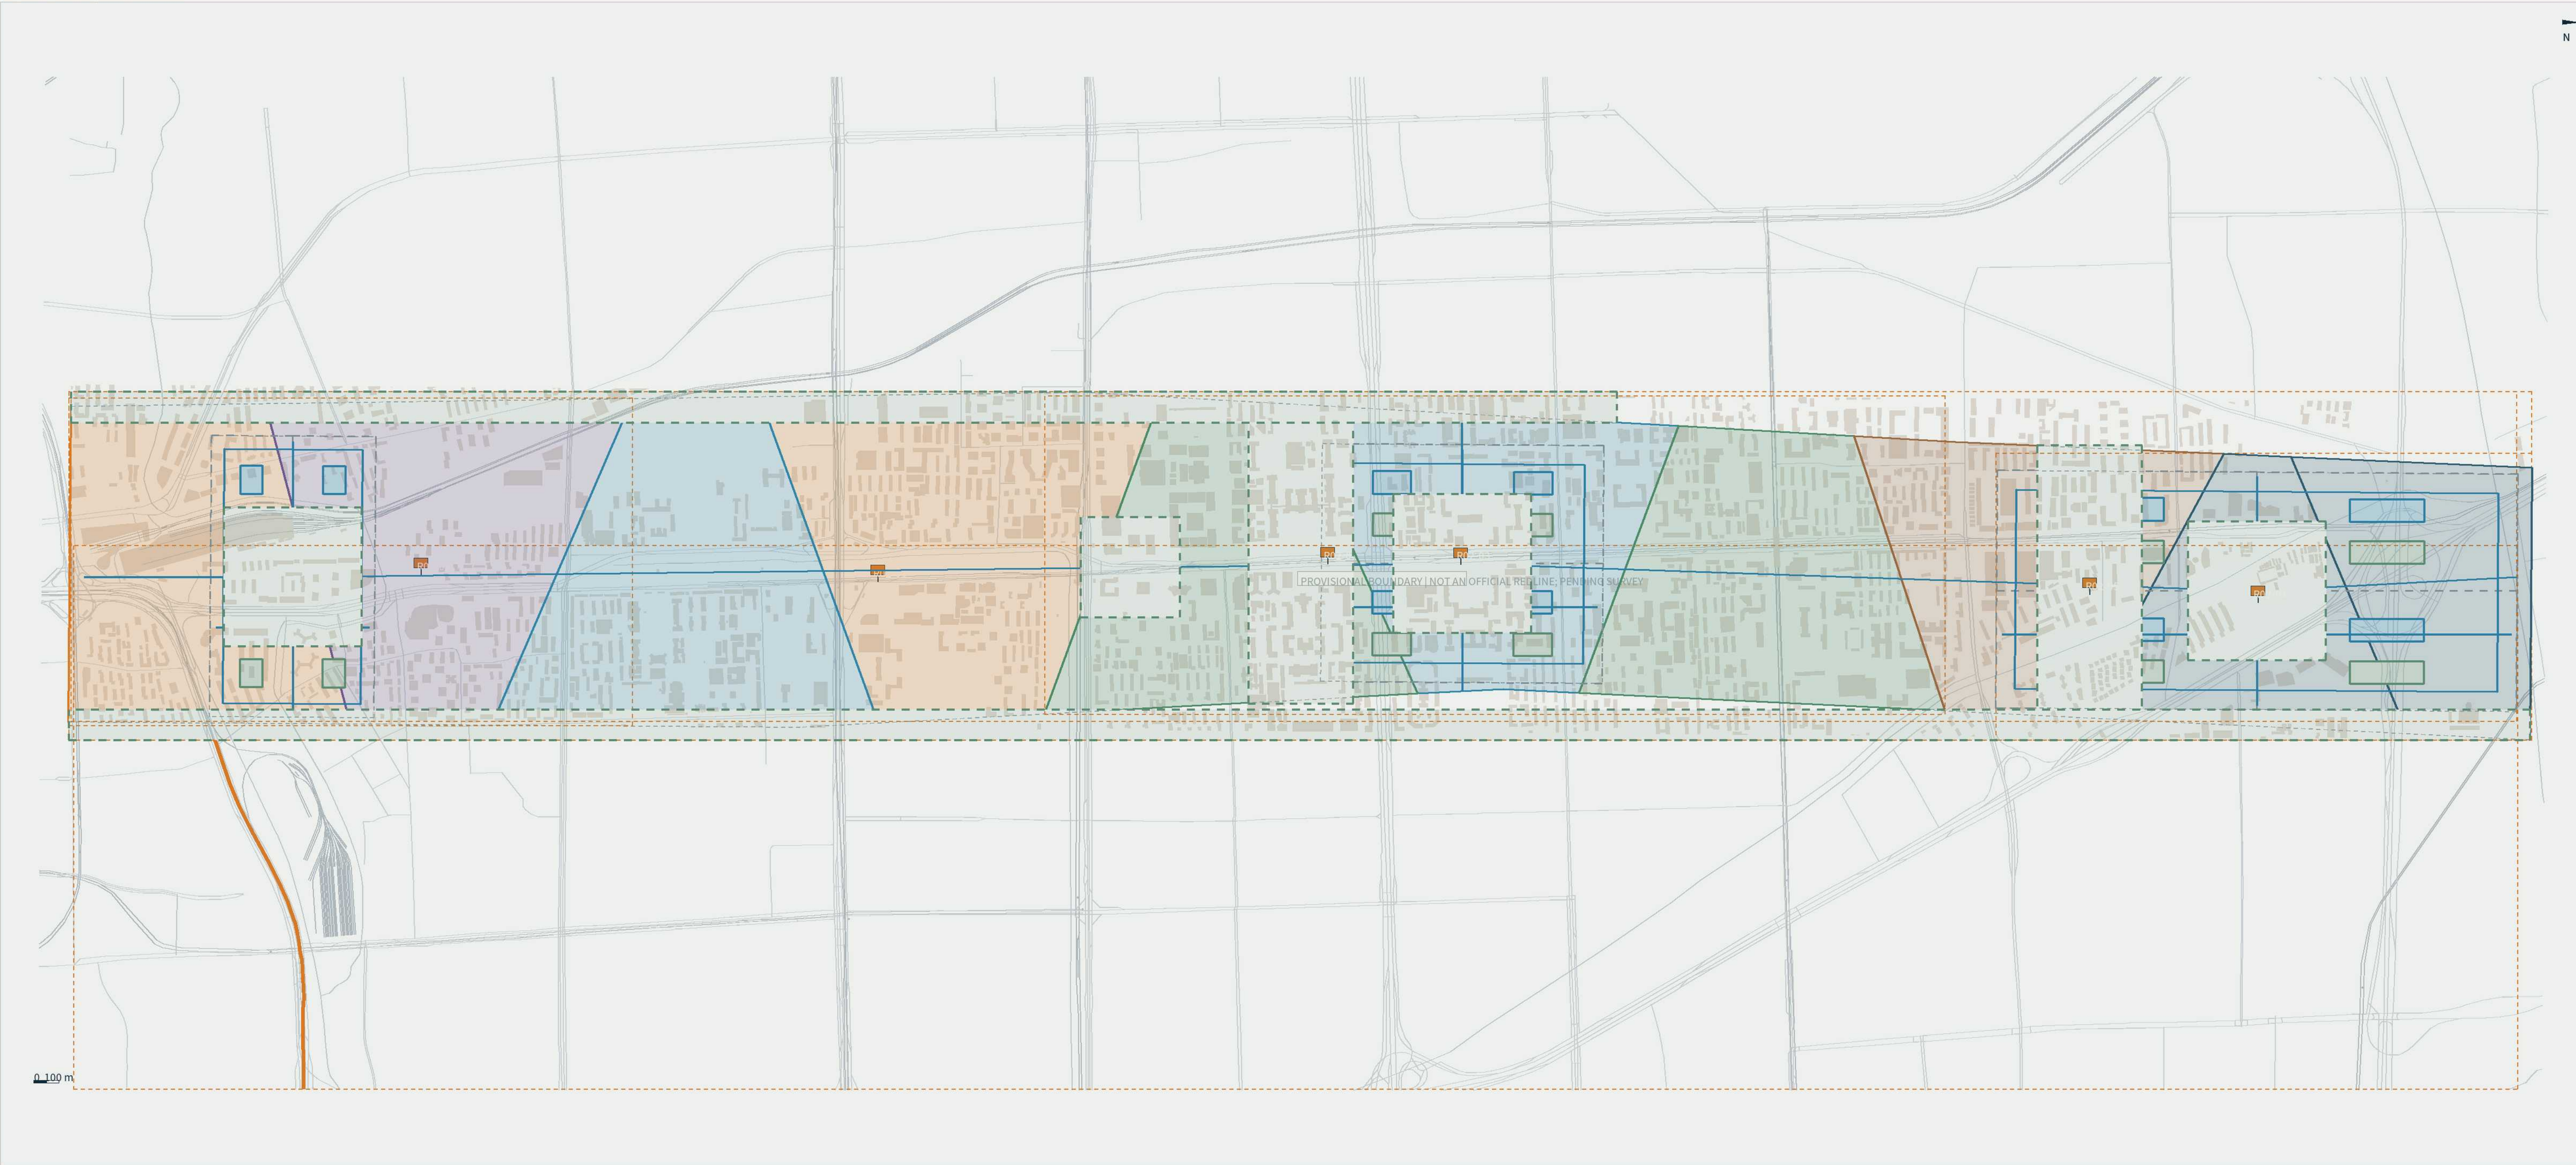

Jingzhang corridor | concept renewal

| Gray is public orientation context; color is participant concept placement; dashed boundaries and all renewal, owner, intensity and delivery relationships remain pending survey.;

Renewal and Functional Layout Plan

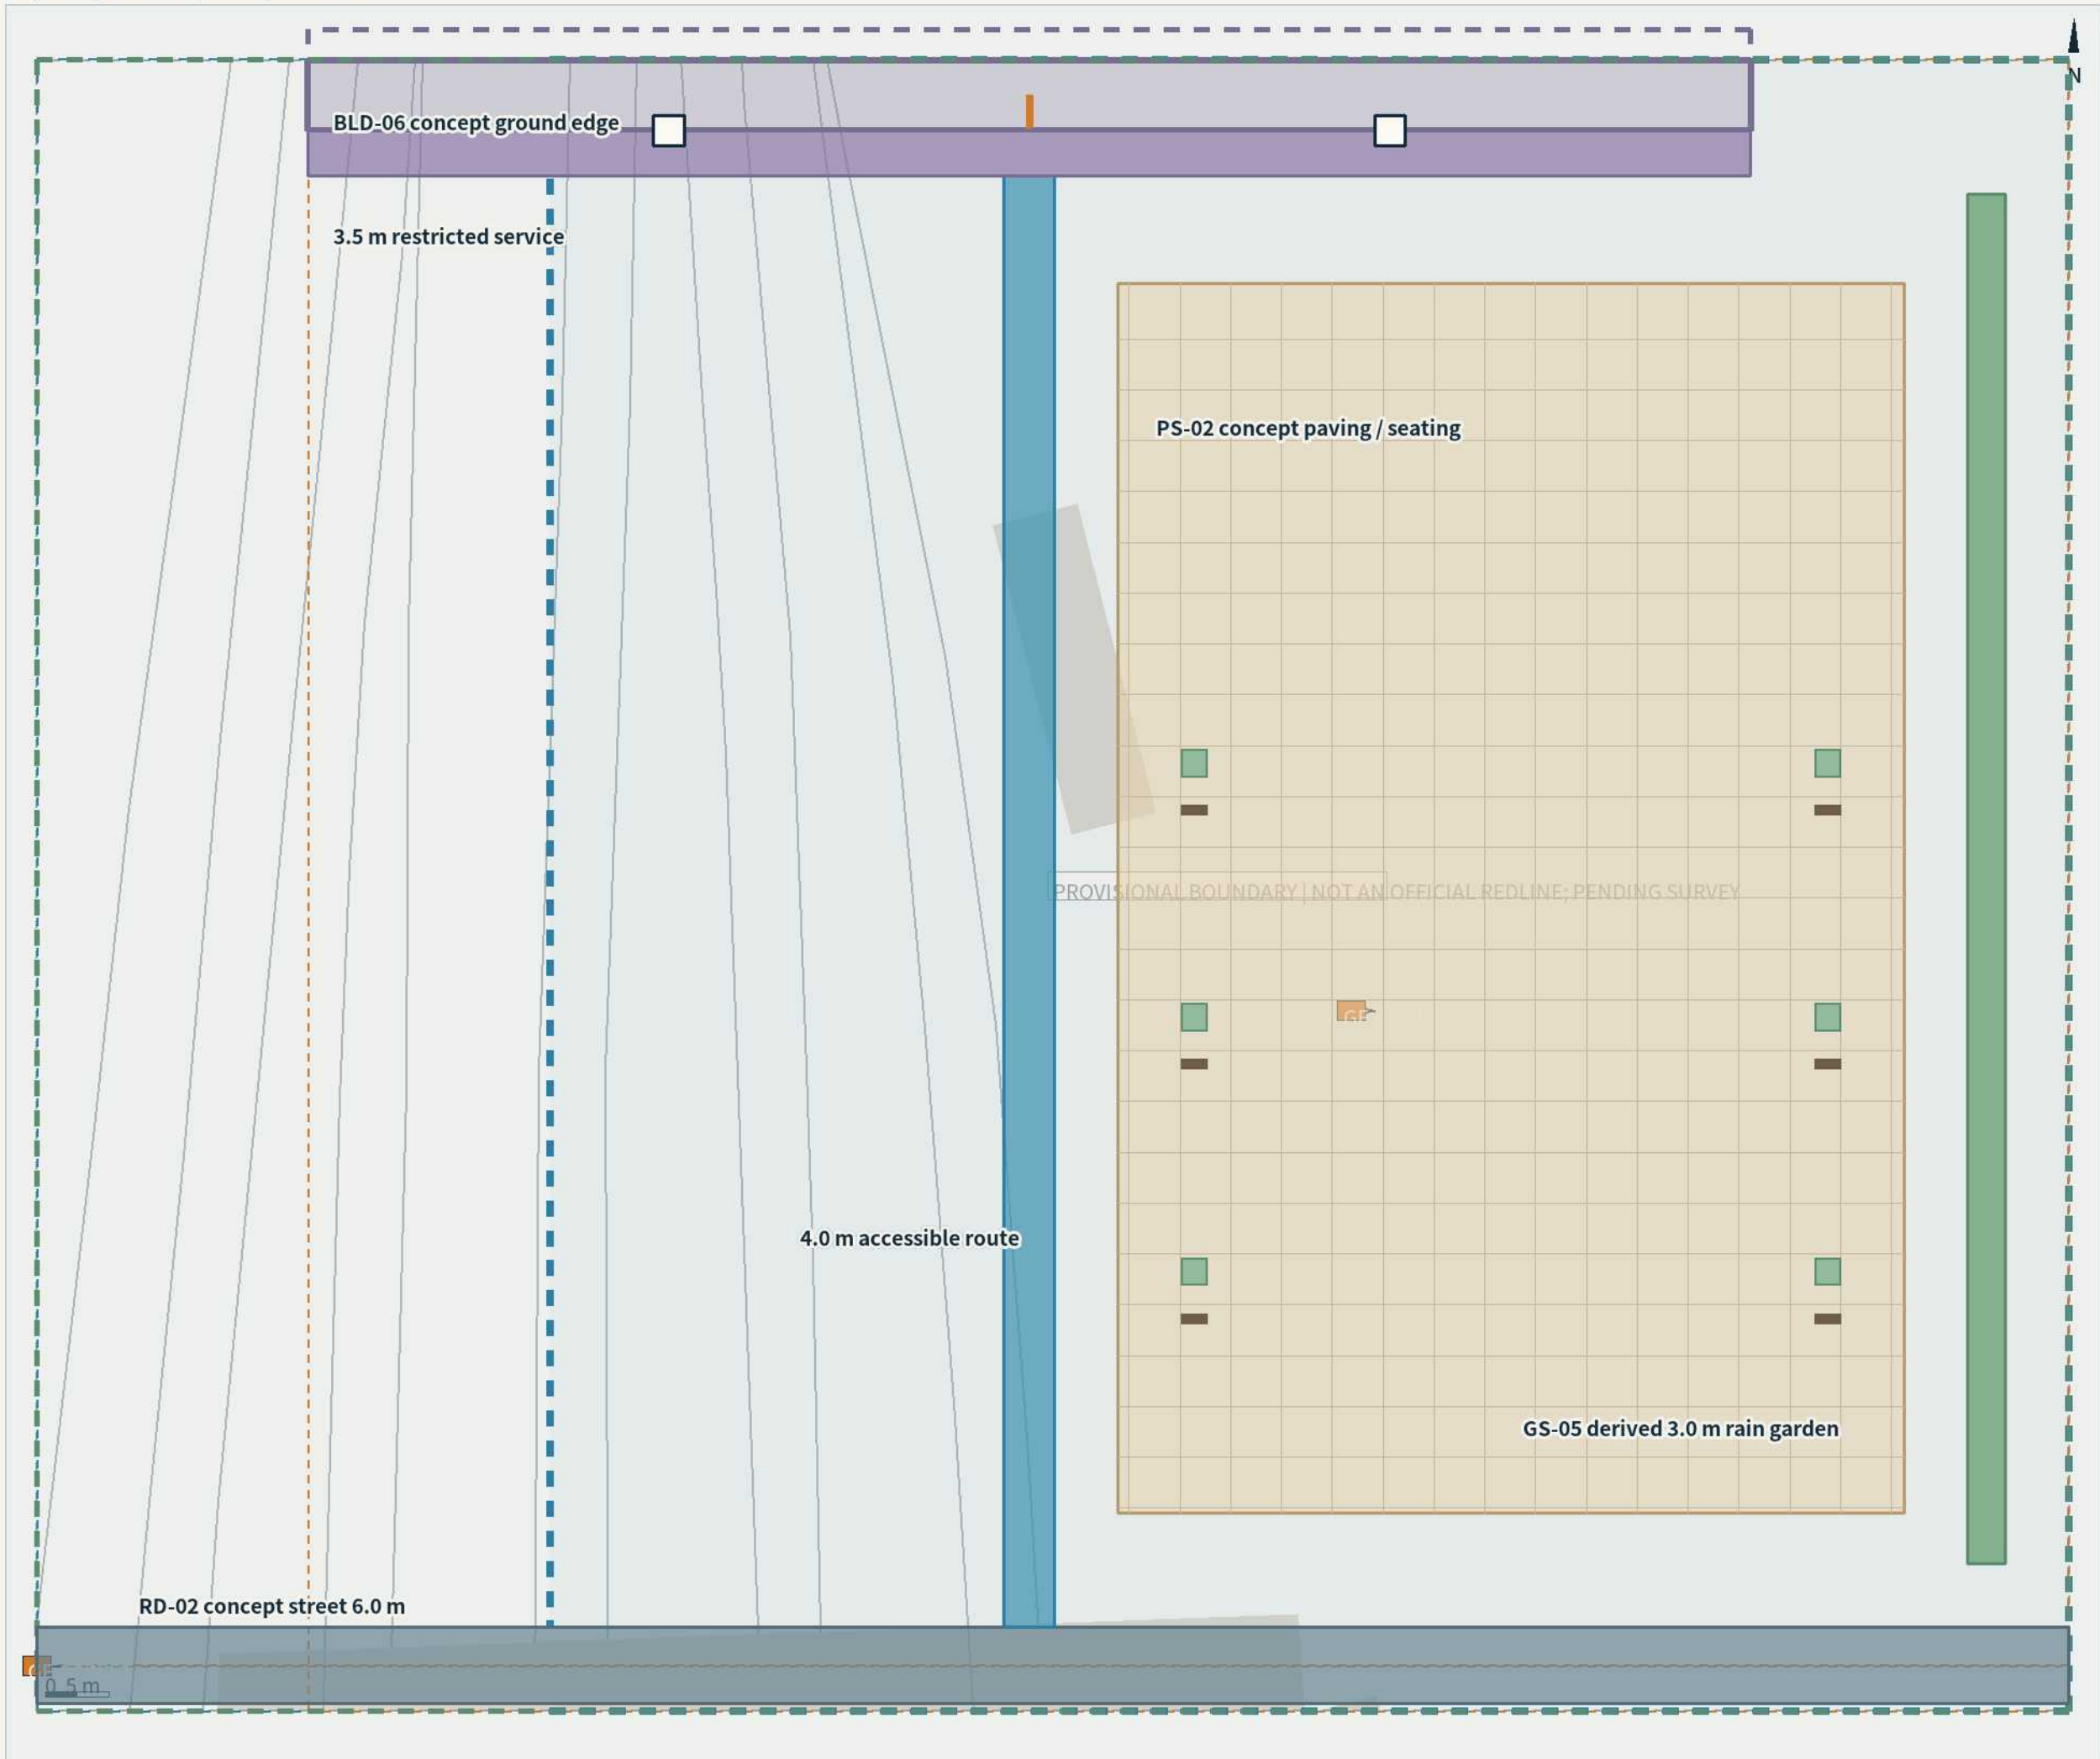

Jingzhang corridor | concept renewal

| Gray is public orientation context; color is participant concept placement; dashed boundaries and all renewal, owner, intensity and delivery relationships remain pending survey, statutory and multidisciplinary confirmation.

Dazhongsi Public Ground Node | 1:500

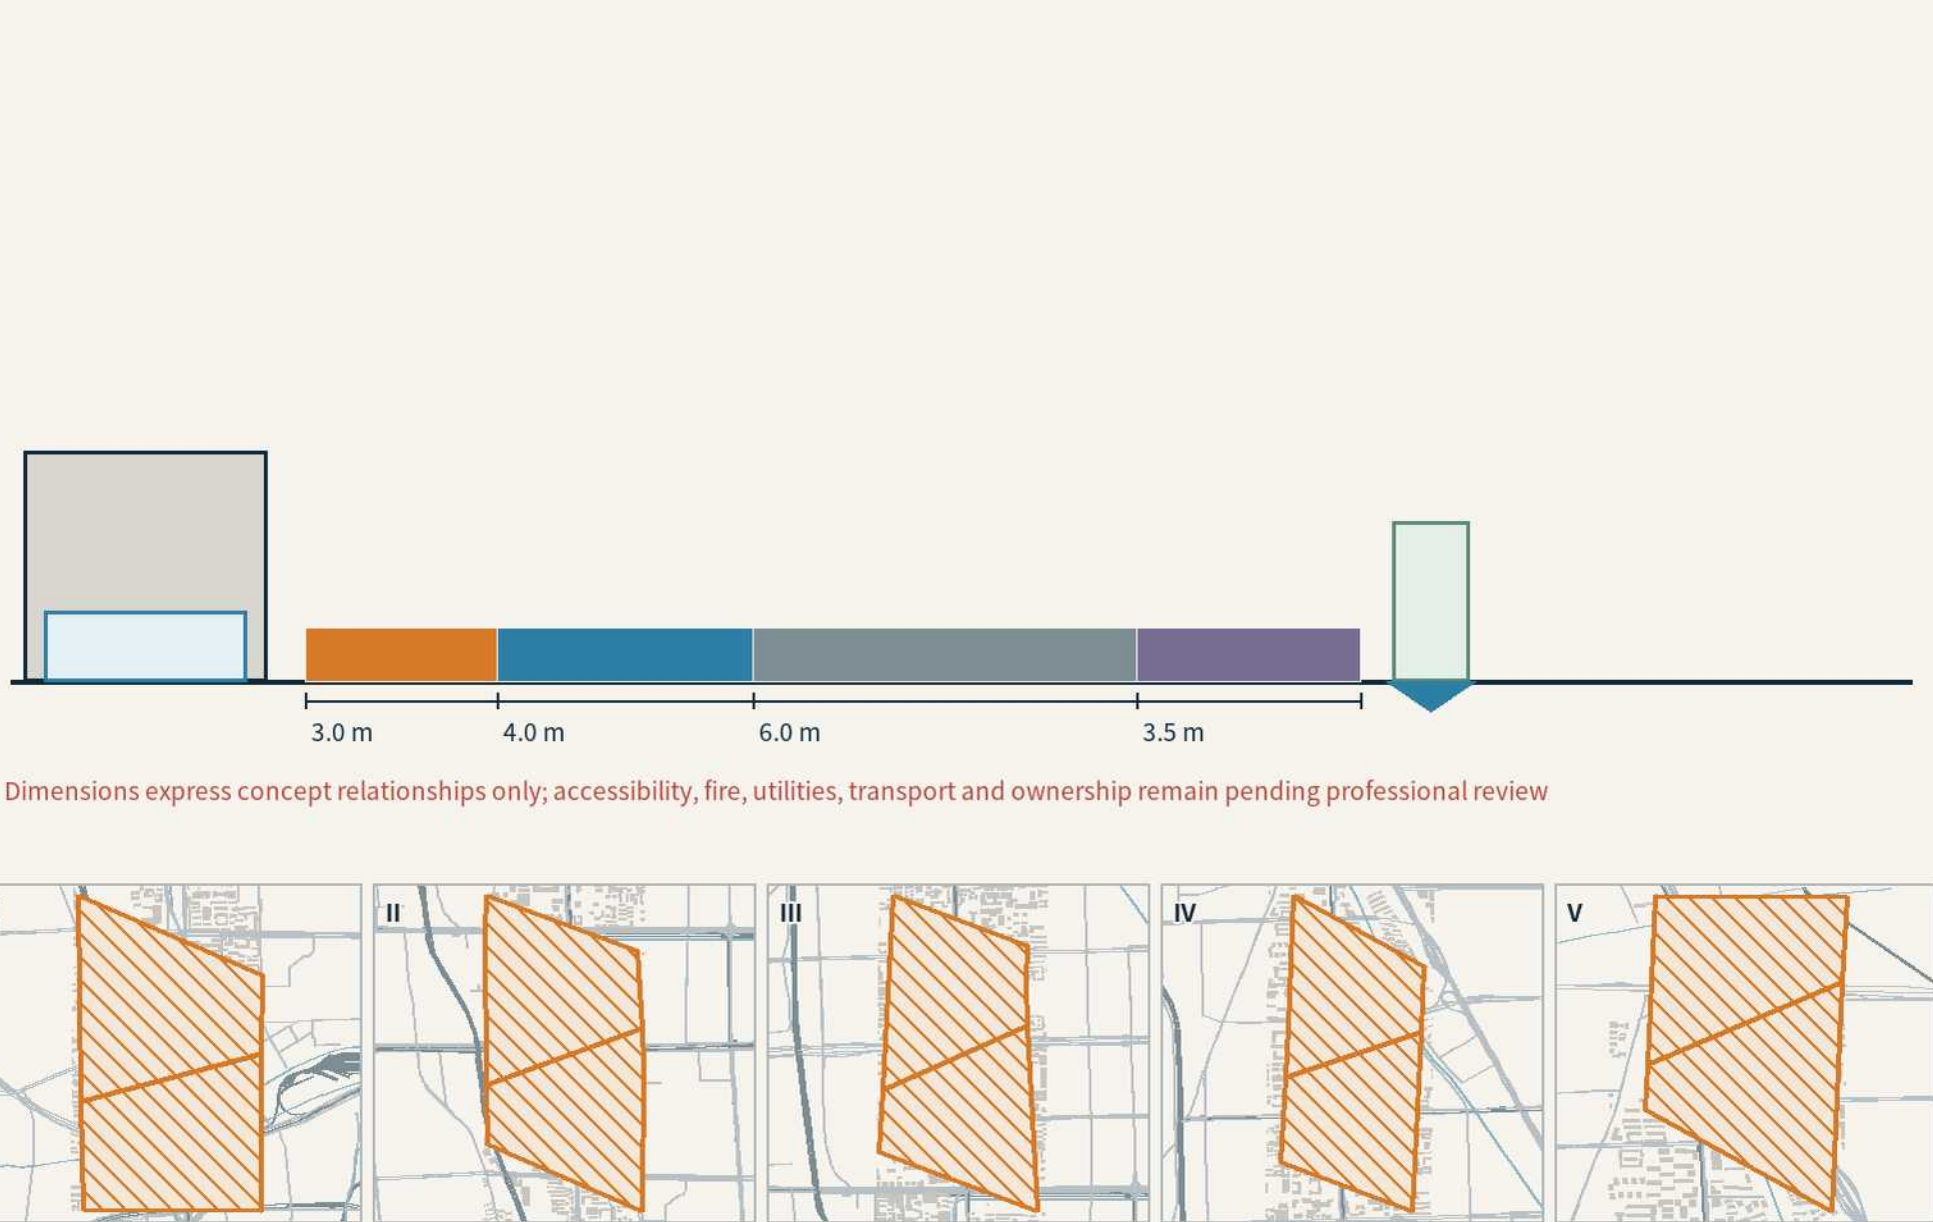

Jingzhang corridor | concept renewal

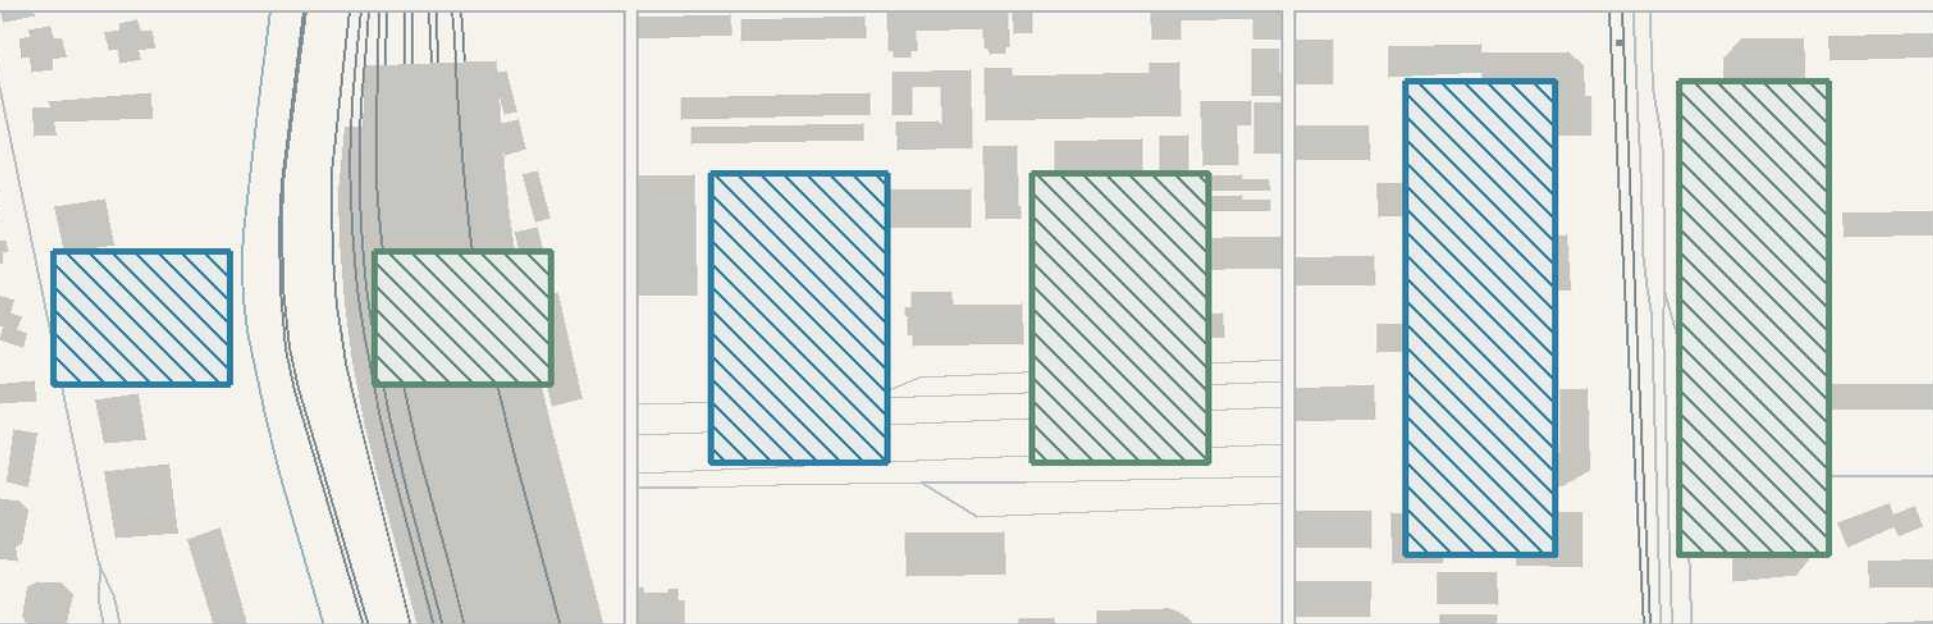

L-B02-01 | Gray is public orientation context; color is participant concept placement; dashed boundaries and all renewal, owner, intensity and delivery relationships remain pending survey, statutory and multidisciplinary confirmation.

Public Ground-Street-Service Interface | Concept Section 1:200

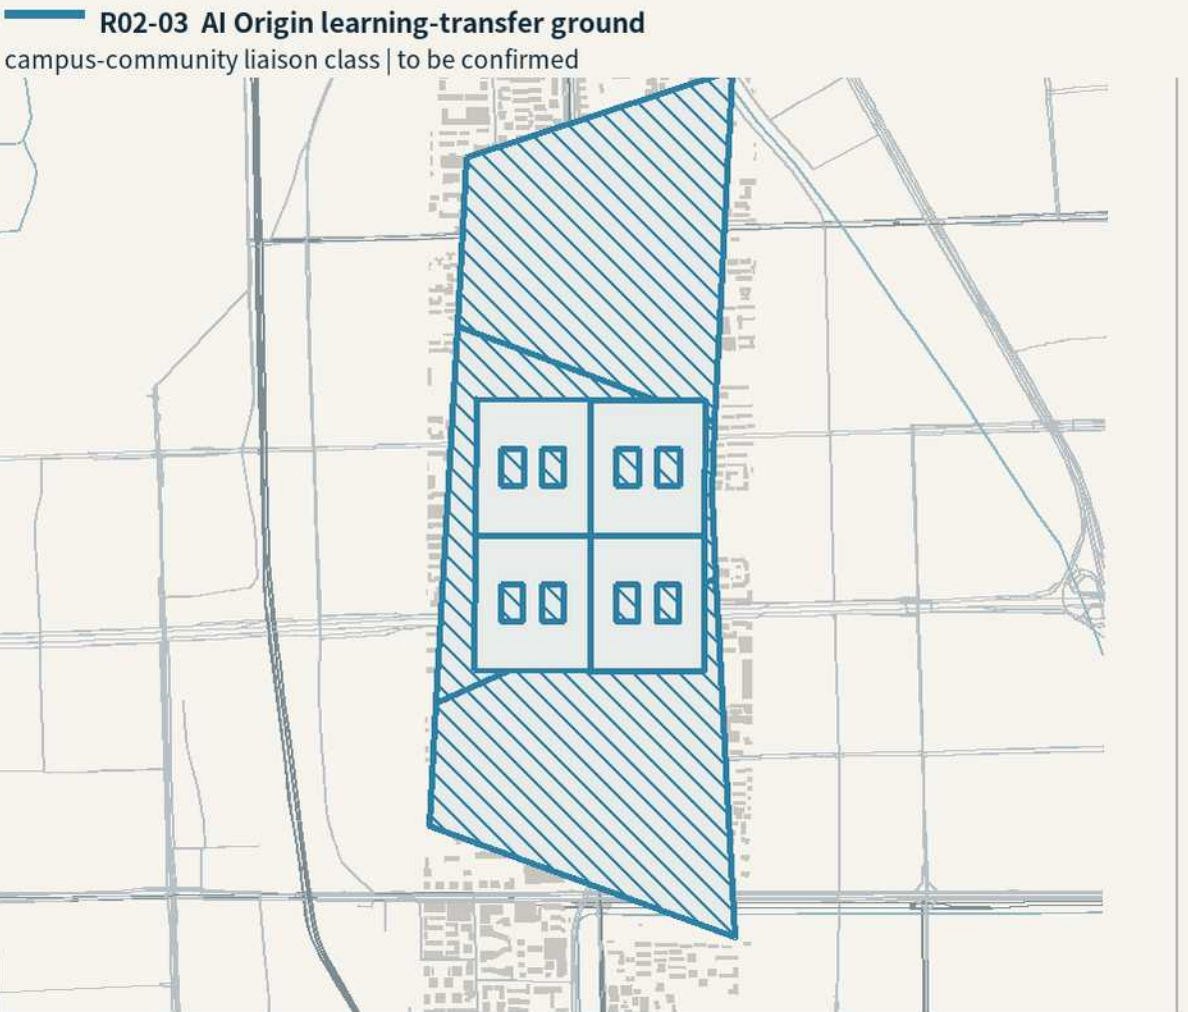

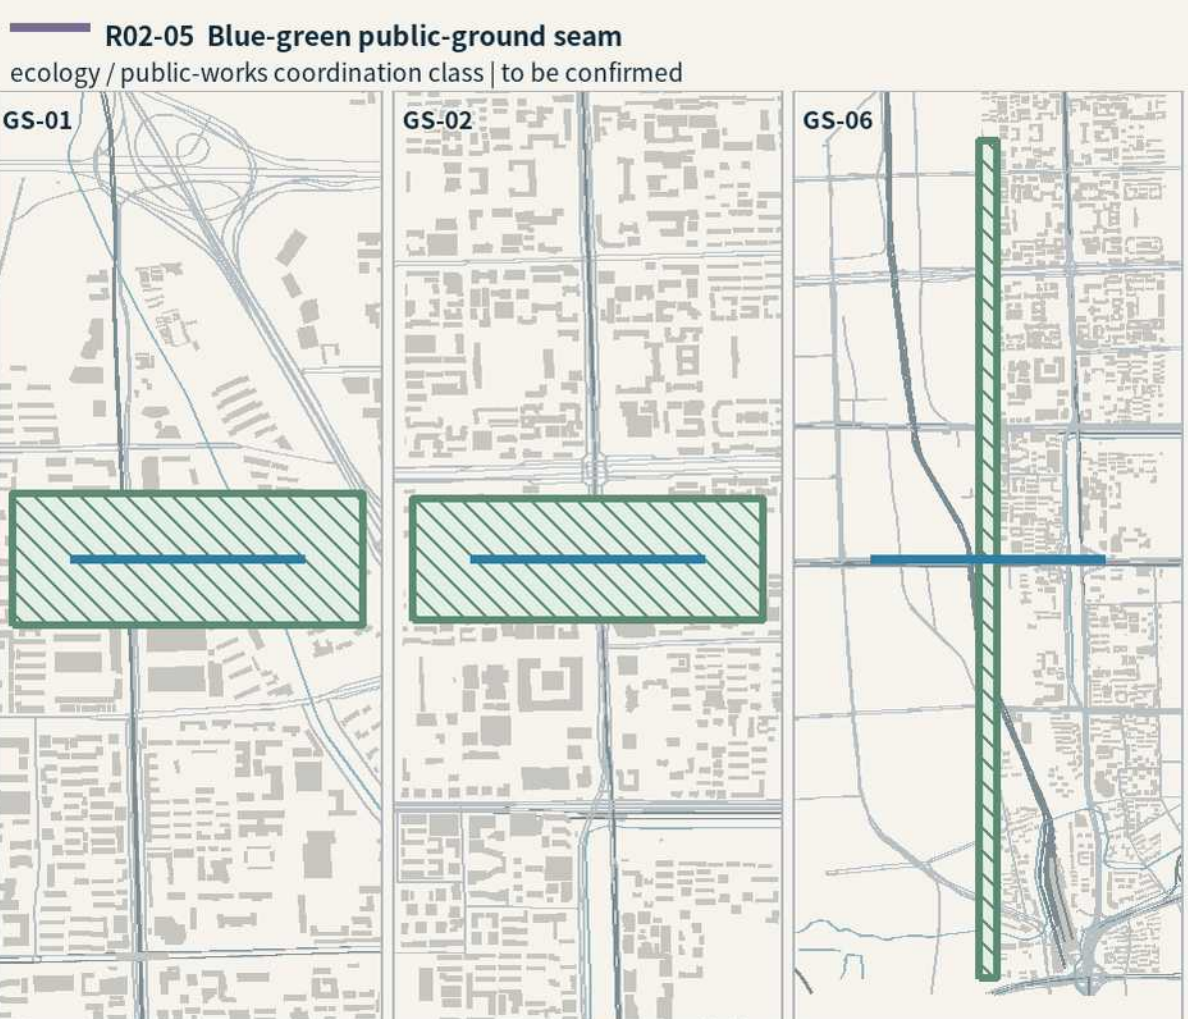

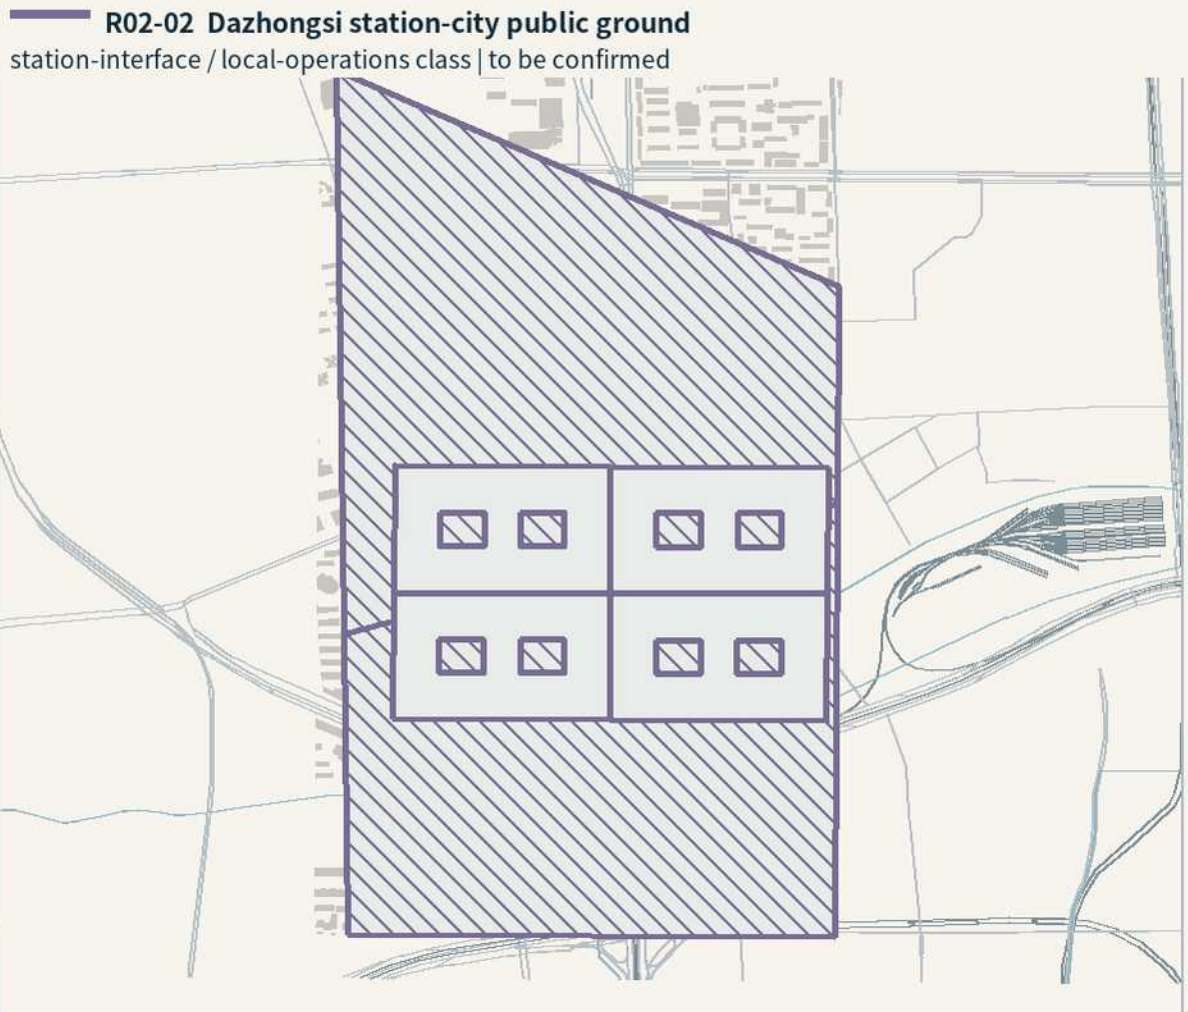

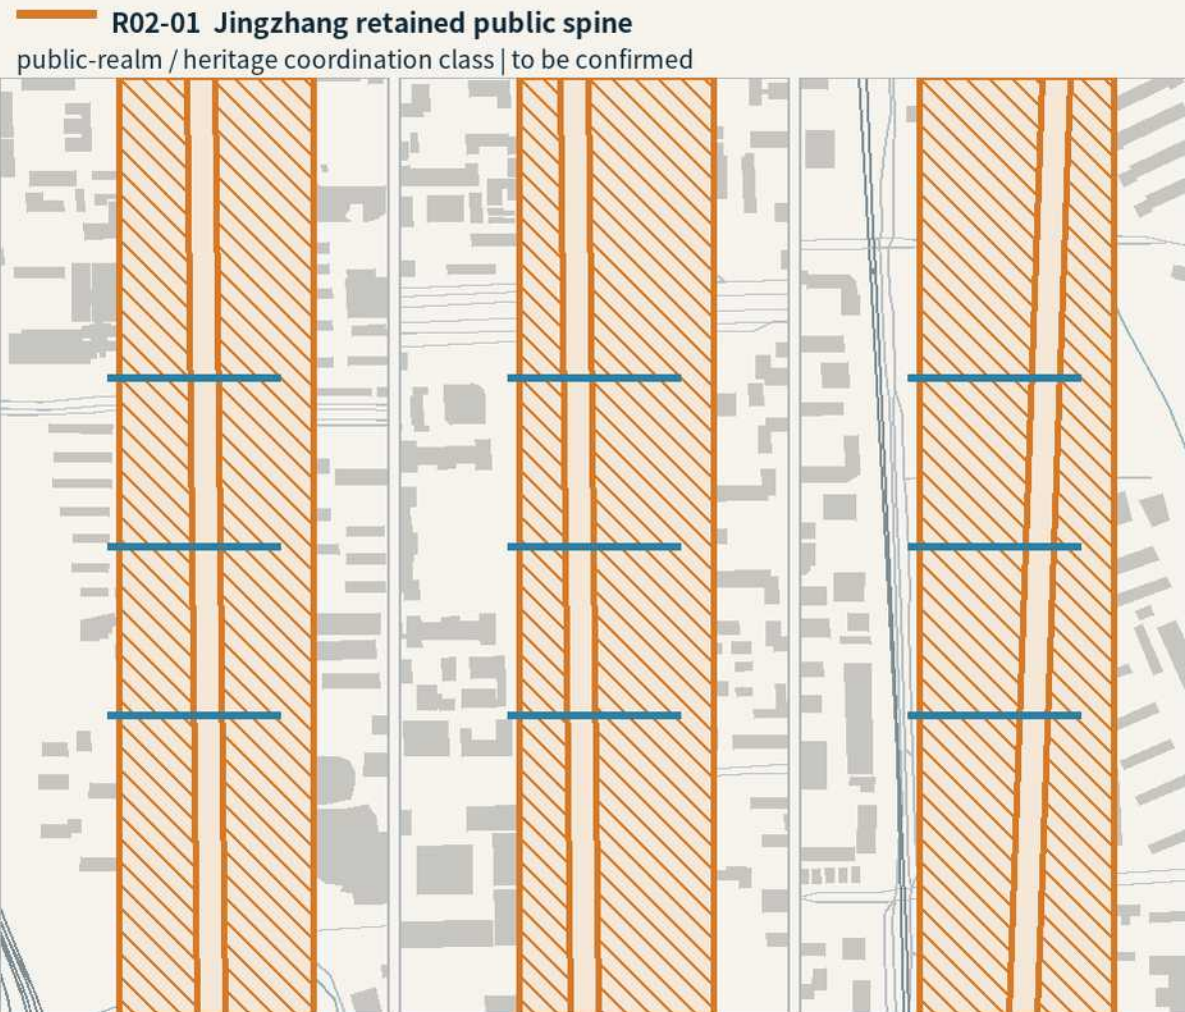

Jingzhang corridor | concept renewal

Massing + Ground Character | Concept Footprints Only

Professional confirmation pending: existing condition, ownership, heritage, statutory controls, capacity, investment and review. All renewal classes and projects are concept locations, adjustable and reversible.

Heritage Park, Slow Mobility and Blue-Green Lifeline

Six interface repairs connect railway memory, inclusive travel and blue-green public space

01 Heritage / mobility / blue-green network | 1:12,500
Concept scale | public context; repairs pending

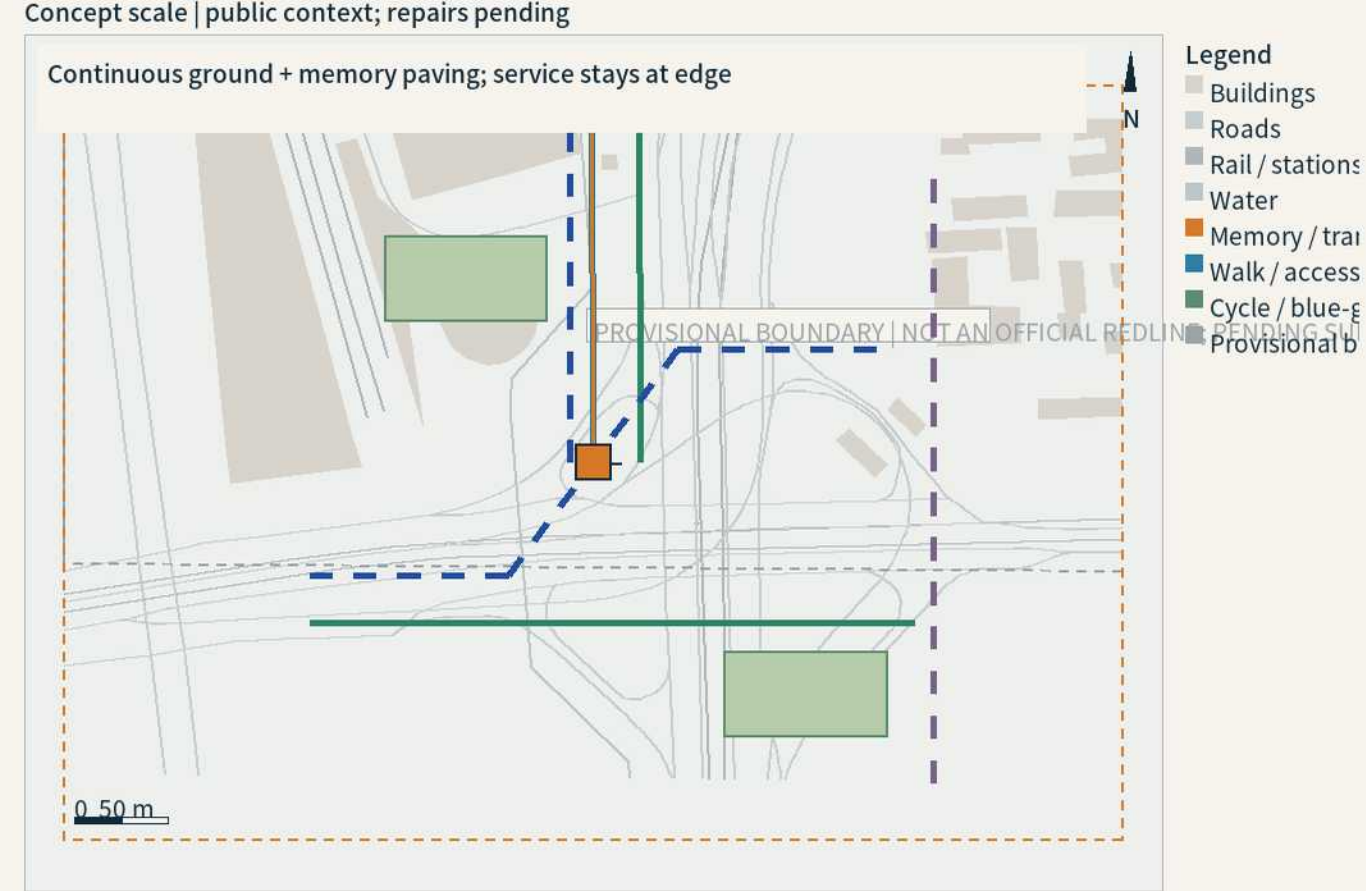

L-B03-01 | Concept alignments / widths | pending survey

02 Continuity / audit interfaces
Concept scale | public context; repairs pending

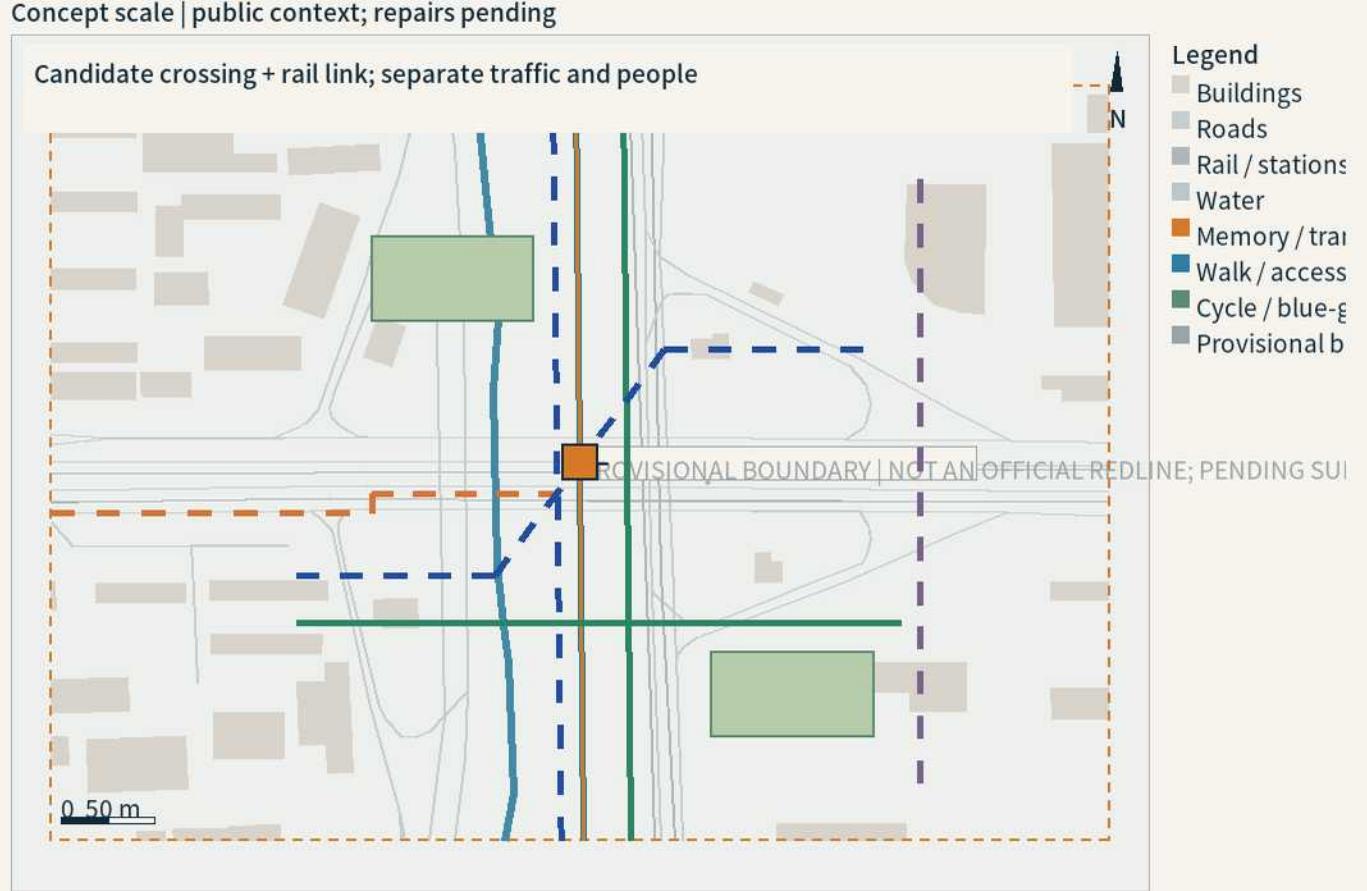

| Concept alignments / widths | pending survey

01 South gateway

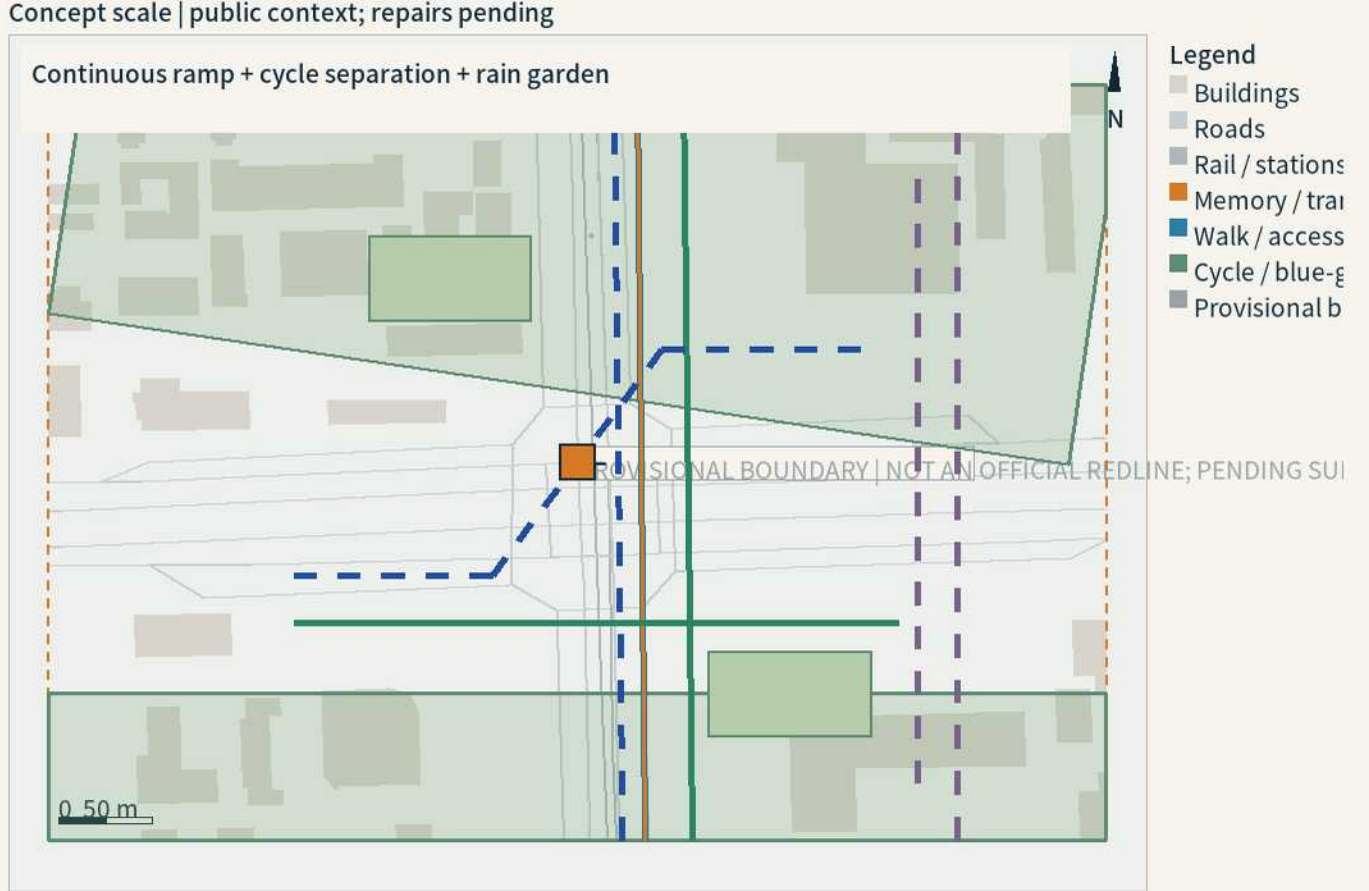

| Concept alignments / widths | pending survey

02 Third-ring interface

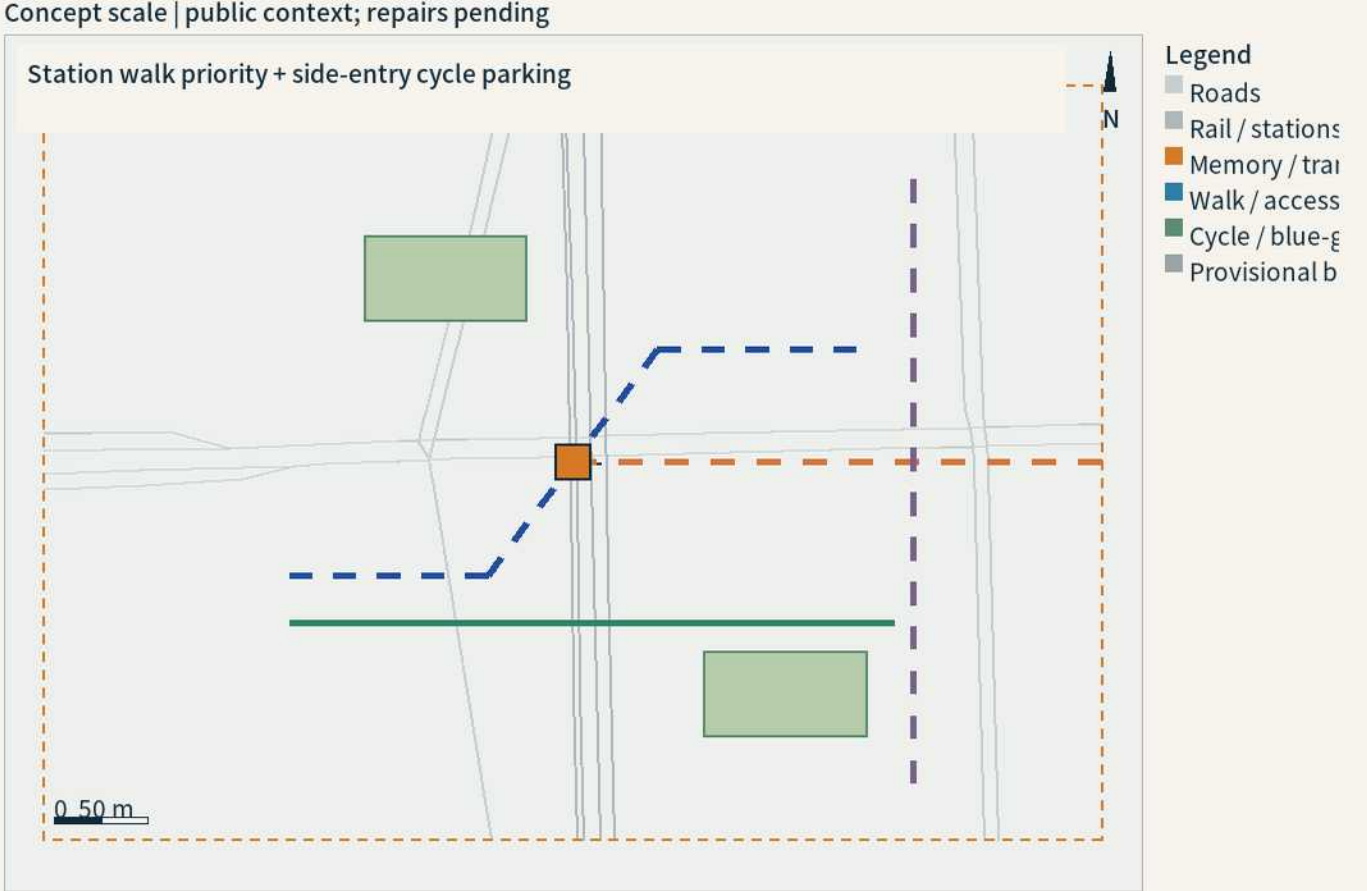

| Concept alignments / widths | pending survey

03 Fourth-ring interface

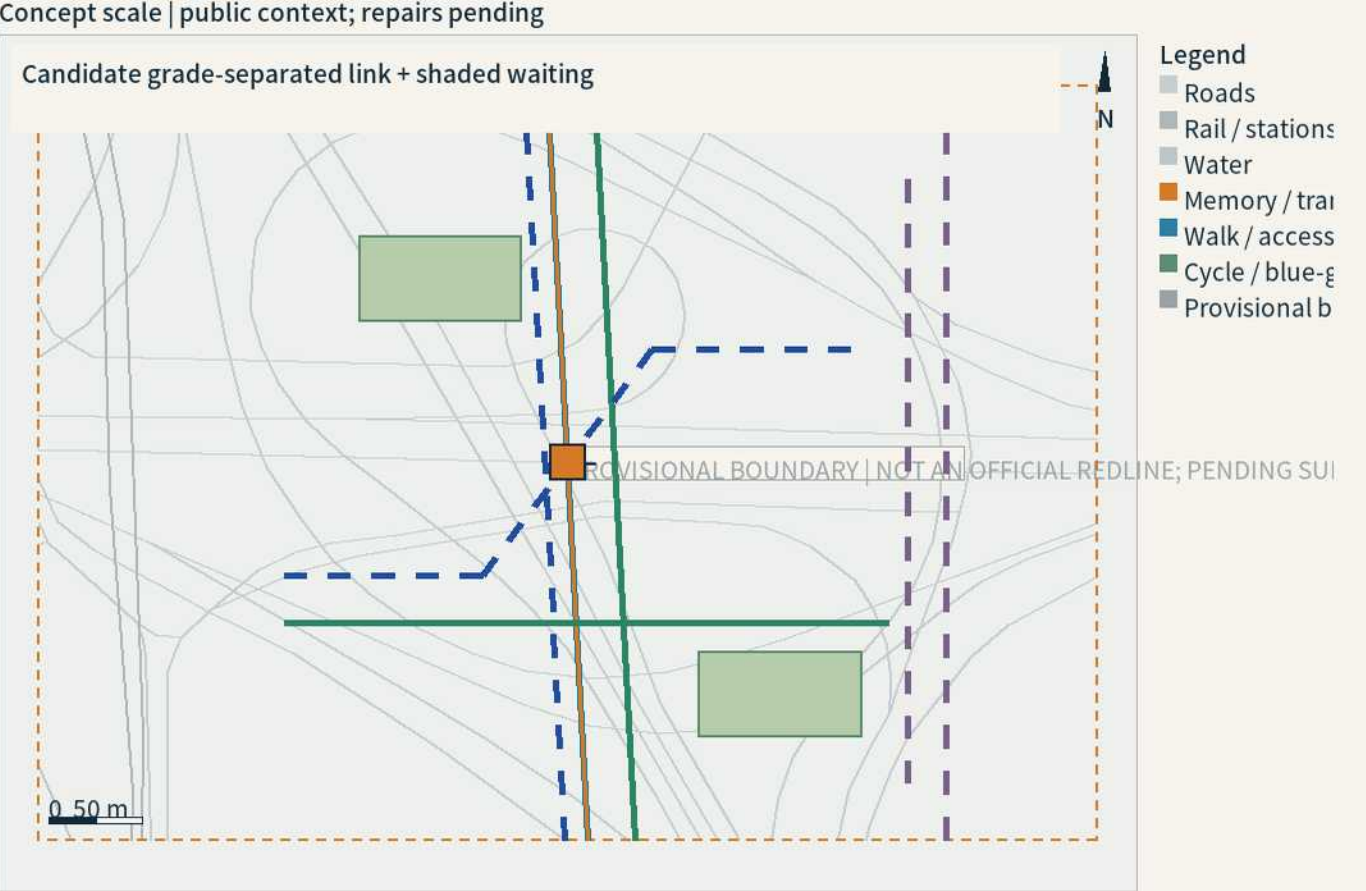

| Concept alignments / widths | pending survey

04 Wudaokou transfer

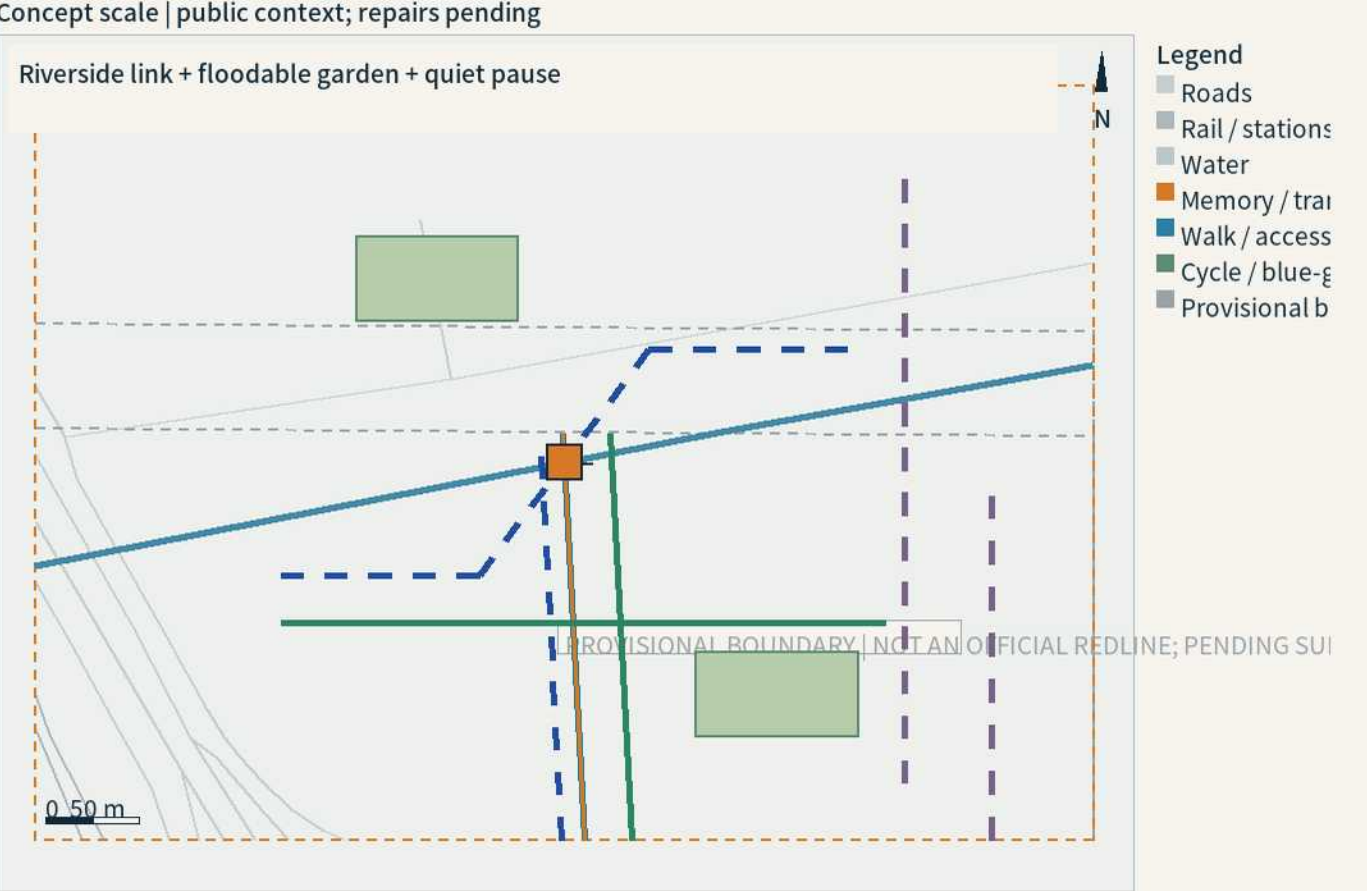

| Concept alignments / widths | pending survey

05 Fifth-ring interface

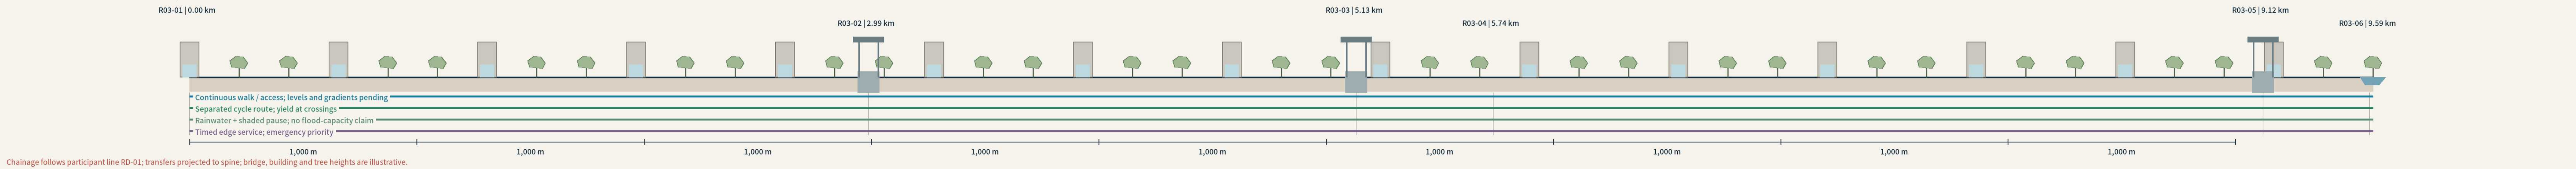

| Concept alignments / widths | pending survey

06 Qinghe north edge

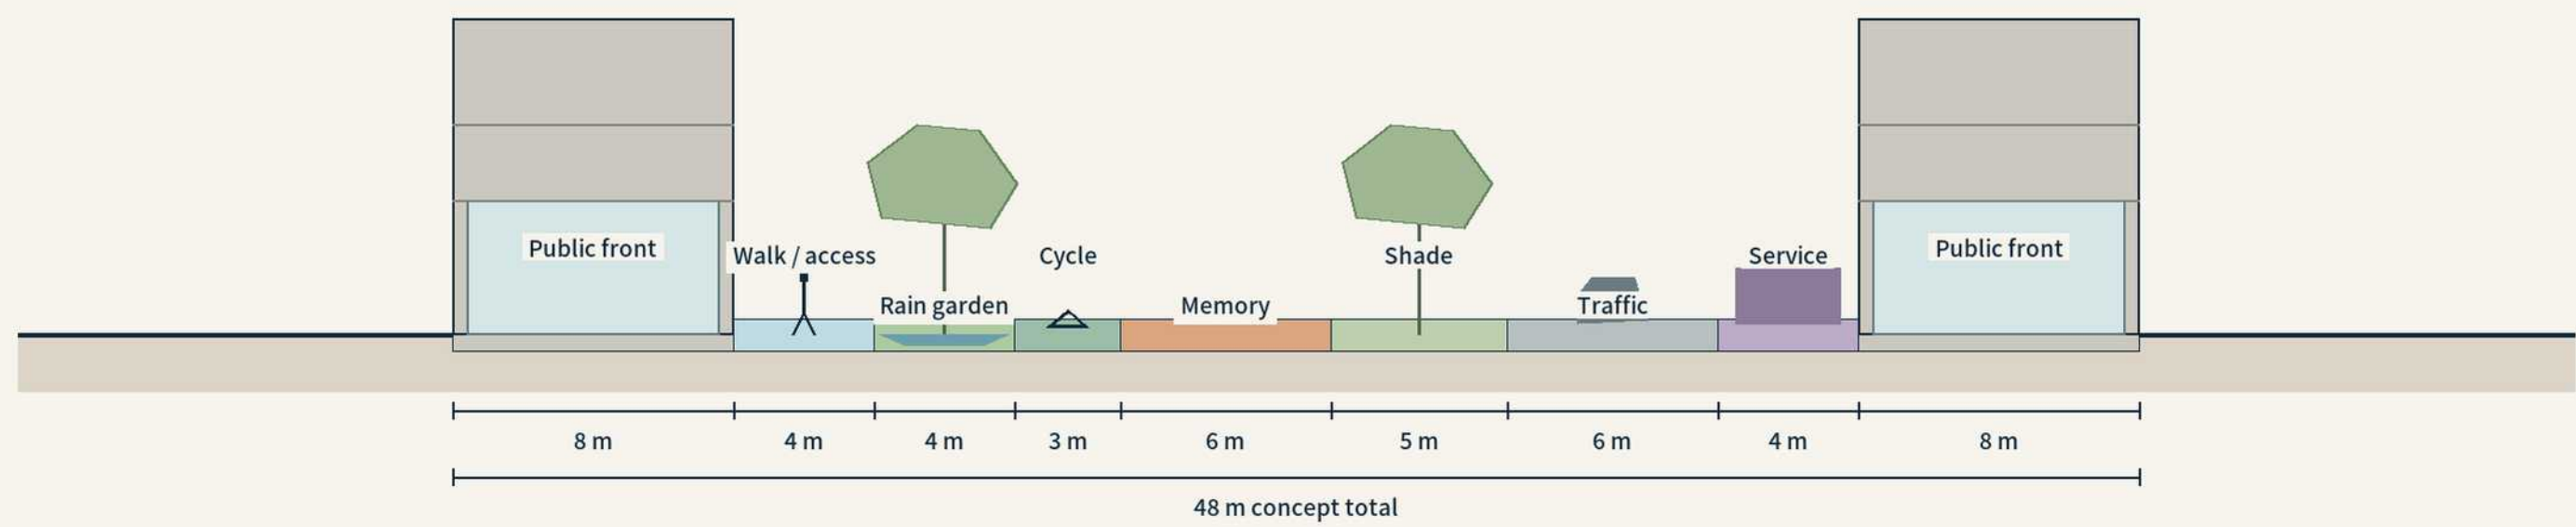

| Concept alignments / widths | pending survey

Continuous corridor long section | H 1:10,000; vertical relationships illustrative, no surveyed levels

S1 Heritage public ground | R03-01

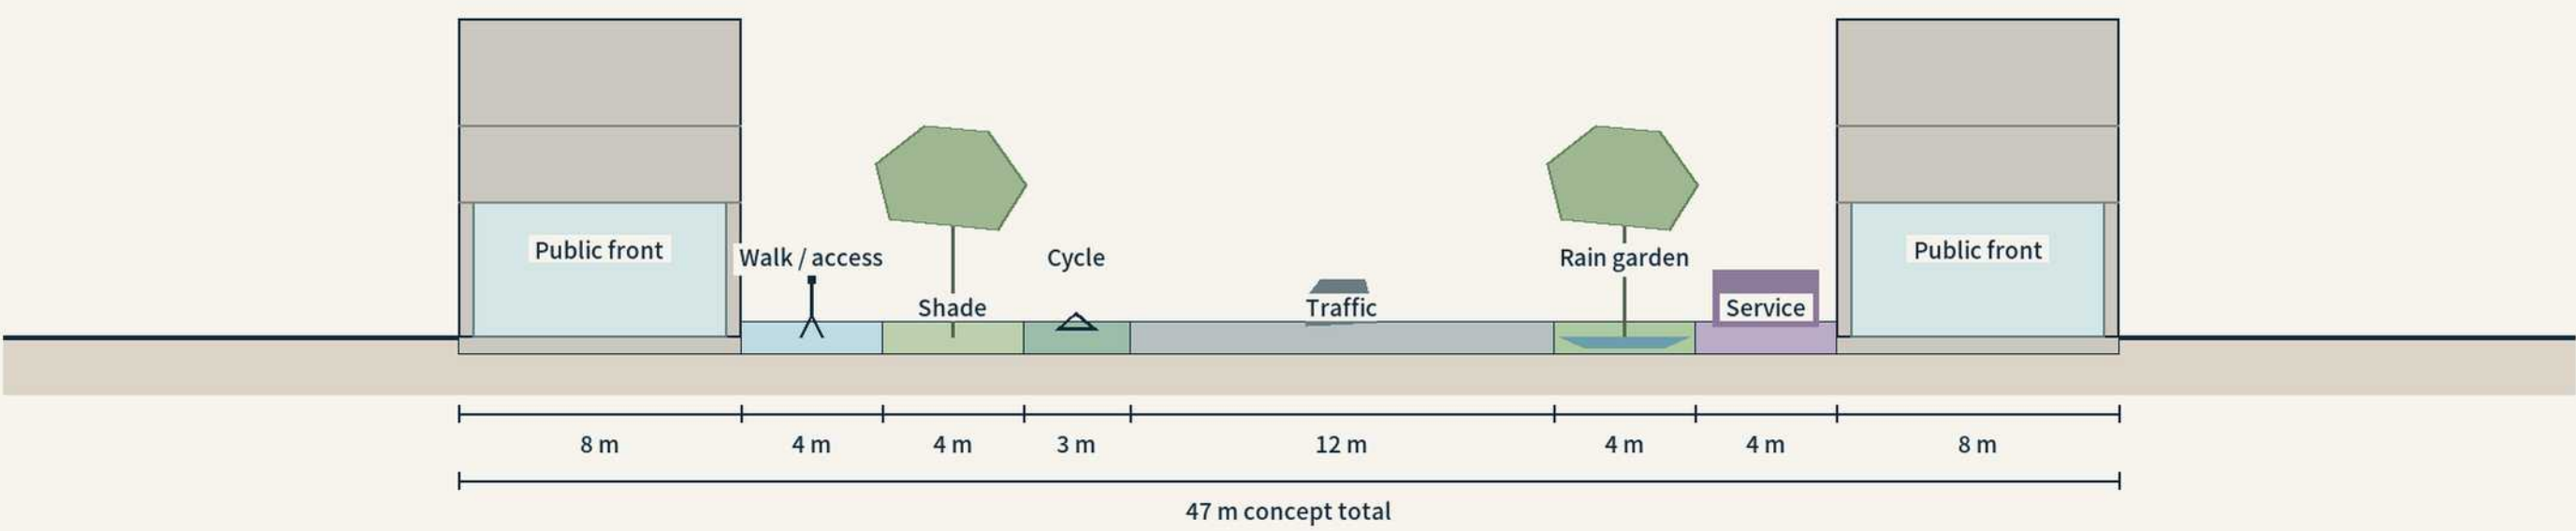

1:200 concept target dimensions | not surveyed; access, structure and water review pending

Memory paving is not heritage designation; emergency access stays clear

S2 Street and crossing edge | R03-03

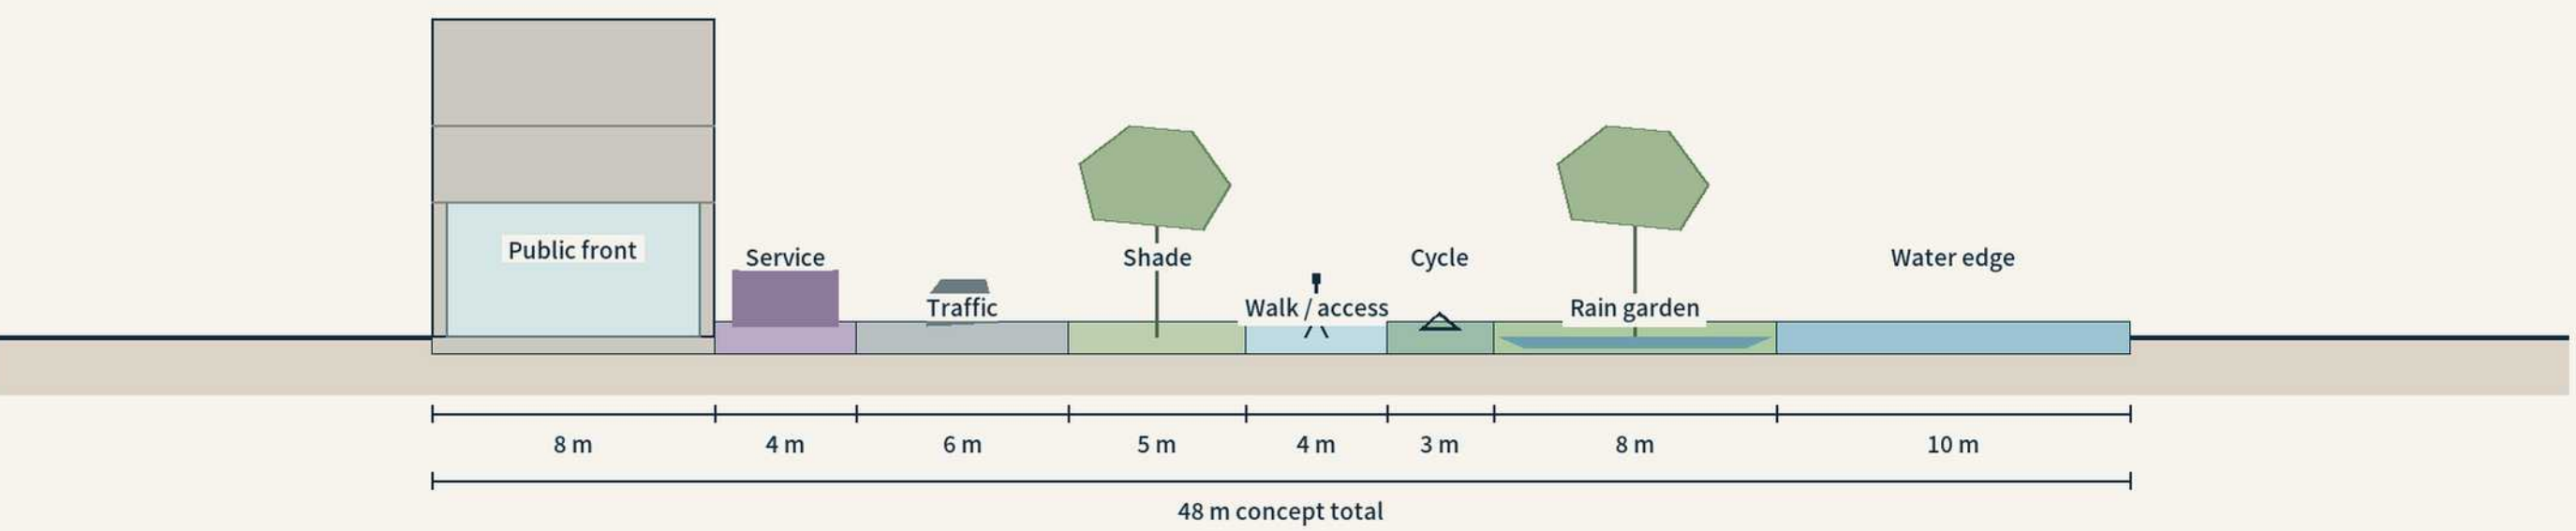

1:200 concept target dimensions | not surveyed; access, structure and water review pending

Ground interface section; bridge/tunnel form, clearance and ramps unresolved

S3 Riverside blue-green buffer | R03-06

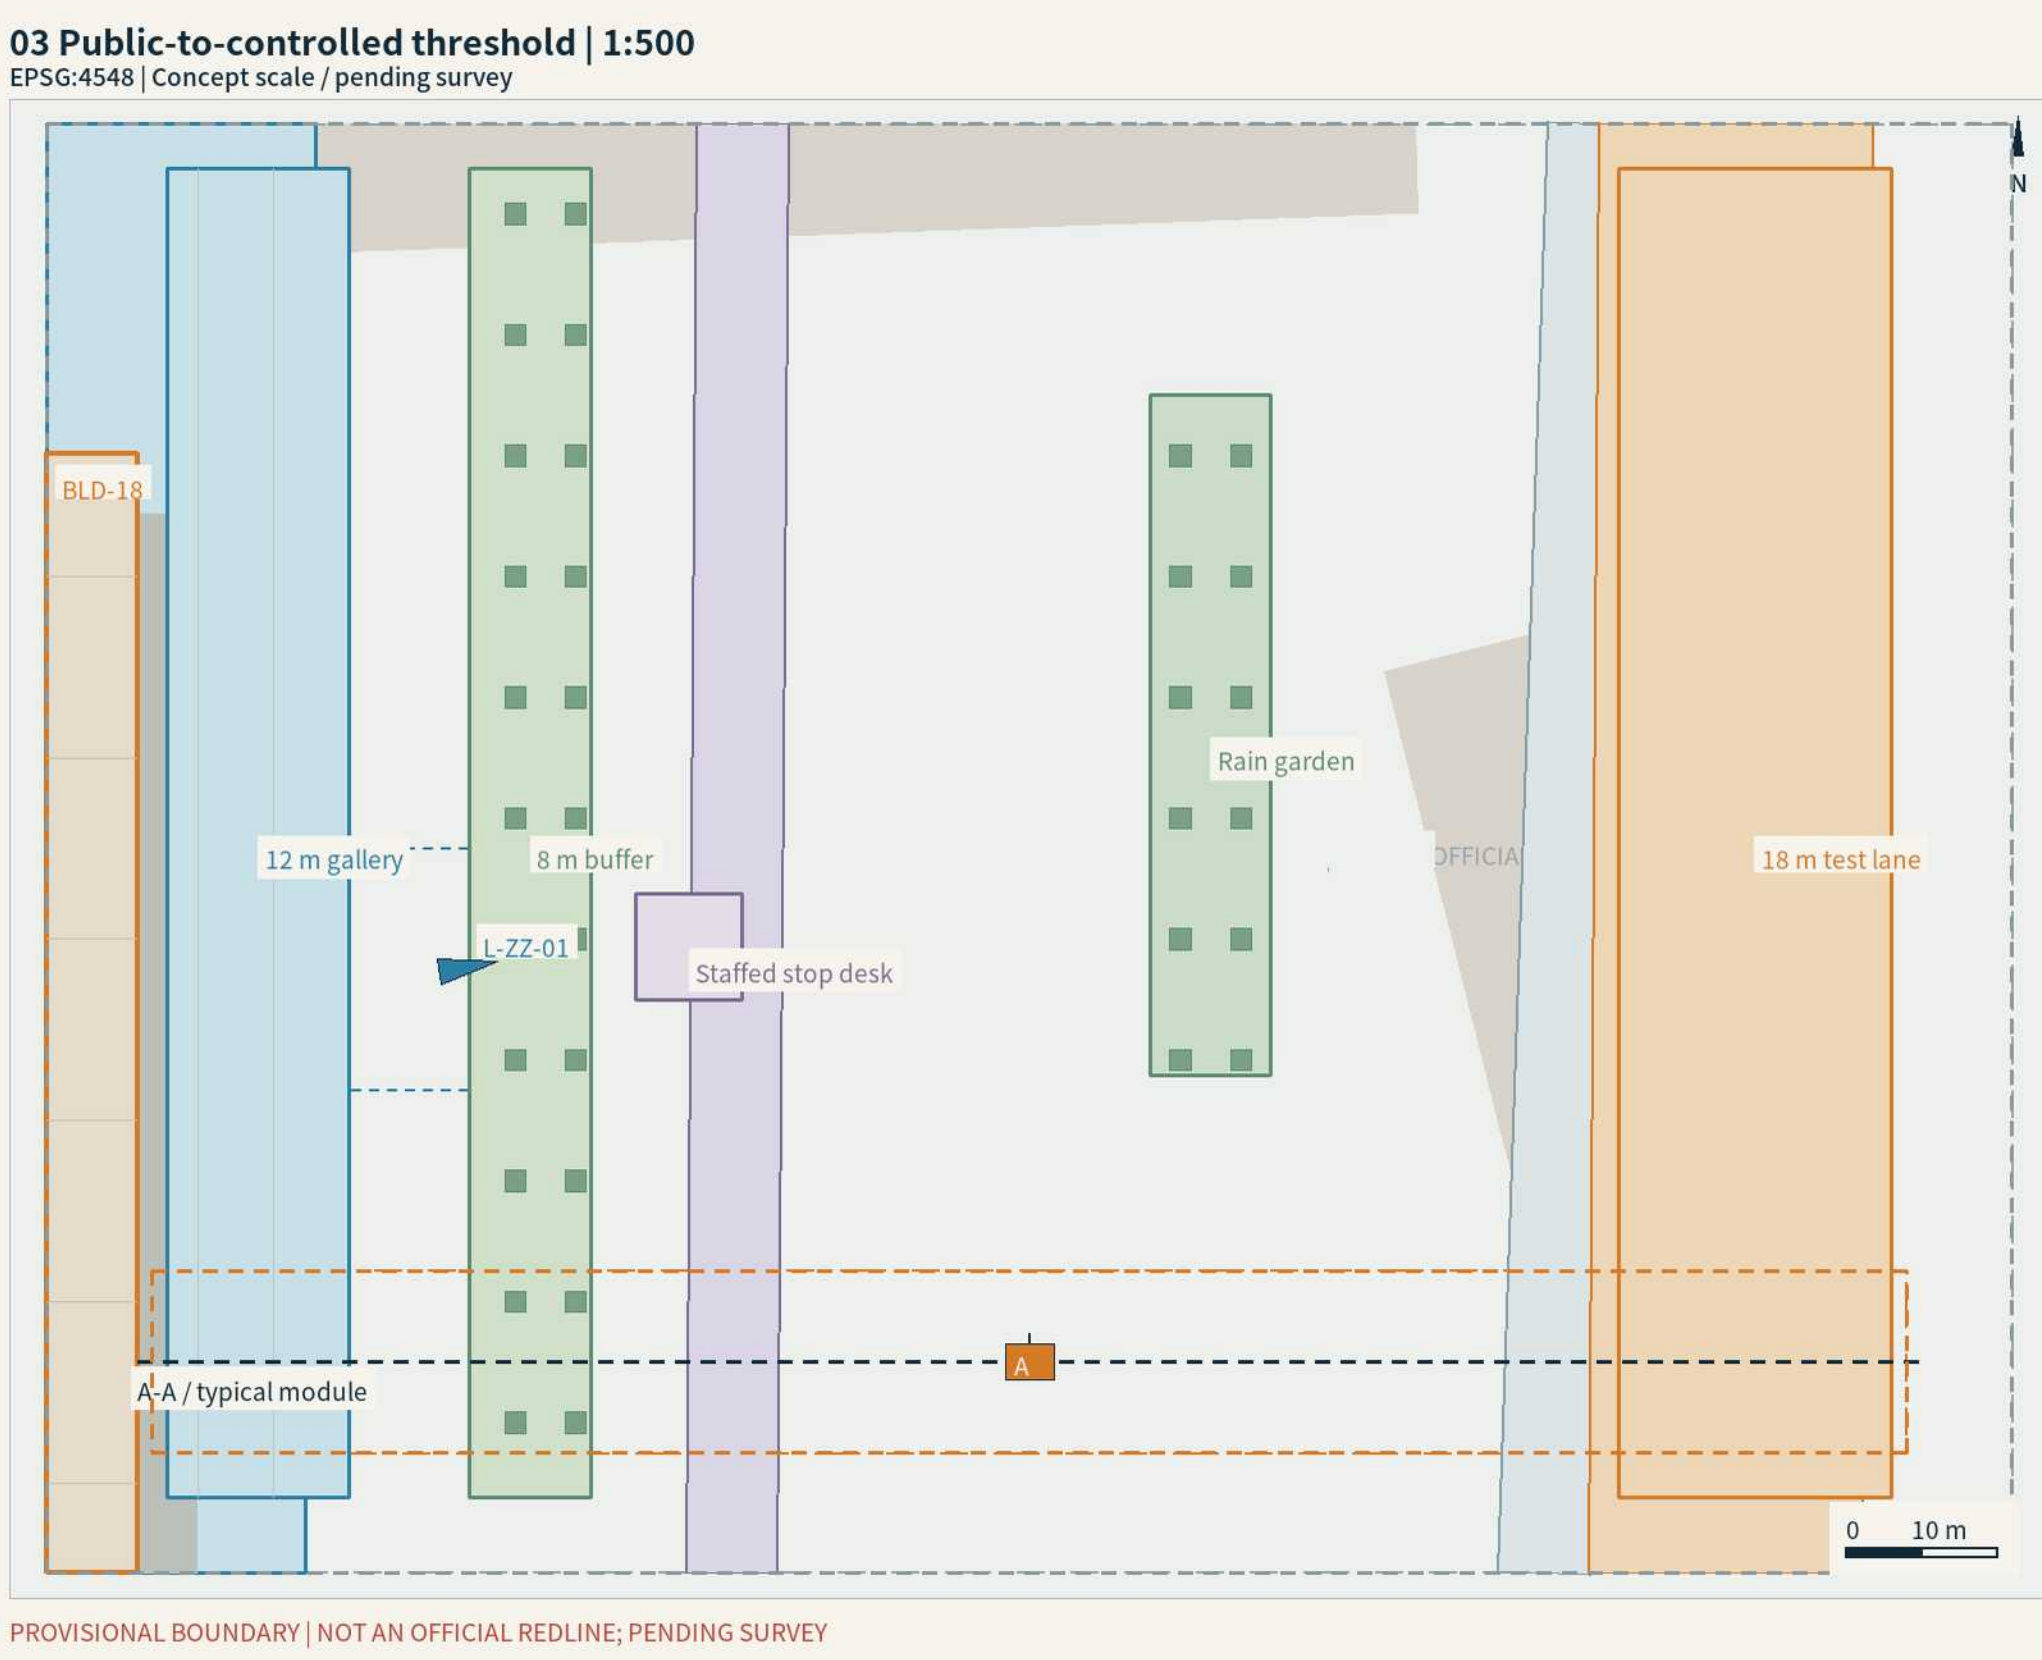

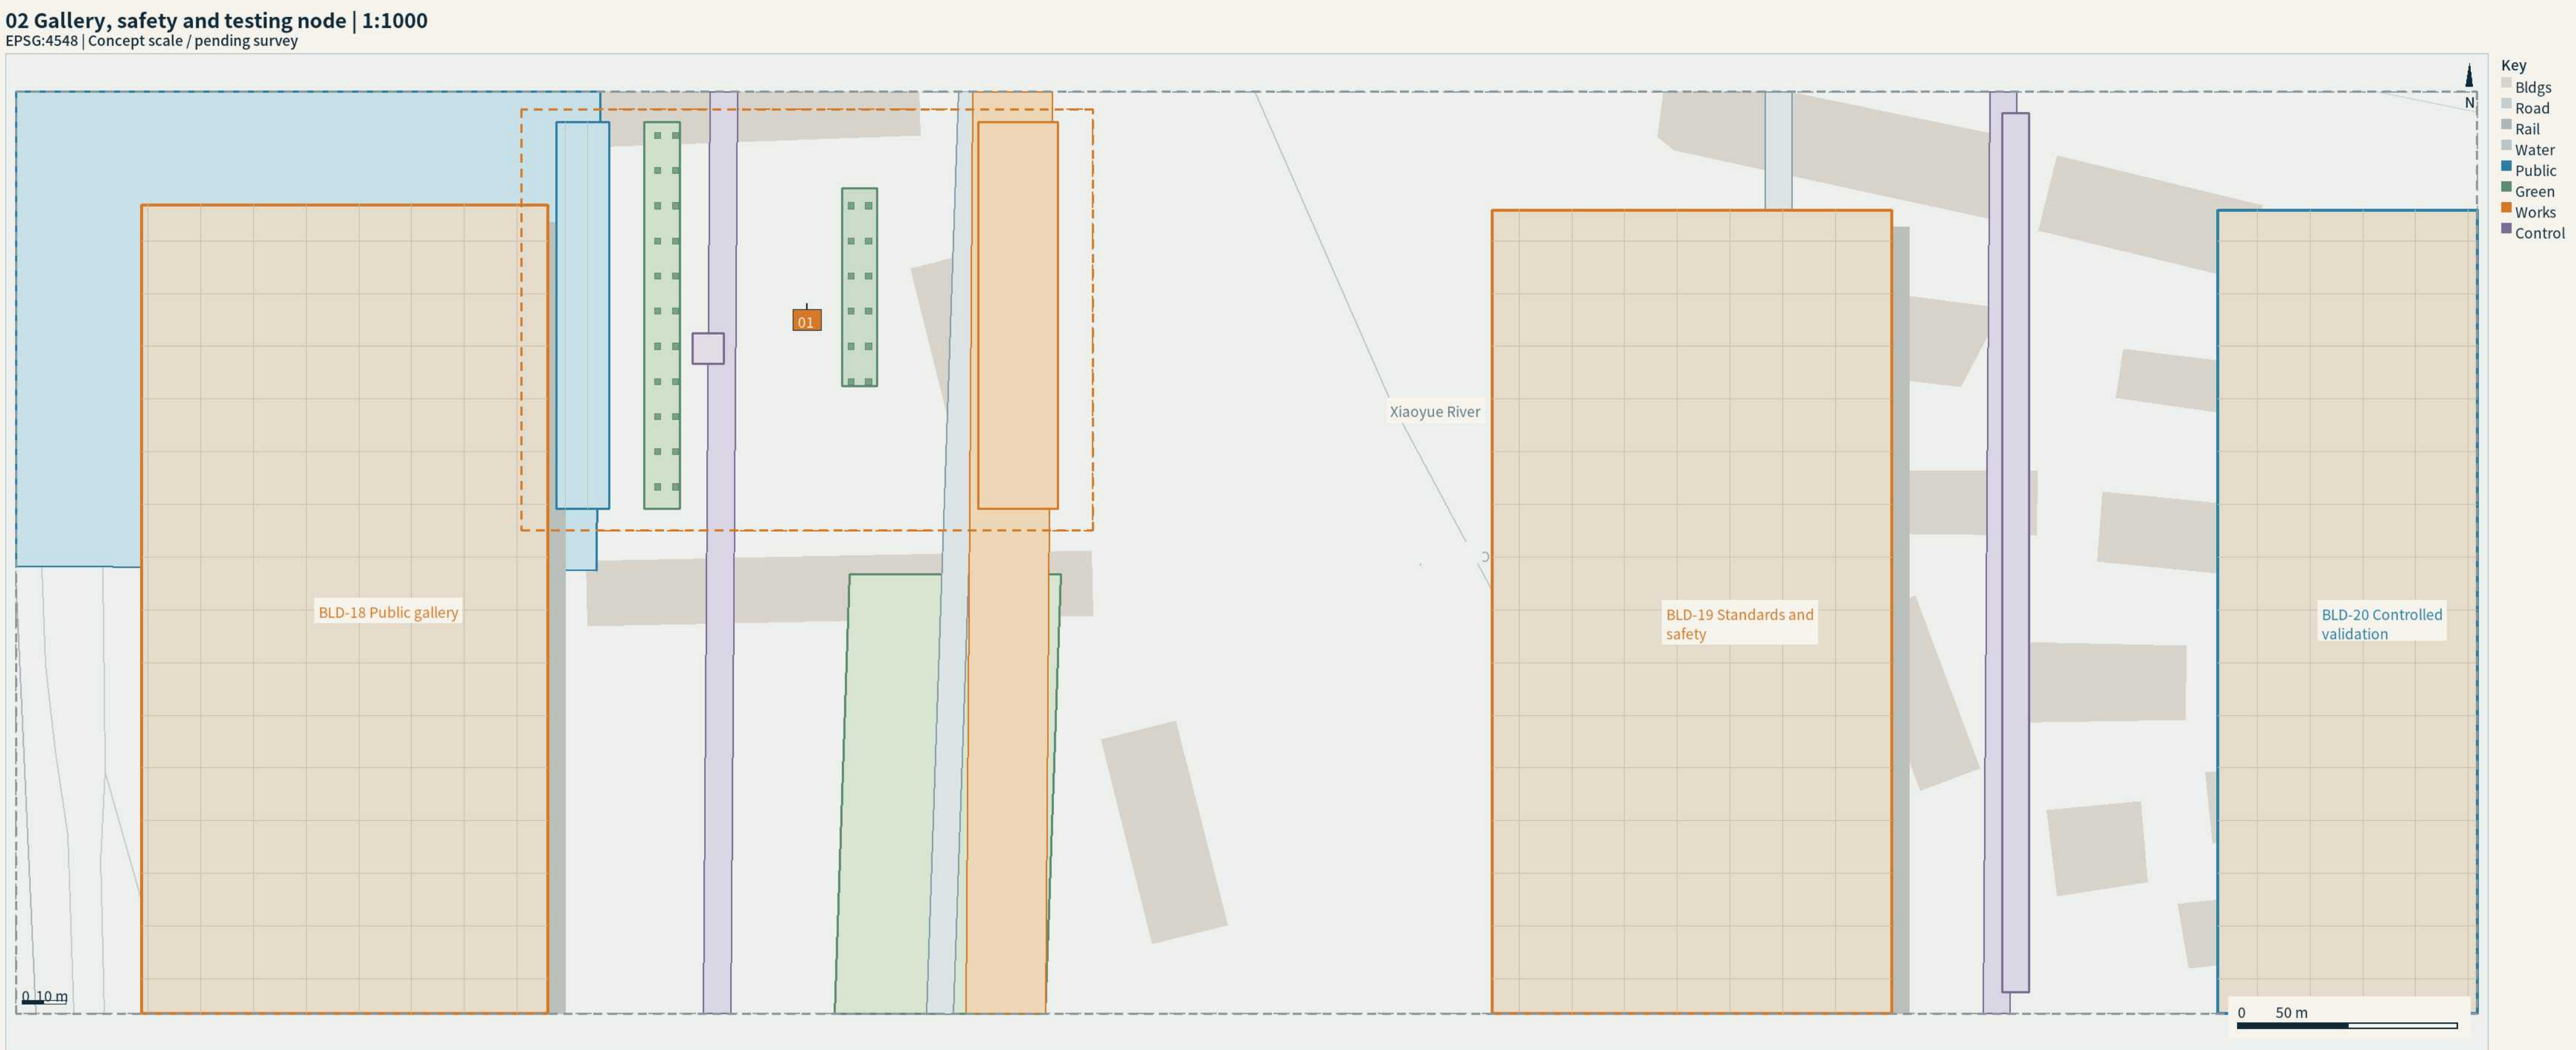

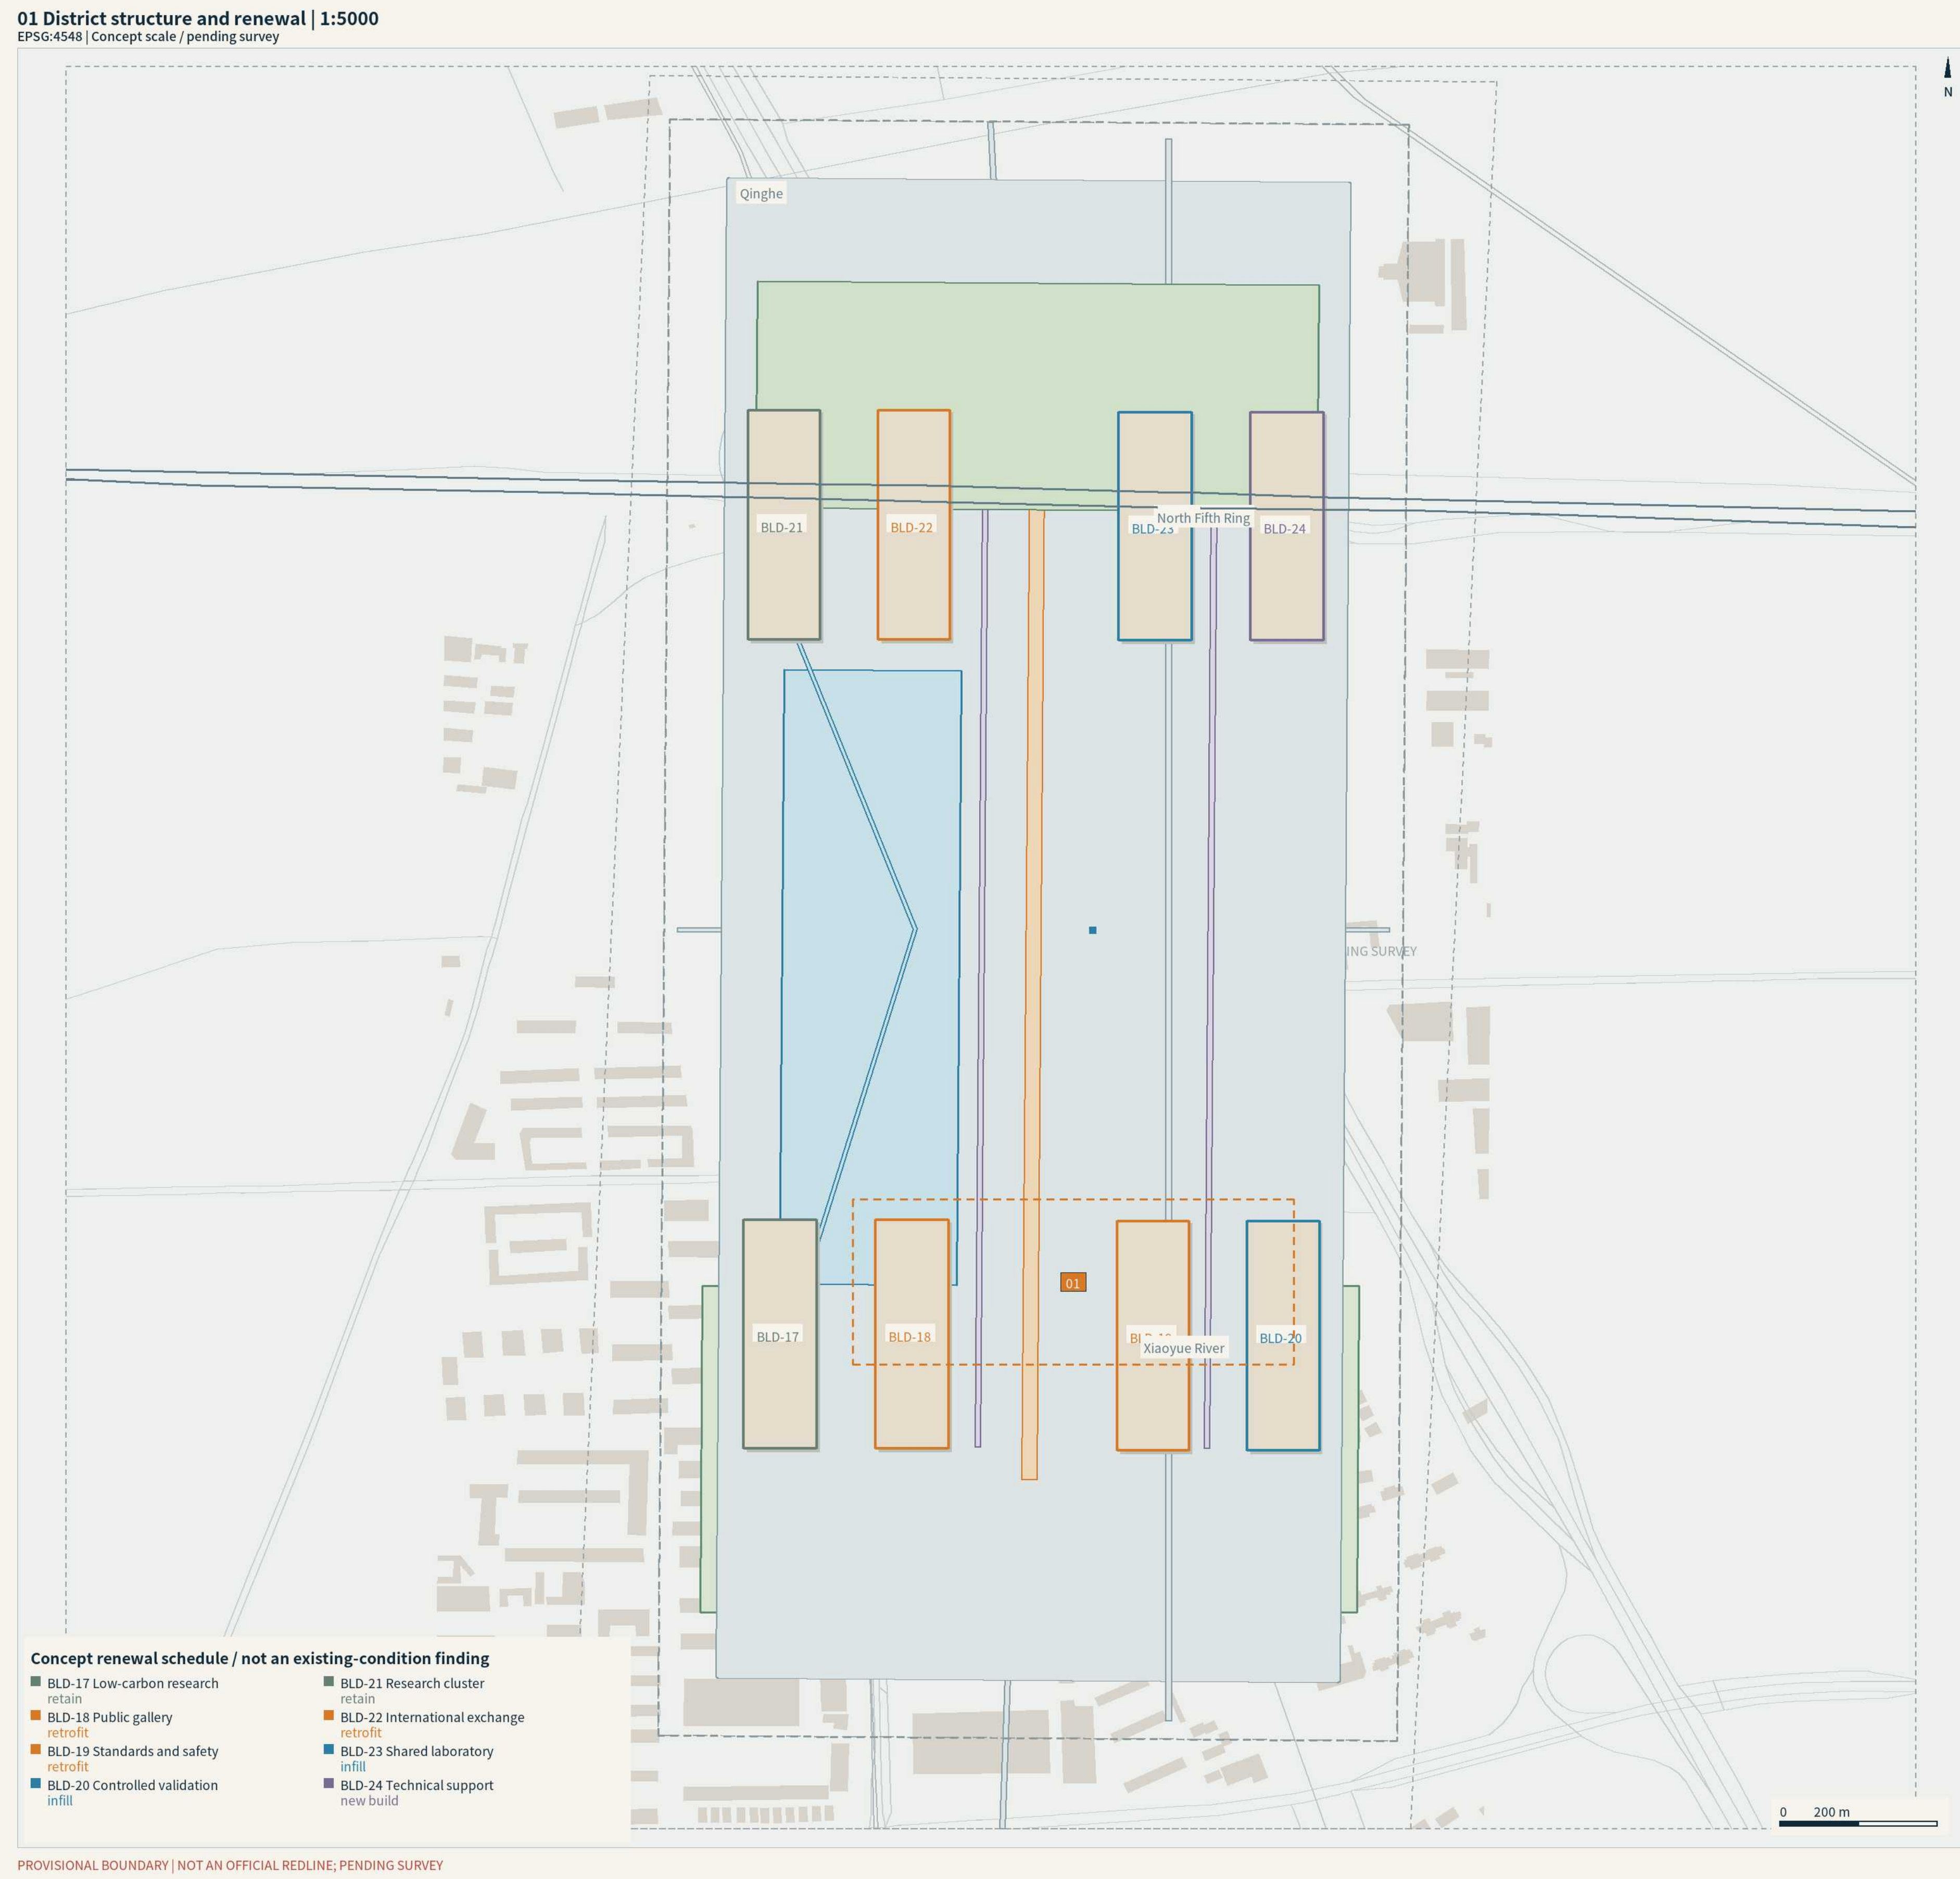

1:200 concept target dimensions | not surveyed; access, structure and water review pending

Widths are concept spatial targets, not water control lines or flood capacity

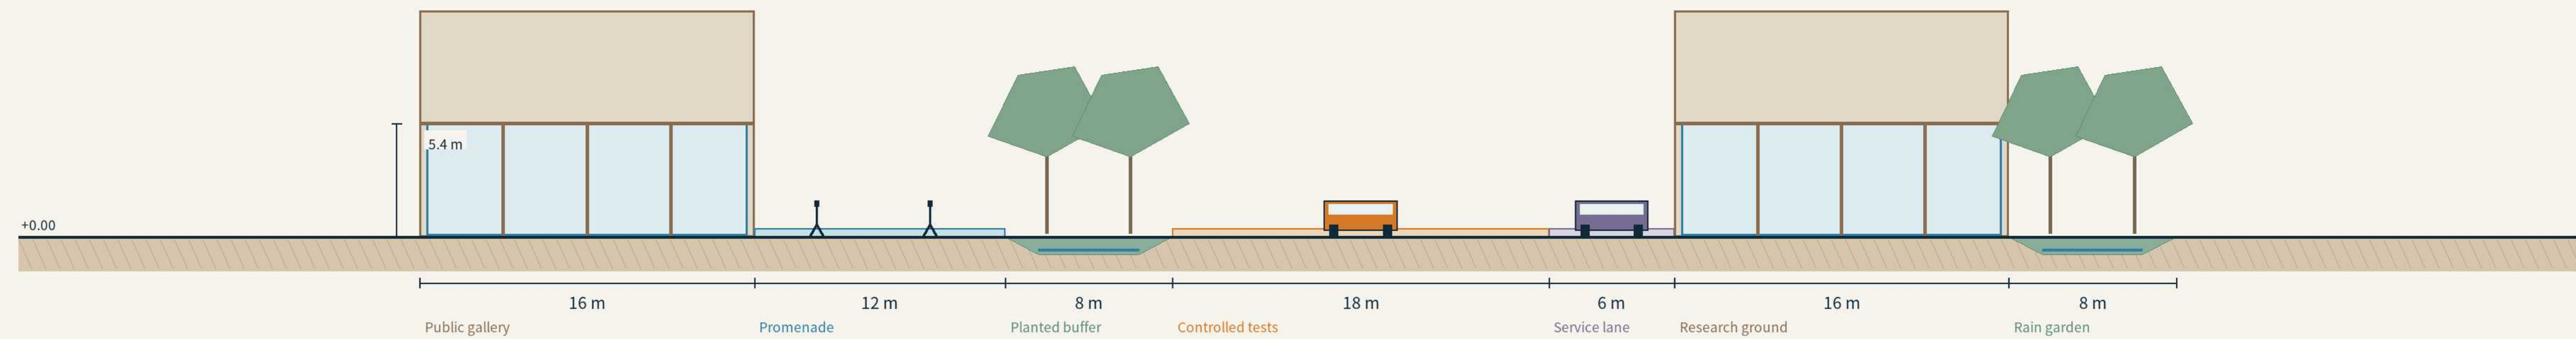

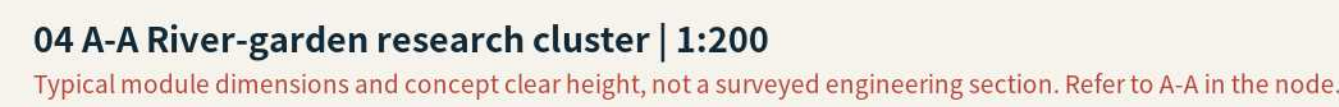

B04 Zhongzhiyuan | Innovation in a Working Garden

192.1 ha: a public river-garden and gallery; research, controlled tests and service stay distinct.

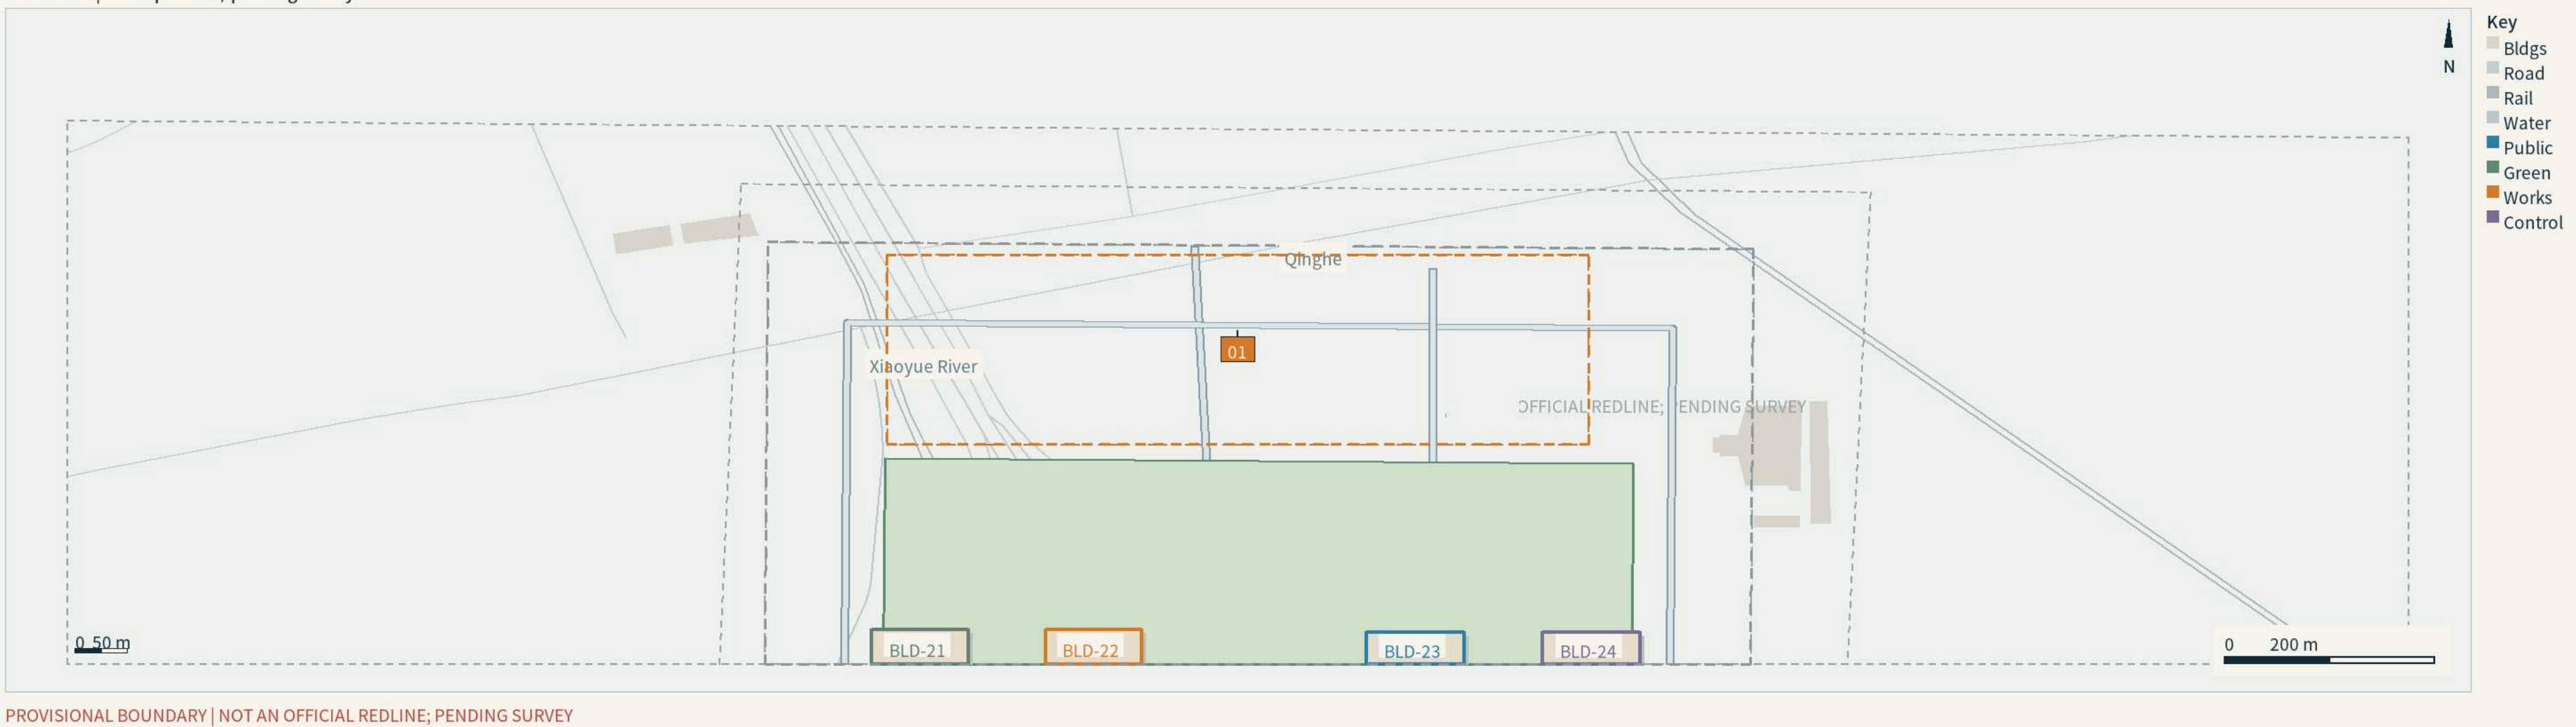

L-ZZ-01 | Registered concept atmosphere; viewpoint at the public threshold, not a site photograph or approved design.

PUBLIC / PROVISIONAL / CONCEPT
Public context / rough boundary / design proposal

1:200 / All widths, heights, drainage and safety provisions require survey, code and professional review.

PUBLIC GROUND | Proposed 06:00-22:00 access; promenade and staffed desk need no account or algorithm.

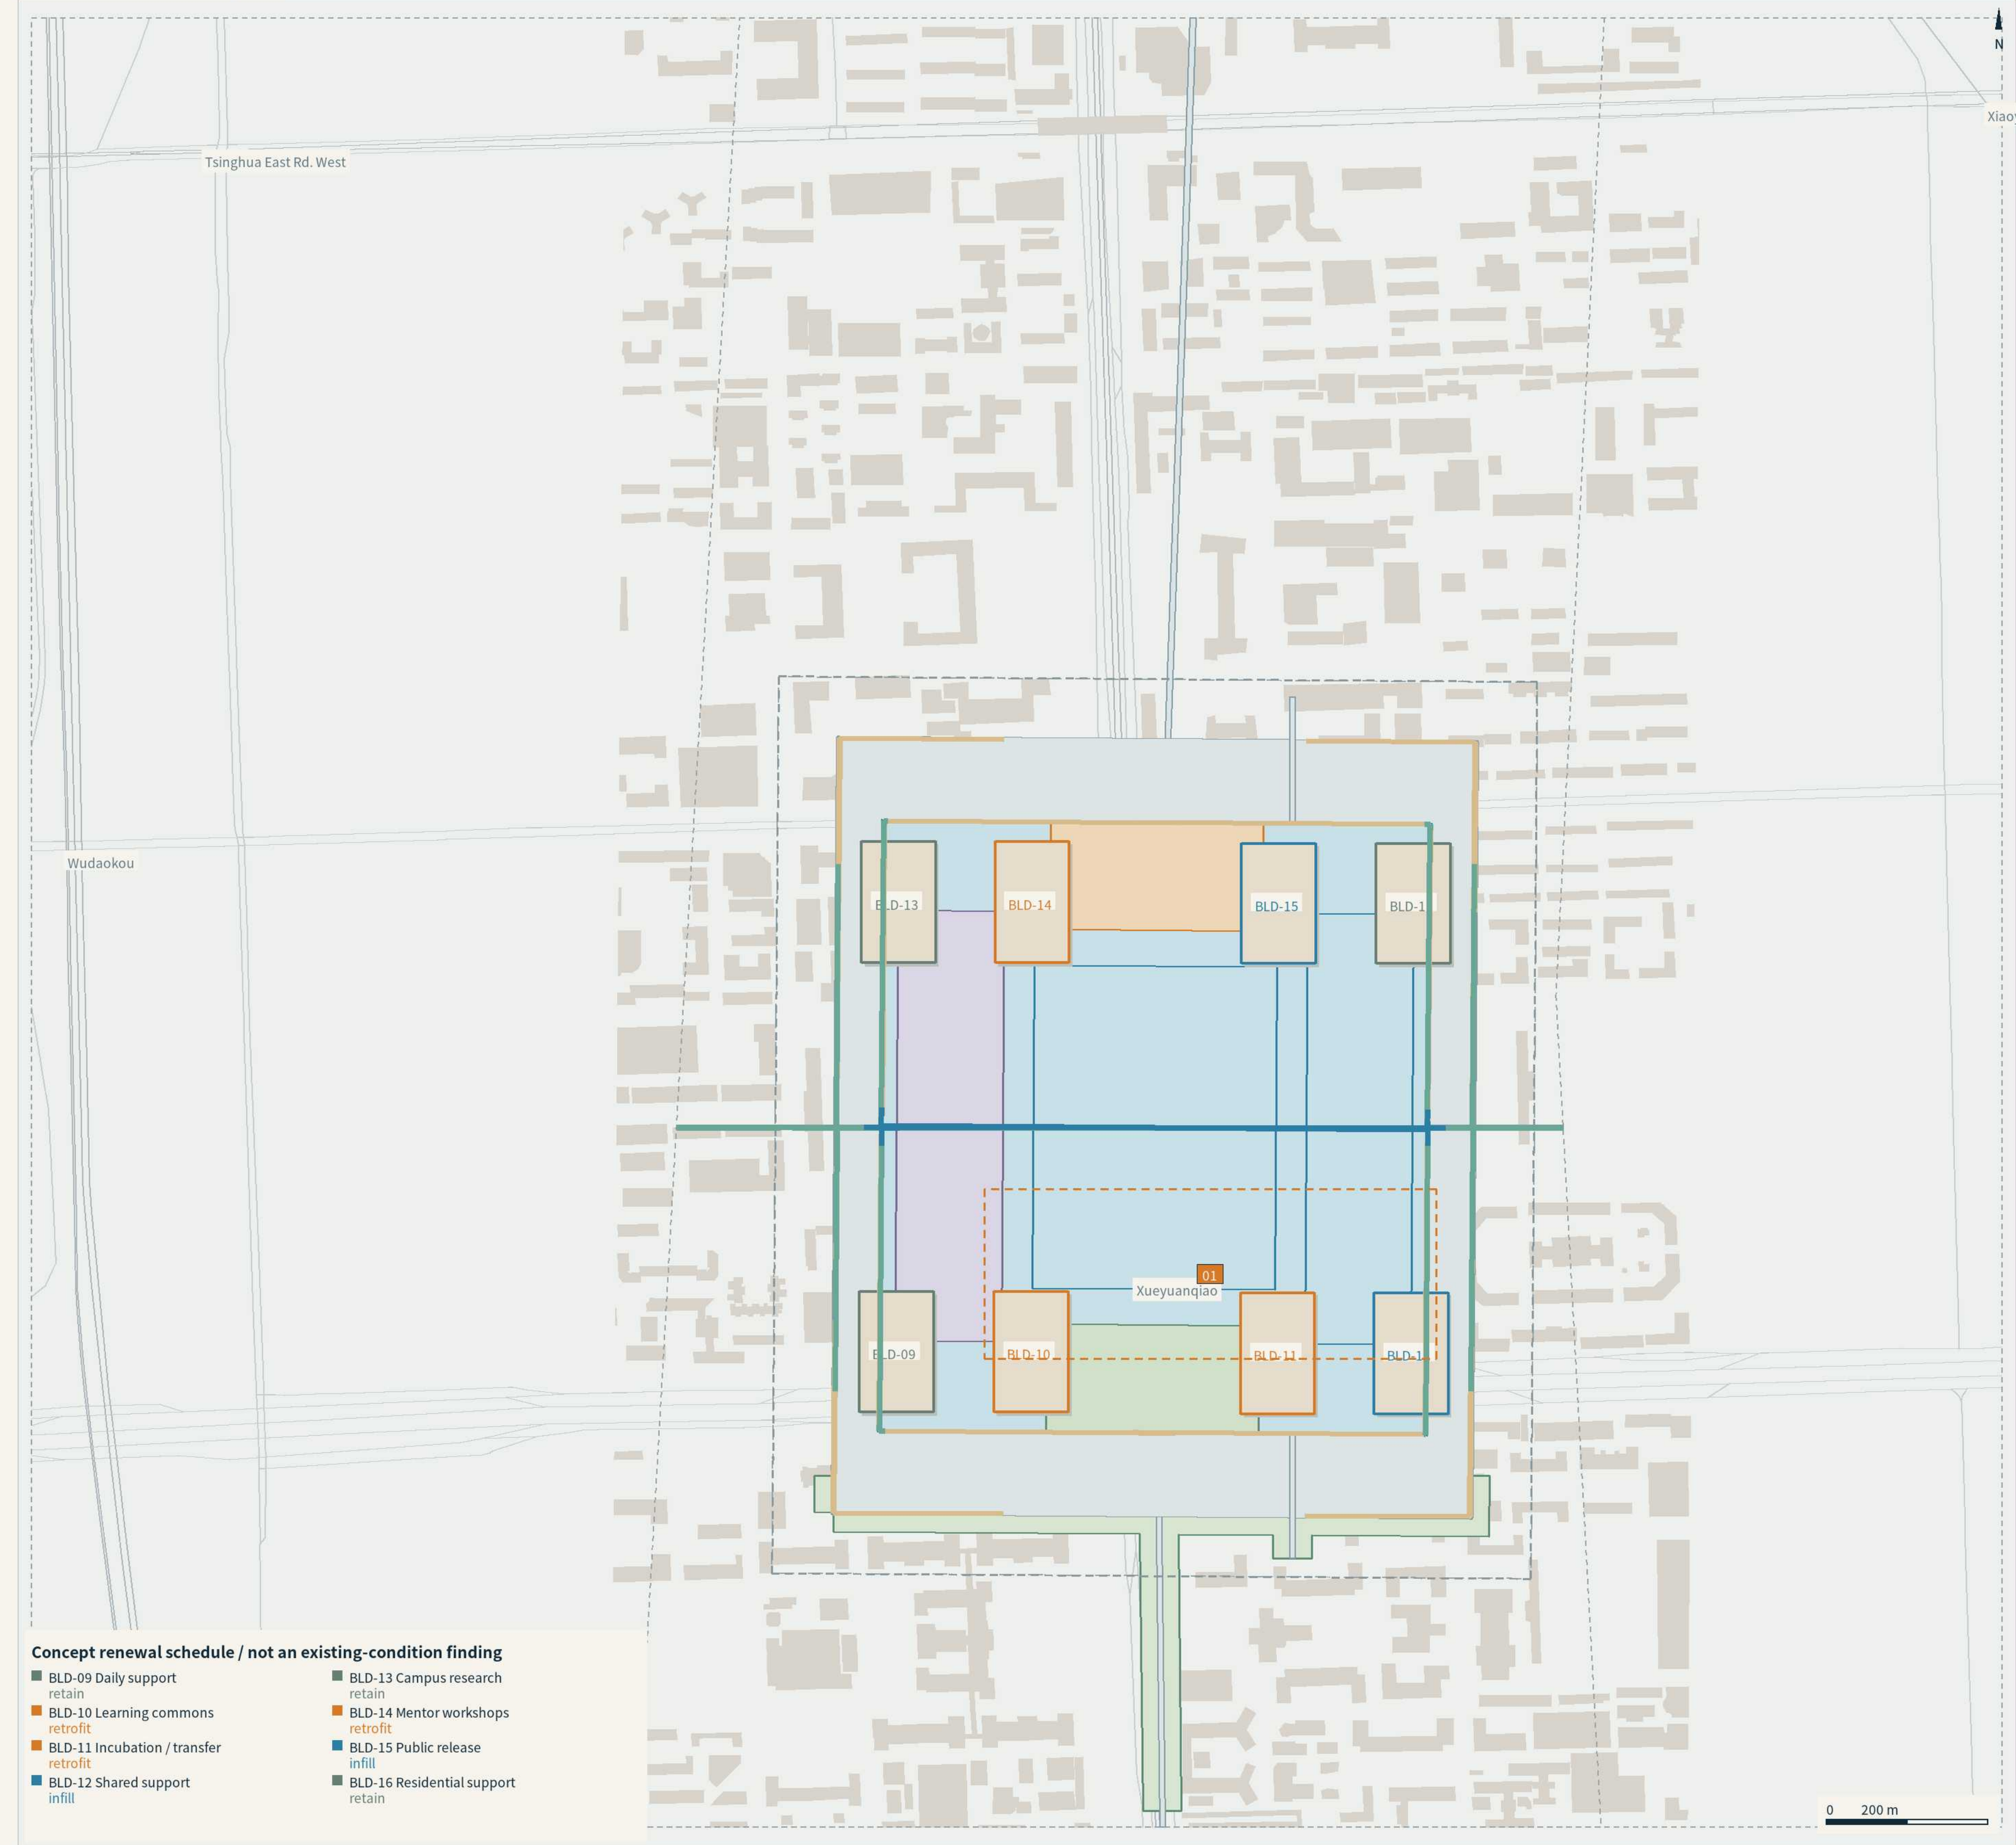

TESTS + SERVICE | Booked, staffed tests only; proposed 07:00-09:00 service access uses a separate gate.

STOP RULE | Failed separation, noise or records triggers a physical stop; withdraw testing and retain public access.

B05 AI Origin | From Campus Ideas to Everyday Life

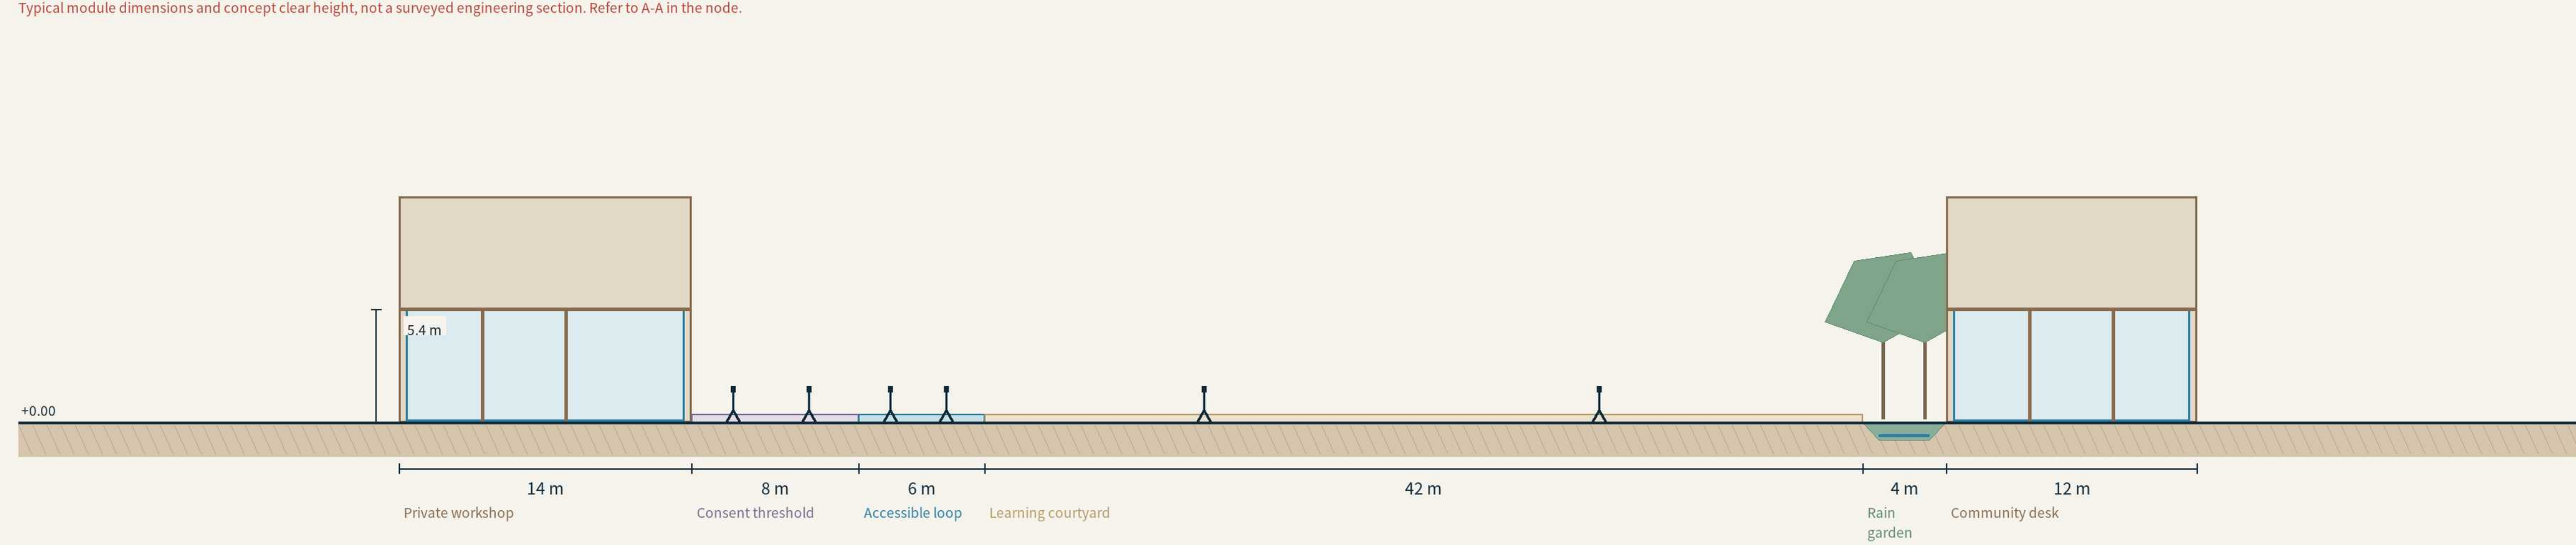

104.3 ha: learning courts and a slow loop connect private work, shared transfer and public life.

01 Campus, park and community | 1:5000
EPSG:4548 | Concept scale / pending survey

PROVISIONAL BOUNDARY | NOT AN OFFICIAL REDLINE; PENDING SURVEY

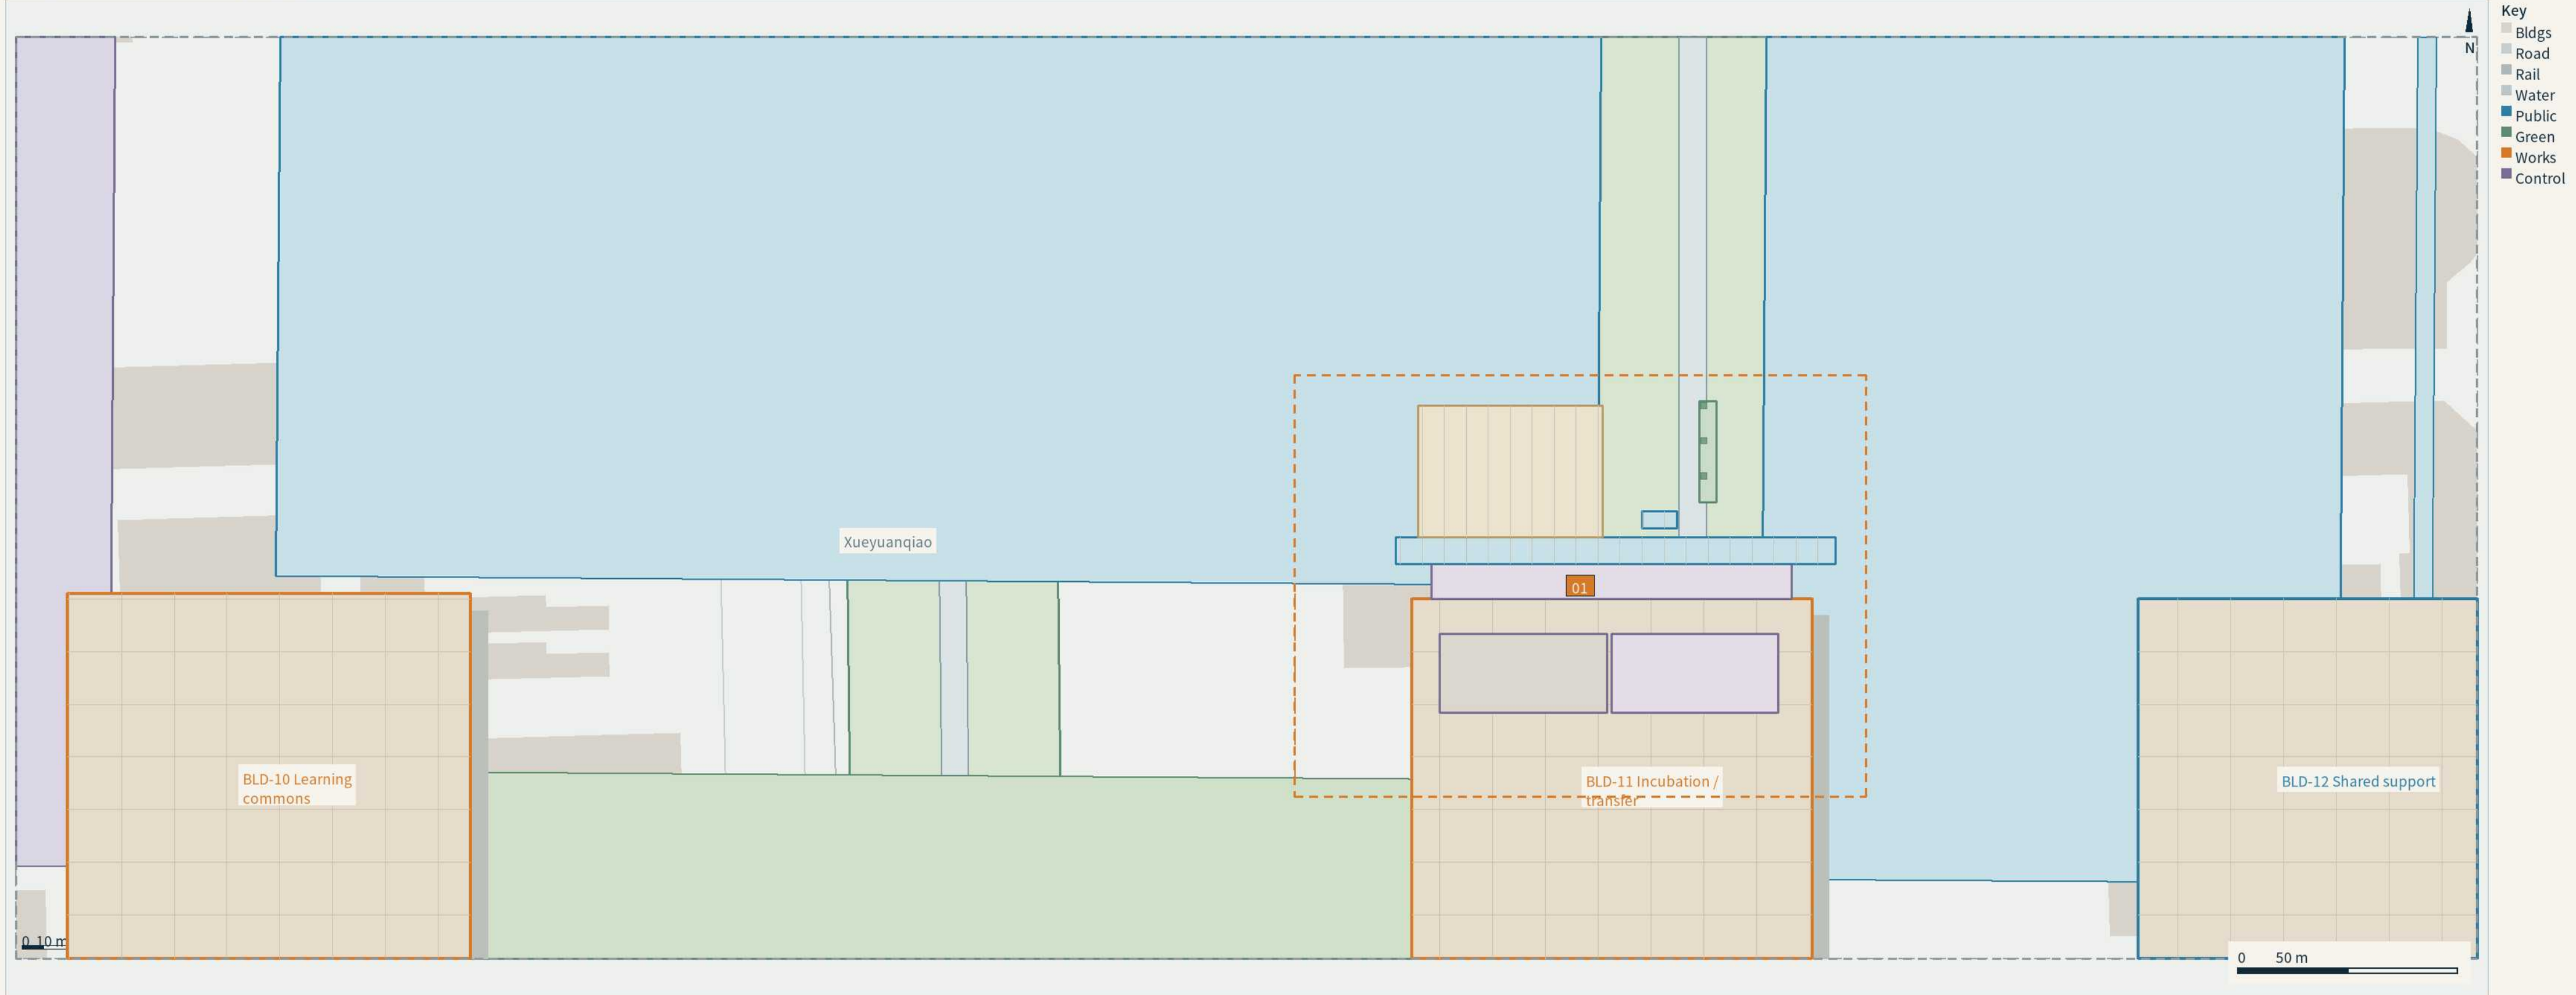

04 A-A Campus, park and community interface | 1:200
Typical module dimensions and concept clear height, not a surveyed engineering section. Refer to A-A in the node.

1:200 / All widths, heights, drainage and safety provisions require survey, code and professional review.

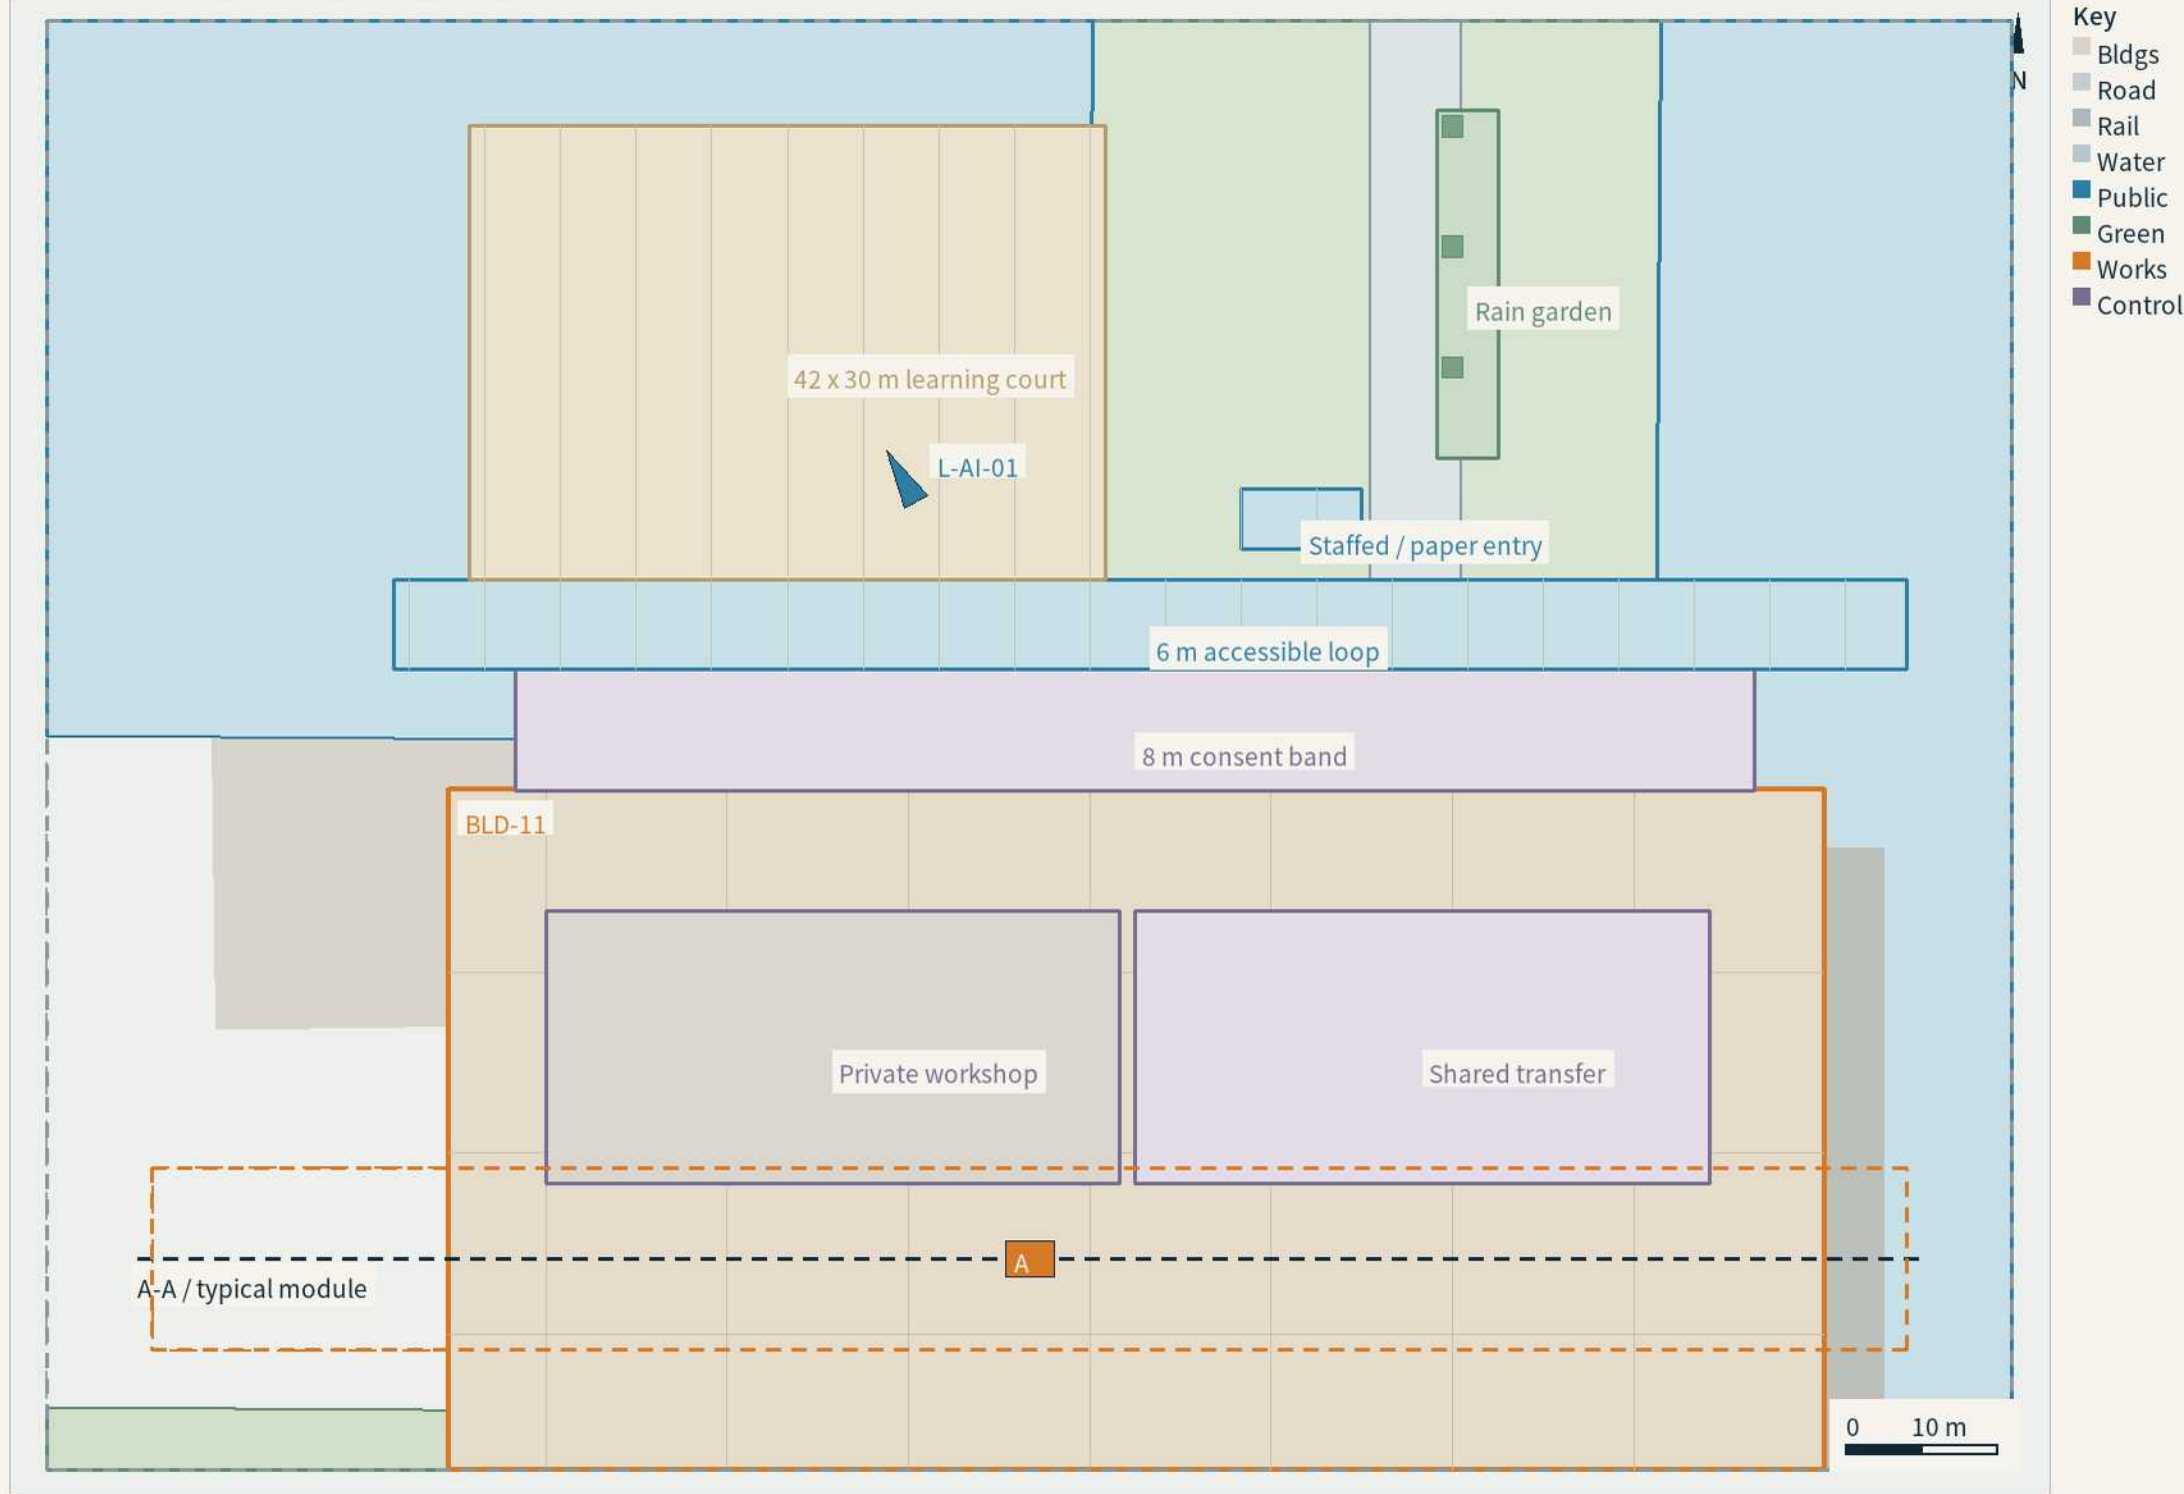

LOW-DISRUPTION RENEWAL | Retain first, retrofit second; infill is conceptual. Learning proposed 08:00-21:00; private rooms can close.

02 Learning, transfer and release ground | 1:1000
EPSG:4548 | Concept scale / pending survey

PROVISIONAL BOUNDARY | NOT AN OFFICIAL REDLINE; PENDING SURVEY

03 Private, shared and public thresholds | 1:500
EPSG:4548 | Concept scale / pending survey

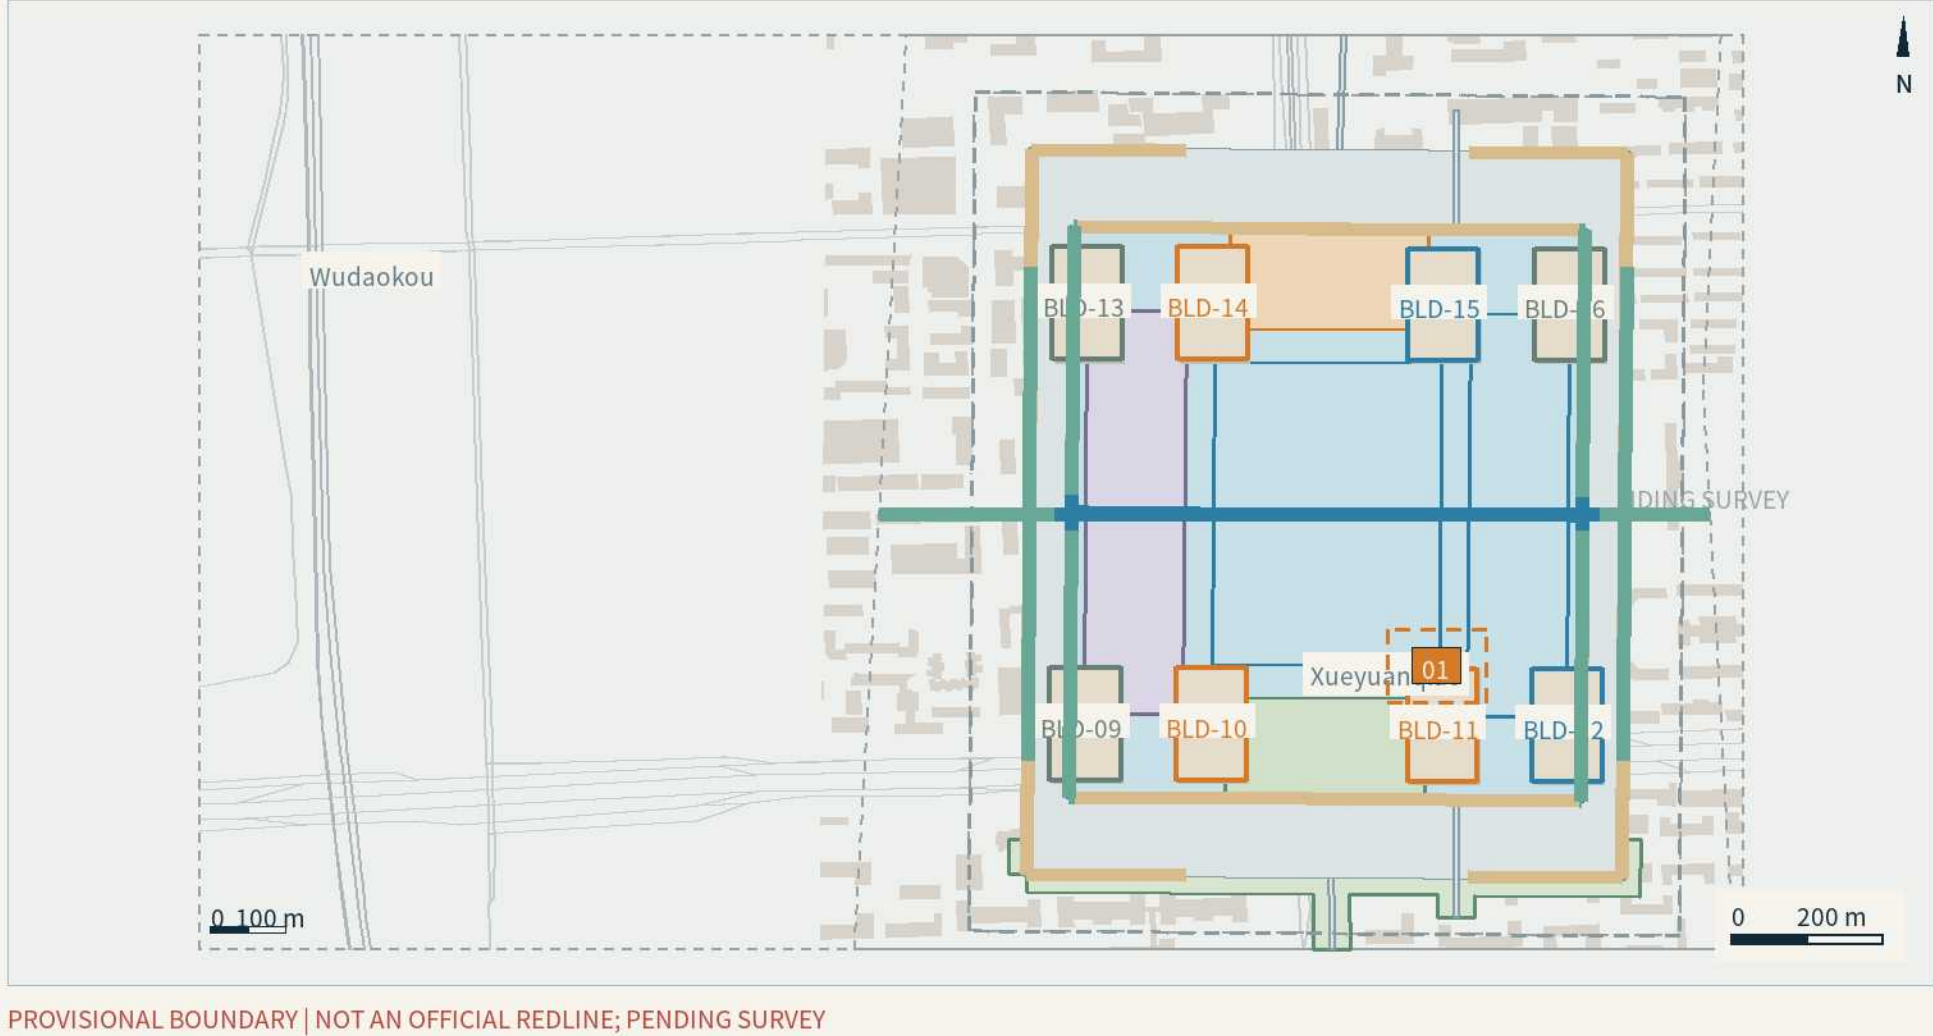

PROVISIONAL BOUNDARY | NOT AN OFFICIAL REDLINE; PENDING SURVEY

L-AI-01 | Registered learning-court atmosphere, located at the threshold plan; not a reconstruction of existing conditions.

PUBLIC / PROVISIONAL / CONCEPT
Public context / rough boundary / design proposal

05 Network walking budgets | 1:10000
EPSG:4548 | Concept scale / pending survey

PROVISIONAL BOUNDARY | NOT AN OFFICIAL REDLINE; PENDING SURVEY

- 5 MIN / 360 m
- 10 MIN / 720 m
- 15 MIN / 1080 m

Shortest paths on registered routes, not radius circles.

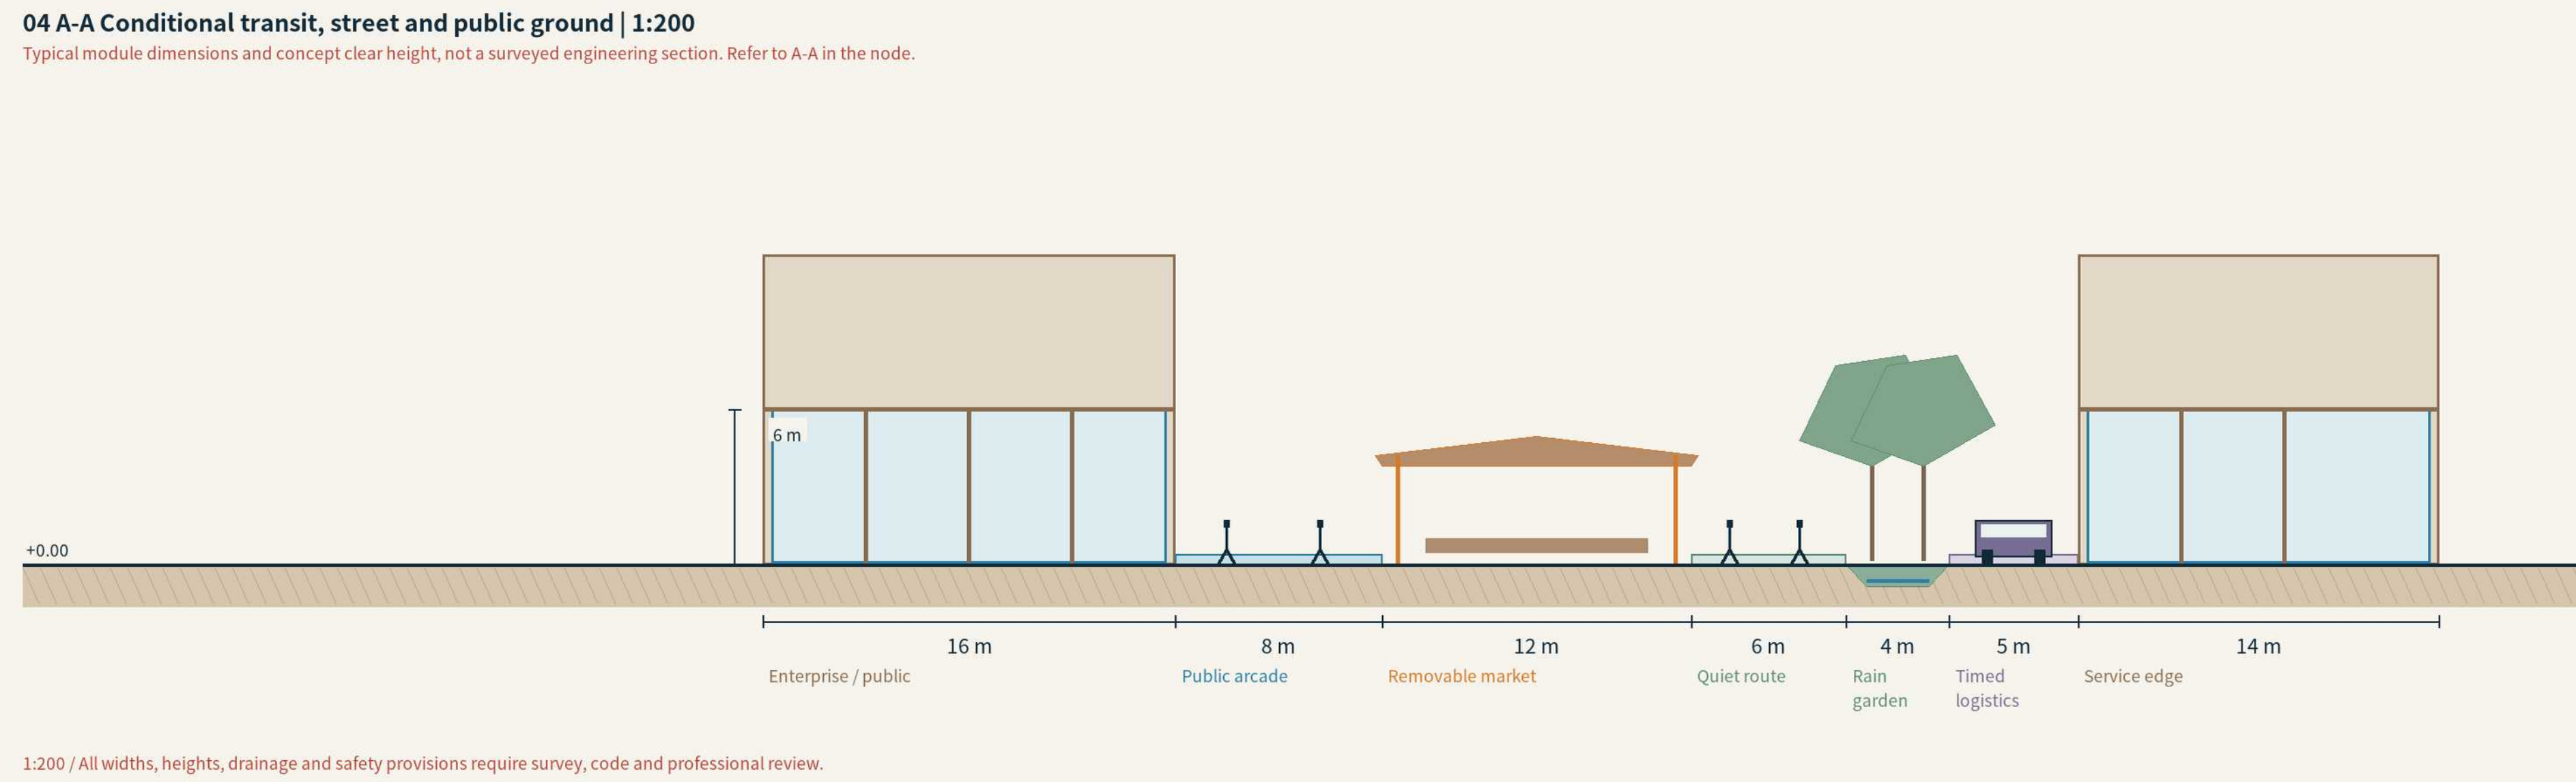

Assumption: 72 m/min; signals, steps and access permissions are not included.

Wudaokou and Tsinghua East Rd. West are public anchors, not a verified 15-minute transit catchment.

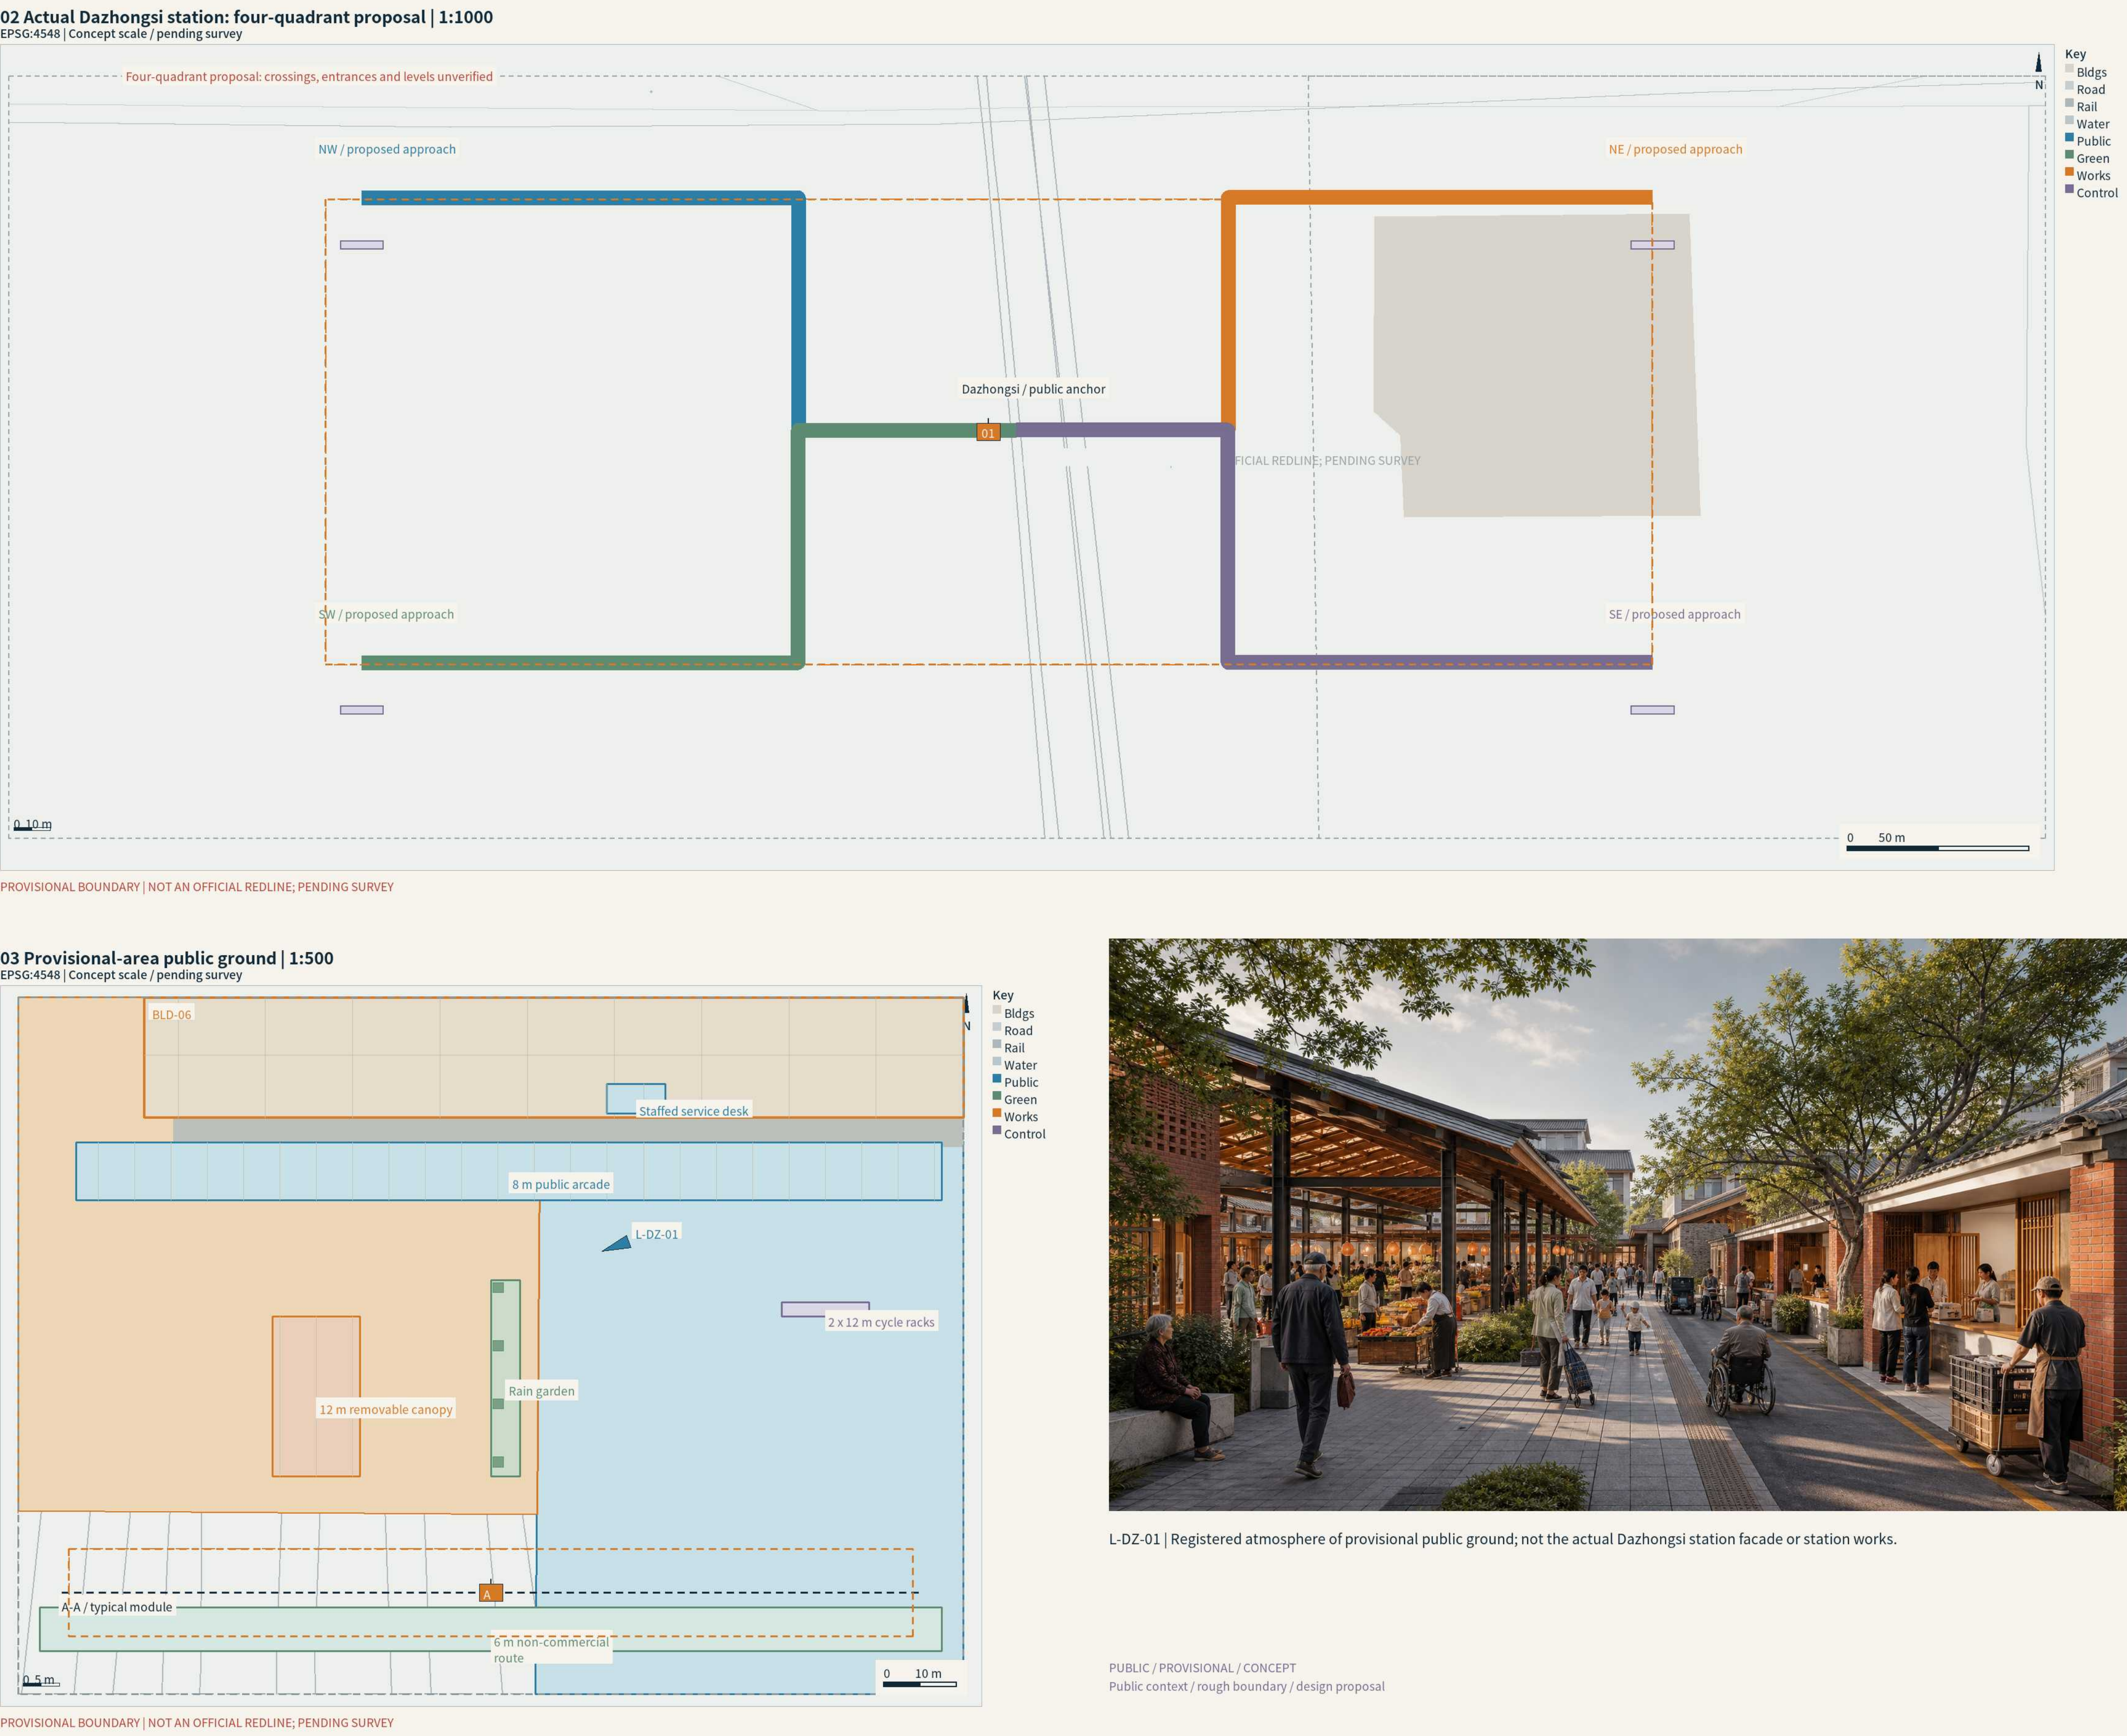

The loop links learning, transfer and daily life. Staffed and paper entry remain equivalent.

B06 Dazhongsi | A Public Ground for Urban AI

72.0 ha: public, commercial, quiet and service layers; actual-station quadrants are located separately.

PUBLIC + COMMERCIAL | Quiet passage first; activities proposed 10:00-20:00. Ground floors retain non-purchase seating and staffed desks.

L-DZ-01 | Registered atmosphere of provisional public ground; not the actual Dazhongsi station facade or station works.

PUBLIC / PROVISIONAL / CONCEPT
Public context / rough boundary / design proposal

QUIET ROUTE: retain daily passage without a purchase.

PUBLIC GROUND: repair, international exchange and AI-native uses share an open edge.

Proposed activity 10:00-20:00; loading 07:00-09:00, stopped on conflict.

This is the provisional area. Actual Dazhongsi station is about 2.2 km north; see node 02.

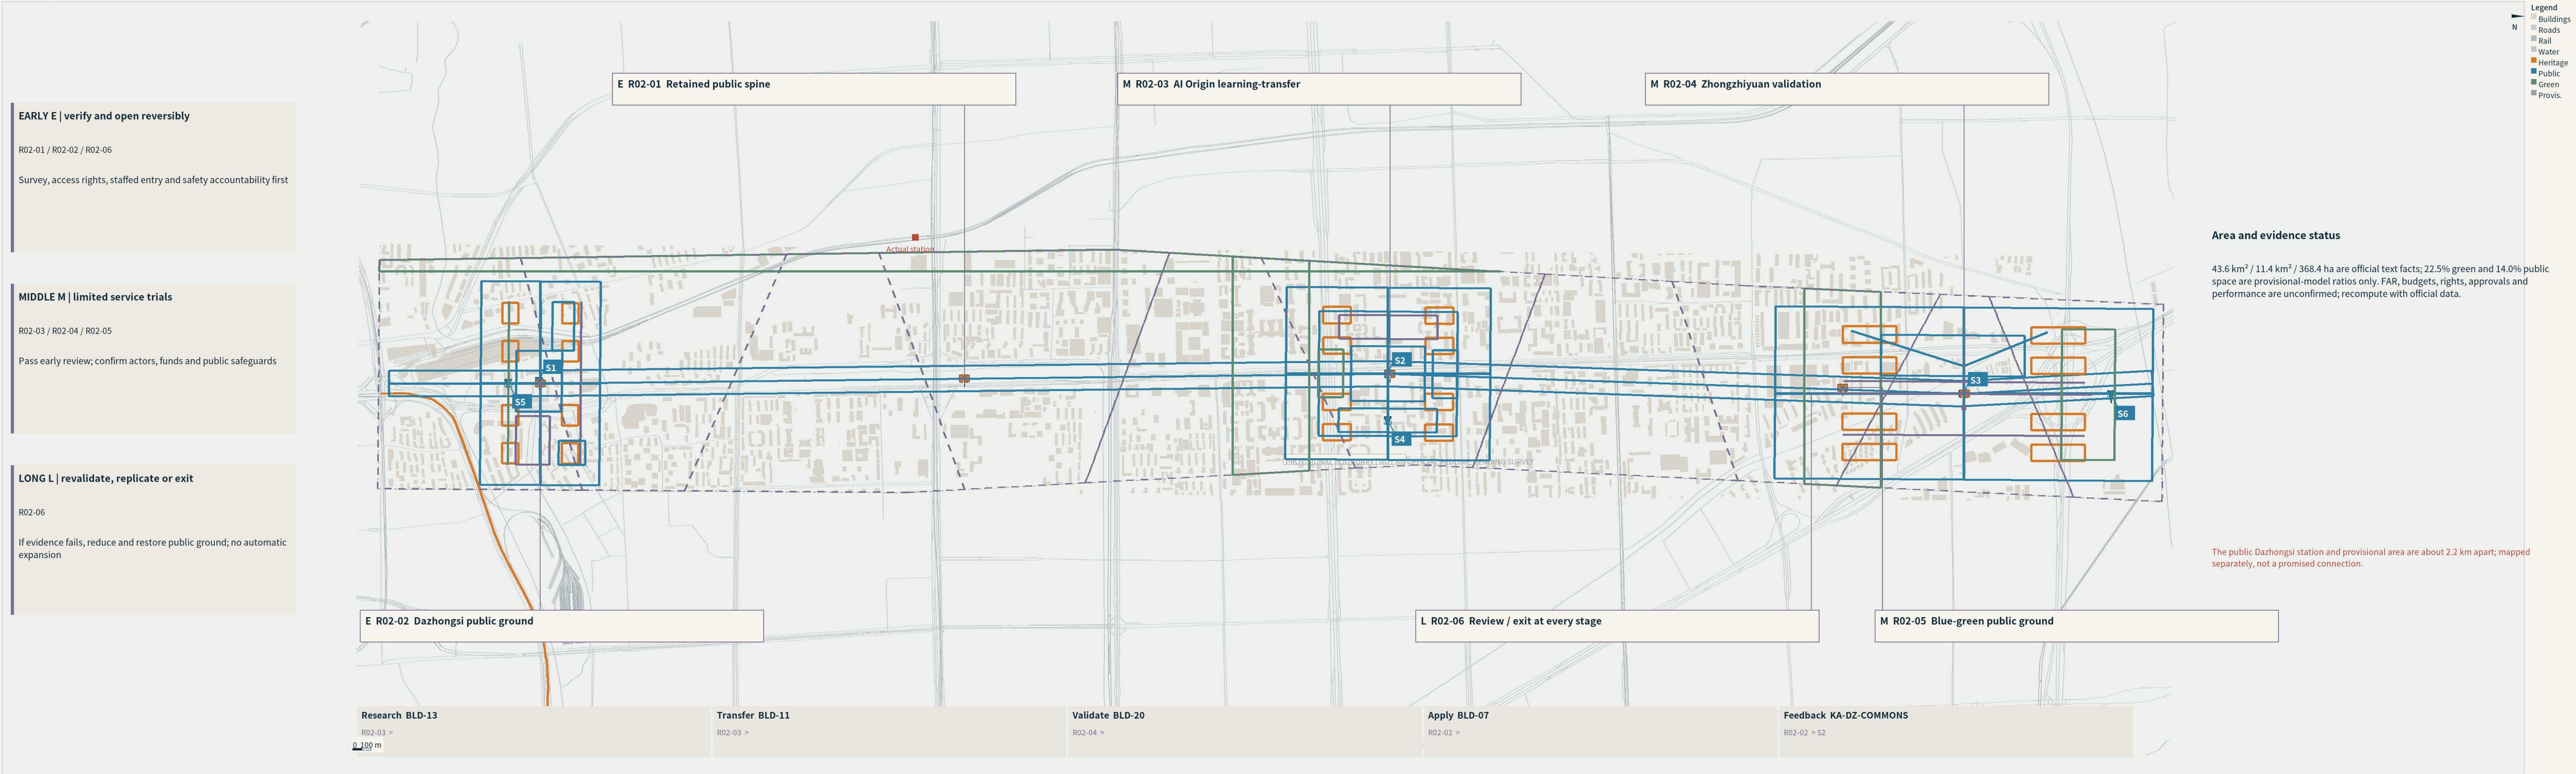

CYCLES + SERVICE | Grouped racks stay outside clear paths. Loading proposed 07:00-09:00, physically separated and stopped on conflict.

STATION HANDOFF | The provisional area is about 2.2 km from the public station anchor. No bridge, tunnel, entrance or connection is approved.

From Projects to Implementation

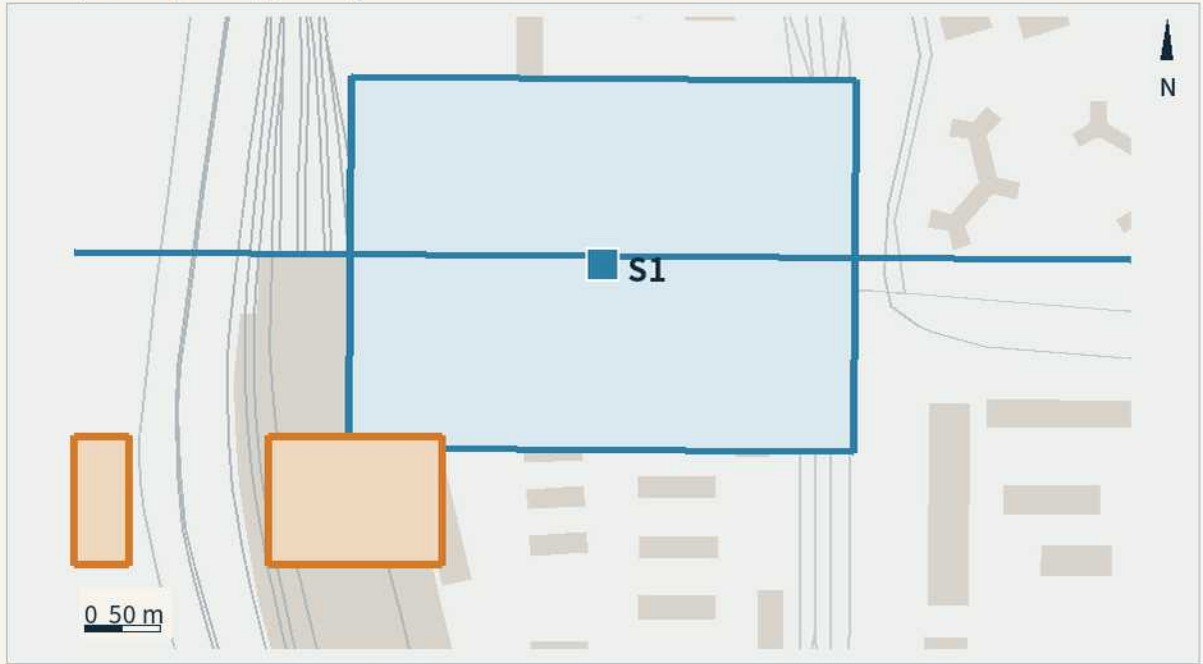

Open public ground first, then test services: accountable, stoppable and restorable projects connect three urban prototypes.

01 Conditional project priorities | 1:12500 | north to the right

L-B07-01,L-B07-02,L-B07-03,L-B07-04,L-B07-05,L-B07-06 | Concept actions; dashed boundary not official

S1 B06 | 1:5000

Service without an account

R02-03 | B06 | KA-DZ-COMMONS

PERSON / PLACE Resident without a smartphone / Dazhongsi provisional public ground

SPACE Keep free seating, level entry and a staffed desk

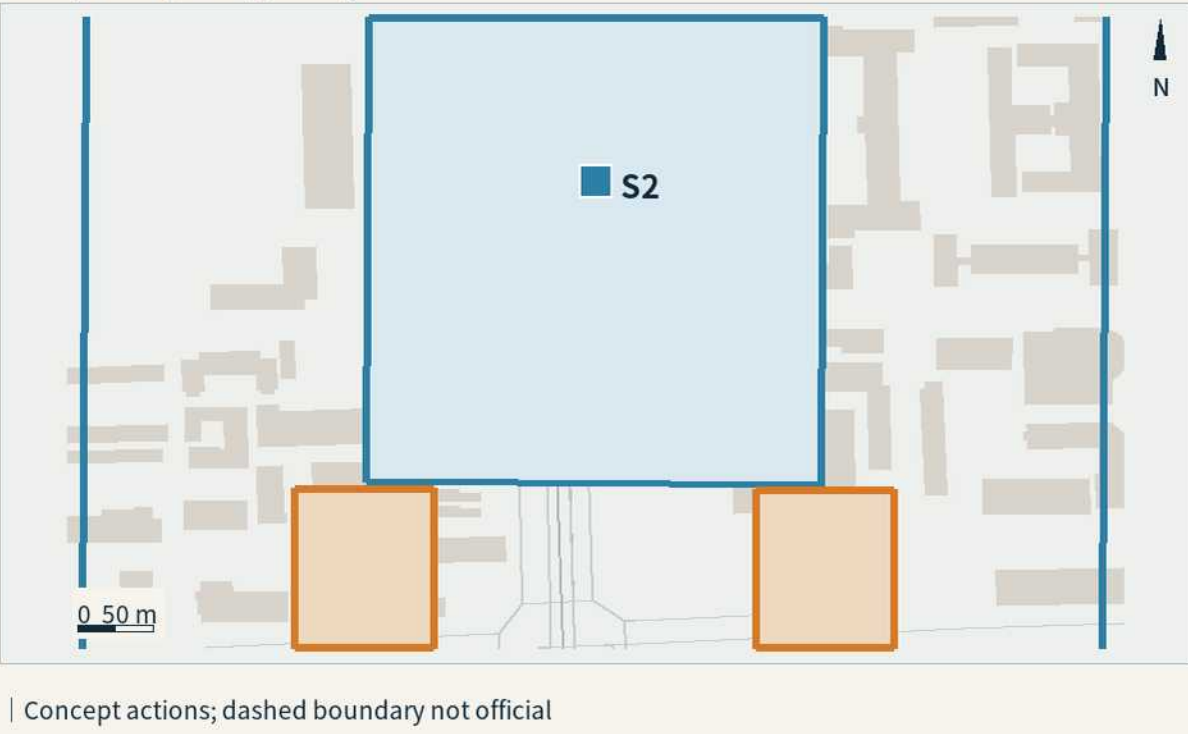

OPERATOR Local public service class (unconfirmed)

NON-AI Counter, phone and paper receipt

VERIFY Audit completed no-login service and equivalence

STOP Stop collection on forced login or excess data

S2 B05 | 1:5000

Learning to a real handoff

R02-03 | B05 | KA-AI-COMMONS

PERSON / PLACE Student or reskilling learner / AI Origin learning court and mentor desk

SPACE Link the court to workshops; private rooms can close

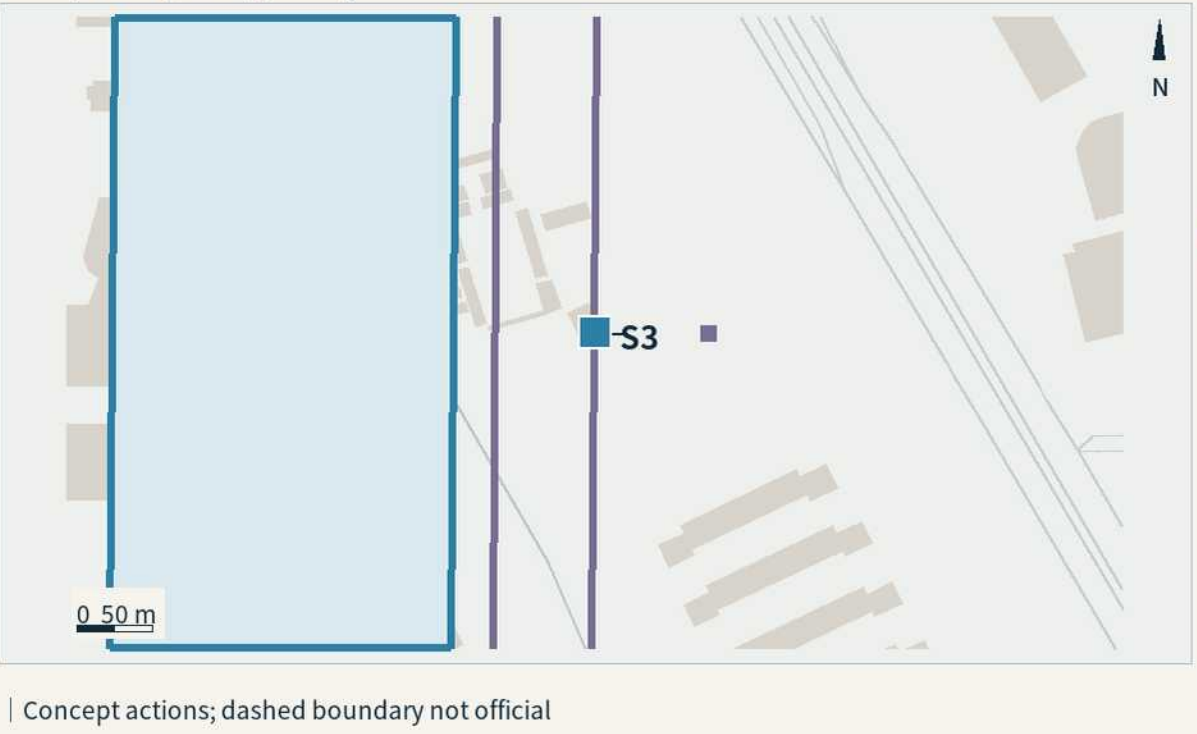

OPERATOR Campus-community mentor class (unconfirmed)

NON-AI Mentor, phone booking, paper portfolio

VERIFY Verify mentor handoff and learner confirmation

STOP Halt matching on failed consent or child safeguards

S3 B04 | 1:5000

Validate before scaling

R02-04 | B04 | KA-ZZ-TEST-SPINE

PERSON / PLACE Small research team and safety steward / Zhongzhiyuan controlled test spine

SPACE Separate testing, public gallery and service access

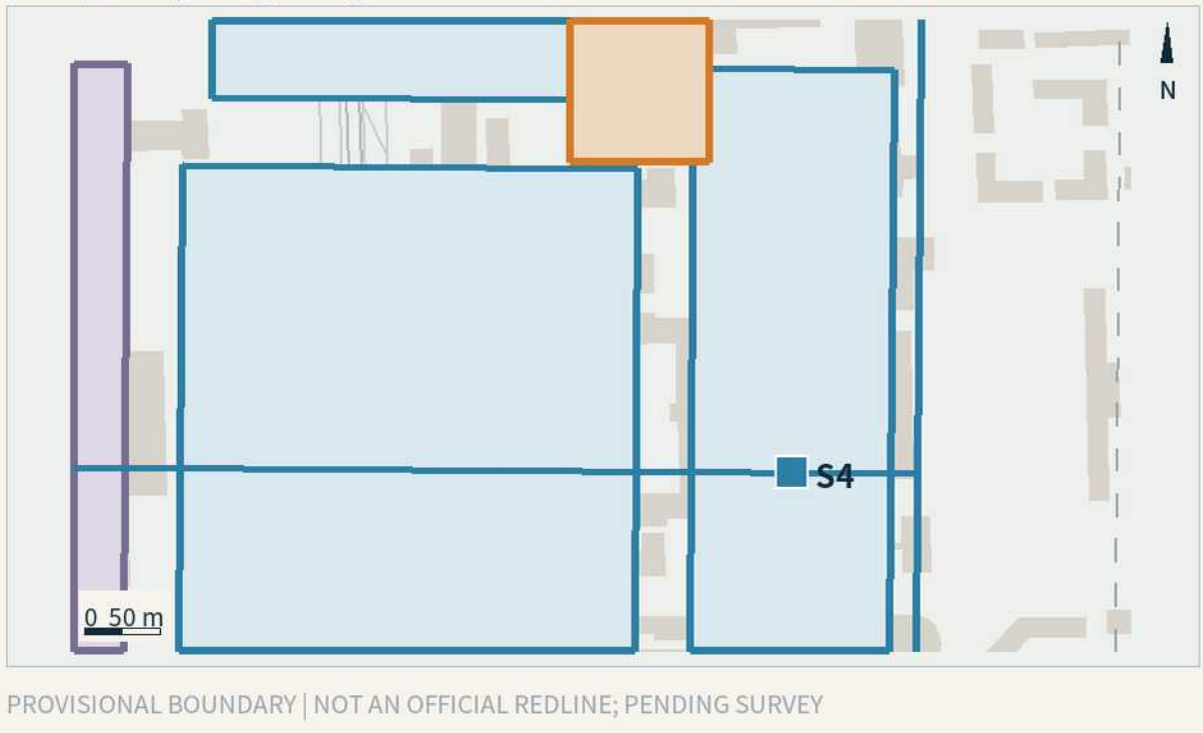

OPERATOR Innovation-safety operator class (unconfirmed)

NON-AI Staff booking, physical stop, human takeover

VERIFY Verify test gates and independent repeatability

STOP Physical stop on failed separation, noise or records

S4 B05 | 1:5000

The creator decides to release

R02-03 | B05 | KA-AI-PUBLIC-EDGE

PERSON / PLACE Student creator and collaborator / AI Origin private-to-public threshold

SPACE Closable studio, consent desk, cleared display only

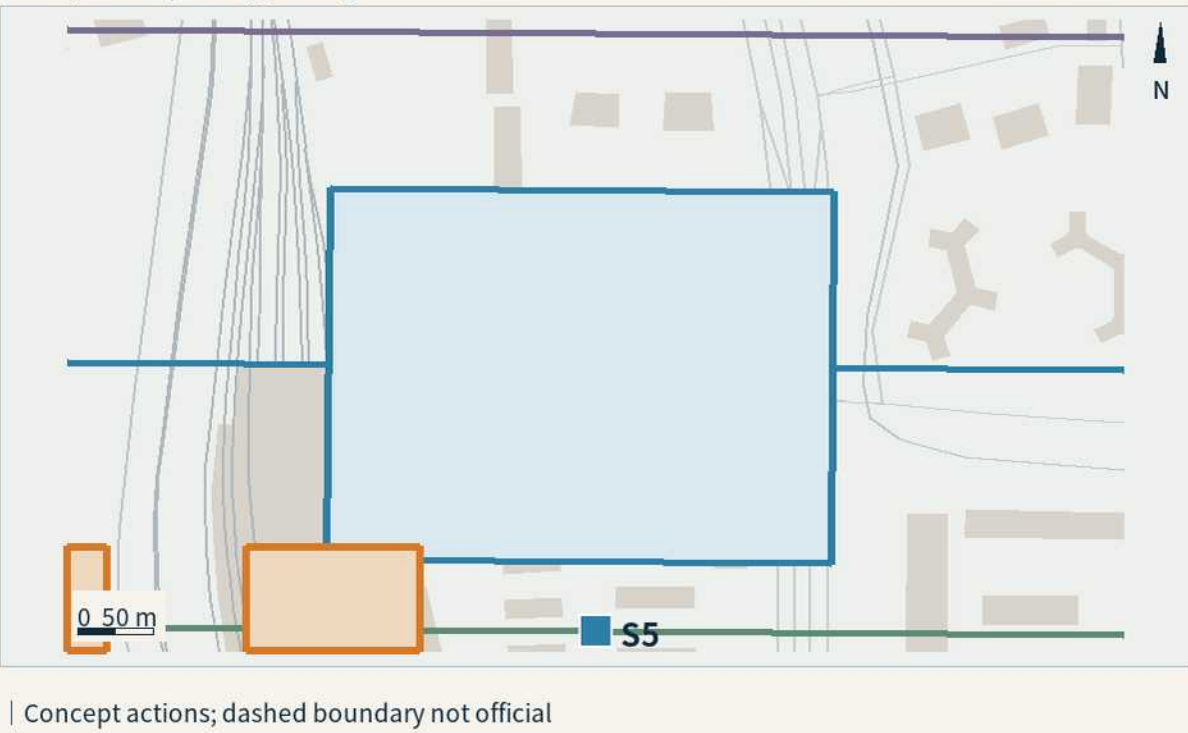

OPERATOR Creative-space / rights review class (unconfirmed)

NON-AI Paper permission, human review and removal

VERIFY Audit granular permission, credit and receipt

STOP Halt release on withdrawal, unclear rights or consent

S5 B06 | 1:5000

Quiet passage keeps priority

R02-02 | B06 | KA-DZ-QUIET-ROUTE

PERSON / PLACE Wheelchair user, older resident and carer / Dazhongsi provisional quiet route

SPACE Keep a clear path; racks and loading stay outside

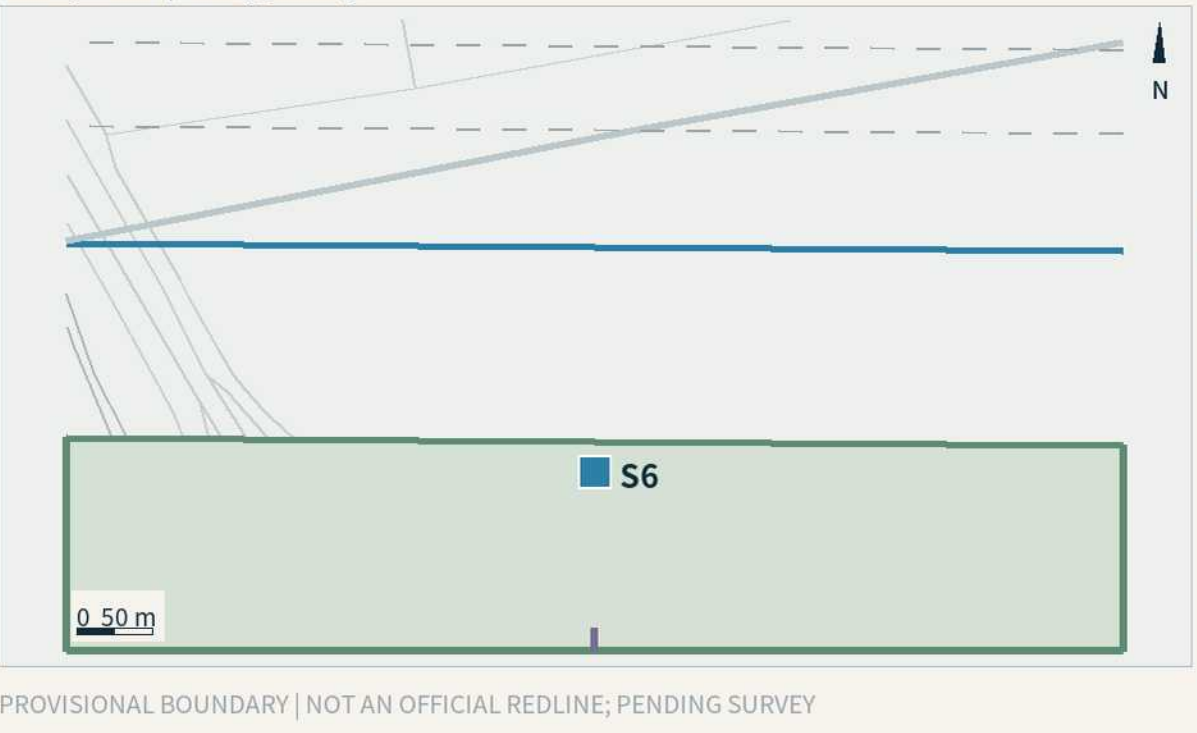

OPERATOR Public-ground / logistics class (unconfirmed)

NON-AI Paper signs, staff assistance and detour

VERIFY User walk-through acceptance, not radius coverage

STOP Stop events on blockage, collision risk or noise

S6 B04 | 1:5000

River reports become maintenance

R02-05 | B04 | KA-ZZ-QINGHE-BUFFER

PERSON / PLACE Walking resident and maintenance steward / Qinghe-Zhongzhiyuan buffer

SPACE Keep floodable planting, sampling access and detour

OPERATOR Water-ecology upkeep class (unconfirmed)

NON-AI Phone reports, paper patrol, professional sampling

VERIFY Verify reports, samples and maintenance closure

STOP Close the segment on warning or verified threshold

02 Delivery matrix | owners and approvals unconfirmed; funding options only, no approved budget

Project / stage	Owner class / unconfirmed	Approval / review	Funding / uncommitted	Operation / non-AI route	Verify / stop / not measured
E R02-01 Retained public spine	Public-realm / heritage class	Access and heritage review	Public upkeep option	Staff patrol; retain passage	Walk audit; reroute on closure
E R02-02 Dazhongsi public ground	Station / local operator class	Boundary, traffic and fire	Owner retrofit + public service	Quiet passage; timed loading	No-login use; stop conflicts
M R02-03 AI Origin learning-transfer	Campus / community class	Access pact, privacy and fire	Shared space / pilot option	Mentor; paper consent / exit	Real handoff; consent or stop
M R02-04 Zhongzhiyuan validation	Innovation / safety class	Test limits, safety, ecology	Controlled-test service option	Staffed; tests separate	Gates complete; physical stop
M R02-05 Blue-green public ground	Ecology / public-works class	Water, ecology, bank access	Ecological upkeep option	Sample; close and detour	Verify reports; halt on breach
L R02-06 Review / exit at every stage	Lawful review / asset class	Review each stage; no default	Restoration funds before start	Revalidate; take over / restore	Restore; no actor, no start

E/M/L are conditional priorities; PH-01-10 encode five dependency interfaces, not construction dates. Operations, performance and thresholds need trials and professional review. Full duties and metric definitions stay in A3 / machine files.

03 Compact 0+13 crosswalk

Action > units > capabilities > projects (matrix owners / tests)
A1 8/12 C5/7 01
A2 1/3 C5 01/02
A3 2/5/6/7/11 C1/2/3/4/6/7 02/03/04
A4 4 C8 05
A5 1/7 C5/6 02
A6 0/9/10/13 C8 06
A: consent; C: public routing; B: professional review; L: lawful decisions. All operator classes remain candidates.
