FIG-SITE-OVERVIEW

Concept layer • header ornament

One spine, two tracks, three stations — what may change and what must not, all on one sheet.

Three-station relay | duties and scope

Research about 43.6 km² | Design 11.412825 km² | Areas 368.4 ha

01 | Zhongzhiyuan

Calibration and independent retesting

Announced key-area extent 192.1 ha

Duty ends at retesting; it does not replace approval.

02 | AI Origin

Problem intake and human reframing

M01 responsibility station

Responsibility is here; the spatial candidate is elsewhere.

03 | Dazhongsi

Authorized limited first use and exit

M01 spatial candidate

Exact location UNKNOWN

Limited first use begins only after authorization and retains exit.

Status | Known = solid | provisional = dashed

UNKNOWN = text label

Target = responsibility | diamond = spatial candidate

PROPOSAL DEFINITION

Using Jing-Zhang Railway Heritage Park as a public spine, this proposal turns urban questions into scientific and civic action that can be falsified, retested, and exited.

STEP 1

The question enters AI Origin.

STEP 2

Anything that needs instruments or protocol review goes to Zhongzhiyuan for calibration and independent retesting.

STEP 3

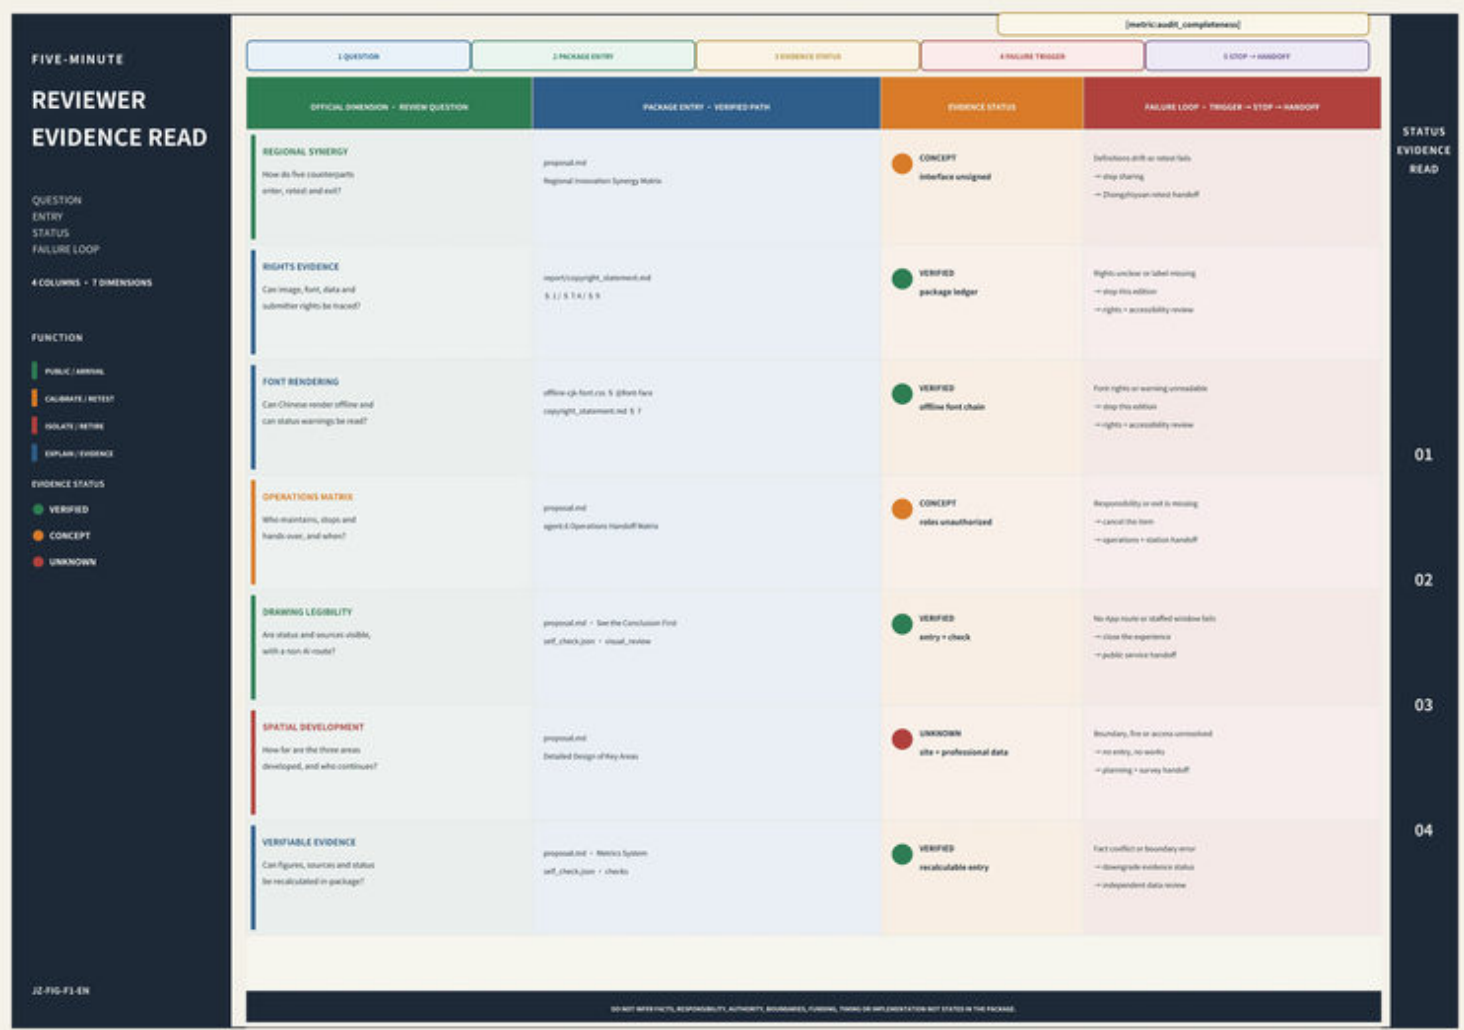

An option may be tried on a limited basis at Dazhongsi or another duly empowered setting only after the authorization conditions have been met.
