

JING-ZHANG CIVIC SUPPLY LINE

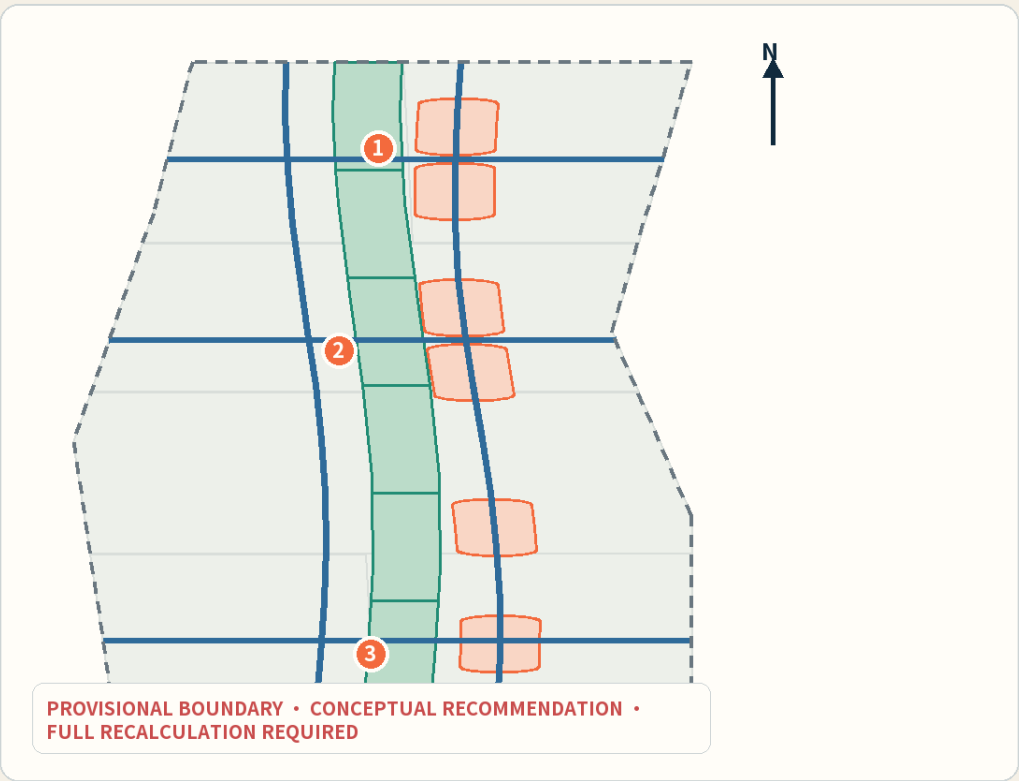

AI INNOVATION THAT KEEPS DAILY LIFE WITHIN REACH

An AI city must first keep water, a meal, a seat, and a safe way home within reach.

JING-ZHANG CIVIC SUPPLY LINE

CENTENNIAL JING-ZHANG AI INNOVATION BELT

01 • A MIGRATABLE CIVIC SUPPLY SPINE

An AI city must first keep water, a meal, a seat, and a safe way home within reach.

- 1 Zhongzhiyuan • TWIN TEST LOOP**
Validation Supply + Recall and Takeover | cold-chain, delivery and outage drills
- 2 AI Origin • TWIN CARE LOOP**
Community Kitchen and Care + Public Referral | human desk and youth residency
- 3 Dazhongsi • TWIN NIGHT LOOP**
Night Supply + Safe-Way-Home | merchant interface and station-to-home route

6 PUBLIC SUPPLY GATES

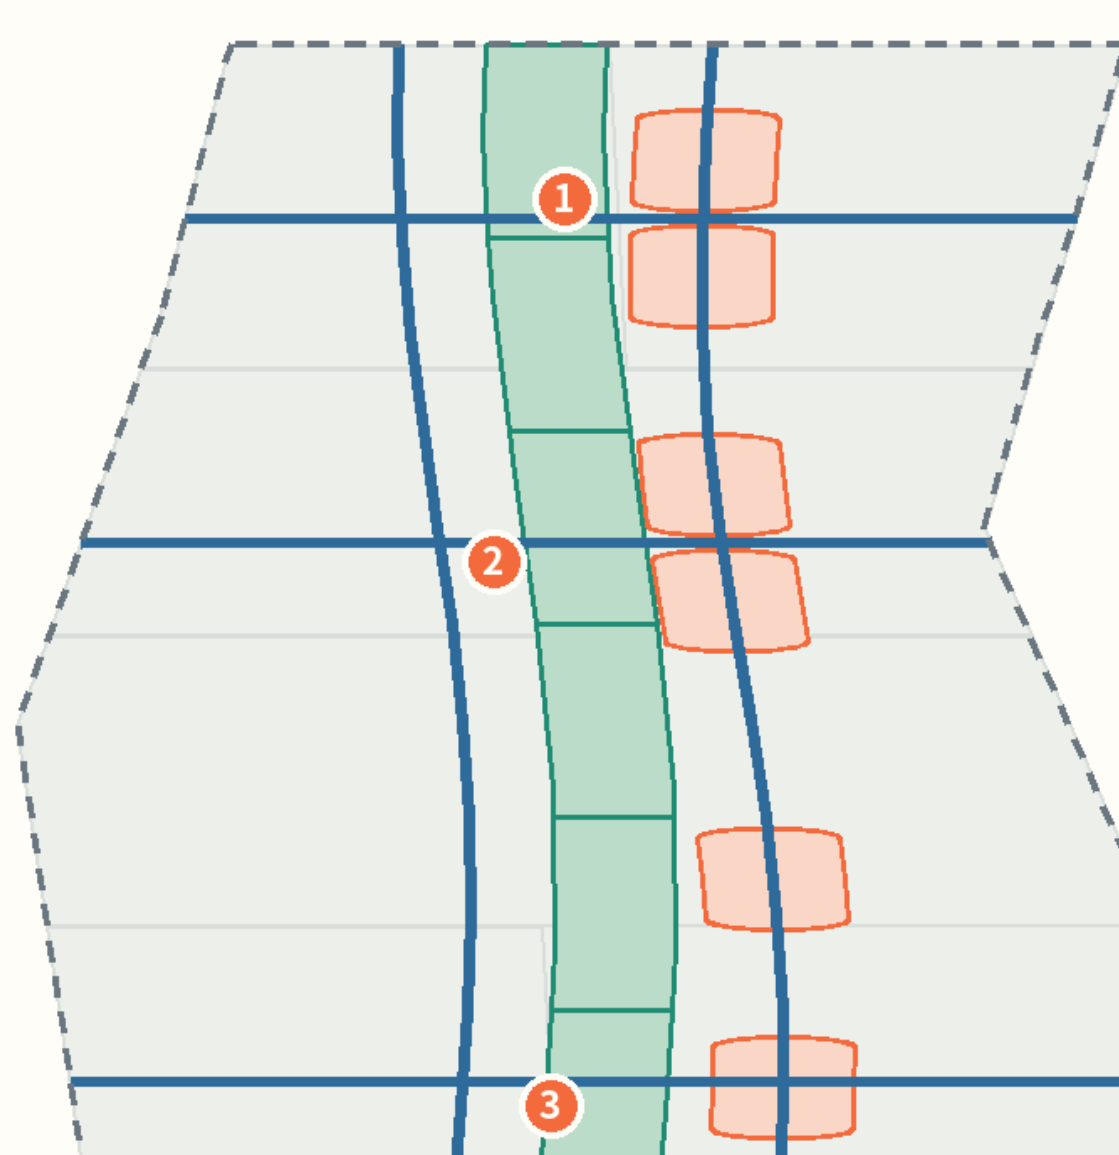

VALIDATION SUPPLY	RECALL + TAKEOVER
KITCHEN + CARE	PUBLIC REFERRAL
NIGHT SUPPLY	SAFE WAY HOME

AI-OFF BASELINE: basic supply remains available when networks or power fail, or when a person declines digital service.

02 • THREE SCOPE LEVELS + SUPPLY-ORIENTED LAND USE

01 43.6 km² COORDINATED

02 11.4 km² OVERALL

03 368.4 ha KEY AREAS

LAND-USE PARTITION

- Independent-Innovation Validation and Backup Zone
- Cold-Chain Prototyping and Small-Business Collaboration
- Youth Co-creation and Public-Service Zone
- Stormwater Resilience and Civic-Supply Zone
- Origin Community Daily-Care Zone
- Common-Kitchen and Human-Referral Zone
- Night Supply and Small-Merchant Mutual-Benefit
- Safe-Journey and Cultural Open-Space Zone

SUPPLY IS A CROSS-PARCEL SERVICE CONTRACT, NOT A NEW REDLINE

- 01 日常底板 / DAILY BASE
Water, rest, human desk, and safe passage
- 02 可控试验 / BOUNDED TEST
Temperature, stop, recall, price, and data minimisation
- 03 公开交接 / PUBLIC HANDOVER
Ownership, work orders, recovery, and exit records

PROVISIONAL BOUNDARY • CONCEPTUAL RECOMMENDATION • FULL RECALCULATION REQUIRED

04 • WALKING/CYCLING, BLUE-GREEN + NIGHT SUPPLY NETWORKS

- SUPPLY WALK + CYCLE SPINE
- BLUE-GREEN COOLING + STORM BASE
- NIGHT SUPPLY + HUMAN SERVICE

TWO NETWORKS, ONE BASELINE

- 01 DAY / 日常**
Shade, water, seating, accessibility, and static wayfinding
- 02 NIGHT / 夜间**
Low-disturbance light, staffed help, visible prices, safe route home
- 03 OUTAGE / 失效**
Paper list, human queue, offline payment or accountable deferred record
- 04 STORM / 极端天气**
Emergency supply takes priority; robots yield to ordinary passage

AI-OFF BASELINE: basic supply remains available when networks or power fail, or when a person declines digital service.

05 • METRICS, EVIDENCE + STOP RULES

EVIDENCE CHAIN

STOP / RECALL TRIGGERS

PROVISIONAL BOUNDARY • CONCEPTUAL RECOMMENDATION • FULL RECALCULATION REQUIRED

Machines check completeness; professionals and affected groups decide safety, fairness, and continuation.

TWELVE VISIBLE SCENARIOS, THREE BOUNDED INDUSTRY TESTS

TVS-01 COLD-CHAIN ANOMALY

Isolate and recall when evidence breaks

TVS-02 DELIVERY TAKEOVER

Stop on location or emergency-stop failure

TVS-03 MERCHANT INTERFACE

Rollback on overreach or anomalous pricing

S-04 COMMUNITY KITCHEN

Phone, paper tickets and human count

S-05 CARE-MEAL DELIVERY

Recall on misdelivery or allergy risk

S-06 PUBLIC-SERVICE REFERRAL

Eligibility decisions go to a person

S-07 YOUTH SERVICE RESIDENCY

Pause on bias or inadequate safeguards

S-08 NIGHT PRICE WATCH

Posted human price remains available

S-09 SAFE WAY HOME

Paper map, markers and human help

S-10 HEAT + DRINKING WATER

Unsafe equipment triggers an alternate point

S-11 STORM SUPPLY SHIFT

On-site closure overrides the model

S-12 CORRIDOR AI-OFF DRILL

Human command and paper ledger

CIVIC SUPPLY CONTRACT: RESPONSIBILITY, RIGHTS + NEGATIVE TABLETOPS

RACI / WHO OWNS IT

- Public-service owner
- Operations + food-safety professional
- Affected-group representative
- Data + system maintainer

RIGHTS / WHAT PEOPLE KEEP

- No app required
- Human service + appeal
- Visible price + status
- Choice, stop, delete + correct

FAIL / HOW IT STOPS

- Temperature or provenance break
- Unexplained price or wait
- Robot blocks ordinary passage
- No human takeover after outage

AI-OFF BASELINE: basic supply remains available when networks or power fail, or when a person declines digital service.

START WITH A HUMAN LIST, NOT AN EXPENSIVE SYSTEM

PHASE 1 / AUTHORIZATION
PREPARATION

Verify boundary, accountability, permits, insurance, and the human baseline; no public test begins while a key authorization is missing.

PHASE 2 / CONTROLLED
VALIDATION

Validate cold chain, low-speed delivery, human takeover, and recall at Zhongzhiyuan; stop when an AI-OFF or recall drill fails.

PHASE 3 / LINKED EXPANSION +
EXIT

After public feedback and professional review, link kitchen, referral, night supply, merchants, and safe return; fall back or exit when the civic baseline is missed.
