

Three Key Areas (provisional constraints)

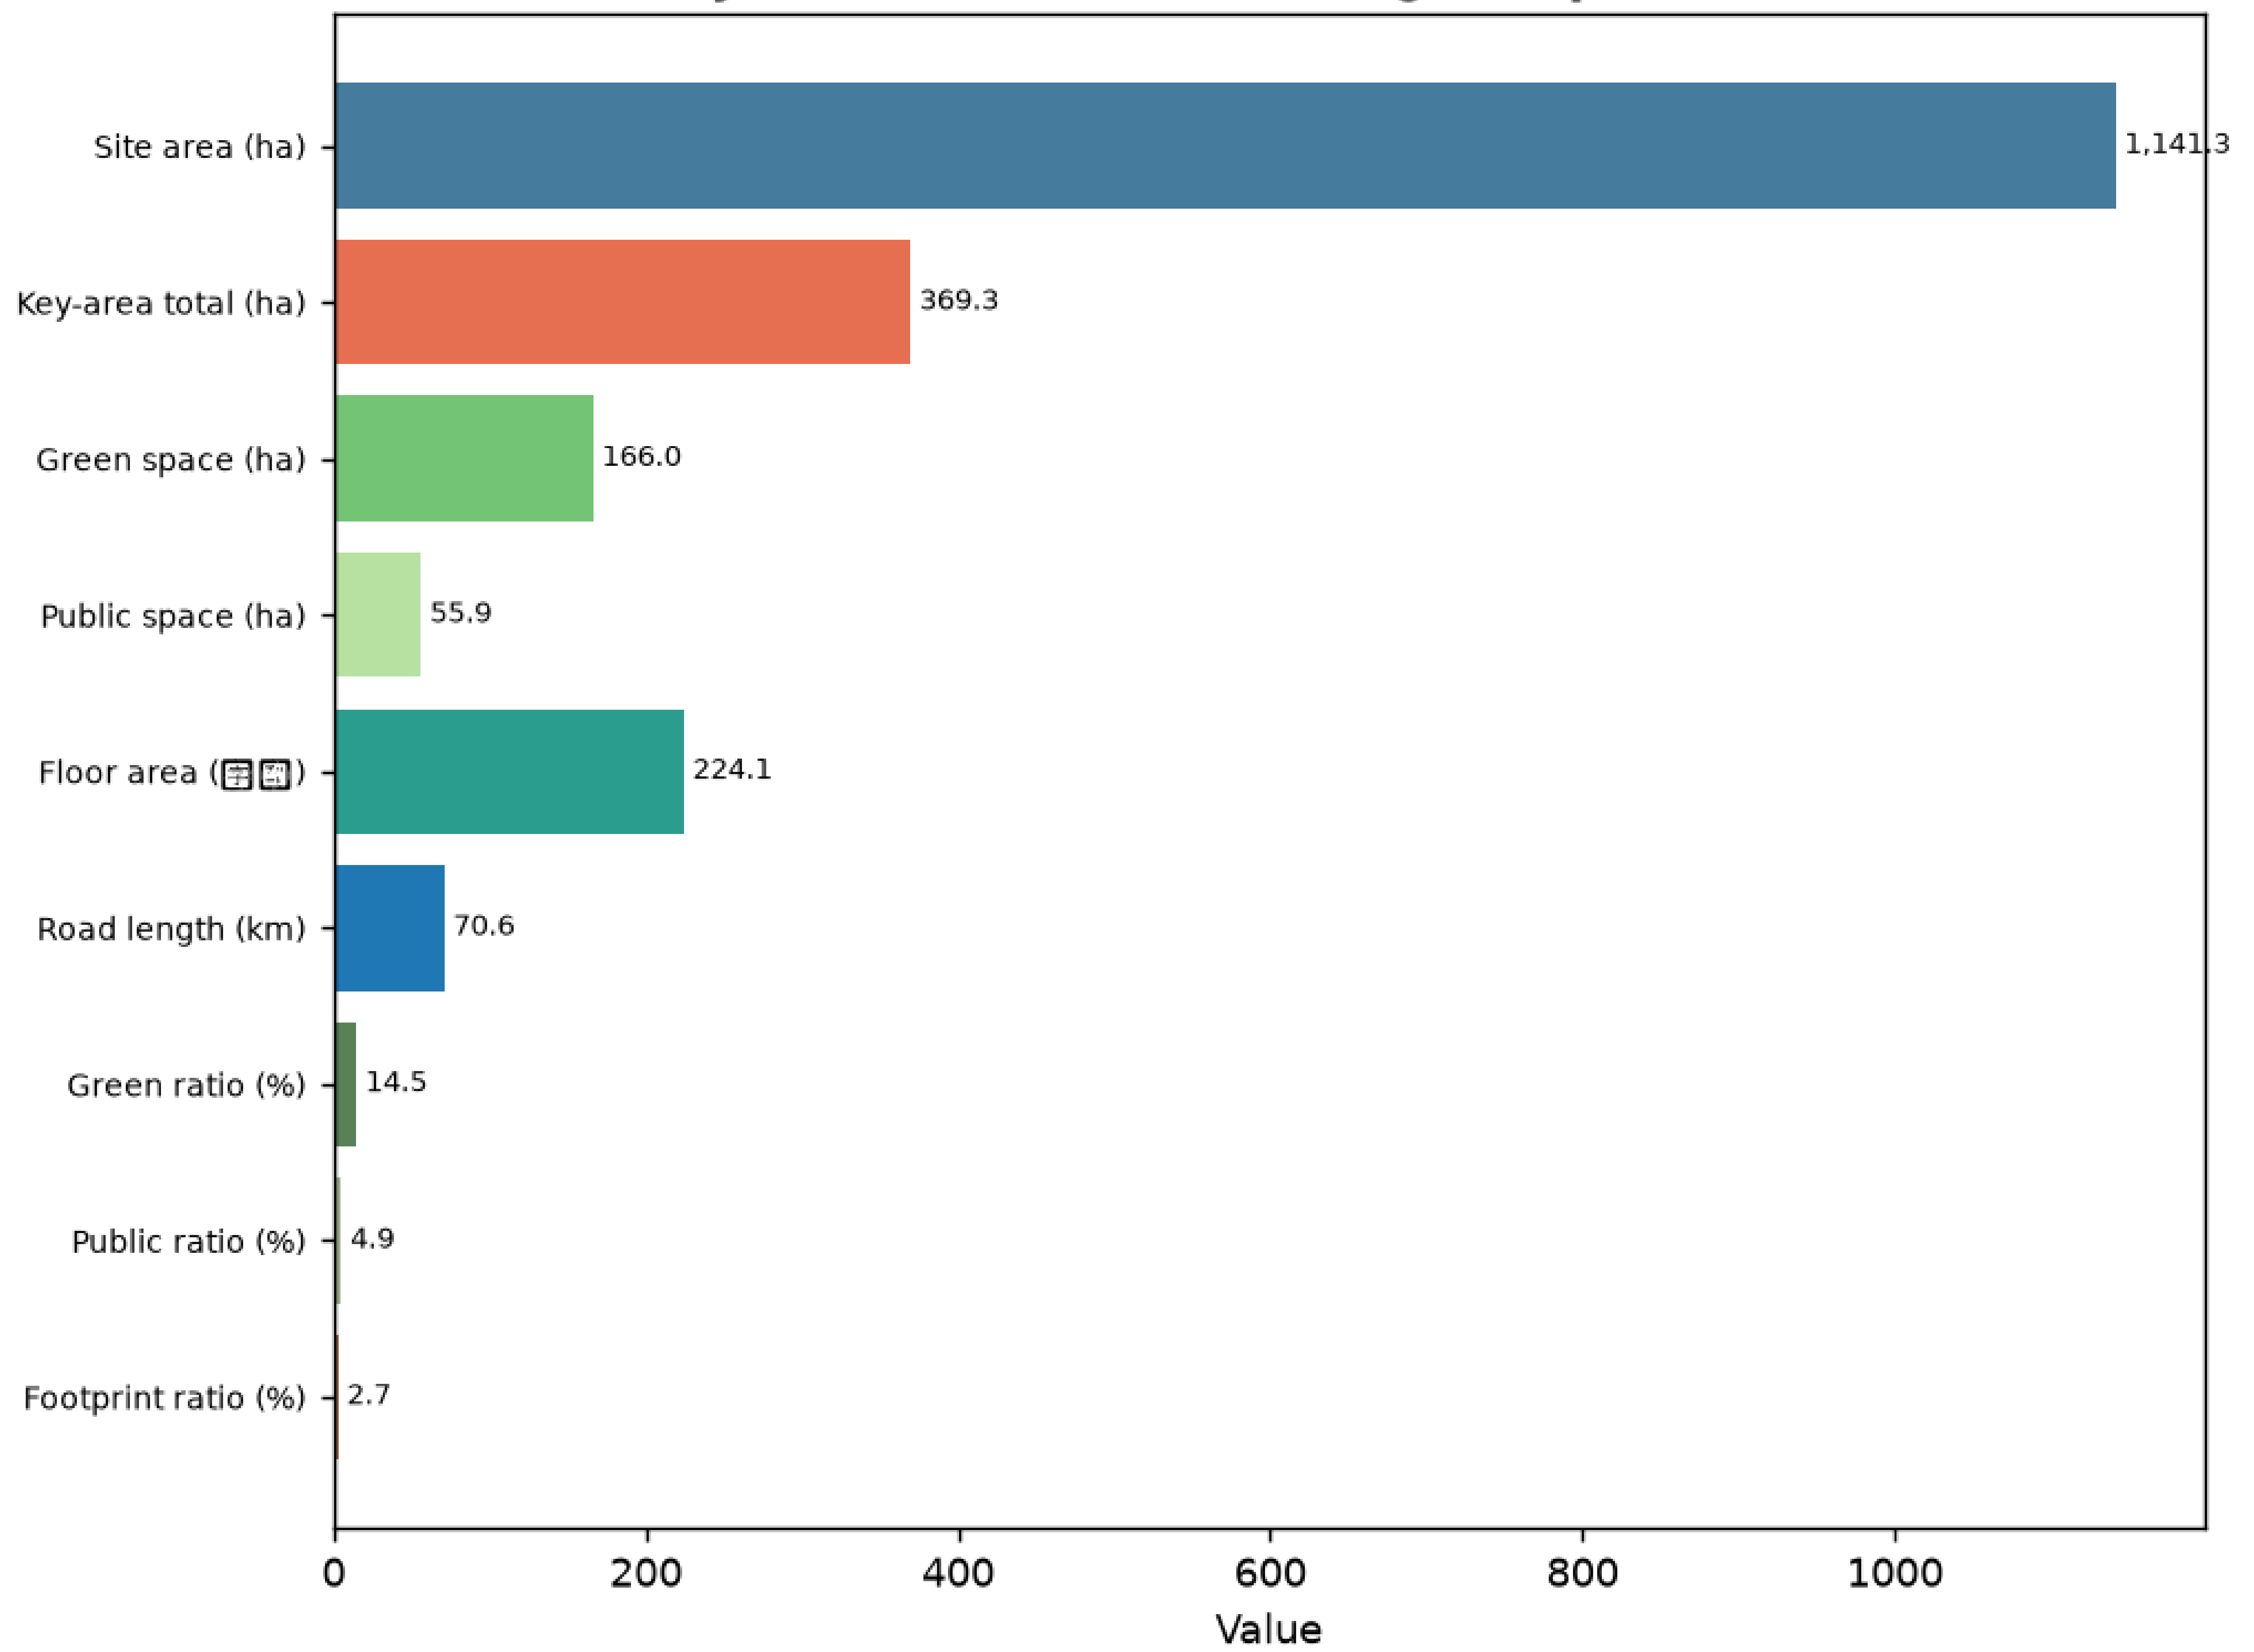

## Key Metrics Evidence (all figures provisional)

Luoduo Agent City grounds an AI-native urban design for the Centennial Jingzhang AI Belt on nine real Luoduo ecosystems.

The scheme covers three scopes, three key areas, a full metrics system and a three-phase plan; all spatial schemes are conceptual and the provisional boundary is not an official red-line.

Key metrics: site ~1141.3 ha, green ratio ~14.5%, public-space ratio ~4.9%, 18 renewal projects.

This drawing is conceptual; a full recompute is required after official red-lines. CC-BY-4.0.
