

Intelligent Renaissance Belt

Centennial Jingzhang • AI Co-evolution Urban Design v1.1

'Century of Answers' four acts: 1909 self-reliance / 1949 the examination (Qinghuayuan Station) / 1980s Zhongguancun / 2026 AI answers.

'Examination Road' cultural route (5.4km) · annual 'People's Review' · palette: Rail Blue + Algorithm Gold + Examination Red.

Submission: Xiao-Junyu / WorkBuddy AI · 2026-08-16 · conceptual suggestions only, not government-approved conclusions.

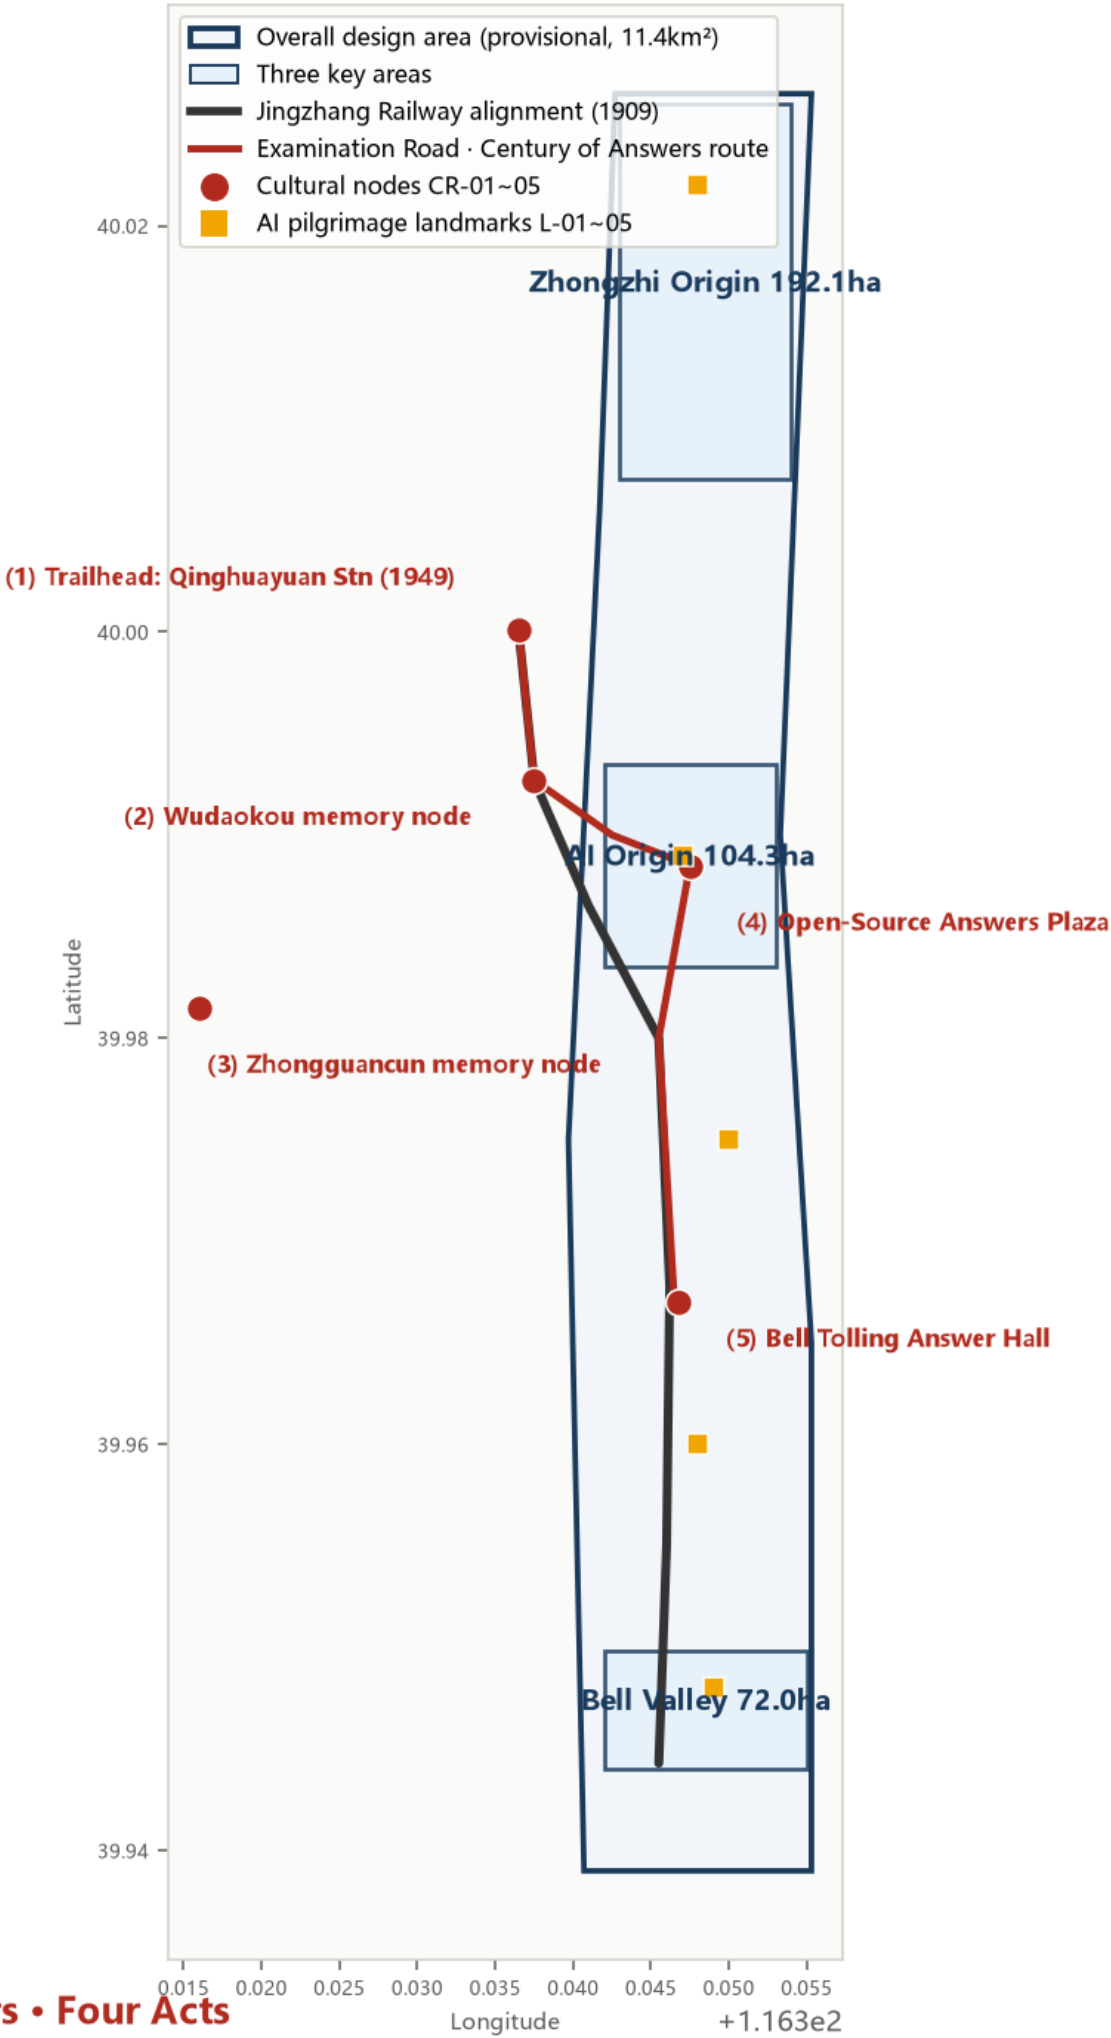

1 Overview • Century of Answers

Provisional boundary / zones / railway / route / nodes

Site overview & four-act timeline

Fig.1 Overall Design Area • 'Century of Answers' Narrative Structure

Intelligent Renaissance Belt v1.1 | provisional boundary + concept geometry, EPSG:4326 display

Century of Answers • Four Acts

- **1909 Self-reliance**—Jingzhang Railway
- **1949 Examination**—Qinghuayuan Stn first stop
- **1980s Entrepreneurship**—Zhongguancun Electronics St.
- **2026 The Answer**—AI Innovation Belt

Boundary note: provisional boundary for AI generation/display only. Qinghuayuan Station is a real heritage anchor ~300m west of the provisional boundary (ASSUME-006).

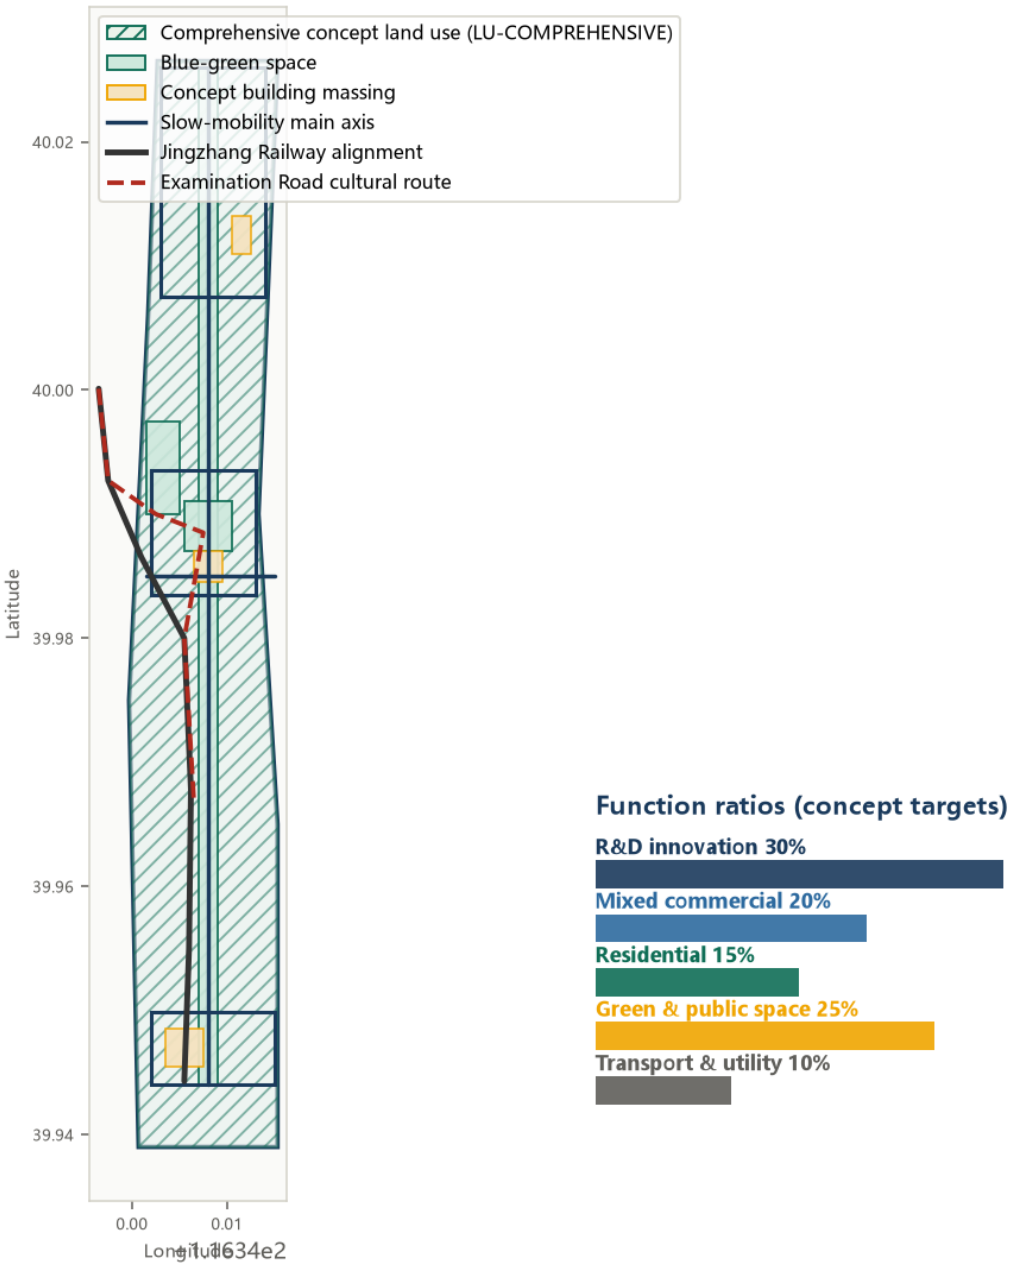

2 Land Use & Structure

One axis, three zones, two wings, one route

Comprehensive land use & ratios

Fig.2 Comprehensive Land Use & Three-Zone Two-Wing Structure

One axis, three zones, two wings, one route | concept zoning, not cadastral

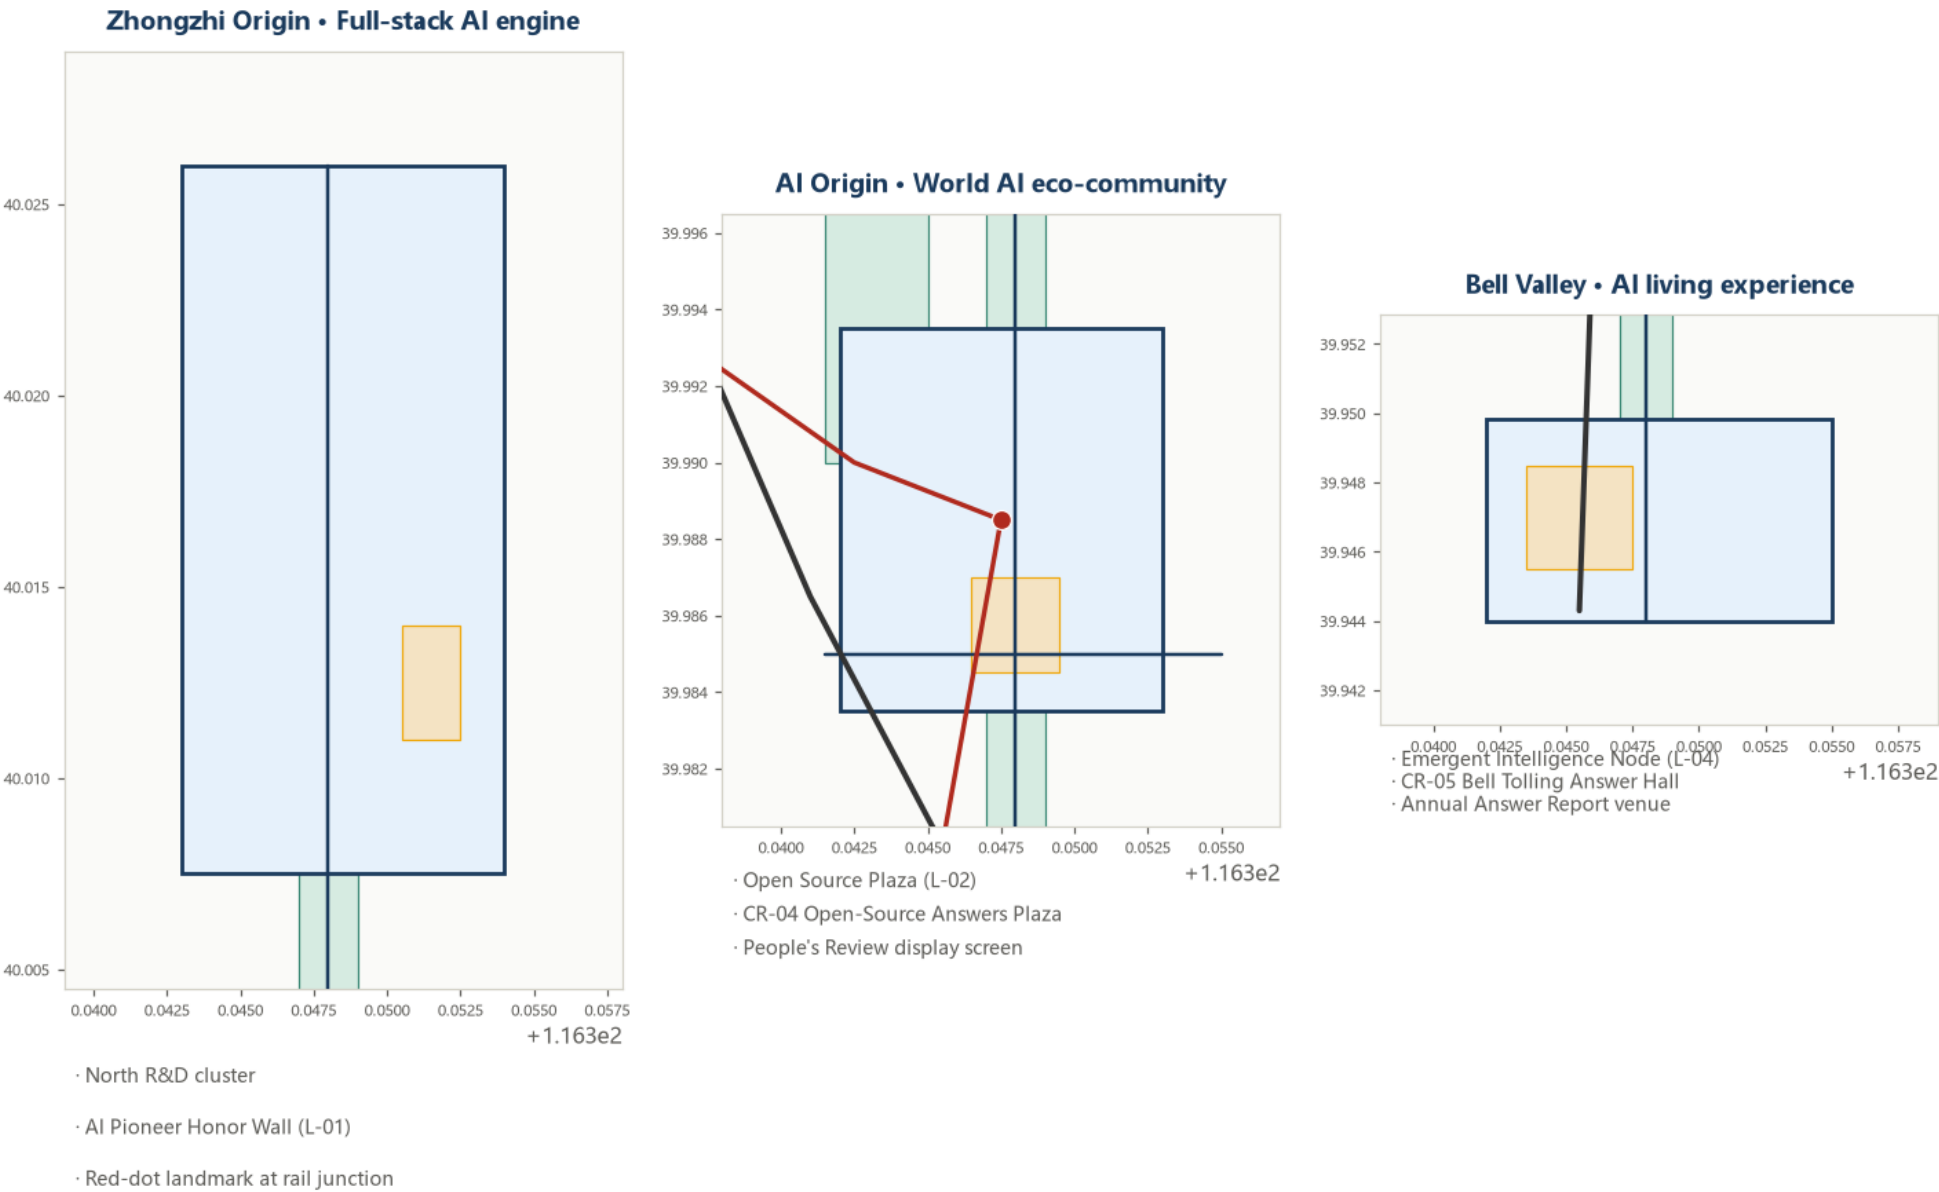

3 Key Areas Detail

Zhongzhi Origin / AI Origin / Bell Valley

Key areas & cultural anchors

Fig.3 Three Key Areas & Cultural Anchors — Detailed Design

Red nodes = 'Century of Answers' cultural anchors | areas are provisional announcement values

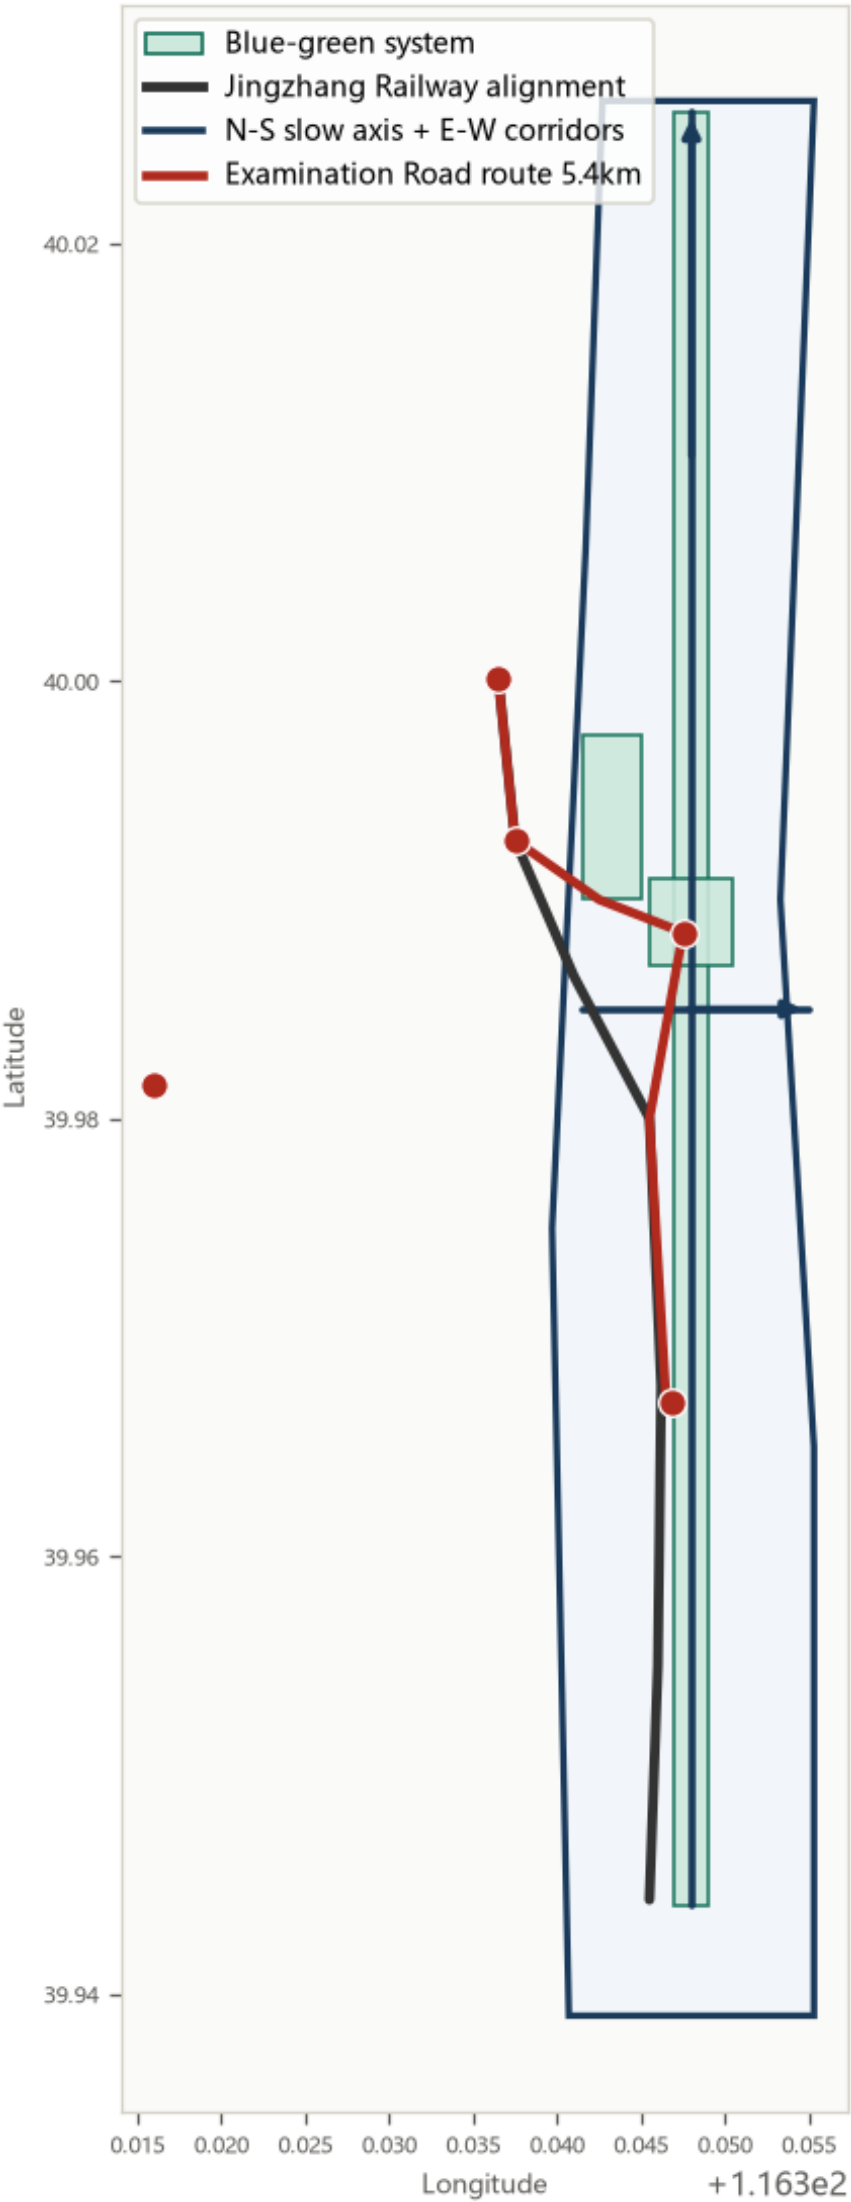

4 Mobility & Cultural Route

Stitching the corridor · accessible

Slow mobility + blue-green + route

Fig.4 Mobility, Blue-Green Network & Cultural Route

Stitching the railway corridor | fully accessible walking route

Metrics & evidence system

Fig.5 Metrics Recalculation & Evidence Chain

Reproducible metrics (recomputable from GeoJSON)

Measured site area (EPSG:4548)	11,412,825.386
[metric:site_area_sqm]	
Measured green ratio (geometry)	0.168073
[metric:green_ratio]	
Plaza footprint ratio	0.002027
[metric:public_space_ratio]	
Cultural route nodes	5
[metric:culture_route_nodes_count]	
People's Review cycles/yr	1
[metric:people_review_cycle_count]	

Content counts (all taskbook minimums met)

Scenario cards	12	Test scenarios	4
Personas	6	AI landmarks	5
Case studies	7	Annual events	8

Evidence chain

- 1. 公告+任务书(formal)
- 2. OSM/产业报告(background)
- 3. 临时边界(provisional)
- 4. 清华园车站史实 SRC-QHY-STATION-2023(background)
- 5. EPSG:4548复算(metrics.json)

All metrics status=known & reproducible. The 35% green target is a concept goal; the measured 16.8% is geometry-derived — listed separately.
