

OPEN CITY · HAIDIAN / SWITCHBACK LINE

Zhongzhiyuan Training Station

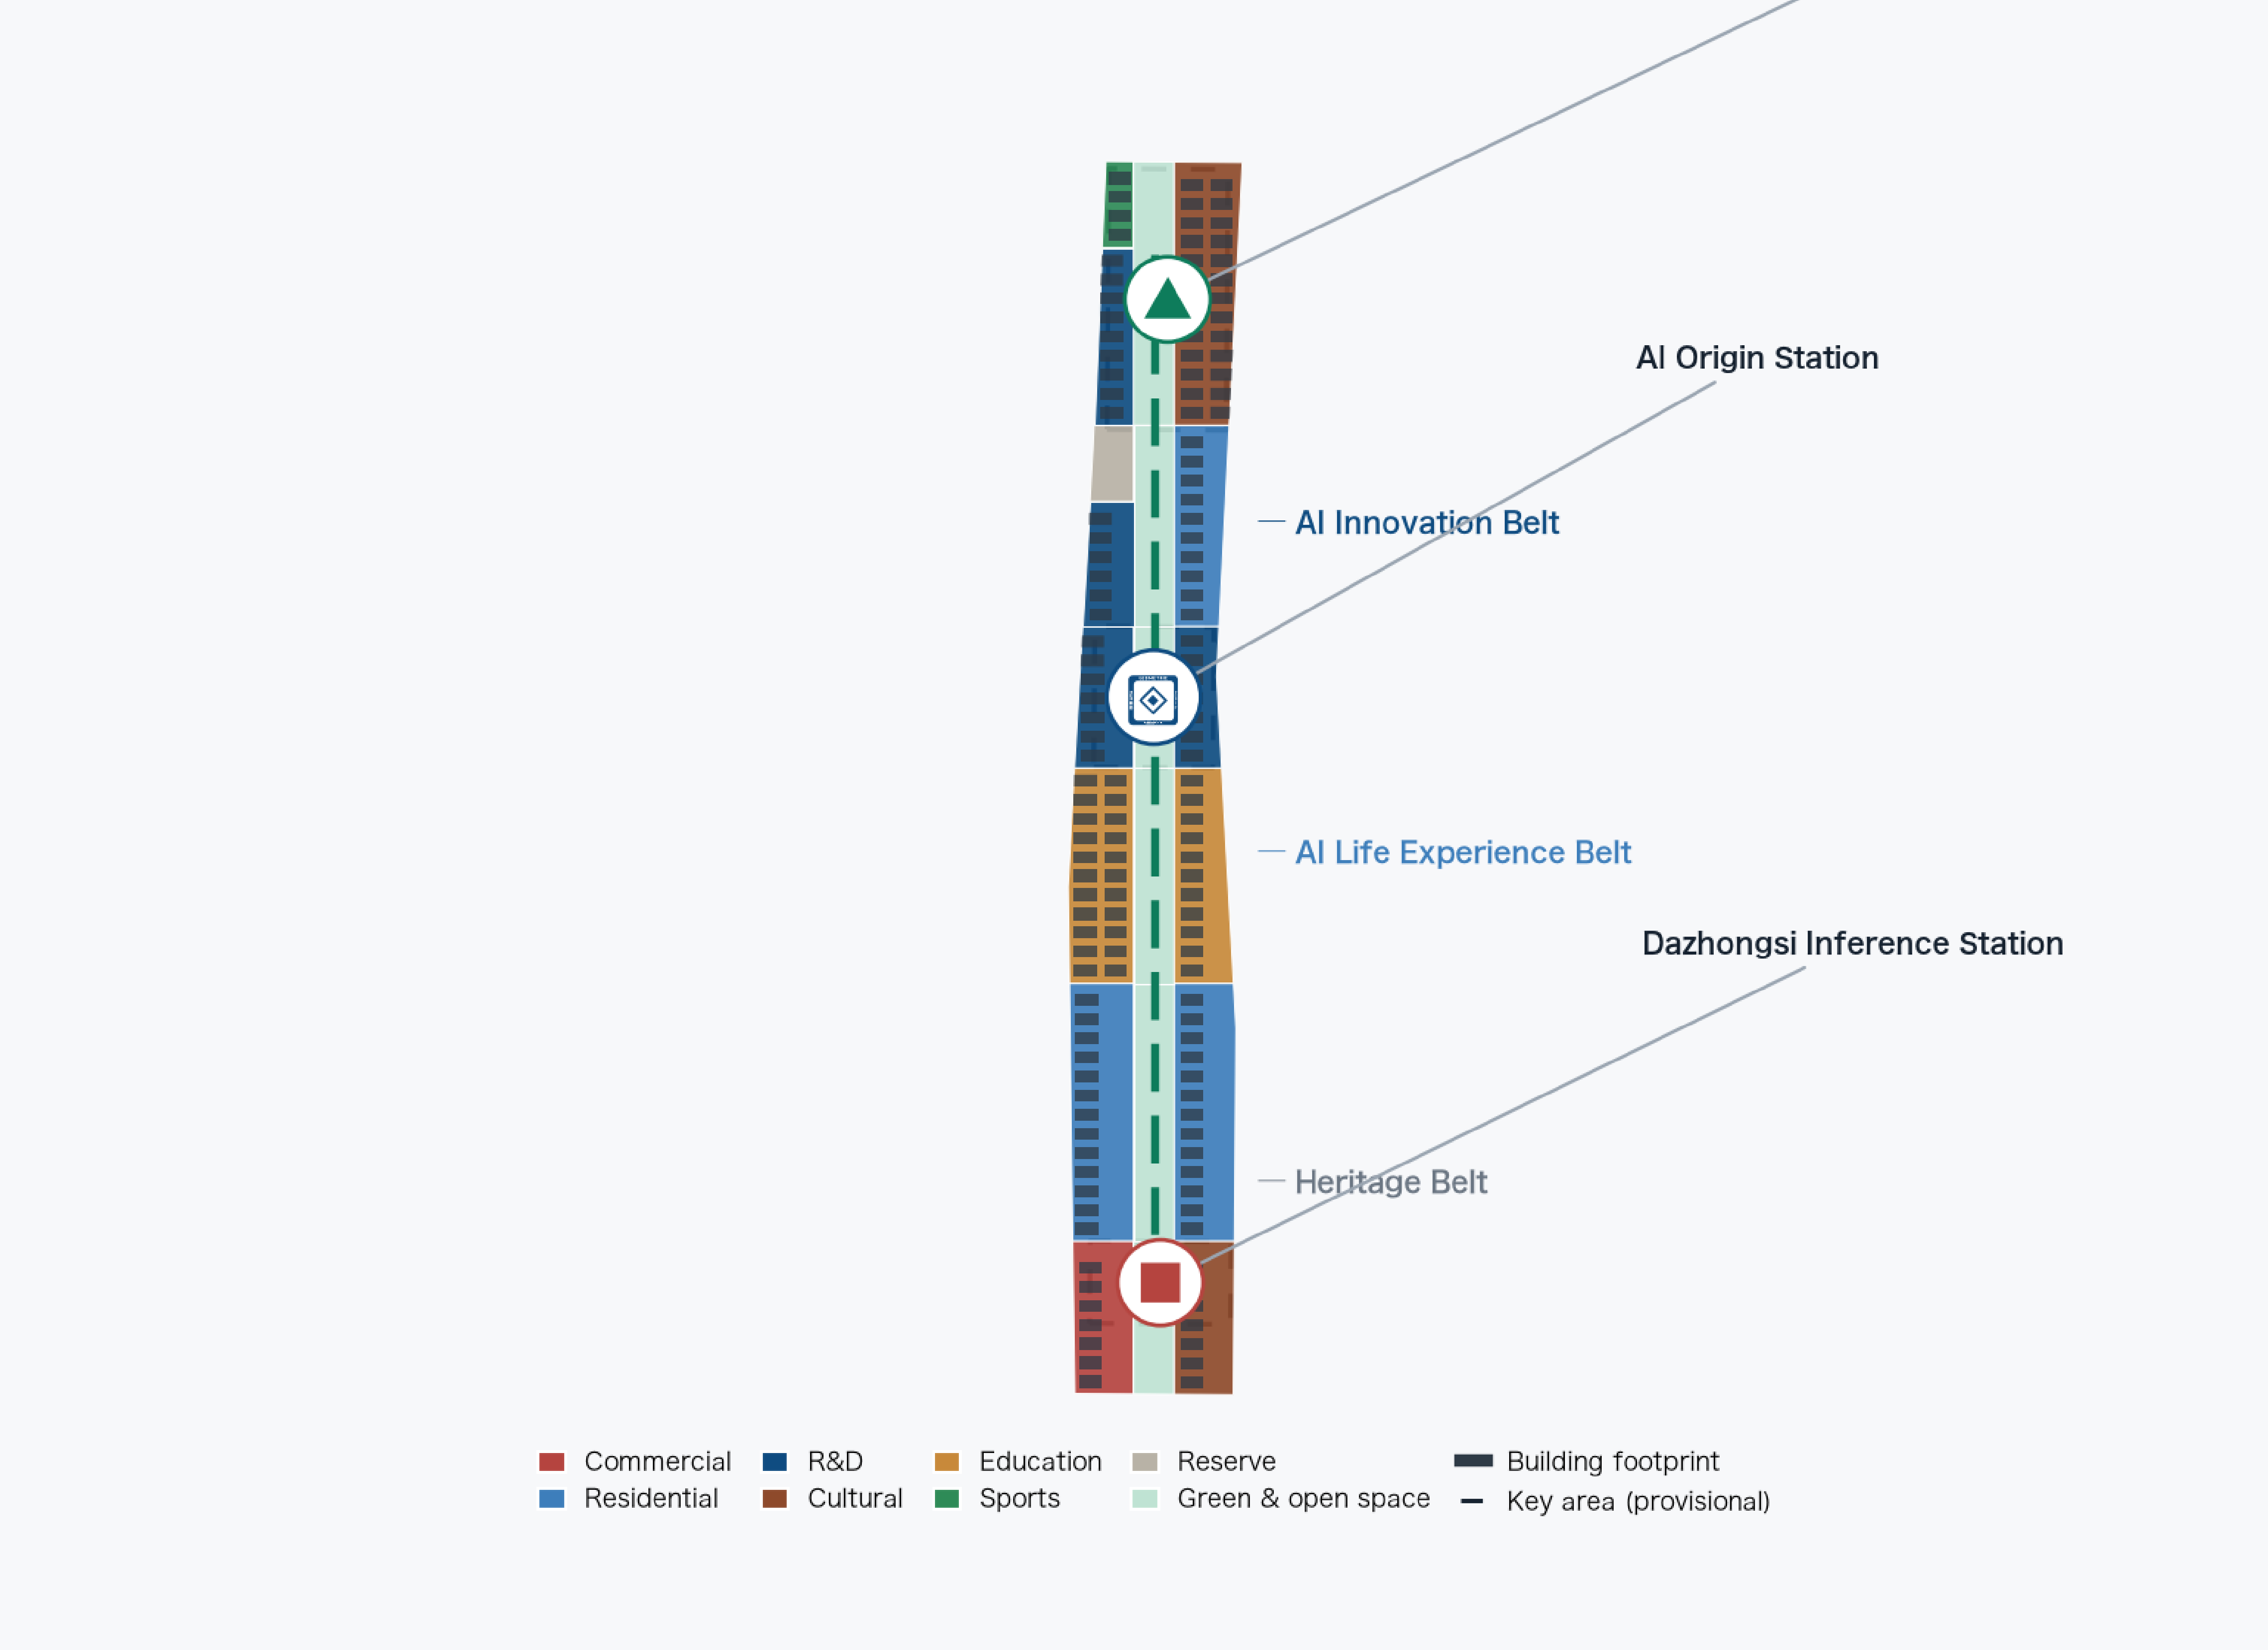

Concept design • provisional boundary

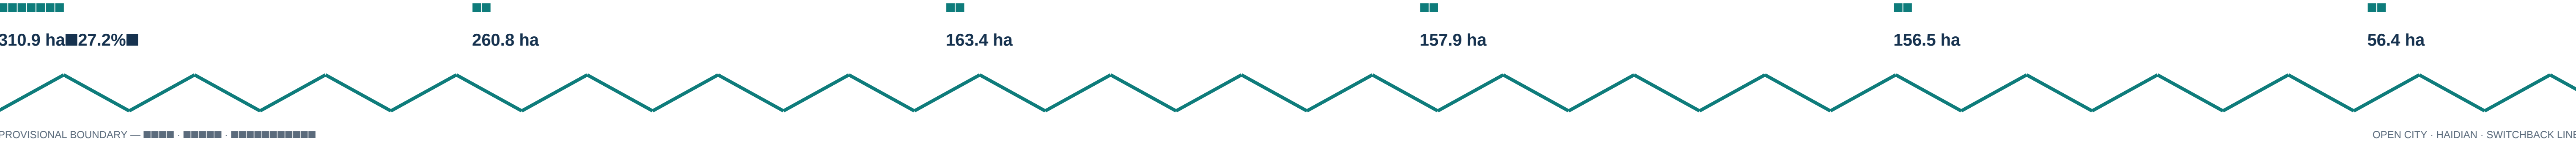

Land Use & Spatial Structure · Three Belts, Three Stations, Dual Loop

Switchback spine green corridor; key areas as stations; wings for forward/backward flows

Note: land use partition derived from provisional boundary (provisional_constraint), a concept proposal, not an official redline.

Concept design · provisional boundary

Mobility · Slow Traffic · Blue-Green Public Space System

Gradient trail spine + twin-wing branches + transverse switchback links + blue-green network
