

Board 1 • Overall Concept & Spatial Structure

烟火京张·AI大集 Yanhuo Jingzhang · AI Daji — Everyday AI Fair along the Centennial Jingzhang Corridor

Concept · all boundaries provisional, not official red lines

Bringing AI back to street level — serving vendors, seniors, students and neighbours

1909 Jingzhang station fairs

Markets and temple fairs that grew around Zhan Tianyou's railway

1980s Zhongguancun electronics counters

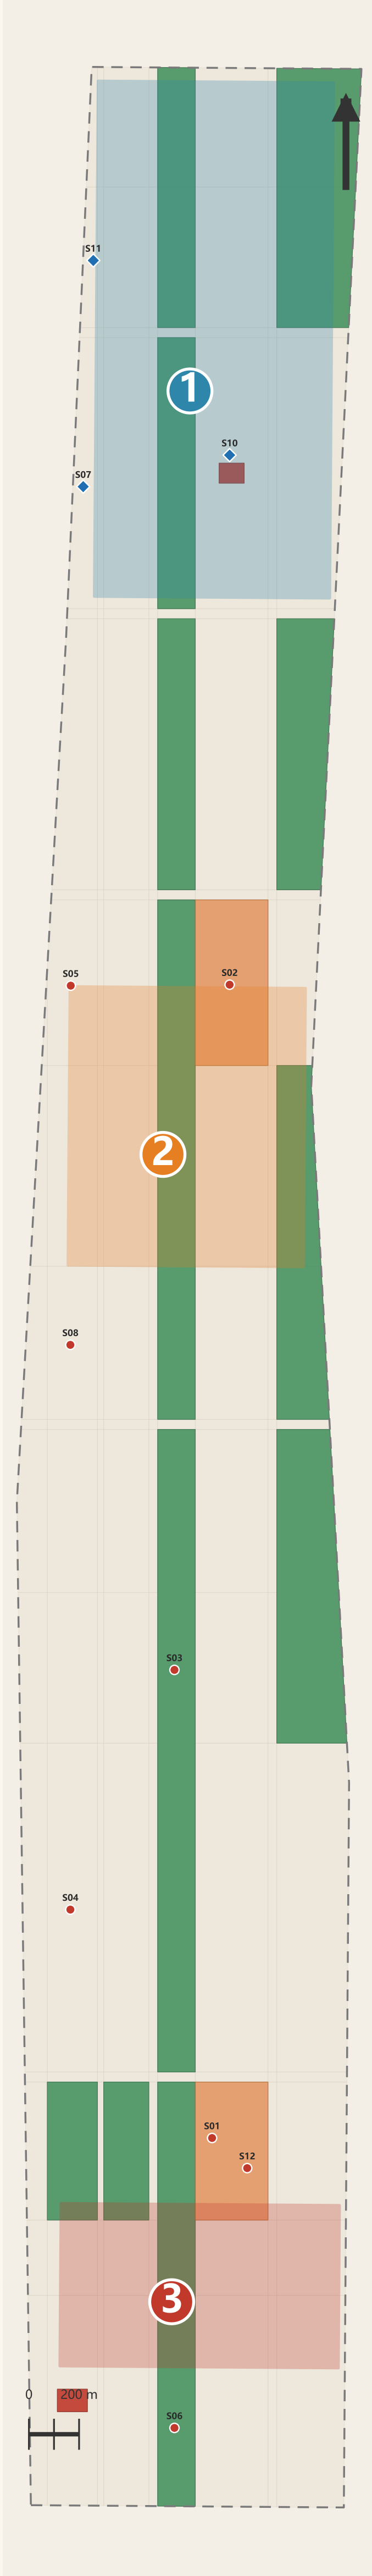

The counter economy — grass-roots origin of China's IT industry

2026– AI Daji

The newest AI returns to the oldest place of trade and encounter

范围 Site 11.41 km² • 绿地率 Green 23.9% • 密度 Density 16.0% • 节点 Nodes 12

One axis · three fairs · two wings · many nodes

One axis

Heritage-Park “Everyday AI Corridor” : a linear park with greenway, market canopies and heritage display

Three fairs

Dazhongsi main venue (S) / Wudaokou youth maker fair (C) / Zhongzhiyuan test-field (N)

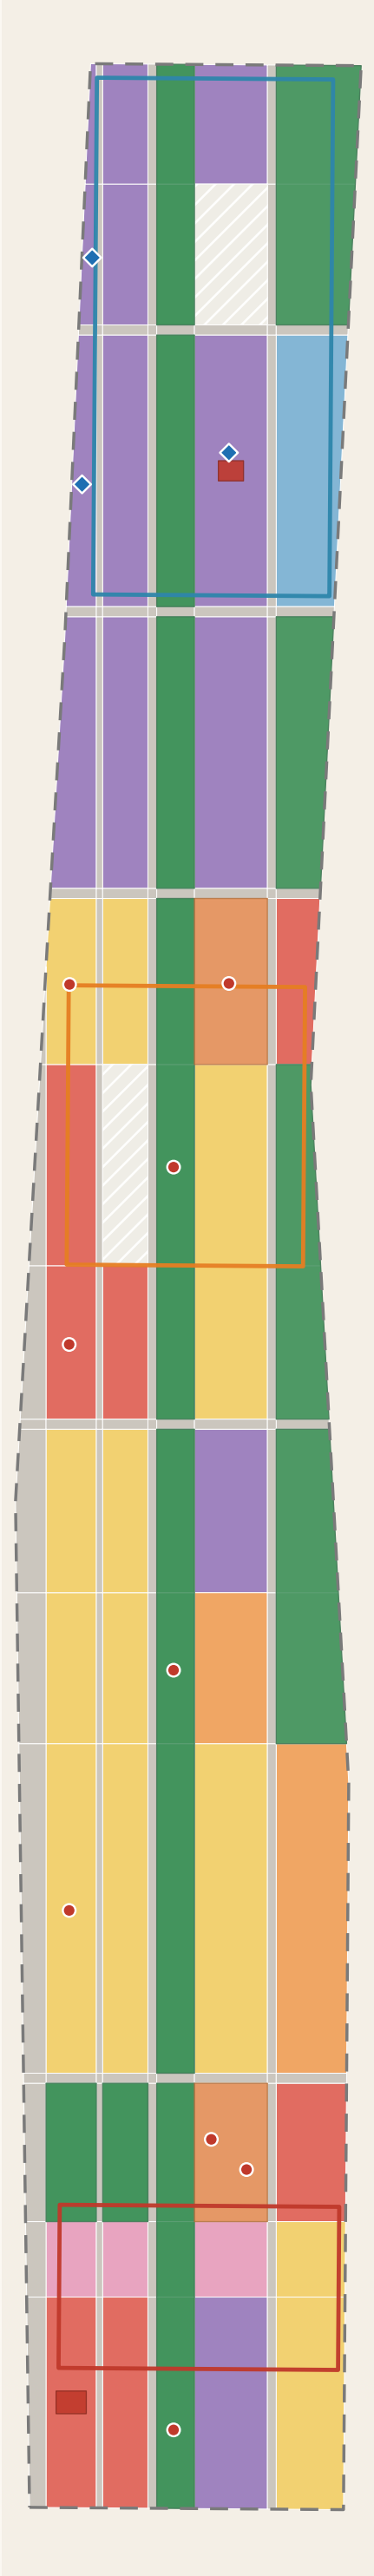

Two wings

Zhongguancun vendor-services wing (finance/legal/supply-chain AI) · Xiaoyue River night-fair wing

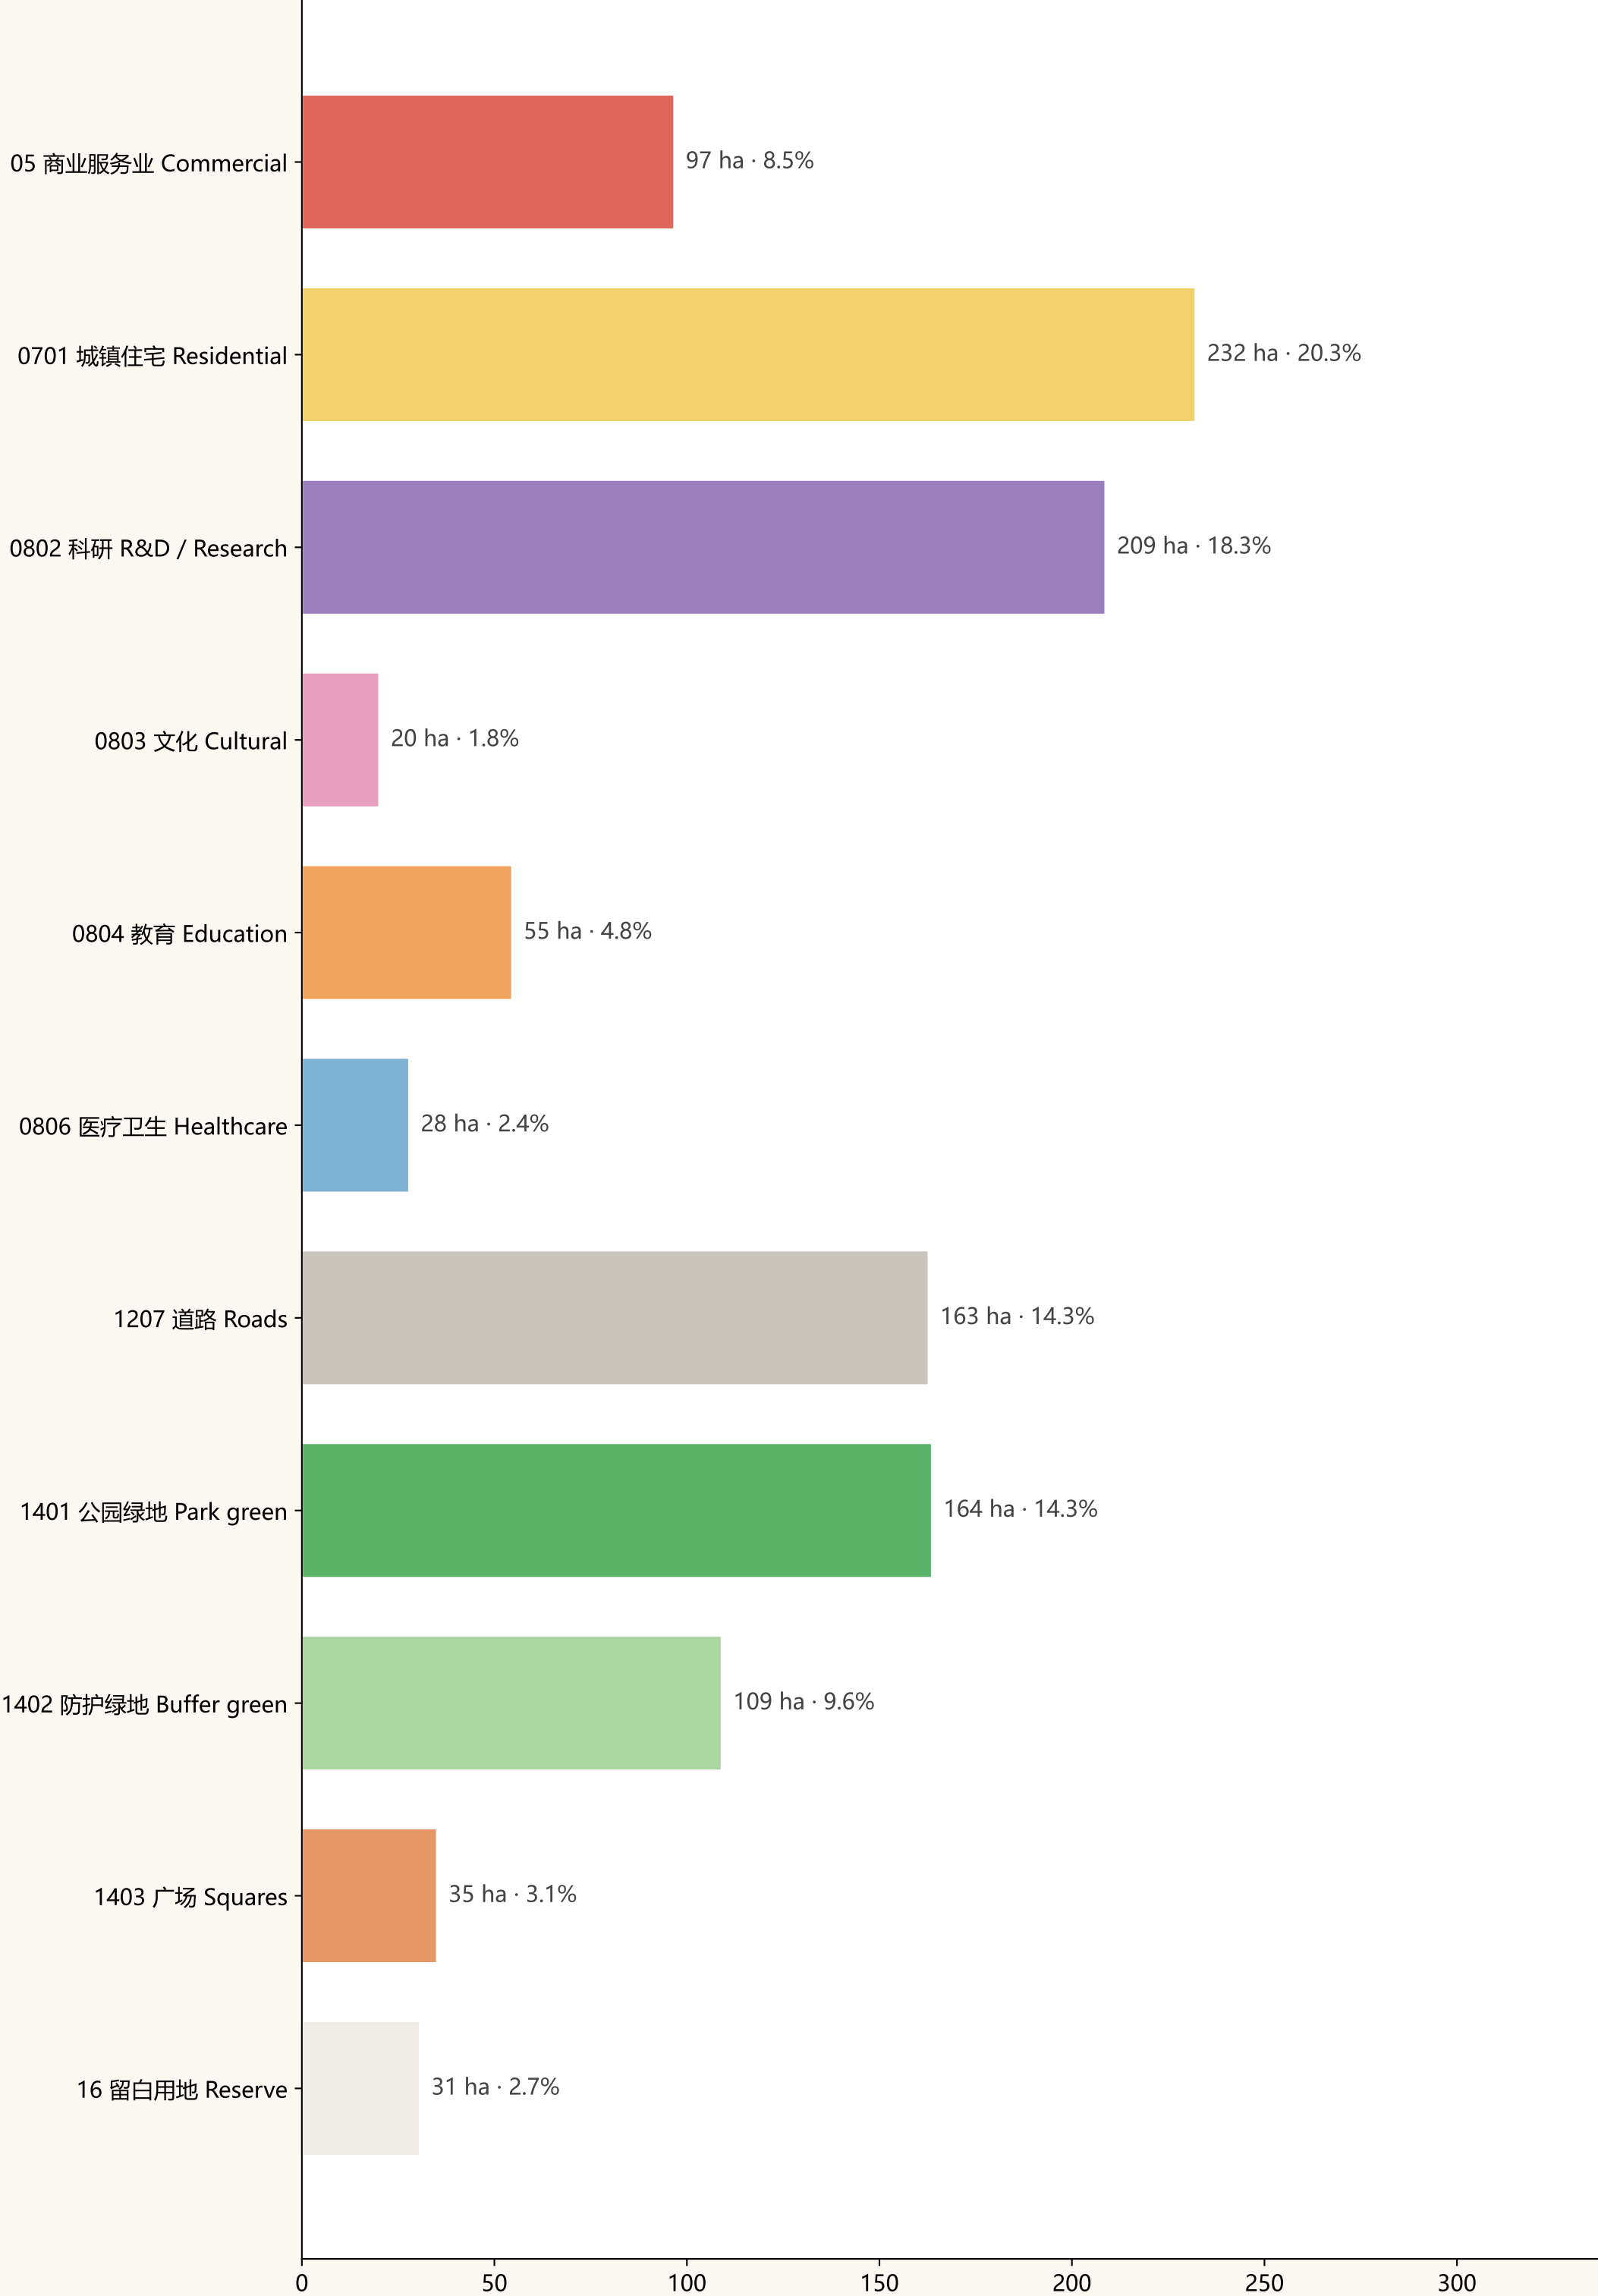

Many nodes

12 AI scenario nodes (S01–S12) sited as small public spaces along the axis and fairs

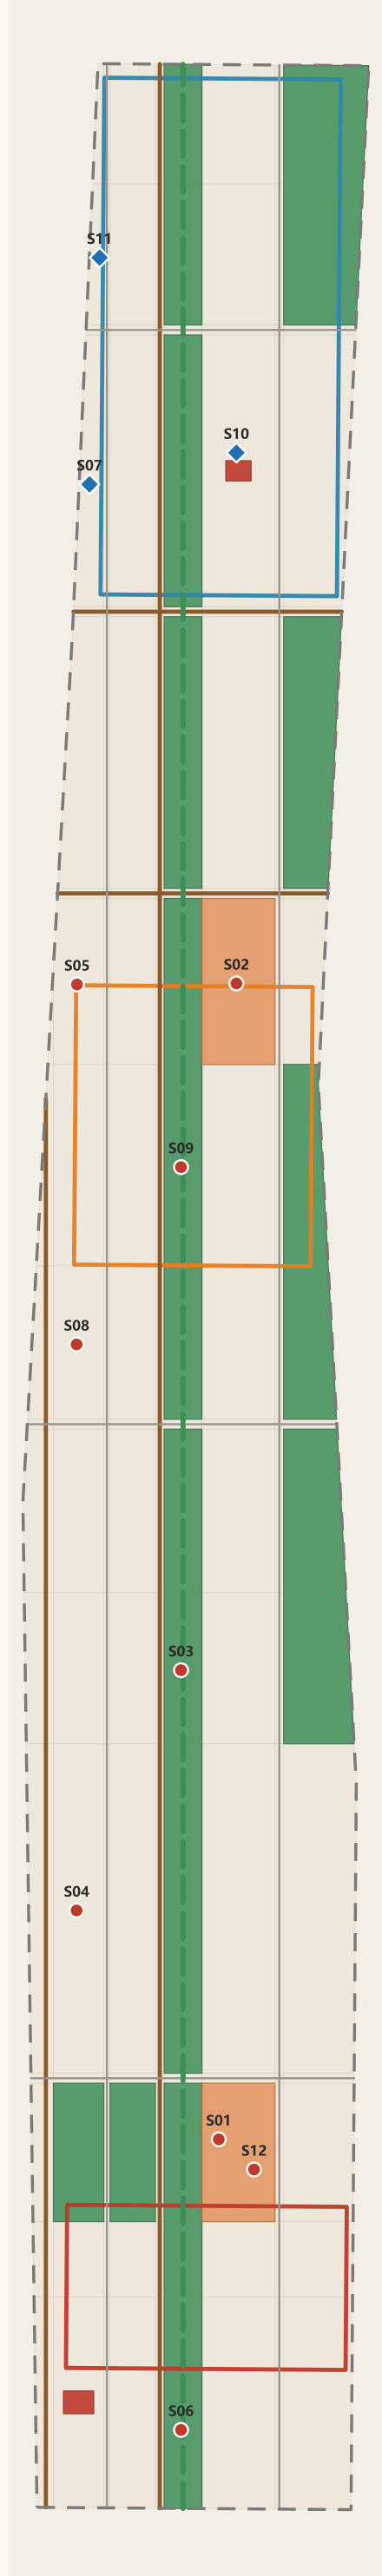

Land use · 155 parcels 用地结构

用地构成 Composition(ha · % of site)

Mobility & blue-green 交通慢行与蓝绿

Core metrics (match metrics.json, EPSG:4548)

总体设计范围 Site area	绿地率 Green ratio
11.41 km²	23.89%
公共空间 Public space	基底密度 Bldg density
3.74%	16.04%
道路占比 Road share	概念容积率 FAR
14.26%	1.616
总建筑面积 Concept GFA	绿地面积 Green area
1,844 ha	272.7 ha

Board 2 • Three Fairs × 12 Scenarios × Operation

Yanhua Jingzhang · AI Daji 烟火京张·AI大集 — Key areas, scenario cards, phasing & events

Dazhongsi AI Industry Cluster

AI大集主场 · AI Daji Main Venue

· Role: AI Daji main venue — Dazhongsi's very name carries the fair gene

· Main Shed: permanent market hall + annual global AI Daji carnival ground

· Centennial Stall Honour Wall: 1909 station fairs → 1980s counters → 2026 AI vendors

· Scenarios: S01 vendor copilot / S06 breakfast heat / S12 gig station / S02 dispatch

· Hub: TOD concept anchor with rail-station interchange

· Phasing: Phase 1 · Open starts here

Beijing AI Origin Community (Wudaokou)

青春创客集 · Youth Maker Fair

· Role: youth maker fair — students, international residents, young founders

· S05 student AI maker night fair: open hardware / AIGC works / free stalls (concept)

· S08 multilingual AI translation stalls + AR fair guide; S04 literacy classes

· Landmark: Origin Maker Lighthouse — honour display + night light installation

· Base for the international student AI culture week

· Phasing: Phase 2 · Connect, corridor completed

Zhongzhiyuan AI Acceleration Area

摊主科技试验田 · Vendor Tech Test-Field

· Role: vendor tech test-field — “the fair as test-field”

· S07 low-speed retail/delivery robots: fixed routes/hours, safety officer

· S10 AI food-safety quick test: parallel checks with regulators, not penalty basis

· S11 community AI interpreting + gov-services terminal: key matters go human

· Landmark: Full-stack Gallery — chips→frameworks→models→apps, public science

· Phasing: Phase 3 · Flourish, expansion + site-wide operation

12 AI scenario cards (S07/S10/S11 = industry test sandboxes)

S01 AI Vendor Copilot

AI摊主助手

Anchor: Main Shed & all fairs

S02 Stall Dispatch & Fair Navi

摊位调度 赶集导航

Anchor: All three fairs

S03 Senior Companion & Anti-fraud

银发陪伴 防骗守护

Anchor: Greenway mid · Silver zone

S04 Inter-gen AI Literacy Class

代际AI扫盲课堂

Anchor: Community stations

S05 Student AI Maker Night Fair

学生AI创客夜市

Anchor: Origin Community

S06 Breakfast Heat & Commute Pre-order

早餐热力 通勤预订

Anchor: Dazhongsi hub

S07 Low-speed Retail Robots (Test)

无人零售/配送车(测试)

Anchor: Zhongzhiyuan test-field

S08 Multilingual AI Translation

多语种AI翻译摊位

Anchor: Origin · Main Shed

S09 AI Re-use Flea Market

AI旧物循环市集

Anchor: Greenway weekend fair

S10 AI Food-safety Quick Test

AI食安快检溯源(测试)

Anchor: Zhongzhiyuan · Main Shed

S11 AI Interpreting Gov Terminal

多语种政务终端(测试)

Anchor: Zhongzhiyuan stations

S12 AI Gig-work Station

AI零工驿站

Anchor: Dazhongsi · Origin

Phasing 分期实施

Phase 1 • Open 2026–2027

Dazhongsi Main Shed + southern corridor + first 3 test scenarios

551 ha

Phase 2 • Connect 2027–2028

Corridor completed + Origin maker fair + night-fair wing

238 ha

Phase 3 • Flourish 2028–2030

Zhongzhiyuan expansion + site-wide operation

353 ha

Four-season calendar 四季大集日历

- Spring · Opening Fair (Mar): new-season opening + annual scenario launch
- Summer · Night Fair (Jul–Aug): riverside night fair + student maker nights
- Autumn · Global AI Daji Carnival (Oct): vendor AI contest + Golden Abacus-Bead Award + maker week
- Winter · Silver-Hair Fair (Dec–Jan): New-Year goods fair + senior services month

Operation mechanisms 长期运营机制

- Open fair API: anonymised stall/flow/review data for developers
- Vendor digital cooperative: vendors co-own and share revenue (concept)
- Developer-in-residence: engineers collect real needs inside the fair
- Open sandbox applications: S07/S10/S11 with limited time/space, human review, public IDs

Honour system 荣誉体系

- Main Shed · Centennial Stall Honour Wall (Dazhongsi)
- Origin Maker Lighthouse (Wudaokou)
- Full-stack Gallery (Zhongzhiyuan)
- Jingzhang AI Time Station (optional, southern corridor)

Compliance: no facial recognition; data minimisation + anonymisation + human review; sandboxed tests are not approved operations; all boundaries provisional, not official red lines.

· Annual Golden Abacus-Bead Award + AI Daji Everyday Report
