智轨百年 · 京张新脉

百年京张AI创新带城市设计方案 · A Century on the Smart Rail

总体概念：一条轨道，百年接力（1909 京张铁路 → 2026 AI 创新带）

空间结构：一带三站两翼 · 京张智轨带 / 启程站 · 原点社区 / 加速站 · 众智园 / 鸣钟站 · 大钟寺

场景体系：12 张场景卡（含 3 张产业测试验证） · 5 类用户画像 · 3+1 处 AI 朝圣地标

指标口径：全部由 GeoJSON 在 EPSG:4548 投影下复算，官方缺失项如实标注待确认

A Century on the Smart Rail

Urban design for the Centennial Jing-Zhang AI Innovation Belt

Core concept: One Track, A Century Relay (1909 Jing-Zhang Railway → 2026 AI Belt)

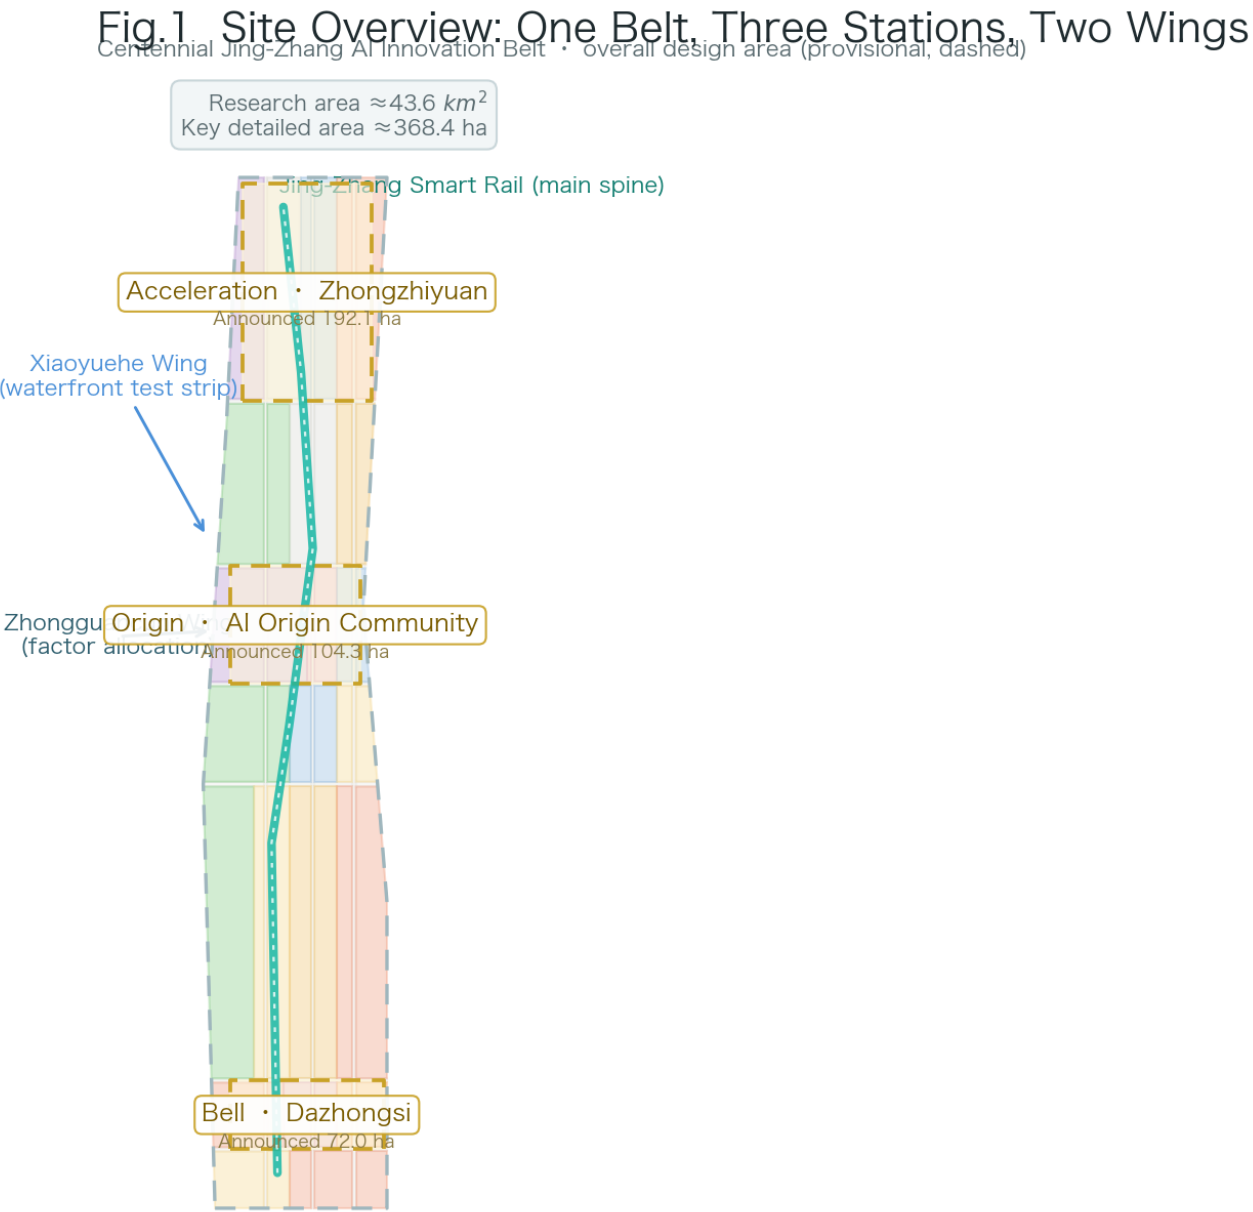

Structure: one belt / three stations / two wings — Smart Rail; Origin / Acceleration / Bell stations

Scenarios: 12 cards (incl. 3 industry test/validation), 5 personas, 3+1 AI pilgrimage landmarks

Metrics: recomputed from GeoJSON in EPSG:4548; missing official controls disclosed as pending

01 Site Overview: One Belt, Three Stations, Two Wings

Site overview: one belt, three stations, two wings (provisional dashed boundary)

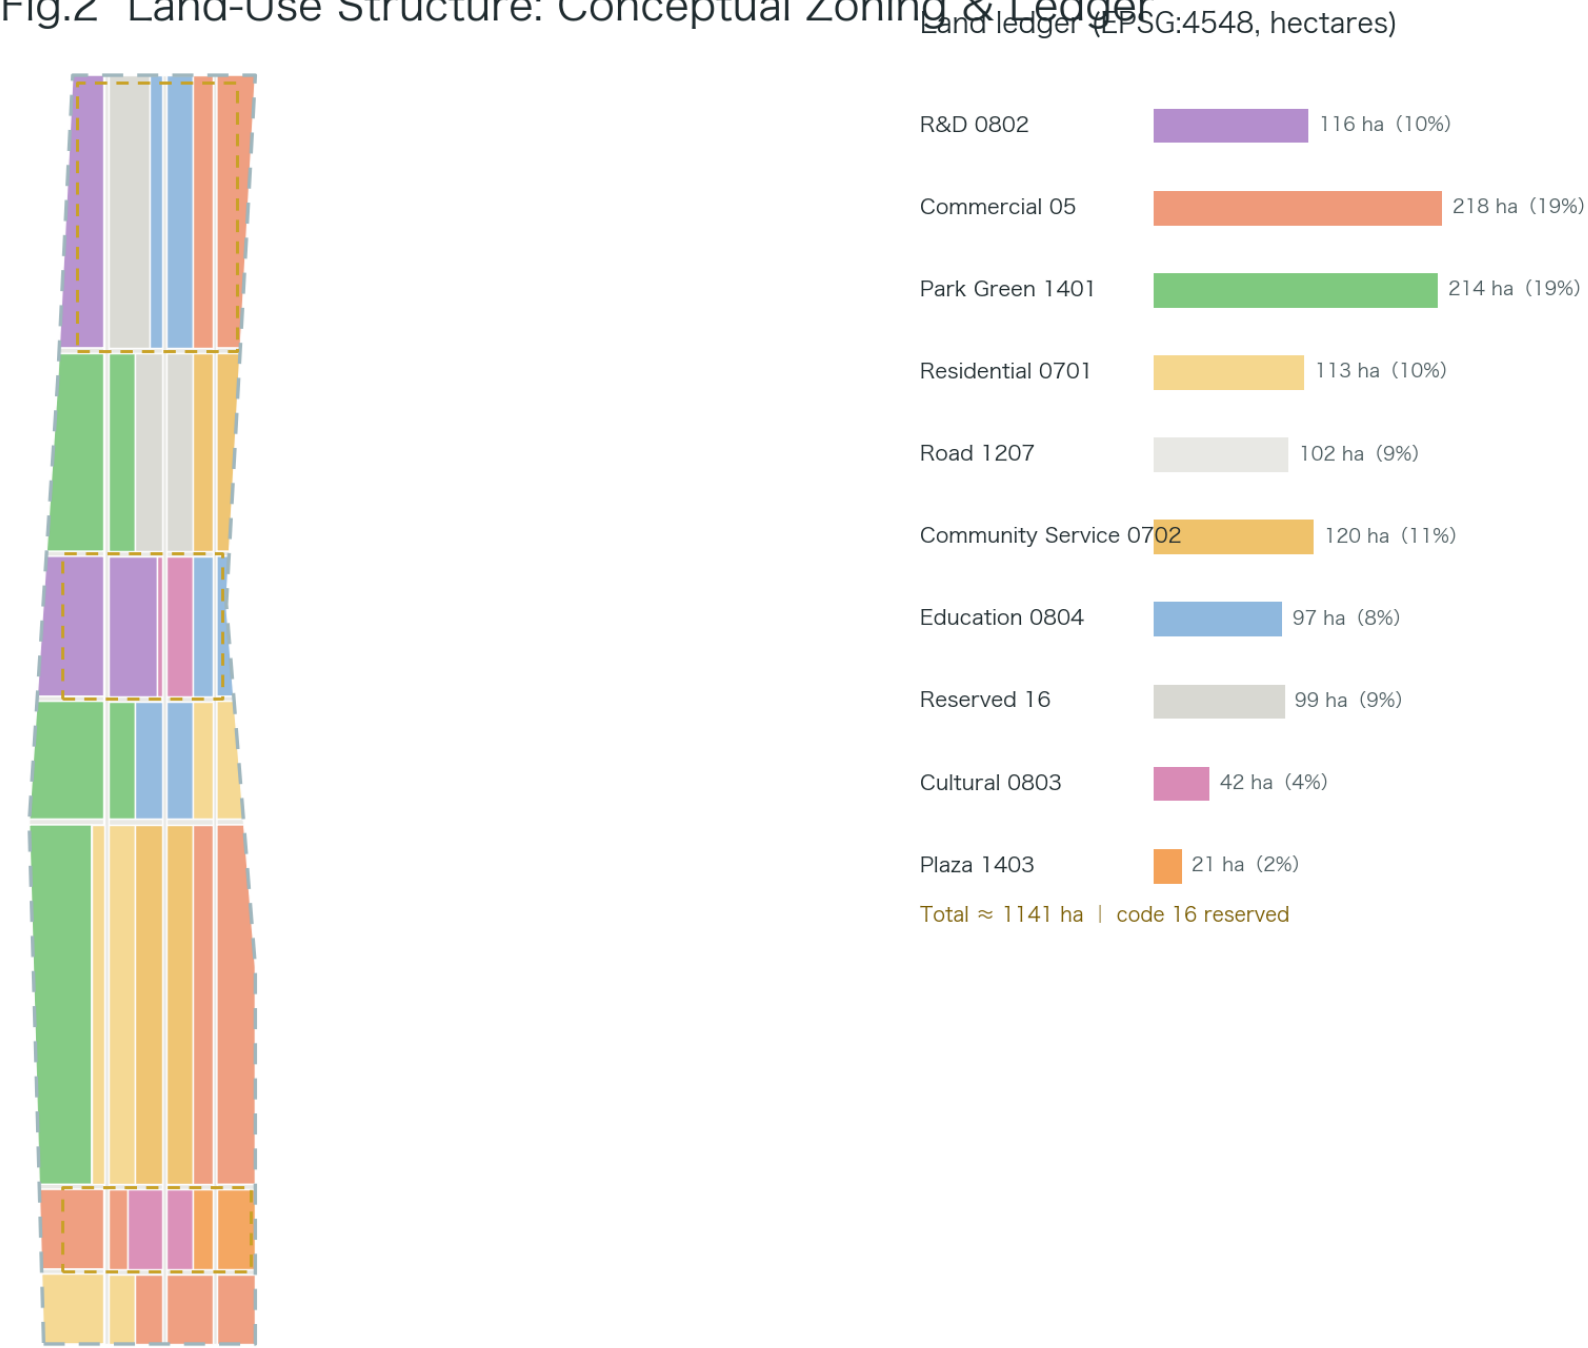

Source: open-city-ai/haidian provisional_boundaries.geojson (PROV-SITE-001/PROV-KEY-001~003); provisional boundary for generation/display only, not an official redline. Areas in EPSG:4548. | v0.1-r3

02 Land-Use Structure: Conceptual Zoning & Ledger

Land-use structure: conceptual zoning and EPSG:4548 area ledger

Fig.2 Land-Use Structure: Conceptual Zoning & Ledger

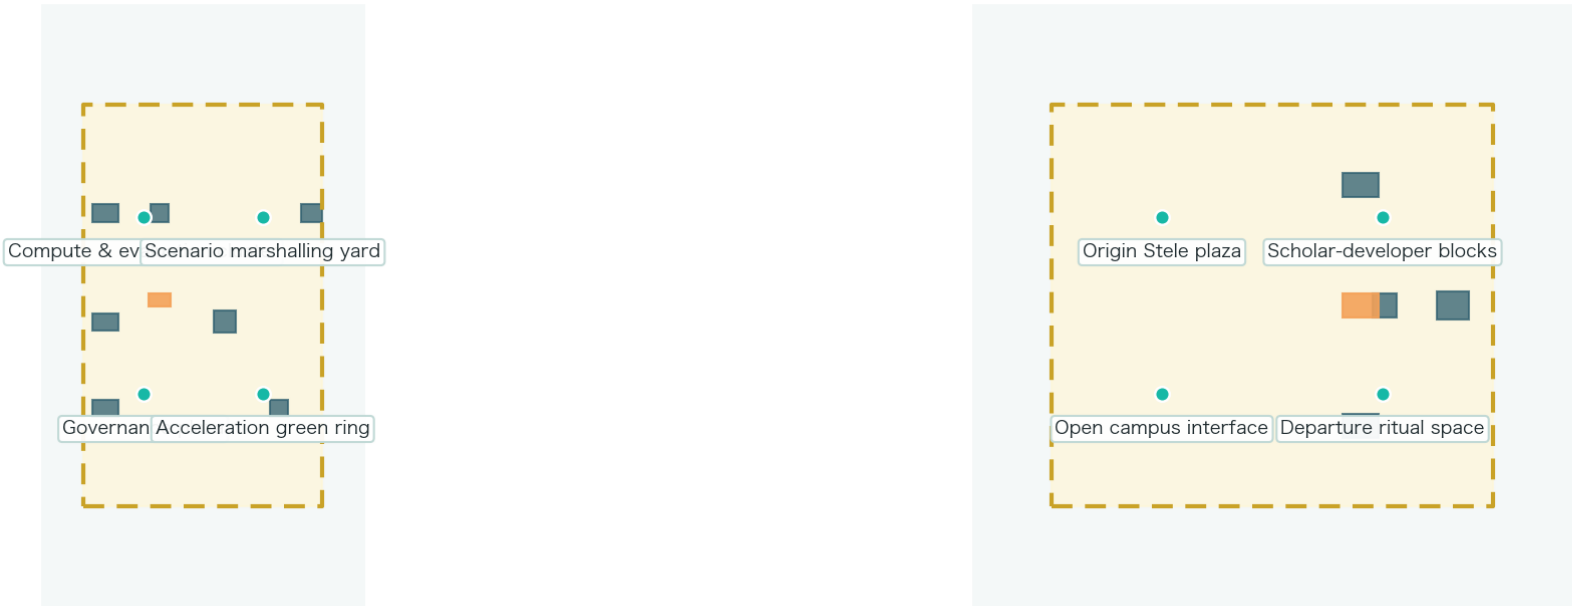

Source: open-city-ai/haidian provisional_boundaries.geojson (PROV-SITE-001/PROV-KEY-001~003); provisional boundary for generation/display only, not an official redline. Areas in EPSG:4548. | v0.1-r3

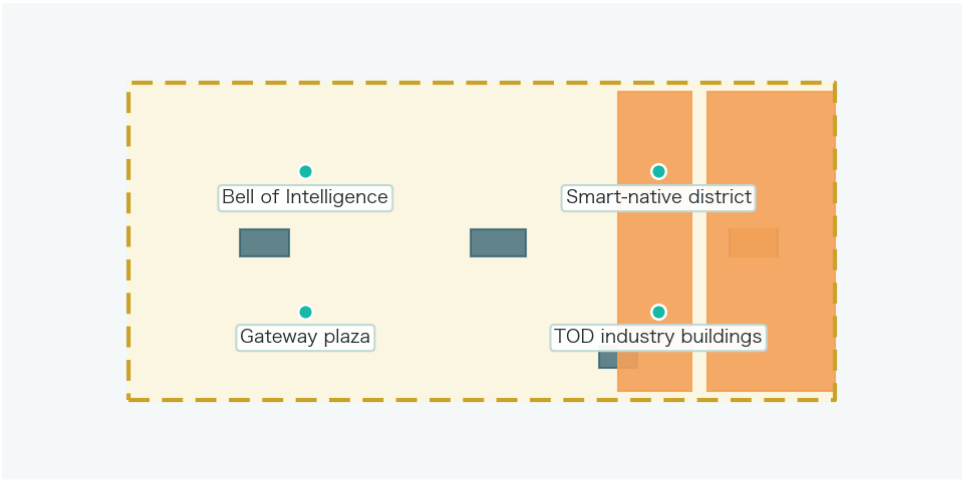

03 Key Areas: Conceptual Detailed Design of Three Stations

Key areas: conceptual detailed design of three stations (provisional)

Fig.3 Detailed Design of Key Areas (three stations, provisional) ① Origin · AI Origin Community (104.3 ha)

③ Bell · Dazhongsi (72.0 ha)

Legend

- Key area (provisional, dashed)
- Conceptual building footprints
- Landmark public space (conceptual)
- Conceptual functional node

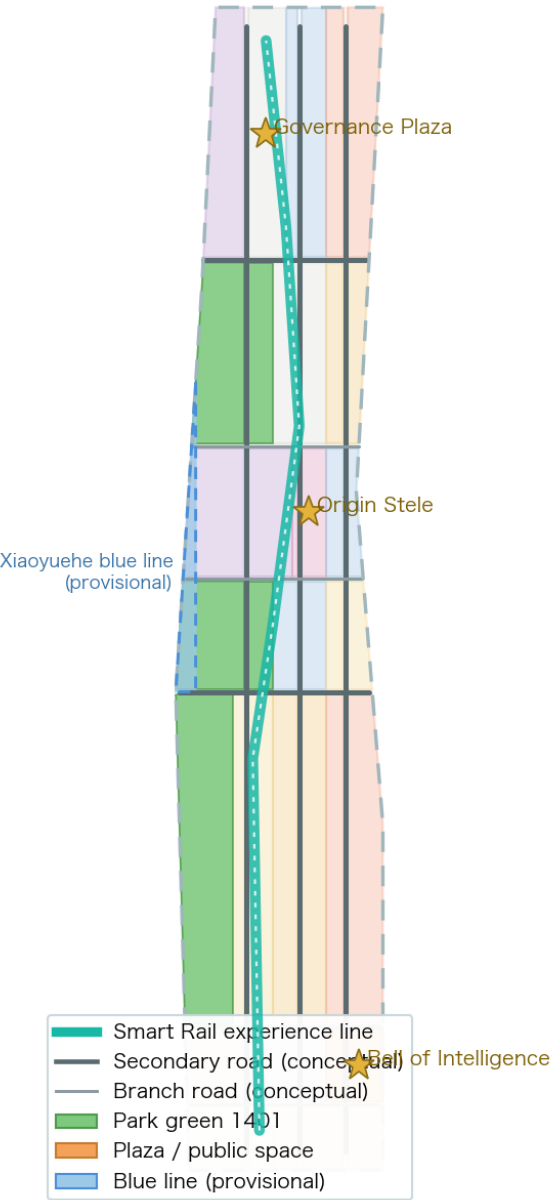

All conceptual; heritage, blue-line and engineering constraints per official review.

Source: open-city-ai/haidian provisional_boundaries.geojson (PROV-SITE-001/PROV-KEY-001-003); provisional boundary for generation/display only, not an official redline. Areas in EPSG:4548. | v0.1-r3

04 Mobility & Blue-Green: Network, Smart Rail Line, Green, Public Space

Mobility & blue-green: roads, Smart Rail experience line, green and public space

Fig.4 Mobility & Blue-Green: Network · Smart Rail Line · Green · Public Space

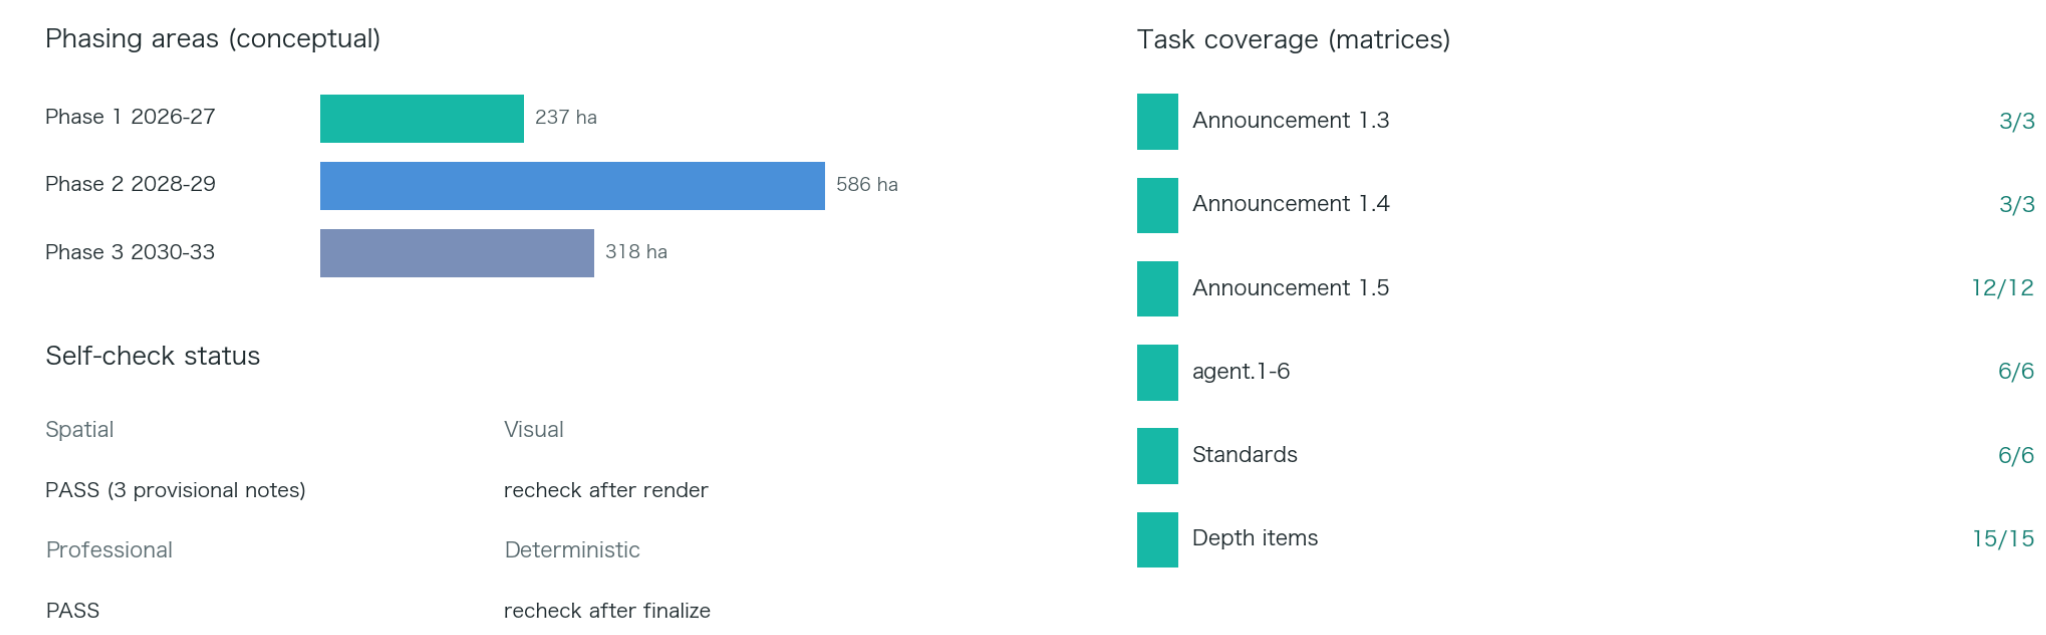

Source: open-city-ai/haidian provisional_boundaries.geojson (PROV-SITE-001/PROV-KEY-001~003); provisional boundary for generation/display only, not an official redline. Areas in EPSG:4548. | v0.1-r3

05 Metrics Evidence: Recalculation, Phasing, Coverage, Self-Check

Metrics evidence: recalculation, phasing, task coverage, self-check

Fig.5 Metrics Evidence: Recalculation · Phasing · Coverage · Self-Check

Site area 11.41 <i>km</i> ² overall design area	Research area 43.6 <i>km</i> ² research area	Key areas 369.3 ha three stations	Green ratio 18.7% 214 ha
Public space 1.9% 22 ha	Road ratio 8.9% 102 ha	R&D land 116 ha 0802	FAR / height pending official missing in planning_limits

Source: open-city-ai/haidian provisional_boundaries.geojson (PROV-SITE-001/PROV-KEY-001~003); provisional boundary for generation/display only, not an official redline. Areas in EPSG:4548. | v0.1-r3 Metrics match metrics.json and are re-verifiable by spatial review.
