

A walkable and auditable AI innovation belt

Design commitments

- One heritage spine: park, memory, public culture
- Three cores: research, origin community, smart economy
- Two wings: enterprise services + Xiaoyuehe scenarios
- Ten cards: AI+life, mobility, education, health, legal, culture
- Human review, privacy by design, public and cleared data only
- Near / mid / long-term phasing; no unverified construction promise

Evidence chain

GeoJSON layers -> metrics -> figures
proposal.md -> HTML report
compliance / standards / depth matrices
self-check: deterministic + spatial + visual + professional
