

USEFUL JING-ZHANG: Five-Minute Civic Service Weave

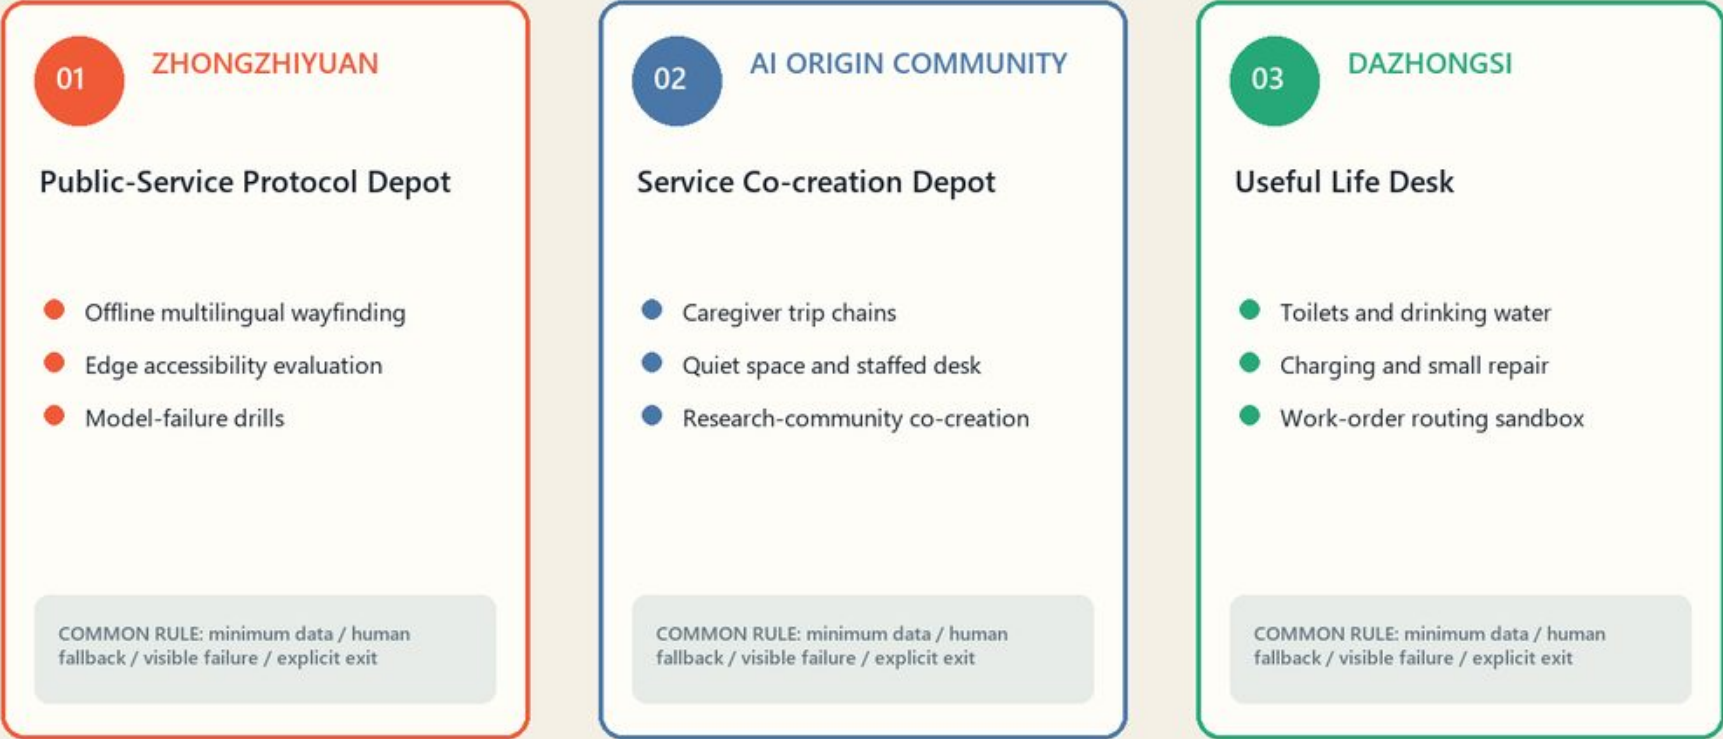

USEFUL JING-ZHANG · 02

One Spine, Three Depots, Two Wings, Twelve Stations

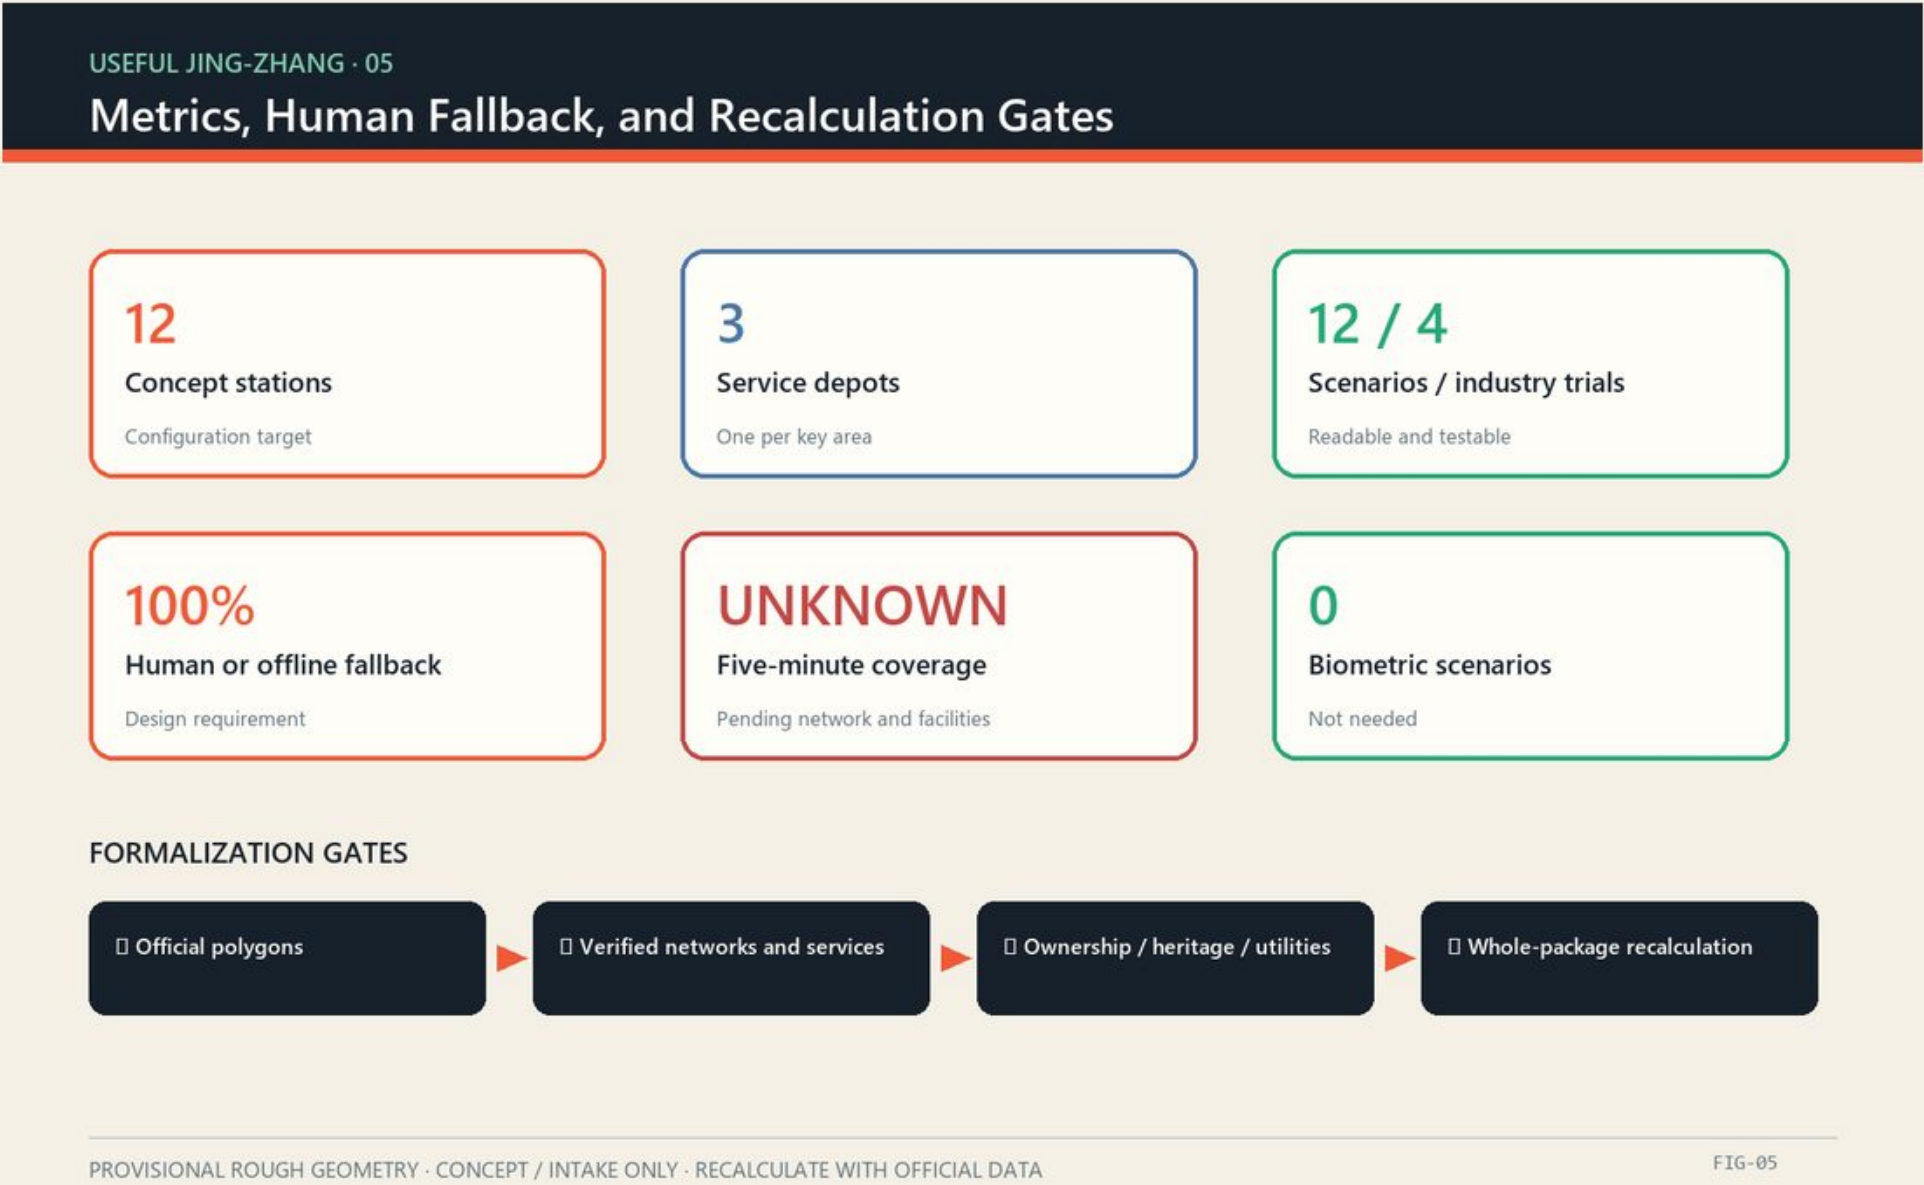

USEFUL JING-ZHANG · 03

Three Key Areas: Different Missions, One Civic Protocol

Provisional rough geometry; all spatial moves are concepts pending coordinated recalculation.

- Basic service before smart service
- Human or offline fallback for every AI service
- Scale only after gates; failed technology exits

S01 toilet and water | S02 accessible arrival | S03 shade | S04 multilingual help | S05 fault routing | S06 caregiver trips | S07 night visibility | S08 charging and repair | S09 wayfinding evaluation | S10 edge accessibility | S11 work-order sandbox | S12 failure drill

Provisional rough geometry; all spatial moves are concepts pending coordinated recalculation.
