

Key-Area Detail: Dazhongshi AI Industry Cluster

重点区详细图则：大钟寺AI产业聚集区

Legend

- 1401 Park & open space
- AI R&D clusters
- Public node
- Delivery-discipline imagery anchor; Stoppable Service Street
- Greenway
- Secondary connector
- Key-area extent (provisional)
- Phasing interface
- Overall scope (provisional)

Announced key-area size ~72.0 ha (provisional rough extent; rectangle edges are not parcel or road redlines).
Stoppable imagery: a street of staffed service windows, each declaring its no-AI equivalent path, human takeover role, current gate, operating mode and responsible profession (SEB five-field criteria); when systems stop, the same errand still finishes along the street.
Note: all boundaries are provisional rough approximations for AI generation, display and self-check only; not official redlines, approval basis, or precise-area references.
Source: site package of the Beijing-Zhangjiakou AI Innovation Belt urban design (geometry/*.geojson), WGS84 projected to CGCS2000 3-degree GK CM116E (EPSG:4548). Land-use codes per the MNR land-sea classification guide (自然资源部 2023) 234号, numeric system).
