

THE SUBSTRATE

Treat the city as a taped-out die, not an empty Plano Piloto.

Six bands

Arrival, down switch, running section, host, up switch, compute yard

Three macros

Compute / host interface / southbridge

Dual clocks

Slow clock stays account-free; fast clock exchanges only at vias.

DRC

Do not cut the ground plane. No at-grade cut without a via. Keep unknown controls unknown.

Four gates

G0 evidence · G1 vias · G2 macros · G3 full-belt recompute
