FROM A LINE TO A COMMON GROUND

Three scales • one common ground • three prototypes • two wings • nine gates

CONTINUITY

Connected only if people can pass

OPENNESS

Public only when truly enterable

TWIN SERVICE

Basic service survives AI failure

Provisional boundary — not an official redline

All spatial moves are conceptual; recalculate the full package after official polygons arrive.

京张第一层 / THE COMMON GROUND

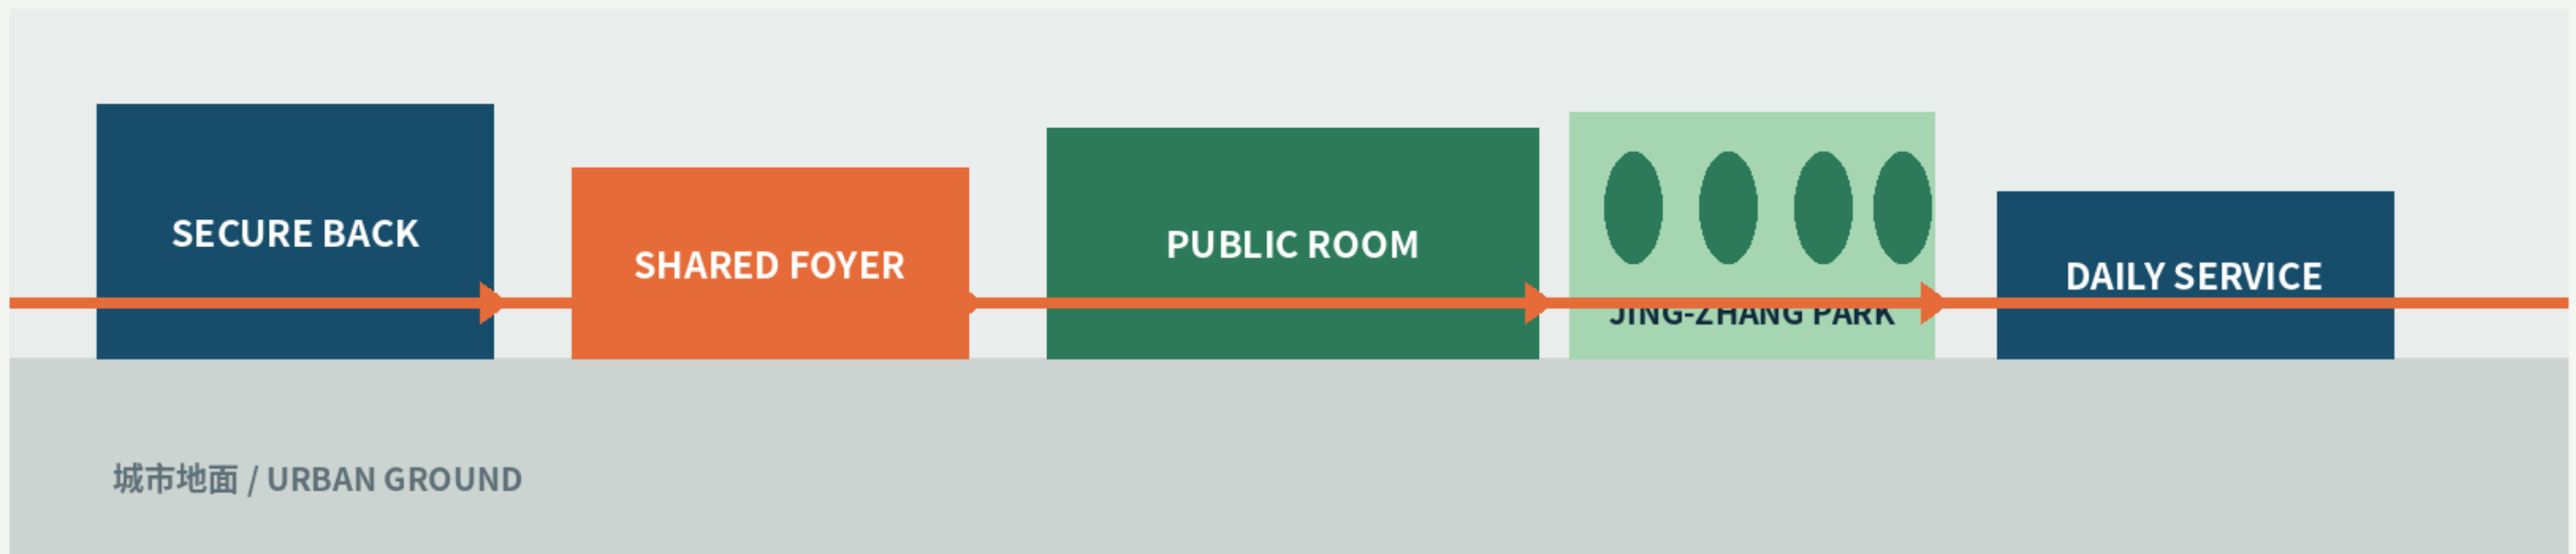

URBAN DESIGN STARTS WITH THE FIRST ROW

Full conceptual coverage • open ground floors • secure backstages • nine cross-gates

Eight conceptual functions

The ground floor is a civic section: front — foyer — room — backstage

RETAIN MAIN STRUCTURE

OPEN THE GROUND FLOOR

PARTNERSHIP LEASE

CONDITIONAL ADDITION

Conceptual land use and rooms are not existing or statutory controls; FAR, height and demolition remain unknown.

京张第一层 / THE COMMON GROUND

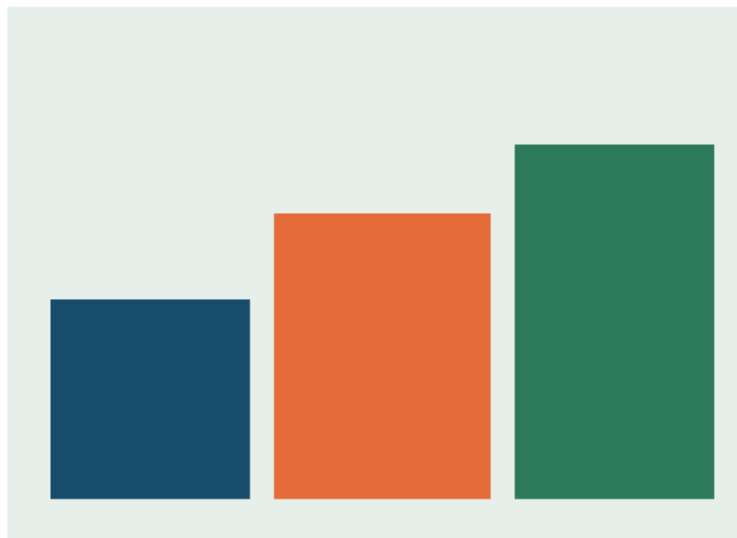

THREE LANDMARKS THAT WORK EVERY DAY

A landmark is a public front, a real room and an operating backstage

ZHONGZHIYUAN

PROTOTYPE WORKSHOP

Secure R&D → instruments → public review → Qinghe ecology
