The diagram illustrates a vertical stack of colored rectangular blocks, each representing a different category or code. The blocks are arranged in a vertical column, with some blocks overlapping or stacked on top of each other. The colors used are blue, orange, grey, and green. Some blocks are outlined with a red dashed border and a blue cross-hatch pattern, indicating a specific status or category.

Labels for the blocks include:

- Top block (blue):** 0000(0802)
- Second block (orange):** 0000(0802)
- Third block (orange):** 0000(0702)
- Fourth block (grey):** 0000(0802)
- Fifth block (orange):** 0000(05)
- Sixth block (grey):** 0000(1401)
- Seventh block (grey):** 0000(1401)
- Eighth block (grey):** 0000(0701)
- Ninth block (blue):** 0000(05)
- Tenth block (blue):** 0000(0802)

Legend:

- 0000(0802) (Blue)
- 0000(0804) (Blue)
- 0000(05) (Orange)
- 0000(0701) (Grey)
- 0000(0702) (Grey)
- 0000(1401) (Green)
- 0000(provisional) (Red dashed border)

The diagram illustrates a vertical transit line layout. A central blue line represents the track, flanked by green areas representing station platforms. Stations are marked with red circles. The top station has a platform area with small squares. The middle station has a platform area with small squares and a dashed blue line. The bottom station has a platform area with small squares and a dashed blue line. A central station with a large platform is shown in the middle. The legend at the bottom explains the symbols: green for station area, blue for track, and red for platform. It also includes a plus sign and a dashed line.
